Definitions

1. Courses of study– Courses of study indicate pursuance of study in a particular discipline. Every discipline shall offer three categories of courses of study, viz. Discipline Specific Core courses (DSCs), Discipline Specific Electives (DSEs) and Generic Electives (GEs).

a) Discipline Specific Core (DSC): Discipline Specific Core is a course of study, which should be pursued by a student as a mandatory requirement of his/her programme of study. DSCs shall be the core credit courses of that particular discipline which will be appropriately graded and arranged across the semesters of study, being undertaken by the student, with multiple exit options as per NEP 2020. The DSCs specified in the framework would be identified by the concerned Department as core courses to be taught in a Programme.

For example, for award of single discipline specific Honours degree, such as B.A. (Honours) History, B.Com. (Honours), B.Sc. (Honours) Physics and similar such programmes, DSCs shall be the core courses of History, Commerce and Physics, respectively.

However, to pursue Honours degree programme in a 'Field of Multidisciplinary courses of Study' (rather than a single discipline) such as B.Sc. (Honours) Life Sciences, B.A. (Honours) Social Sciences/ Humanities, the DSCs shall comprise of core credit courses of more than one discipline. For example, for B.Sc. (Honours) Life Sciences programme, a student shall study credit courses of three disciplines i.e., Botany, Zoology and Chemistry. DSC 1 may be of Discipline A1 (say, Botany), DSC 2 may be of Discipline B 1 (say, Zoology) and DSC 3 may be of Discipline C 1 (say, Chemistry). However, the fourth year of such honours degree programme shall be devoted to the study of only one discipline and hence the DSC courses in the VII and VIII semesters shall be of Discipline A/B/C and not a combination of these three disciplines. Please refer to framework given as Illustration –I.

b) Discipline Specific Elective (DSE): The Discipline Specific Electives (DSEs) shall be a pool of credit courses of that particular discipline (single discipline programme of study) or those disciplines (multidisciplinary programme of study), as the case may be, which a student chooses to study from his/her particular discipline(s). There shall be a pool of DSEs from which a student may choose a course of

study. The DSEs specified in the framework would be identified by the concerned Department as elective courses to be taught in a Programme.

For example, to pursue B.Sc. (Honours) Physics, DSEs chosen should be from a pool of DSEs of Physics.

Similarly, to pursue B.Sc. (Honours) Life Sciences programme, the DSEs chosen should be a pool of courses of DSEs of Botany, Zoology and Chemistry, the core subjects for this programme of study.

However, to pursue Honours degree programme in a 'Field of Multidisciplinary courses of Study' (rather than a single discipline) such as B.Sc. (Honours) Life Sciences, B.A. (Honours) Social Sciences/ Humanities, in the fourth year of such honours degree programme in the VII and VIII semesters, the student shall be required to choose DSEs from any one of the Disciplines A/B/C and not a combination of these three disciplines. Please refer to framework given as Illustration - I.

c) Generic Elective (GE): Generic Electives shall be a pool of courses which is meant to provide multidisciplinary or interdisciplinary education to students. GEs shall consist of a pool of courses offered by various disciplines of study (excluding the GEs offered by the parent discipline), in groups of odd and even semesters, from which a student can choose. The GEs specified in the framework would be identified by the concerned Department as GEs to be taught in a Programme.

In case a student opts for DSEs beyond his/her discipline specific course(s) of study, such DSEs shall be treated as GEs for that student.

d) Ability Enhancement course (AEC), Skill Enhancement Course (SEC) & Value Addition Course (VAC) These three courses shall be a pool of courses offered by all the Departments in groups of odd and even semesters from which students can choose. A student who desires to make Academic Project/Entrepreneurship as Minor has to pick the appropriate combination of courses of GE, SEC, VAC, & Internship/Apprenticeship/Project/Community (IAPC) which shall be offered in the form of various modules as specified in the scheme of studies.

(i). AEC courses are the courses based upon the content that leads to knowledge enhancement through various areas of study. They are Language and Literature and Environmental Science and Sustainable Development which will be mandatory for all disciplines.

