## INTERNATIONAL WOMEN'S DAY: PRESS FOR PROFESS

RNB Global University organized a special programme to commemorate the 23rd International Women's Day on 8th March 2018. All the speakers lauded the social, economic, cultural and political achievements of women in the last three decades and felt that the day is also a reminder of their responsibility to achieve gender equality.

Ms. Tanu Shree Pareek, first woman Combat officer BSF, was the chief guest of the function, who accompanied with the other Guests, Dr. Meghna Sharma Director of Center for women studies and Dr. Sushma Bissa member of the executive council of the National Adventure Foundation. Through the variety of events, the university explored hitherto unexplored dimension of womanhood Celebration started with a beautiful poem recitation by Ajay Bagri, BBA-II Semester which portrayed the struggles, achievements of women. Journey of women was narrated through the wonderful paintings displayed by Ojas Bhora, Student of B.Sc.-IV Semester, in recognition of all women who stood up for their rights and helped us comprehend the importance of egalitarian values.

Ms. Tanu Shree Pareek motivated all the women to believe in themselves and should never think they are less than men. Program was taken forward with heartwarming documentary prepared by the students Rahul Katariya and Rahul Kagdhyal, which narrated the inspiring story of womanhood in a great fashion.

Ms. Meghna Sharma spoke about the history behind celebrating women's day. She said real empowerment will be possible when this day will be celebrated as human day, where every man and women will walk hand in hand held high looking at each other with respect and compassion. Dr. Sushma Bissa encouraged the girls to follow their dreams no matter how many types of rubble comes their way.

Program ended with beautiful singing performance and vote of thanks to all the dignitaries and guests.

## Industrial Visit: Mumbai Diaries

RNB Global University organized industrial visit to provide an exposure to the students for Mumbai, Financial capital of India. The exciting trip began with the visit of The Gateway of India, most popular tourist attraction in Mumbai. In the evening students visited Girgaon Chowpatty commonly known as Chaupati which is one of the famous public beaches adjoining Marine Drive in the Girgaon area of Mumbai, India.

On second day students visited ICELINGS, Mumbai, which has been a consistently and progressively growing player in the Ice & Refrigeration market across India. Many of the students asked different questions to the Technical Head on current demanding technologies, market scenarios etc.

RNBian's also visited Imagica Theme Park on 3rd day of their Mumbai Visit where they had lot of Fun, Masti and Dhammal, filled with unique rides and shows and experienced zero gravity, fight Mogambo, feel the thrill of exciting rides, gravity-defying water slides, and more Such industrial visits really enhance value-added learning for management students. It is an important module of the programme, and more are planned to other companies to expose the students to other industries.

## International Industrial Visit 2018: Singapore Diaries

RNB Global University organized Third International Industrial visit to provide an exposure to the students for cross cultural environment. This time it was Singapore, a sovereign city-state and island country in Southeast Asia. The exciting 4 days trip began with visit of Gourmet East Kitchen is a six-storey industrial complex with 205 units suitable for food-related trades where they learned many managerial concepts.

Students also visited Universal Studios, Southeast Asia's first and only Universal Studios theme park, featuring 24 rides, shows and attractions in seven themed zones. Light-Camera-Action (Special effects show),

Transformer ride, Roller coaster ride, Water world show, the mummy ride & Jurassic park caught student's attention over there.

Students also visited "NEWater" where students learned the process of recycling of used water into ultra-clean, high-grade reclaimed water, cushioning water supply against dry weather and moving Singapore towards water sustainability.

Such industrial visits really enhance value-added learning for the students. It is an important module of the programme, and more are planned to other countries to expose the students to other industries.

## Poetry

### She could have....!!!

She could have been the best player,  
But was told to look after her  
brother.

She could have been the best dancer,  
But the weird stares didn't allow her.

She could have been the best singer,

But there was no opportunity for her.

She could have been in the best rock  
band,

But decency and rock couldn't go  
hand in hand.

She wanted to fly abroad,

They said you don't need to.

Just try to look beautiful,

And your man will take you.

She could have been the best artist,

As further goes the list.

But you know....

They were looking only for a perfect  
cook and an honest maid.

Women empowerment era this is;

At least, this is what they said...!!

## NATIONAL SCIENCE DAY

RNB Global University Celebrated National Science Day to explore new horizons and latest trends in the field of Science and Technology.

Dr. Krishna Mohan Medicherla, Professor, Department of Biotechnology, BITS Mesra and Dr. Prakash Singh Shekawat, Professor, Swami Keshwanand

Rajasthan Agricultural University, Bikaner were invited as the Chief Guest of the function in which they shared the views about dissemination of science in society. They further expressed that National Science Day should not be celebrated or organized just to symbolize the day, but is meant to inspire young scientists and students.

Myriad of competitions were organized on this day like Science Debate, Poster Making, Innovative Models, Science Quiz, Essay Writing Competition and many more. Students of SOBAS and SOET Presented Research and Review Papers on various topics like Renewable Power, Energy from Sea wave, Electricity From Ocean, Science in Daily life and Innovations in Science and Technology in India and many more topics based on emerging trends in Science and technology for sustainable development. Poster Presentation Competition was also held on the topic –Science in Daily life.

The students participated with full interest and enthusiasm in the entire event. Such type of celebrations really instills pride and confidence amidst among the students.
