E- GOVERNANCE SYSTEM OF UNIVERSITY

EXAMINATION System over ERP

Examination Process Flow

The examination process can be used to manage both regular and backlog examinations. Subject Selection Rules can be applied at the point of registration/ enrolment to the semester/session, and similarly exam eligibility rules can be applied prior to examinations based on the criteria for the required examination. This also works as a screening mechanism and only students meeting all required criteria, such as attendance, internal marks, assignments, etc. are permitted to appear for the main examination for the level/program.

Educating stars for tomorrow

Configure the Exam on LMS

- Create Exam Tree
- Create Examination setup Master for Exam and Subject
- Then Map structure as given below
- Capture the score
- Process score
- Result publishes

1. Student Registration (Start Examination Tree: 2019RNBSEFirstSem) - LMS > Digital Campus > Exam and Grading > Examination Tree

The screenshot shows the 'Exam Tree' creation interface in the RNB Digital Campus LMS. The page has a blue header with the RNB logo and navigation tabs: Home, Setting, Academics, Admissions, Fee, Student, Time Table, Library, Hostel, Transport, E-Test Settings, Feedback, Report, and Help. The main content area is titled 'Exam Tree' and contains the following fields:

- Code:** EXAMPAT0059
- Name:** 2019RNBSEFirstSem
- Description:** 130 class left
- Exam Category:** (Dropdown menu with 'Create To View Must Load Values' as a placeholder)

Below these fields are 'Save' and 'Cancel' buttons. A red warning message at the bottom states: 'Indicates mandatory field'. On the right side, there is a section for 'Exam Tree Structure' with a table showing the hierarchy of exam types:

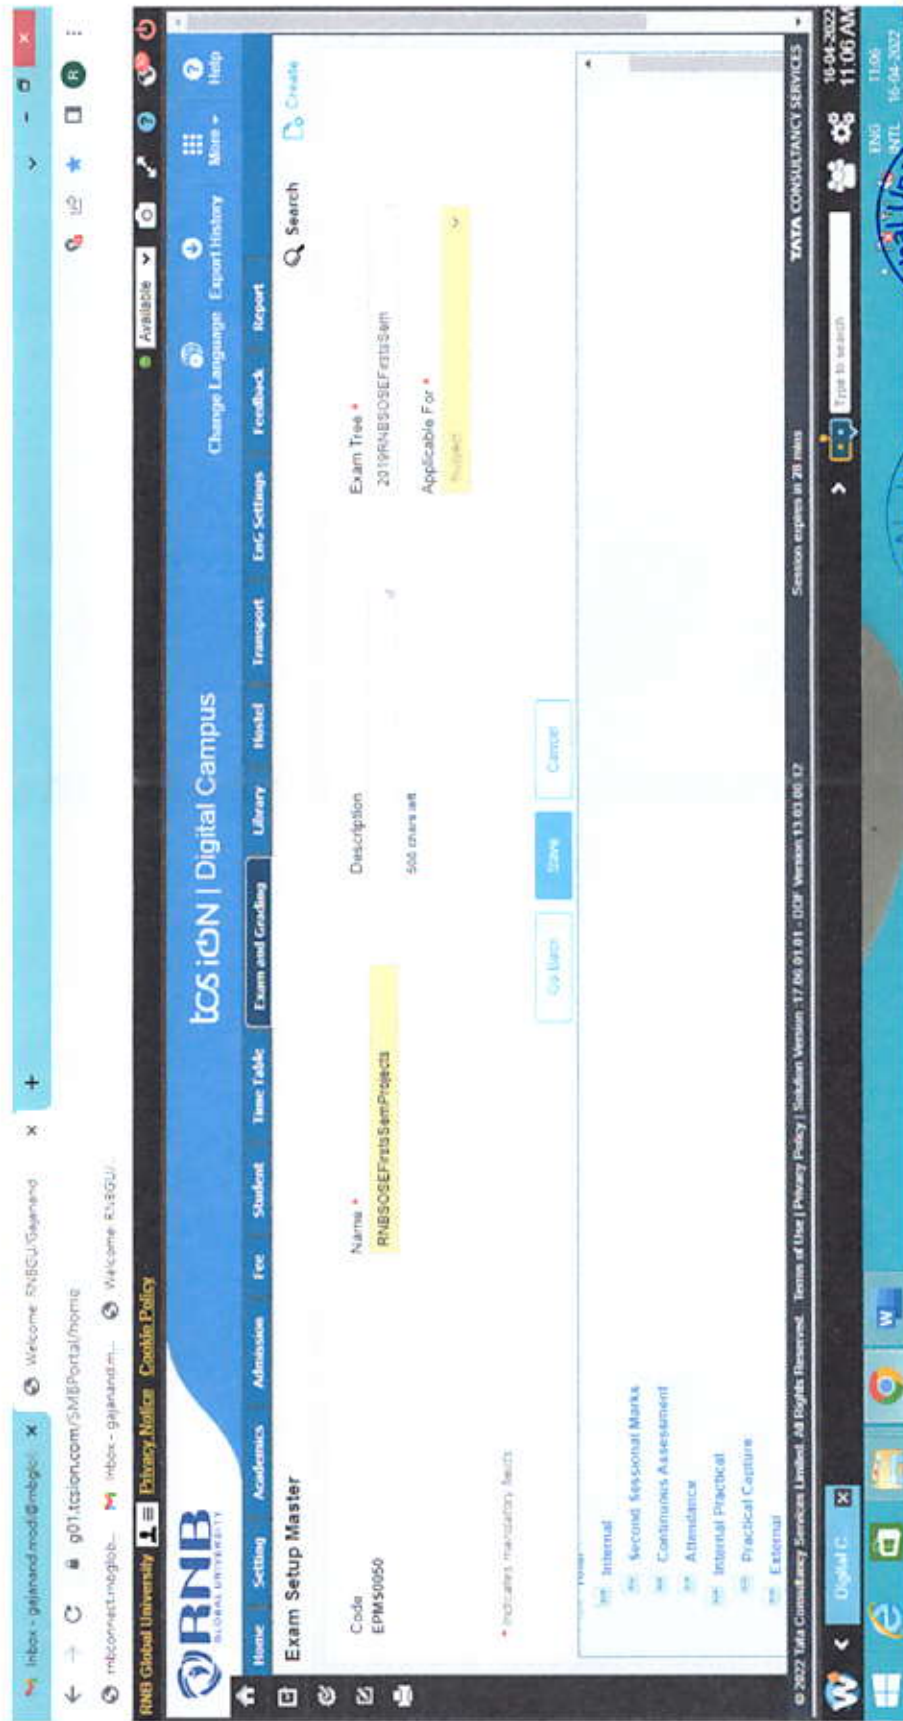

Exam Name	Exam Type
Total	Total
Internal	Internal
Internal Practical	Practical
E-Test	E-Test