(ii). SEC courses are skill-based courses in all disciplines and are aimed at providing hands-on-training, competencies, skills, etc. SEC courses may be chosen from a pool of courses designed to provide skill-based instruction.

(iii). VAC courses are value-based courses which are meant to inculcate ethics, culture, Indian Knowledge systems, constitutional values, soft skills, sports education and such similar values to students which will help in all round development of students.

Features of UGCF

The below mentioned objectives have been reflected in various features of UGCF:

Holistic development of the students shall be nurtured through imparting life skills in initial years. These life skill courses shall include courses on 'Environment and Sustainable Development Studies',

'Communication Skills', 'Ethics and Culture', 'Science and Society', 'Computational Skills', 'IT & Data Analytics', and similar such skills which shall make the students better equipped to deal with the life's challenges.

- Flexibility to the students to determine their learning trajectories and pursuance of programmes of study has been well ingrained in the UGCF. The Framework allows students to opt for one, two, or more discipline(s) of study as a core discipline(s) depending on his/her choice. He/she has been provided the option of focusing on studying allied courses of his/her selected discipline(s) (DSEs) or diversifying in other areas of study of other disciplines. Students have also been provided with the flexibility to study SECs or opt for Internships or Apprenticeship or Projects or Research or Community Outreach at an appropriate stage. In the fourth year, students are provided flexibility to opt for writing a dissertation (on major, minor, or combination of the two) or opt for Academic Projects or Entrepreneurship depending upon their choice and their future outlook, post completion of their formal education.
- Given the extent of plurality of the Indian society and the diverse background to which students belong, multiple exits and provision of re-entry have been provided at various stages of the undergraduate programme to accommodate their requirement and facilitate them to complete their studies depending upon their priorities of life. The earning and accumulation of credits in the Academic Bank of Credit (ABC), and the flexibility to redeem the requisite credit for award of appropriate Certificate / Diploma/Degree, as the per the norms laid down by the UGC and the University, shall be made available to the students to provide the opportunity for lifelong learning as well as for availing academic outreach beyond the superstructure of the programme of study in another University / Institution at the national /international level depending upon individual choice of the student(s).
- UGCF has incorporated multidisciplinary education by embedding within the framework the need to opt for at least four elective papers from any other disciplines other than the one opted as core discipline(s). In fact, if a student desires to obtain (minor) in a particular discipline other than the core discipline (for students pursuing single-core discipline programme), he/she can do so by earning at least 28 credits in that particular discipline.
- The framework does not maintain/support hierarchy among fields of study/disciplines and silos between different areas of learning. As long as a student fulfils the pre-requisites of a course of study, he/she shall be able to study it. Modules or systems of study shall be meaningfully laid down so as to guide the students in choosing the track/academic paths for the desired outcome.
- One of the significant hallmarks of the framework is a provision of pursuing multilingualism while studying any other discipline as core subject(s), which has no bearing with any language and linguistics. I and II semesters of the programme provides an opportunity to the students to study languages which are enshrined under the eighth schedule of the Constitution of India, thereby allowing the students for their holistic development, including the ability to acquire proficiency in a language beyond their mother tongue.

- The framework provides a mandatory programme on research methodologies as one of the generic elective courses at the VI & VII semester for students who opt for writing dissertation on major/ minor at VII and VIII semesters. Further, provision for internship / apprenticeship/ project/ community outreach right from the III semester up to VI semester provides ample opportunity to the students to explore areas of knowledge / activity beyond the four walls of the classroom and reach out to the world outside without any dilution of the academic feature of the course of study, he/she is pursuing. This also acts a precursor for the students to take up academic project or entrepreneurship at a later stage in VII & VIII semester. Such an initiative will help in skill development and laying a strong foundation for research and thus contribute towards overall national development through the development of skilled manpower and innovation.
- Intra and inter University mobility of students is another element of critical importance which has been ingrained in the framework. A student, by virtue of such mobility, will be able to make lateral movement within the University as well as from the University to any other Institution and vice-versa. Such an attribute allows a student maximum flexibility in terms of pursuance of education with special reference to higher education and enables him/ her to achieve goal of life, the way he/she perceived it.

