

S.No.	Activity	Impact Created	Year of the activity	Photographs
1	Visit to Village	The visit was to give awareness about the use of organic farming , protected cultivation, and new approaches to agriculture. Students also learned that organic farming has several advantages over conventional farming, aside from the protection of both the environment and human health.	2020-2021	
2	Awareness Program- Stop Dengue Now	The disease was reported in Bikaner. Severe dengue is a leading cause of serious illness and death among children. Reducing dengue disease relies on controlling mosquitoes. So, by campaign, students realise that every member of the community has an important role there.	2020-2021	
3	Visit to Village Khara	Students learned that the biggest cost is the loss of workplace productivity. Healthcare costs, crime and law enforcement, as well as motor vehicle crashes, are also among the top alcohol-related expenses.	2020-2021	
4	Visit to Village Husangsar	It showed that the level of cleanliness has a direct impact on the ability to learn. The level of cleanliness and hygiene in a building has a significant effect on the mind set of students. A dirty, neglected environment can increase stress levels and therefore impact negatively on concentration and retention.	2020-2021	

5	Visit to Village Husangsar	Untouchability is a form of social institution that legitimises and enforces practises that are discriminatory, humiliating, exclusionary, and exploitative. In the visit , various types of respondents were interacted with reference to the objectives, like farmers, small businessmen, iron fabricators, etc. A discussion session was also held for the general queries of students related to the village and the education system in the village. The students took a keen interest in the visit.	2020-2021	
6	Visit to Village Dandusar	Students learned that it is through proper education that an individual gets aware of his rights and duties. It has the potential to inculcate and imbibe human rights values. It is through education that human rights are actually put into practice.	2020-2021	
7	Visit to Village Khara	The major impact of the visit to reveal that commuting, climatic changes, hygiene, facilities and literacy levels, were the major factors that shaped rural areas. People are still unaware of their basic rights since the legal aid movement has failed to fulfil its goal. The exploitation and deprivation of the poor's rights and benefits is caused by a lack of legal awareness.	2020-2021	
8	Visit to Village Dandusar	Students learned that the major obstacle to the legal aid movement is the lack of legal awareness. People are still not aware of their basic rights due to the fact that the legal aid movement has not achieved its goal yet. It is the absence of legal awareness that leads to the exploitation and deprivation of rights and benefits of the poor.	2020-2021	

9	Tree Plantation	Students planted trees on the university grounds, providing timber and fencing. Trees planted on university grounds also provide opportunities for environmental education, getting students thinking about environmental conservation early.	2020-2021	
10	Bikaner Theatre Festival	Through interaction with other communities and cultures, students develop their abilities in self-reflection, multicultural sensitivity, and comparison of social values and ethical systems. Our University students participate in the festival, which has been a passionate celebration that unites drama, literature, and other art forms in the desert city of Bikaner.	2019-2020	 <p>O Baith kaaga Nukkad Natak Directed by - Amit Tiwari (Anubhuti, Delhi)</p>
11	Visit to "Village to understand the problems being encountered by the villagers & farmers Area-KHARA"-	Students discussed the problems related to the education system in rural areas. They were informed timely regarding the visit and were guided on how to interact with the respondents. During the interaction, students learned about various issues such as water shortages, school closures, the education system, and road construction. Students were also aware of the problem of unemployment.	2019-2020	
12	Ek Shaam Shahido ke Naam	Students realised the contribution of soldiers deployed at the border of our country and they homage to the martyrdom of the martyrs. They gave the tribute to martyrs' by realizing that our soldiers are our pride. They not only secure our borders but give selfless service by serving our nation in internal problems also, keep our country's flag high in sports also. They also give their service at international level by serving the mankind worldwide. Their contribution is countless	2019-2020	

