Paradise Lost

Paradise Lost is about Adam and Eve: how they came to be created and how they came to lose their place in the Garden of Eden, also called Paradise. It's the same story you find in the first pages of Genesis, expanded by Milton into a very long, detailed, narrative poem. It also includes the story of the origin of Satan. Originally, he was called Lucifer, an angel in heaven who led his followers in a war against God, and was ultimately sent with them to hell. Thirst for revenge led him to cause man's downfall by turning into a serpent and tempting Eve to eat the forbidden fruit.

SUMMARY

The story opens in hell, where **Satan** and his followers are recovering from defeat in a war they waged against God. They build a palace, called **Pandemonium**, where they hold council to determine whether or not to return to battle. Instead they decide to explore a new world prophesied to be created, where a safer course of revenge can be planned. Satan undertakes the mission alone. At the gate of hell, he meets his offspring, **Sin and Death**, who unbar the gates for him. He journeys across chaos till he sees the new universe floating near the larger globe which is heaven. **God** sees Satan flying towards this world and foretells the fall of man. His Son, who sits at his right hand, offers to sacrifice himself for man's salvation. Meanwhile, Satan enters the new universe. He flies to the sun, where he tricks an angel, Uriel, into showing him the way to man's home.

Satan gains entrance into the **Garden of Eden**, where he finds **Adam and Eve** and becomes jealous of them. He overhears them speak of God's commandment that they should not eat the forbidden fruit. **Uriel** warns Gabriel and his angels, who are guarding the gate of Paradise, of Satan's presence. Satan is apprehended by them and banished from Eden. God sends **Raphael** to warn Adam and Eve about Satan. Raphael recounts to them how jealousy against the Son of God led a once favored angel to wage war against God in heaven, and how the Son, **Messiah**, cast him and his followers into hell. He relates how the world was created so mankind could one day replace the fallen angels in heaven.

Satan returns to earth and enters a serpent. Finding Eve alone he induces her to eat the fruit of the forbidden tree. Adam, resigned to join in her fate, eats also. Their innocence is lost and they become aware of their nakedness. In shame and despair, they become hostile to each other. The Son of God descends to earth to judge the sinners, mercifully delaying their sentence of death. Sin and Death, sensing Satan's success, build a highway to earth, their new home. Upon his return to hell, instead of a celebration of victory, Satan and his crew are turned into serpents as punishment. Adam reconciles with Eve. God sends **Michael** to expel the pair from Paradise, but first to reveal to Adam future events resulting from his sin. Adam is saddened by these visions, but ultimately revived by revelations of the future coming of the Savior of mankind. In sadness, mitigated with hope, Adam and Eve are sent away from the Garden of Paradise. (Source- <https://paradiselost.org/5-sum-short.html>)

Advocates (Protection) Bill, 2021

A seven-member committee had been constituted to frame the bill keeping in mind the problem and adversities faced by advocates and their families. **The main reasons for the bill are stated to be the protection of advocates and to remove obstructions in the discharge of their duties.** There are various reasons mentioned in the bill that cause obstruction in the performance of duties.

Protection Against

Suits No suit is to be instituted against a lawyer who has been working in good faith. *Communications between the advocates and their clients must be respected; confidentiality must be protected.* The Bill came up also to implement the 8th United Nations Congress on Prevention of Crime and Treatment of Offenders (1990) to which India was a party. It was in this congress that the '**Basic Principles on Role of Lawyers**' was also adopted. In this declaration, there are clauses that guarantee the functioning of lawyers. It sought to make sure that Governments protect lawyers and they are able to perform their duties.

The recent high rise in incidents of assault, kidnappings, intimidations, and regular threats caused to advocates is a major reason. Where the security of lawyers is threatened as a result of their duty, they shall be adequately safeguarded by the authorities. **To protect advocates, such an act is necessary. It also states to ensure social security and the minimum necessity for life for advocates.**

Social Security

Another huge provision made in the act is that of Social Security. The act proposes that the State and Central government have to make *provisions to provide financial assistance to all needy Advocates of the country in unforeseen situations such as natural disasters or epidemics. A minimum of Rs.15,000 every month shall be provided.*

LEGAL MAXIMS
