2.2.1

Activities for Slow Learner

2016-2021

SSR : 1st Cycle of Accreditation

RNB GLOBAL UNIVERSITY

RNB Global City, Ganganagar Road,
Bikaner, Rajasthan 334601

Some of the activities undertaken for slow students are:

1. One of the important issue observed is that the slow learner students are poor in English language particularly in Agriculture stream. This is on account of fact they belong to rural area and have studied in Hindi medium. Accordingly, remedial classes are organized for such students.

Remedial classes:

The students are invited to attend extra classes in some subjects as illustrated below:

Circular

Date	29-01-2019	No.	DOC201901290005
Subject	Remedial English Language classes		

All the students are here by informed that there will be remedial English Language Classes from 10:00 AM to 12:00 Noon on every Saturday throughout the Even Semester in Room No. 001 of the Academic Building.

These classes would be for all those students who are facing problems with the English Language.

1. Hon'ble President
2. All faculty Members

2. Clarification classes

Every faculty member conducts clarification classes in their subjects after every unit for weaker and average students. . Some of the examples from faculty files are presented below:

Dr. G. Modi , Subject Immunology; Programme: B.Sc. Biotechnology

Date	Class No.	Pedagogy of class	Additional activity undertaken	Brief details of Topic	No. of students attended
5/11/2021	C-1	Lecture		Introduction to basic concepts in immunology	6
5/12/2021	C-2	Lecture		components of immune system	6
5/13/2021	C-3	Lecture		principles of innate immune system	6
5/18/2021	C-4	Lecture		principles of innate immune system	6
5/19/2021	C-5	Lecture		principles of Adaptive immune system	6
5/20/2021	C-6	Clarification Class		Clarification Class-I	5
5/21/2021	C-7	Lecture		Hematopoiesis : Pathway of blood cells formation	6
5/22/2021	C-8	Class Room Assignment		Classroom Assignment-1	
5/25/2021	C-9	Lecture		Lymphoid and myeloid progenitor cells	6
5/25/2021	C-10	Lecture		Factors affecting Hematopoiesis	6
5/26/2021	C-11	Seminar		Seminar	6
5/27/2021	C-12	Lecture		Cells of immune system	6
5/28/2021	C-13	Lecture		Lymphocytes	6
6/1/2021	C-14	Lecture		Natural Killer Cells	6
6/2/2021	C-15	Lecture		Mononuclear Phagocytes	5
6/3/2021	C-16	Lecture		Phagocytosis	5
6/4/2021	C-17	Lecture		Granulocytic Cells	6
6/7/2021	C-18	Class Room Assignment		Class room Assignment-2	

6/8/2021	C-19	Lecture		Leukocyte Extravasation	6
6/9/2021	C-20	Lecture		Eosinophils	6
6/10/2021	C-21	Lecture		Dendritic cell and antigen presentation	6
6/11/2021	C-22	Clarification Class		Clarification Class II	6
8/10/2021	C-23	Lecture		Organs of Immune system	6
8/11/2021	C-24	Class Room Assignment		Classroom assignment 1	6
8/12/2021	C-25	Lecture		Thymus and T cell maturation	6
8/13/2021	C-26	Lecture		Bone Marrow and B cell maturation	6
8/17/2021	C-27	Lecture		Secondary lymphoid organs, Spleen and MALT	6
8/18/2021	C-28	Lecture		Antigens	6
8/19/2021	C-29	Lecture		Properties of Antigen	6
8/24/2021	C-30	Lecture		B and T cell epitopes	5
8/25/2021	C-31	Lecture		B and T cell epitopes, Haptens and adjuvants.	5
8/26/2021	C-32	Clarification Class		Clarification class III	4
8/27/2021	C-33	Lecture		Structure, classes and function of antibodies	5
9/1/2021	C-34	Presentation		Presentation-1	2
9/2/2021	C-35	Presentation		Presentation-II	6
9/3/2021	C-36	Lecture		Structure, classes and function of antibodies	6
9/7/2021	C-37	Lecture		Monoclonal antibodies	4
9/8/2021	C-38	Activity		International Literacy Day	4
8/9/2021	C-39	Lecture		Antigen antibody interactions as tools for research and diagnosis	5
9/10/2021	C-40	Clarification Class		Clarification class IV	6
9/10/2021		Take Home Assignments		Home Assignment-1	
9/14/2021	C-41	Lecture		Working of the immune system:	6

				Structure and functions of MHC	
9/15/2021	C-42	Activity		Activity-2	6
9/16/2021	C-43	Lecture		Exogenous and endogenous pathways of antigen presentation and processing	6
9/17/2021	C-44	Lecture		Basic properties and functions of cytokines	5
9/21/2021	C-45	Lecture		Complement system: Components and pathways	6
9/22/2021	C-46	Lecture		Complement system: Components and pathways	6
9/23/2021	C-47	Lecture		Immune system in health and disease: Gell and Coombs' classification	6
9/24/2021	C-48	Lecture		Thymus and T cell maturation	6
9/27/2021	C-49	Class Room Assignment		Class room Assignment-3	5
9/28/2021	C-50	Lecture		Brief description of various types of hypersensitivities,	5
9/29/2021	C-51	Lecture		Introduction to concepts of autoimmunity and immunodeficiency.	5
9/30/2021	C-52	Lecture		Introduction to concepts of autoimmunity and immunodeficiency.	5
10/1/2021	C-53	Lecture		General introduction to vaccines	5
10/7/2021	C-54	Activity		Activity-3	5
10/8/2021	C-55	Lecture		General introduction to vaccines	5
10/12/2021	C-56	Lecture		Various types of vaccines	5
10/13/2021	C-57	Clarification Class		Clarification class V	5
10/19/2021	C-58	Presentation		Presentation 3	5
10/20/2021	C-59	Webinar		Webinar-1	5
10/21/2021	C-60	Class Room Assignment		Classroom Assignment-4	5

10/22/2021	C-61	Lecture		Revision Class	5
10/26/2021	C-62	Lecture		Revision Class	5
10/27/2021	C-63	Lecture		Revision Class	5
10/28/2021	C-64	Lecture		Revision Class	5
10/29/2021	C-65	Lecture		Revision Class	5

CIRCULAR

Date	09-02-2018	No.	DOC201802090003
Subject	Extra Classes		

The university has decided to arrange extra classes for the benefit of the students on every Wednesday. These extra classes will be for the subjects the student wish to have clarification or facing any kind of problem in understanding that subject.

Students will have to inform to the Student Help Desk in advance by Saturday of the corresponding week mentioning the subjects he/ she wish to have additional classes. Students may express their willingness for all the subjects and additional classes they plan to attend during February and March 2018.

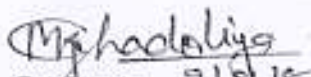

The third period will be held only in case of a student asking for more than 2 subjects classes otherwise there will be only two classes. The students staying for extra classes will be allowed to use staff bus in the evening for returning back. They will be dropped at the Ganganagar Circle or Raj Vilas Hotel.

The time table for these extra classes is given below:

1. 3.00 pm to 3.35 pm
2. 3.45 pm to 4.20 pm
3. 4.25 pm to 5.00 pm

There is no limit for minimum number of students for conducting such classes. Even a single student can make request on his/ her requirement of learning. Hopefully this will benefit the students in understanding their weak subjects in a much better way.

Attendance for such additional classes can be considered in respective subjects for which additional classes are taken only if student falls short of 75% attendance.