Note

1. Entry level eligibility: The general feeder category for entry into Level 5 is the Secondary School Leaving Certificate obtained after successfully completing Grade 12. A programme of study leading to entry into the first year of the Bachelor's degree is open to those students who have met the entrance requirements, including specified levels of attainment at the secondary level of education mentioned in the programme admission regulations. Admission to the Bachelor degree programme of study is based on the evaluation of documentary evidence (including the academic record) of the applicant's ability to undertake and complete a Bachelor's degree programme which is specified in the UGC Guidelines for Multiple Entry and Exit Scheme in Academic Programmes Offered in Higher Education.

2. Number of hours of a credit course shall be defined by its component of lecture, tutorial and practical.

3. Every student has to study "Environmental Science and Sustainable Development" courses I and II of two credits each in the first year (I/II semester) and the second year (III/IV semester), respectively. The AEC pool will also consist of credit courses in languages listed in the Eighth Schedule of the Constitution of India, as updated from time to time. The University of Delhi shall extend necessary support to those Colleges (where faculty is not available) which may require it in course of teaching learning in these languages.

4. Design of degrees: Students shall be able to design their own degrees according to their mission and aspiration for a future befitting to their ability and attainment, rather than following the conventional pathway.

5. A student who pursues three years undergraduate degree programme in a specific discipline as a Core course [for example, B.A. (Honours) English, B. Com (Honours), B.Sc. (Honours) Physics and such other Programmes] will earn at least 80 credits in that discipline (from 18 DSCs and at least 2 DSEs of that

discipline) and shall be awarded Honours degree in that discipline, if he/she exits after completion of VI semester.

6. A student who pursues three years undergraduate degree programme in more than one discipline as core courses of study (for example B.A. in Social Sciences/ Humanities, B.Sc. in Life Sciences, B.Sc. in Physical Sciences, B.Sc. in Mathematical Sciences, Bachelor in Commerce Studies and such other programmes) he/she shall be awarded Bachelor's degree in that field of multidisciplinary course of study, if he/she exits after completion of VI semester.

7. If a student wishes to pursue four years Honours Degree with research, he/she shall compulsorily opt for a Research Methodology course in either VI Semester or VII Semester as GE.

8. Dissertation/Academic Project/Entrepreneurship in the 4th year shall commence from VII semester and conclude in VIII semester. Detailed outcomes of each track chosen out of these three options shall be notified and assessment at the end of VII and VIII semesters shall be done accordingly.

9. Dissertation may be written in the Major or Minor or Interdisciplinary (combination of Major and Minor) discipline.

10. If a student mentioned at (6) above continues or re-enters the fourth year for pursuing an Honours degree in that field of multidisciplinary study, he/she has to choose only one of the disciplines he/she had studied as core courses of study in the previous six semesters and earn credits from the 2DSCs and 6DSEs of that chosen discipline in the VII and VIII semesters and write dissertation or opt for Academic Project or Entrepreneurship.

11. If a student mentioned at (5) above, continues or re-enters to study the VII and VIII semesters in the same discipline, and writes dissertation mentioned at (9) above, but no Minor discipline is made out (i.e., credits earned in the GEs of any one discipline is less than 28 credits), then he/she shall be awarded 'Honours with Research' with Major in that discipline on successful completion of VIII Semester.

12. A student mentioned at (6) above, shall be awarded 'Honours' degree in that field of multidisciplinary study on successful completion of VIII semester. For example, B.A. (Honours) Social Sciences/ Humanities, B.Sc. (Honours) Life Sciences, B.Sc.(Honours) Physical Sciences, B.Sc. (Honours) Mathematical Sciences and Bachelor in Commerce Studies (Honours). Major and Minor shall be indicated on fulfilment of the conditions mentioned above at III (2) (b) and III(3)(b), respectively. For instance, a student who pursues four years B.A. (Honours) in Social Sciences/ Humanities with History, Political Science and Hindi as core courses, shall get Major in History, on successful completion of VIII semester, if he/she earns minimum 80 credits in History from 8DSCs and at least 9 DSEs of History and writes dissertation on a topic related to History. Such a student shall get a Minor in Political Science/Hindi, if he/she earns minimum 28 credits from 6 DSCs and one DSE of Political Science/Hindi.

