## WILLIAM BLAKE

### The Tyger

Tyger Tyger, burning bright,  
In the forests of the night;  
What immortal hand or eye,  
Could frame thy fearful symmetry?

In what distant deeps or skies  
Burnt the fire of thine eyes?  
On what wings dare he aspire?  
What the hand, dare seize the fire?

And what shoulder, & what art,  
Could twist the sinews of thy heart?  
And when thy heart began to beat,  
What dread hand? & what dread feet?

What the hammer? what the chain,  
In what furnace was thy brain?  
What the anvil? what dread grasp,  
Dare its deadly terrors clasp!

When the stars threw down their spears  
And water'd heaven with their tears:  
Did he smile his work to see?  
Did he who made the Lamb make thee?

Tyger Tyger burning bright,  
In the forests of the night:  
What immortal hand or eye,  
Dare frame thy fearful symmetry?

- **BY WILLIAM BLAKE**

Poet, painter, engraver, and visionary, William Blake was born on November 28, 1757. William Blake worked to bring about a change both in the social order and in the minds of men. Though in his lifetime his work was largely neglected or dismissed, he is now considered one of the leading lights of English poetry, and his work has only grown in popularity. In his *Life of William Blake* (1863), Alexander Gilchrist warned his readers that Blake "neither wrote nor drew for the many, hardly for work's-day men at all, rather for children and angels; himself 'a divine child,' whose playthings were sun, moon, and stars, Far from being

### The Lamb

Little Lamb who made thee  
Dost thou know who made thee

Gave thee life & bid thee feed.  
By the stream & o'er the mead;  
Gave thee clothing of delight,  
Softest clothing wooly bright;  
Gave thee such a tender voice,  
Making all the vales rejoice!

Little Lamb who made thee Dost thou  
know who made thee

Little Lamb I'll tell thee,  
Little Lamb I'll tell thee!

He is called by thy name,  
For he calls himself a Lamb:  
He is meek & he is mild,  
He became a little child:  
I a child & thou a lamb,  
We are called by his name.

Little Lamb God bless thee.  
Little Lamb God bless thee.

- **BY WILLIAM BLAKE**

an isolated mystic, Blake lived and worked in the teeming metropolis of London at a time of great social and political change that profoundly influenced his writing. In addition to being considered one of the most visionary of English poets and one of the great progenitors of English Romanticism, his visual artwork is highly regarded around the world. William Blake was a self-taught poet, who started writing poetry at age twelve. His first book of poems was called "Poetical Sketches" which was printed in 1783. His last workswere the illustrations to "The Book of Job." William Blake pasted away on August 12, 1827; he was buried in an unmarked grave at the public cemetery of Bunhill Fields in London.

“The best time to plant a tree was 20 years ago. The second-best time is now.”

The symbolism – and the substantive significance – of planting a tree has universal power in every culture and every society on Earth, and it is a way for individual men, women and youngsters to participate in creating solutions for the environmental crisis.

**RNB Global University in association with Rotary Club Aradhya, Bikaner organizing a Tree Plantation Activity on 08th July 2021 to offer their contribution to make the earth a beautiful place.**

RNB Global University organizes Tree Plantation activity every year & this time the university is planning to plant 10,000 trees during monsoon season in and around campus.