13	Blood Donation Camp	Students were encouraged to devote themselves towards the principle of community service. They learned that organising blood donation camps on a regular basis is very important. It believes that all sections of society should contribute towards a better society and save lives.	2019-2020	
14	World Cancer Day	This year is a reminder of the enduring power of cooperation and collective action. When we choose to come together, we can achieve what we all wish for: a healthier, brighter world without cancer. Together, all of our actions matter.	2019-2020	
15	Corona Virus Awareness Camp	Methods include quarantines; travel restrictions; and the closing of schools, workplaces, stadiums, theatres, or shopping centres. Individuals may apply social distancing methods by staying at home, limiting travel, avoiding crowded areas, using no-contact greetings, and physically distancing themselves from others.	2019-2020	
16	Eye Test Camp	Regular eye examinations are important because having your vision corrected can improve the quality of day-to-day life. They will help detect certain eye conditions such as cataracts, glaucoma, and age-related macular degeneration, which could lead to sight loss. Poor vision could be a risk for falls.	2019-2020	

17	Nukkad Natak - 2019	Students learned about protecting the environment and possibly transferred the same waste-reduction techniques to their own homes. Students also gain access to opportunities to participate in service-based community events. Finally, reducing plastic usage decreases the costs of waste removal, energy consumption, trash generation, and greenhouse gas emissions.	2019-20	
18	Open house Session on Legal Education	Students have got knowledge about the position of legal education in India and the primary aim of legal education at the time was to equip law students so that they could help the lower courts and the high courts in the administration of justice.	2019-20	
19	Walkathon	A walkathon is a community event that can bring a lot of new donors to an organization. They're fun, active, and appealing to a large audience. The motive of the walkathon event was to make the students at the university aware of the necessity of being fit and to motivate people to stay fit. Students gathered in numbers to participate and create awareness about the event.	2019-20	
20	Tree Plantation	Students learned that ever since, Rotarians have planted trees in the name of fellowship, friendship, and community service. These trees, which can be found worldwide, have grown into enduring monuments to Rotary's ideals. The students participated in the drive enthusiastically and helped each other in planting the saplings.	2019-20	<p>"The best time to plant a tree was 20 years ago. The second-best time is now."</p> <p>The symbolism – and the substantive significance – of planting a tree has universal power in every culture and every society on Earth, and it is a way for individual men, women and youngsters to participate in creating solutions for the environmental crisis.</p> <p>RNB Global University in association with Rotary Club Aradhya, Bikaner organizing a Tree Plantation Activity on 08th July 2021 to offer their contribution to make the earth a beautiful place.</p> <p>RNB Global University organizes Tree Plantation activity every year & this time the university is planning to plant 10,000 trees during monsoon season in and around campus.</p> 

21	Street Theatre by Jana Natya Manch held at RNBGU	Students understand how their decisions and actions affect the environment. They build knowledge and skills necessary to address complex environmental issues as well as ways we can take action to keep our environment healthy and sustainable for the future.	2018-2019	
22	Bikaner Theatre Festival	Students learned about the exploitation of Industrial labour during the Industrial Revolution. Our University students participate in the festival, which has been a passionate celebration that unites drama, literature and other art forms in the desert city of Bikaner.	2018-2019	
23	Tree Plantation Drive at RNBGU	Students' response was that tree planting is a good initiative that should be encouraged. A lot of deforestation is going on, and if we do not do something, our ecosystem will be in danger. The main purpose of this event was to teach students how we can save our climate from pollution.	2018-2019	
24	3rd Blood Donation Camp	The most common reason for donating blood was a sense of social responsibility, and the most common reason for non-donation was fear of the procedure. The goal of the blood donation camp is to find a suitable donor whose blood is safe for the recipients and who will not be harmed in any way by blood donation.	2018-2019	
25	Dental Care Camp held at RNBGU	Oral hygiene is an important aspect of our overall health, and taking good care of our teeth keeps us away from various diseases. It is especially important to teach children to take proper care of their oral hygiene and also conduct regular check-ups of their oral hygiene.	2018-2019	

