Guest Lecture by Mr. Arvind Prem, GM Accounts, Radico Khaitan on GST

Jan 03, 2017

Business without any strategy to tackle the future changes in the government regulations & policies is always at huge risk for losses. Government reforms are one of the key elements in macroeconomic factors affecting a company severely.

GST has been always been in news since its establishment as is a very significant step in the field of indirect tax reforms in India. In general words, Goods and Services Tax (GST) are a proposed system of indirect taxation in India merging most of the existing taxes into a single system of taxation, it was introduced by The Constitution (One Hundred and First Amendment) Act 2016. By amalgamating a large number of Central and State taxes into a single tax, it would mitigate cascading or double taxation in a major way and pave the way for a common national market. From the consumer point of view, the biggest advantage would be in terms of a reduction in the overall tax burden on goods, which is currently estimated to be around 25%-30%.

In order to understand the details about the GST & its effect on the corporate world a guest Lecture on "Business Strategy in GST & Trading strategies" was organized at RNB Global University for Management Students of Master of Business Administration (MBA) on 3rd January 2016. The speaker of the guest lecture was Mr. Arvind Prem, GM-Accounts, Radico Khaitan Ltd., New Delhi who has more than 14 years of experience in Finance & Management.

During the interactive guest lectures, several questions related to GST and its effects on business were raised by the MBA students which were duly answered with business & trading strategy examples. At the end, students understood what and how GST would bring in significant changes in doing business in India. Advocacy for best practices, gearing up for changes in processes, training teams and developing IT systems for being GST compliant were also discussed as part of the guest lecture.

RAINBOW: EMPOWERMENT THROUGH FREE CHILD EDUCATION

DOC201711010003

Date: 01st November 2017
Venue- RNB Global University Campus

Time: 11:30 AM

Education is one of the most powerful weapons in fighting poverty.

Resident Students of RNB Global University initiated the Mission "RAINBOW" under the umbrella of 'Manavata Ki Unchi Udaan' from 1 Nov 2017 in which they are providing free education to the children of the labourers working at our university campus in order to provide the primary education. The province of RNBGU is hoping a scheme to distribute the slates and pencil to all the children.

Doubtless, education is the most powerful catalyst for social transformation. But child education cannot be done in isolation. A child will go to school only if the family, particularly the mother, is assured of healthcare and empowered. Moreover, at the initial phase of the mission, the RNBian's are providing free education to the children of the workers which are working in university premises. Under this social initiative, the expenses of their study will be borne by the University itself.

We salute their initiative for this Nobel cause.

RNBian's Rendered Services During Bikaner Theatre Festival-2018

DOC201802280002

Date: 28th February 2018
Venue- Bikaner Theatre Festival

Students of RNB Global University rendered their voluntary services during all the four days of Bikaner Theatre Festival-2018 (24 Feb-27 Feb 2018), from setting up the Stage and to manage the day to day affairs of this entire theatre festival. It was really a lifetime experience for our students to work and spend time with world famous Celebrities and Artists. During the festival, students learned that how Discipline and focused dedication towards the work makes these people not only perfectionist in their respective field but also a great artist and a great human being as well.

During the four days festival, Students also got an opportunity to interact with renowned artists like Ms. Ratana Shah Pathak, Ms. Seema Bishwas, Om Ji, Ms. Preetha Thakur and many more. Students interacted with them in which they asked many queries like their journey and experience as an artist.

Such Meaningful interactions are really helpful for the students to develop their personality, in contrast to workbook exercises or oral drills which enables them to be spontaneous in real life. These types of festivals really develop the culture and values amongst the new generation as well.