13. Only a student mentioned at (5) above who opts to write a dissertation in the Major/Minor subject in VII and VIII semesters in the fourth year, shall be awarded 'Bachelor of Field of Study/Discipline (Honours with Research) in Discipline'. For instance, a student who pursues B.Sc. (Honours) in Physics and writes a dissertation on a topic relating to Physics or the Minor in VII and VIII semesters shall be awarded

'Bachelor of Science (Honours with Research) Physics. Major and Minor shall be indicated on fulfilment of the conditions mentioned above at III (2) (a) and III (3) (a), respectively.

14. A student who opts for 'Academic Project' or 'Entrepreneurship' in VII and VIII semesters, instead of writing dissertations, and has earned 28 credits in the relevant GEs, SECs, AECs & IAPC, shall be awarded Minor in Academic Project or Entrepreneurship, as the case may be. 'Bachelor of Field of Study/Discipline (Honours with Academic Project/ Entrepreneurship) in Discipline (Major) & Academic Project/ Entrepreneurship (Minor)'. If he/she is unable to earn the requisite 28 credits, he/she shall be awarded 'Bachelor of Field of Study/Discipline (Honours with Academic Project/ Entrepreneurship) in Discipline (Major).

15. A student who a pursues four-year undergraduate degree programme shall be awarded after completion of the VIII semester an appropriate degree.

16. Exit Options: The minimum credit to be earned by a student per semester is 22 credits and the maximum is 26 credits. However, students are advised to earn 23 credits per semester. This provision is meant to provide students the comfort of the flexibility of semester-wise academic load and to learn at his/her own pace. However, the mandatory number of credits has to be secured for the purpose of award of Undergraduate Certificate/ Undergraduate Diploma/ Appropriate Bachelor's Degree in the field of Study/Discipline, to a student who chooses to exit at the end of even semesters (details provided in the table below).

S.NO	Type of Award	Stage of exit	Mandatory credits to be secured for the award
1	Undergraduate Certificate in the field of Study/Discipline	After successful completion of Semester II	46
2	Undergraduate Diploma in the field of Study/Discipline	After successful completion of Semester IV	92
3	Bachelor of (field of Multidisciplinary course of study) (for multiple core disciplines courses Honours Discipline)	After successful completion of Semester VI	138
4	Bachelor of (field of study Honours Discipline) for single core discipline course of study	After successful completion of Semester VI	138
5	Bachelor of (field of multidisciplinary causes of study) (Honours)	After successful completion of Semester VIII	184
6	Bachelor of (field of study discipline) (Honours with research academic project entrepreneurship) (Discipline for single core discipline course of study)	After successful completion of Semester VIII	184

PROGRAM OBJECTIVE

The 'Bachelor of Arts' program plays an important role in implementing RNB Global University's mission of preparing leaders for the transformation of society. It aims at educating students in the subjects of social sciences.

The core objective of this program is to impart deep knowledge of various aspects of subjects with facts, theory & practice. The Program enables the students to appreciate emerging issues in the subject to take on real life challenges successfully.

DURATION OF THE PROGRAM/MAXIMUM DURATION

The B.A. Program shall be of three years/ four years with six/eight semesters respectively. A student will be required to complete the program within a minimum of 3/4 years and a maximum duration of 5/6 years from the date of first registration in the first Semester.

An academic year consists of two semesters, an Odd Semester (July-Dec) and an Even Semester (Jan-June). The duration of Each semester can increase or decrease. Generally, each semester has 15-18 weeks of academic work.

The examination for the I, III, V and VII semesters shall ordinarily be held in the month of November/December and of the II, IV, VI and VIII semesters in the month of April/May or on such dates as may be fixed by the University.

REGISTRATION AT THE START OF EVERY SEMESTER

Every semester, students admitted to a program should register him/her for the next Semester. The student must also register for the elective courses, if any, (both discipline-specific electives, General electives and Value-Added Courses) that he/she wishes to take in that particular semester.

PROMOTION FROM 1ST YEAR TO 2ND YEAR

A student is eligible for promotion to the next year if he/she meets the below-mentioned minimum CGPA Criteria (by combining odd and even semesters).