26	RNBian's Promotes Cleanliness by Nukkad Natak on Gandhi Jayanti	All of the participants enjoyed the tree planting activity and agreed that it is beneficial not only to our area and country but mostly to our planet. One of the participants described how the activity was simple yet worthwhile.	2018-2019	
27	Free Legal Awareness Camp organized by Law Students at Khara	Students learned how legal aid camp helps to promote awareness of legal culture, participation in the formation of laws and the rule of law. The Legal Aid Camp is an initiative to bridge the gap between underprivileged and economically unsound people who are seeking legal advice and legal assistance.	2018-19	
28	Tree Plantation Drive at RNBGU	Students learned that tree plantation is the urgent need of the hour. Planting trees is especially important to protect our environment against air pollution and global warming. The drive was a huge success, empowering students with substantial knowledge of the environment and plants.	2018-19	
29	RNBian's Rendered Services During Bikaner Theatre Festival	This event has an impact on students because it demonstrates how meaningful interactions, as opposed to workbook exercises or oral drills, allow them to be spontaneous in real life.	2017-2018	

30	Free Legal Aid camp organized by Law Students for Pemasar Village	The impact of Legal Aid camp was to make the student's focus on legal aid which is on distributive justice, effective implementation of welfare benefits and elimination of social and structural discrimination against the poor. The legal aid camps help spread awareness about the rights of the people and about the free legal aid programmes provided under the statutes.	2017-2018	
31	2nd Blood Donation Camp	Students learned that in our country, there exists a considerable gap between availability and demand for blood. In most situations, valuable human lives cannot be saved due to the unavailability of blood or blood donors. The initiative of the university to incentivize blood donor students is mainly focused on this urgent need of society as well as to inculcate the values that will make them responsible citizens	2017-2018	
32	Rainbow: Empowerment through free child education	Having access to free education and getting educated allows you to contest for social positions. Also, economic benefits such as grants or loans provided by the government to educated citizens will be easily accessible by everyone.	2017-2018	
33	Nukkad Natak on World Food Day to Stop Food Wastage	Students learned that wholesome food that is currently wasted could help feed families in need. Safe and wholesome food that is currently thrown away could help feed hungry people and reduce food insecurity today.	2017-18	

34	Rose Day Brings Cheer to Cancer Patients	Students take this opportunity as an initiative to give hope to cancer survivors. They spent a full day of quality time with the cancer patients and survivors and gave cancer patients gifts. The students saw the physical, mental, financial, and emotional situations faced by the cancer patients and gave them hope that they have people to support them in their struggle.	2017-18	
35	2nd Free Legal Aid camp organized by Law Students for Jamsar Village	Students realised that legal aid is a welfare programme provided by the state to people who could not otherwise afford legal advice. The primary goal of organising a legal assistance camp is to raise awareness about legal rights, entitlements, and remedies. Legal aid provide provision of free legal help to low-income people in judicial, administrative, and quasi-judicial processes as well as any consultation addressing any legal matter.	2017-18	
36	Manavta Ki Uunchi Ddaan	The role of students is to bring about behavioural changes in the public and encourage healthy practices, spreading awareness and strengthening the cleanliness system. Clean India also brings forth changes concerning investments by foreign countries, leading to the economic development of our country and its growth.	2016-2017	

37	Clothes Distribution Drive	Experiencing the act of giving firsthand, the students recognised that there exists an invisible gap in our society. They also realised their role as future responsible citizens and leaders to bridge this gap in their relevant fields. Not only did students pledge to be a part of and organise such events in the future, many of them also decided to associate voluntarily and work on building various social development projects.	2016-2017	<p>CLOTHES DISTRIBUTION DRIVE</p> <p>BIKANER JANUARY 26 2017 "Manavta Ki Unchi Udaan" is a social initiative of RNBGU as part of this endeavor students of RNBGU took it upon themselves to organize a "Clothes Drive" keeping in mind the extreme winter conditions. Experiencing the act of giving firsthand, the students recognized that, there exists an invisible gap in our society. They also realized their role as future responsible citizens and leaders to bridge this gap in their relevant field. Many students also decided to associate voluntarily and work on building various Social Development projects at the University</p>  <p>-Nikita Soni, MBA II Sem.</p>
38	Blood Donation Camp at RNB Global University	It was learned by students that blood is essential to helping patients survive surgeries, cancer treatment, chronic illnesses, and traumatic injuries. This lifesaving care starts with one person making a generous donation. The need for blood is constant. But only about 3% of age-eligible people donate blood each year.	2016-17	
39	Stress Management	The students of Vyapar Mandal Public School , Pilibangan were invited for a session on stress management at the RNBGU campus. School students commonly experience stress because of increased responsibilities, a lack of good time management skills, changes in eating and sleeping habits, and not taking enough breaks for self-care. Transitioning to college can be a source of stress for most first-year students. Students were given counselling sessions about stress. They found that when we feel overwhelming stress related to school, it not only demotivates us to do the work, it reduces our overall academic achievement and can lead to increased dropout rates. Not to mention the negative health implications, including depression, poor sleep, substance abuse, and anxiety.	2016-17	

