Report on Students Referral Program

Date: 20.08.2021

Our students and alumni are our best ambassadors as they have first-hand experience of the caring, convenient and career-focused environment that RNBGU strives to provide.

By sharing your experience at RNBGU with a friend or relative you can inspire and motivate someone to join you in realizing their full potential! We encourage all students and alumni of RNBGU to take pride in your accomplishment and invite someone you know, to take part in our Student Referral Program.

The Student Referral Program is easy and convenient. Simply provide our Admissions staff with basic student contact information using the referral form provided below and we'll take it from there. Admissions staff will follow up with the student you've referred and provide them with information on applying or transferring from another institution.

Referring student of RNBGU will complete the online form. The referral student (new student) as well as the referring student will receive an email confirmation of the submitted referral form after the admission committee verifies that the referral student has not enquired earlier or has already not applied with RNBGU at the point of time referral was made.

There is a form for providing the referrals on the website, that can be filled by the students. From last few years we have received the many referrals form the alumni's:

1. Shubham Kumar Patra - 2021 - Khushwant khatri & Palak Sadh
2. Mr. Shubham Pugalia - 2017 - Ms. Kritika Sethia