- For promotion from 1st Year to 2nd Year, Minimum CGPA of 4.0
- For promotion from 2nd Year to 3rd Year, Minimum CGPA of 4.5
- For promotion from 3rd Year to 4th Year, Minimum CGPA of 4.5

Meaning: If for a Student, if CGPA is 4.0(**Minimum 40% marks are required to get promoted**) or more than 4.0 in 1st year having any number of subject backlog/fail, he/she shall be promoted to next year. That, it is his/her choice to clear his/her backlog in summer semester or with semester end examination as per ODD backlog with ODD semester and EVEN Backlog in EVEN Semester.

If a student's CGPA is less than 4.0, has any backlog in the 1st year and CGPA is less than 4.5 in 2nd year, he/she must appear in the summer semester to clear backlog papers.

For promotion to 3rd Year, a student must clear all his/her papers of 1st year. Students cannot carry their internal backlog to next year, he/she must clear his/her internal backlog before the commencement of next year's session.

TEACHING PEDAGOGY

At RNB Global University the teaching pedagogy includes

- Teaching on whiteboard,
- Explanation of scientific facts using PowerPoint presentation,
- Webinars,
- Seminars,
- Classroom assignments,
- Home assignments,
- Quiz,
- Guest lectures,
- Activities

The University has a large library that includes thousands of books, along with digital library support through which students, as well as faculties, can approach national and international books and research journals to be updated with the latest technologies and emerging scientific trends.

In the networking world of today, communication skills are becoming very important. A manager's main role is to communicate his/her vision and strategy to others and get them to work with him/her towards that vision. RNBGU places special importance on the communication and interpersonal skills of students by imparting subjects like 'Ability & Skill Enhancement'.

CONTINUOUS ASSESSMENT

Continuous assessment means assessing aspects of students' knowledge and understanding throughout their course as opposed to a final examination. Continuous assessment looks at the student's overall capabilities in the form of regular assignments. It provides a more accurate and complete picture of the student's level and their understanding of what they have learned. Each assignment has original content based on a particular module or subject area and is evaluated by an expert coach. This allows the student to constantly and consistently demonstrate their level of knowledge which cannot be accomplished with a final examination alone. The continuous assessment of a student is accomplished by

- Regularity of students in the classroom
- Classroom assignment
- Home assignment
- Projects
- Experiments performed in the laboratories
- Maintenance of practical record book
- Presentations on course topics
- Overall behavior toward classmates and faculty
- Participation in extracurricular activities

Students can refer to the semester/year-wise "Program Assignment chart" to get a better idea of the format/style & number of assignments they need to take in a particular semester/year. The assignments are designed in such a way that helps in the holistic growth of the students along with creating confidence & bettering the communication skills.

ASE- Ability and Skill Enhancement

Ability and Skill Enhancement (ASE) is the Umbrella under which various spikes like training modules on communication skills, business etiquette, technical terminology, vertical study, understanding requirements of various specializations, and many such topics are taught which render in helping the students prepare for the Global Entrant. ASE has been conceptualized to explore the dynamics and techniques of effective interpersonal communication and to reinforce confidence in students by concentrating on what works for the individual. We believe that students need to not only develop academically but also develop the ability to survive in the modern world.

ASE aim is to enable students:

1. To convert the conceptual understanding of communication into everyday practice to train students to ground concepts/ideas in their own experience.
2. To create a learner-language interface enabling students to exercise control over language use.
3. To train students to ground concepts/ideas in their own experience.
4. To exercise control over language use and sensitize students to the nuances of the four basic communication skills – Listening, Speaking, Reading, and Writing.
5. To give them the skill sets that would help them climb up the ladder of material success.

Along with imparting education and academic proficiency to students, we prepare them for situations beyond academics. The inclusion of co-curricular and extracurricular activities under ASE facilitates a comprehensive development of students towards every perspective scenario. ASE focuses on communication skills, body language gestures, and presentation skills by teaching them the art of developing, creating, and executing their presentation with a professional approach and attitude.