40	Plantation Activity	<p>The students of Cambridge Convent School Sardarshahar were invited for a session on plantation activity at the RNBGU campus. The students were sensitised about tree plantation, which means planting trees and plants. The purpose of tree planting is to save the environment and to beautify our lives. Trees are valuable gifts of nature. They are known as the best friends of human beings.</p>	2016-17	
41	Importance of Sports	<p>The students of Vimal Vidya Vihar school were invited for a session on the importance of sports at the RNBGU campus. A session on the importance of sports was held where students were informed about sports. Sports are a crucial part of a student's growth and development. They help in the development of mental health and physical fitness in the body. Through participation in sports and games, a student gains various skills, experience, and confidence that are helpful for developing their personality.</p>	2016-17	
42	Role of Education on Gender Sensitization	<p>The students of Dav Centenary Pub School, Hanumangarh were invited for a session on the role of education in gender sensitization at RNBGU campus. Gender sensitization is the process of changing a stereotype concept or idea to the modification of behaviour by raising awareness of gender equality concerns. Education is a vital tool for bringing about gender parity and simultaneously catalysing national development.</p>	2015-16	

43	Purpose of Counselling	<p>The students of Lakshmipat Singhania Academy, Bissau were invited for a session on the purpose of counselling at the RNBGU campus. The purpose of counselling is to improve personal effectiveness. For development, change is always necessary. Counselling helps individuals to make changes in their attitudes and perceptions. temporary and which needs careful and accurate diagnosis by an expert.</p>	2015-16	
44	Tree plantation work life balance for students	<p>The students of Sh. L.B.S. Senior Sec. School, Nagaur were invited for a session on tree plantation work-life balance for students at the RNBGU campus. Tree plantation work life balance for school students helps recharge ground water supply, prevents transport of chemicals into streams, as well as prevents flooding. Its fruits provide food, while its fallen leaves also make good compost and improve the quality of soil. Being with nature improves cognitive function, enhances memory and discipline.</p>	2015-16	
45	Session on Girl Sensitization	<p>The students of H.S. Rampura Sec. School, Bikaner were invited for a session on Session on Girl Sensitization at the RNBGU campus. Gender sensitization refers to the increasing sensitization of gender equality concerns. It helps people examine their personal attitudes and beliefs and question the realities of both sexes.</p>	2016-17	

46	Career guidance session	The students of Maharani Kishori Devi Girls School, Bikaner were invited for a session on career guidance at the RNBGU campus. In a career counselling session, the counsellor helps a person explore skills and strengths, consider education levels and gives advice about continuing education, and determine interests and personality type. They also administer an IQ test or an aptitude test.	2016-17	
47	Career Guidance Session	The students of KV No. 1 Bikaner were invited for a session on Career Guidance Session at the RNBGU campus. In a career counselling session, it is important to be open about whatever it is that you feel. Whether it is relevant to you or not, or important to your parents or not, all of it could help the career counsellor help you.	2016-17	
48	Role of Computers in Education	The students of St. Vivekanand Sr. Sec. School, Bikaner were invited for a session on the role of computers in education at the RNBGU campus. Computer teaching plays a vital role in the modern education system. Students find it easier to refer to the Internet than to search for information in thick, fat books. Computer technology has made the dream of distance learning a reality. Education is no longer limited to just inside classrooms.	2016-17	
49	Session Mental Health	The students of Shri Jain Adarsh Vidya Niketan Bikaner were invited for a session on mental health at the RNBGU campus. The sessions are designed to help students understand the basic concept of mental health and well-being; strengthen their coping abilities to counter stress; and encourage them to seek help, guidance, and support.	2016-17	