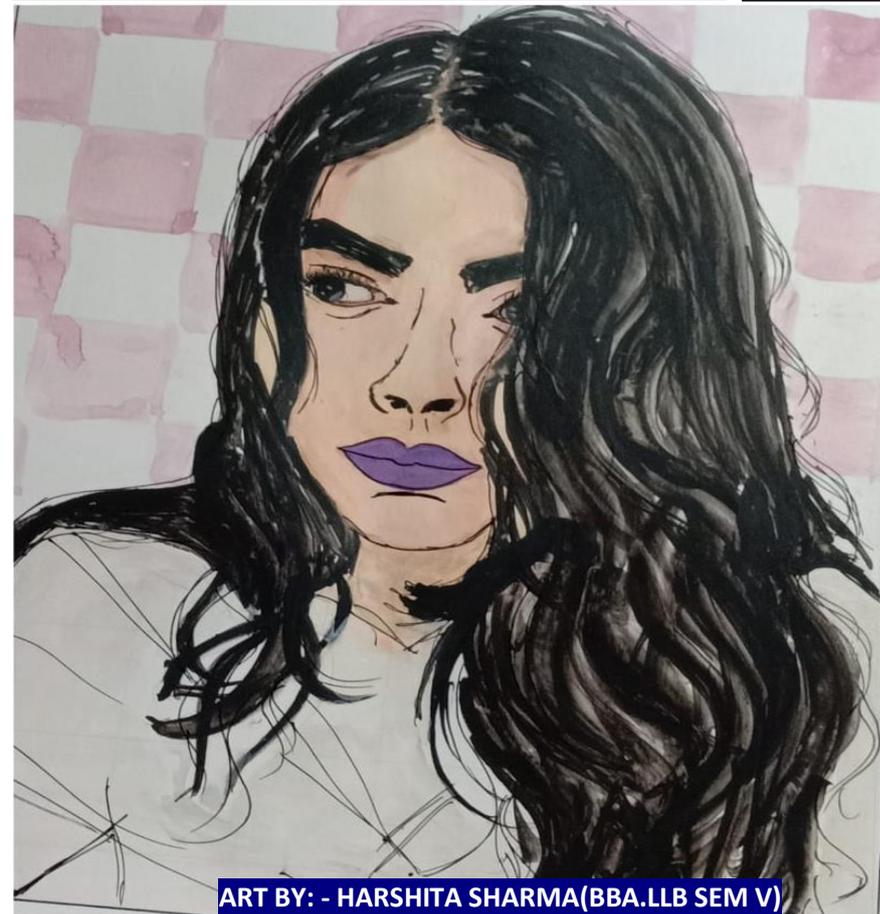

## Tips for Staying Healthy

- \*Be physically active for 30 minutes most days of the week. Break this up into three 10-minute sessions when pressed for time. Healthy movement may include walking, sports, dancing, yoga, running or other activities you enjoy.
- \*Take grains. Choose a diet that's low in saturated fat and cholesterol, and moderate in sugar, salt and total fat.
- \*Avoid injury by wearing seatbelts and bike helmets, using smoke and carbon monoxide detectors in the home, and using street smarts when walking alone.
- \*Don't smoke, or quit if you do. Ask your health care provider for help. UCSF's Tobacco Education Center offers smoking cessation and relapse prevention classes as well as doctor consultations for smokers trying to quit.
- \*Brush your teeth after meals with a soft or medium bristled toothbrush. Also brush after drinking and before going to bed. Use dental floss daily.

## Steps you can take:

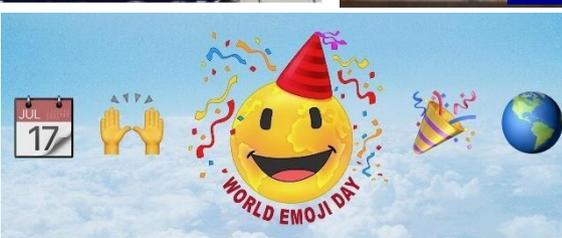

- Stay in touch with family and friends.
- Be involved in your community.
- Maintain a positive attitude and do things that make you happy. Keep your curiosity alive. Lifelong learning is beneficial to your health.
- Healthy intimacy takes all forms but is always free of coercion. Learn to recognize and manage stress in your life. Signs of stress include trouble sleeping, frequent headaches and stomach problems; being angry a lot; and turning to food, drugs and alcohol to relieve stress.
- Good ways to deal with stress include regular exercise, healthy eating habits and relaxation exercises, such as deep breathing or meditation. Talking to trusted family members and friends can help a lot. Some women find that interacting with their faith community is helpful in times of stress.
- Get enough sleep and rest. Adults need around eight hours of sleep a night.

**The Preamble** to an Act sets out the main objectives which the legislation is intended to achieve. The Constitution makers gave to the preamble “the place of pride”. It embodies in a solemn form all the ideals and aspirations for which the country had struggled during the British regime.

## The Preamble declares:

“We the people of India having solemnly resolved to constitute India into a [Sovereign Socialist Secular Democratic Republic] and to secure to all its citizens:

Justice, social, economic, and political;

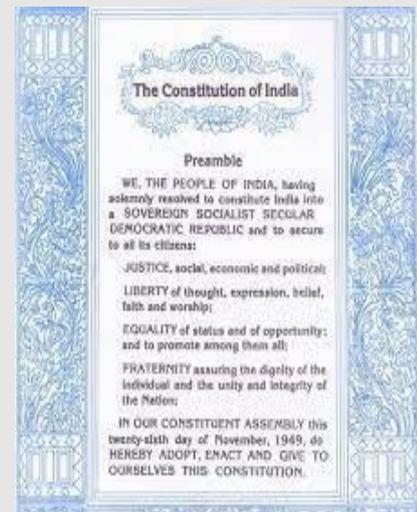

Liberty of thought, expression, belief, faith, and worship;

Equality of status and of opportunity; and to promote among them all;

Fraternity assures the dignity of the individual and the unity and the integrity of the Nation.

In our Constituent Assembly, this 26th day of November 1949 do hereby, adopt, enact and Give to Ourselves this Constitution.”

The Preamble is the key to open the mind of the makers. But it does not mean that the Preamble can override the express provisions of the Act. In *Berubari’s* case the Supreme Court held that the preamble was not a part of the constitution and therefore it could never be regarded as a source of any substantive powers. But in *Kesavananda Bharati’s* case, the Supreme Court rejected this view and held that the Preamble is the part of the Constitution.

## THE PURPOSE IT SERVES:

a) It indicates the source from which the constitution comes, viz the people of India.

b) It contains the enacting clause which brings into force the Constitution.

c) It declares the great rights and freedom which the people of India intended to secure for all citizens and the basic type of government and polity which was to be established. Source: - <https://legalvidhiya.com>

## **What are Legal Maxims?**

Legal maxims are established principles of law that are universally admitted, and people in the legal field are very well aware of these words. They are mostly Latin words or a combination of few words.

Just like in Geometry, we have axioms; in law, we have legal maxims and phrases.

1. **Ab Initio** – From the beginning.

2. **Actionable per se** – The very act is punishable and no proof of damage is required.

3. **Actio personalis moritur cum persona** – A personal right of action dies with the person. In other sense, if he dies the right to sue is gone.