ASE Modules I to IV are specifically designed to gradually increase the learning approach of the student, helping students train their minds to keep themselves in the realistic world. It enables a student to develop key managerial qualities. The University's mission is to promote 'True Learning' and discourage 'Rot Learning'. The use of tutorials, assignments, debates, quizzes, presentations, case studies, projects, practical tests, viva voice, and many more modern tools promotes the learning quotient among the students.

This is one of the exclusive features of RNBGU's skill enhancement efforts.

WORKSHOPS & SEMINARS

Students are encouraged to attend and participate in workshops and seminars to inculcate several good qualities among B.Sc. students. The benefits of attending workshops and seminars include:

- Encourage dialog
- Receive Fresh Perspective
- Develop New Ideas
- Improvement in Skills
- Developing a Network for Career

Students get an opportunity to connect their theoretical knowledge with practicing managers. It enhances the confidence level of students aspiring to their dreams. It is always a nice option to exercise the textbook tools with technological know-how. Students attending such workshops, and seminars can demonstrate their capabilities and can further update their knowledge through such platforms.

This is one of the key features of RNBGU's learning pedagogy.

SUMMER INTERNSHIP

Students at RNB Global University have to take summer internships related to various scientific activities like interning at National Laboratories, Industries, NGO's etc and many more, which help them to

- Apply knowledge learned in the classroom
- Gain valuable work experience
- Decide if this is the right path for you
- Develop and build upon skills
- Get a foot in the door at a company
- Gain valuable networking contacts
- Obtain references for future job opportunities
- Learn about the world of work

Internships are taken after the end of the 4th semester for a period of 4-5 weeks. It carries 4 credits & the student needs to submit their Summer Internship Report in the 5th semester. For the ease of students' understanding, a summer internship is evaluated for a total of 150 marks for Weekly Reports, Project Reports, Presentation, and Viva Voce & later converted into grades & grade points as per the University Examination Policy.

Complete documents/guidelines are available for the help/assistance of the students for SIP. **Students can refer to the B.Sc. Summer Internship & Project Instructions & Assistance Document** to get a better idea of the Formats, Style, Project reports, Marks breakup & scoring criteria, etc; enabling students a better perspective & understanding of benefiting the maximum from such dedicated & sincere efforts by RNB Global University for organizing such Summer Internship program for its students.

The complete SIP reporting & evaluation pattern is again a very unique & well-structured industry-academia learning effort of RNBGU.

RESEARCH PROJECT & DISSERTATION

Research projects and dissertations at the BSc level prepare students to develop the habit of inquisitiveness and evolve them to become self-learners. Students inculcate better communication skills and present himself or herself effectively in scientific companies, and government jobs to convince about his/her emerging ideas.

An undergraduate dissertation (or Bachelor's dissertation) is essentially an extended piece of research and writing on a single subject. It is typically completed in the final year of a degree program and the topic is chosen based on a student's area of interest. It allows the student to explore a narrow topic in greater depth than a traditional module. The student works with a single supervisor chosen from their departmental faculty, and this individual provides guidance and support throughout the course of the research.

Concluding Note

An overview of the UGCF , clearly brings out the multidisciplinary approach, adherence to innovative ways within the curriculum framework to allow the student maximum flexibility in pursuing his/ her studies at the undergraduate level to the extent of having the liberty to eventually design the degree with multiple exit options depending upon the needs and aspirations of the student in terms of his/ her goals of life, without compromising on the teaching learning, both in qualitative and quantitative terms.

The university expects maximum involvement of the student fraternity in utilising the benefits of such a flexible yet rigorous curriculum framework at the undergraduate level and reaping the benefits of it through enrichment of their skills in their area of interest which will eventually help them in gaining employment, entrepreneurship, start-ups and various other ways of a dignified life and living as a global citizen with comparable skills and innovative ideas befitting to the contemporary global demands. The university expects the youthful nation to reap the maximum benefits out of the UGCF-2022 in developing skilled manpower to harness the youthful energy at one hand and expand the permeation of the skilled workforce globally, taking the demographic advantage on the other hand.

Feedback Form

Suggestions are invited from stakeholders, educators, experts and industries in the Feedback Form (whose link is provided below) to further improve upon it. The option for the Suggestion/Feedback form is available on the ERP.