50	Importance of Time Management	The students of Gurukul B.L. Mohta learning institute, Bikaner were invited for a session on the importance of time management at the RNBGU campus. Effective time management gives you back control of your day. It's the cornerstone skill that will help you with everything from increasing productivity to building good habits, setting proper goals, avoiding burnout, and finding work-life balance.	2016-17	
51	Session on Communication Skills	The students of KV (B.S.F) Anupgarh were invited for a session on communication skills at the RNBGU campus. Communication is important to expressing oneself. It also satisfies one's needs. One should have effective communication for advancement in a career. In your personal life, effective communication skills can smooth your way and your relationships with others by helping you to understand others and to be understood.	2017-18	
52	Session on work life balance for students	The students of Keshav School Pilibanga were invited for a session on work-life balance for students at RNBGU campus. The session was about work-life balance. I'm convinced that the transition to a new level of study can feel like a big adjustment, and it's easy to focus all your efforts on studying and forget about self-care. Maintaining a healthy work-life balance can help to avoid "burn-out" and support good physical health and mental wellbeing.	2017-18	

53	Session on Mindfulness	<p>The students of BPS CONVENT School were invited to a session on mindfulness at RNBGU campus. "Mindfulness" is a type of meditation in which you focus on being intensely aware of what you're sensing and feeling in the moment, without interpretation or judgment. Practicing mindfulness involves breathing methods, guided imagery, and other practises to relax the body and mind and help reduce stress.</p>	2017-18	
54	Session on Self Esteem	<p>The students of Almira and Fernandes were invited to a session on self-esteem at the RNBGU campus. The sessions started with positive, encouraging messages about them as individuals, and making them feel good about their bodies will allow for the setting of a productive and open platform for the teens to voice their questions and doubts. Children's self-esteem plays a very important role in determining their vulnerability.</p>	2017-18	
55	Importance of Social Media	<p>The students of Tagore International School Bhadra were invited for a session on the importance of social media at RNBGU campus. In today's society, the use of social media has become a necessary daily activity. Social media is typically used for social interaction, access to news and information, and decision making. It is a valuable communication tool with others locally and worldwide, as well as to share, create, and spread information.</p>	2017-18	

56	Importance of Education	The students of Vivekananda Public School, Rajota (Khetri), were invited for a session on the importance of education at the RNBGU campus. It helps people become better citizens, get a better-paid job, and shows the difference between good and bad. Education shows us the importance of hard work and, at the same time, helps us grow and develop. Thus, we are able to shape a better society for ourselves and our children by knowing and respecting rights, laws, and regulations.	2017-18	
57	Importance of Higher Education	The students of Lords International School Churu were invited for a session on the importance of higher education at the RNBGU campus. Higher education provides people with an opportunity to reflect on the critical social, economic, cultural, moral, and spiritual issues facing humanity. It contributes to national development through the dissemination of specialised knowledge and skills.	2017-18	
58	Importance for citizens to Vote	The students of Vimal Vidya Vihar school were invited for a session on the importance of voting at RNBGU campus. The law does not require citizens to vote, but voting is a very important part of any democracy. By voting, citizens are participating in the democratic process. Citizens vote for leaders to represent them and their ideas, and the leaders support the citizens' interests.	2016-17	

