Registrar			Dean-Academics					Hostel Warden			Utility Head		Facility Head							

To implement this Policy on Environment and Sustainable Development, the RNB Global University, wide office order No 201911140001 Dated 14-11-2019 has constituted an Environment Committee consisting of 3 member of faculty - nominated by the Registrar

It designated a convenor of this committee who shall act as Secretary of the Environment Committee and report to the Registrar.

Roles and Responsibility

The convenor shall receive complaints and suggestions from campus residents, people of neighbouring villages, local governments and regulators regarding environmental violations and shall take necessary follow up action in the matter.

As determined by the university administration, shall be required to prepare their action plans based on the framework established in this policy.

Here is the specification of the roles and responsibility and authority of the Environment Committee

Develop and recommend programmes to meet the objectives set for each of the priority areas listed above. Community participation shall be encouraged in this process.

Establish action groups to develop and recommend programmes and performance indicators to monitor progress in each of the priority areas. Experts in each of the areas from both within and outside the university wherever desired.

Oversee implementation of the Environment Policy in the University;

Periodical review of university policies and procedures to ensure consistency with Environment Policy in the University;

Carry out appropriate environmental audits and pilot projects;

Undertake education and training programmes to inform the university community about this policy and how its members can meet the objectives set forth in it;

Seek funding for environmental initiatives;

Monitor best practices and formulate and publicise environmental Dos and Don'ts' for the residents from time to time;

Report results of Environmental Performance and Audit Findings in light of Environmental Policy in Management Review held at least once in 12 months.

Note: Purpose of this review is that Board of Management has a confidence in Management System and responsibility of this Governance that it can achieve all of its Commitments.

Annually issue Environment and Sustainability report that includes sections on each of the priority areas, presenting a summary of monitoring information, summarising initiatives undertaken and identifying matters that require particular attention;

Be responsible for administering, monitoring, and implementation of the Environment Policy.

Dr. Dipali Gupta

Registrar, RNB Global University
