Dear Students,

Attached is the list of placement and internship opportunities provided by "RNB-Bikaner" in last one year.

There are approx. 75 opportunities from different companies shared with all the students wide our various circulars as mentioned below

It is to be noted here that many of the placements/ internship are not included in this list, which were directly shared by the faculty with students.

University has always been working rigorously to provide best placement & internship opportunities to its students.

During this pandemic time when most of the companies had refrained themselves for new hirings / trainees, your University was able to manage the Internship drive & it was conducted completely online this year.

However, still we are in the continuous process and from this year, we will be starting a Placement Cell totally driven by students. A circular to this effect will be released shortly & interested students can be part of this placement cell.

We are sure we can provide finest learning experience to our students for their future prospects.