59	Session on Equality in education	The students of Shri Jain Adarsh Vidya Niketan Nokha were invited for a session on equality in education at the RNBGU campus. Equality in education means the equalisation of individual differences among learners. Every individual should get an equal and suitable opportunity to cultivate his talent and receive education according to his needs, abilities, and aptitudes.	2017-18	
60	Session on legal age of marriage	The students of Seth Nandlal Dhanuka Harsh Convent School, Suratgarh were invited for a session on the legal age of marriage at the RNBGU campus. The Prime Minister Narendra Modi-led NDA government has decided to raise the legal age of marriage for women from 18 to 21 years, bringing them on equal footing with men. According to PM Modi, increasing the legal age of marriage will empower girls and will help in building their careers.	2016-17	
61	Session on uses of Facebook	The students of Sacred Heart School, Suratgarh, were invited for a session on Facebook at RNBGU campus. Students' interaction via Facebook can allow them to discuss course contents at any time they need. When a student is having difficulty with their studies or preparing their assignments, they can use Facebook to ask questions, share information, and discuss with their peers. .	2016-17	

62	Session on how to make Environment Green	The students of Nosegay Public School Sri Ganganagar were invited for a session on how to make the environment green at RNBGU campus. The final session was about the green environment, and students were instructed that these could include installing a recycling system in the school cafeteria, planting a small organic garden to provide fresh vegetables for the cafeteria, and so on. Children can also support local wildlife and reduce CO2 in the atmosphere by planting trees, shrubs, and flowers in the school playground.	2016-17	
63	How to prevent Soil 2015-16	The students of G S Jangid Memorial School, Jodhpur, were invited to a session on how to prevent soil in 2015-16 at the RNBGU campus. The speaker emphasised that the simplest and most natural way to prevent soil erosion is through planting vegetation. The erosion of soil from bare land is greater, hence the soil must be kept covered by growing grass and planting trees on it. The grass reduces the speed of water flow and minimises direct contact of water with soil.	2015-16	
64	Session on Noise Pollution	The students of Subhash Chandra Bose Sr. Sec. School, Sahawa (Churu), were invited for a session on noise pollution at the RNBGU campus. Students were sensitised about noise pollution. There are many factors contributing to noise pollution in schools, but the major sources of noise include the use of construction machines, motor vehicles, welding machines, and other human activities related to music, public bars, promotion, and entertainment.	2016-17	

65	Session on Air Pollution	<p>The students of Goenka Public School, Laccmangarh Sikar were invited for a session on air pollution at RNBGU campus. Students were counselled that they should reduce the number of trips they take in their cars. Reduce or eliminate the use of fireplaces and wood stoves. Avoid burning leaves, trash, and other materials. Avoid using gas-powered lawn and garden equipment.</p>	2016-17	
66	Session on Water Pollution	<p>The students of Seth Tolaram Bafna Academy, Bikaner were invited for a session on water pollution at the RNBGU campus. Water pollution is a broad term that describes any kind of contamination of bodies of water, such as rivers, lakes, or wetlands, with substances that can pose threats to human health or the natural environment. Such pollution is a major source of death and disease worldwide, especially in developing nations..</p>	2017-18	
67	Importance of Co-Education	<p>The students of Gurukul Shikshan Sansthan Kakadwala Bikaner were invited to a session on the importance of co-education at the RNBGU campus. The session started by stating that students can prepare in advance for the real world because, at co-educational schools, they live in a healthy environment composed of both sexes. It also improves the communication skills of students as they interact with everyone. Students also develop mutual respect and self-esteem in these schools.</p>	2016-17	

68	Psychological Harassment	<p>The students of Lady Elgin Girls Senior Sec. School, Bikaner were invited to a session on psychological harassment at the RNBGU campus. Psychological harassment means any vexatious behaviour in the form of repeated and hostile or unwanted conduct, comments, actions, or gestures that affect an individual's dignity or psychological or physical integrity and that results in a harmful work or learning environment for the individual.</p>	2017-18	
69	Session on Trees prevent Pollution	<p>The students of Sanskar International Academy, Hanumangarh were invited for a session on trees preventing pollution at the RNBGU campus. The Session gave the importance that the world's forests absorb a third of global emissions every year. Particles, odors, and pollutant gases such as nitrogen oxides, ammonia, and sulphur dioxide settle on the leaves of a tree. Trees absorb these toxic chemicals through their stomata, or "pores," effectively filtering them from the air.</p>	2016-17
