International Day against Drug Abuse and Illicit Trafficking –

Government Sr. Sec. School, Dandusar

On the occasion of the International Day against Drug Abuse and Illicit Trafficking, RNB Global University, Bikaner, in collaboration with Dantor Vikas Sarwajanik Punyarth Trust, organized an extensive awareness event at Government Sr. Sec. School, Dandusar. This event was part of the Nasha Mukt Bharat Abhiyaan, an initiative by the Ministry of Social Justice and Empowerment, Government of India, aimed at creating a drug-free India.

The primary objective of the event was to educate the local villagers about the severe consequences of drug abuse and the pervasive issue of illicit trafficking. The program commenced with an introductory speech by the event coordinators, who highlighted the significance of the day and the pressing need to address drug-related issues within the community.

The programme was introduced by Mr. Maulik Chandnani, Assistant Professor, Faculty of Commerce and Management followed by an awareness speech by Dr. Ashok Kumar Karnani, Associate Professor, Faculty of Law and Arts. They discussed the health risks associated with drug abuse, such as physical and mental health deterioration, addiction, and overdose. The social and economic impact of addiction, including family breakdowns, loss of productivity and increased crime rates, was also emphasized. Additionally, the legal repercussions of drug trafficking were explained, underscoring the severe penalties for those involved in such activities.

An interactive session was conducted by Dr. Ravi Kishan Soni, Assistant Professor, Faculty of Basic and Applied Science which engaged the villagers, providing them with a platform to ask questions and share their concerns. Mr. Ram Kishor Siyol, Secretary, Dantor Vikas Sarwajanik Punyarth Trust along with Mr. Mukesh Bishnoi, Planning Director, Community Based Peer Led Intervention also shared their views in this campaign.

The awareness program successfully conveyed the message of the dangers of drug abuse and the importance of community vigilance against illicit trafficking. The villagers expressed their gratitude for the valuable information and support provided during the event. They also pledged to work together towards a drug-free and safe community, in alignment with the goals of the Nasha Mukt Bharat Abhiyaan.

In conclusion, the event was a significant step towards raising awareness about drug abuse and illicit trafficking in the community. It reinforced the commitment of RNB Global University and Dantor Vikas Sarwajanik Punyarth Trust to the cause of creating a healthier, safer and drug-free society.

Subject	**International Yoga Day**		

Dear All,

Greetings!

It is to announce that our university will be celebrating International Yoga Day on 21st June 2024. Yoga transcends mere physical exercise; it embodies a holistic approach to well-being, fostering harmony between the body and mind.

As part of our commitment to promoting a healthy lifestyle and stress-free environment, we invite all employees & students to participate in the yoga session organized at reception area Admin Block at 11:30 RM.

Please come dressed comfortably in suitable attire for yoga practice.

Let's come together to rejuvenate our mind, body, and spirit through yoga on this special day.

Introduction

The International Day of Yoga, celebrated annually on June 21st, has become a global phenomenon promoting physical, mental, and spiritual well-being through the practice of yoga. This event transcends borders and cultures, bringing together millions of people worldwide in a shared commitment to health and harmony. In 2024, the theme "Unity and Well-being" underscores the transformative power of yoga in fostering unity among individuals, communities, and nations, while enhancing overall well-being.

Theme: Unity and Well-being

The theme for International Yoga Day 2024, "Unity and Well-being," resonated deeply with participants and organizers alike. It highlighted yoga's ability to unite people from diverse backgrounds, fostering a sense of belonging and interconnectedness. Through yoga practices such as asanas, pranayama, and meditation, individuals experienced holistic well-being, encompassing physical fitness, mental clarity, and emotional balance.

Event Overview

International Yoga Day raises awareness about this ancient practice and to celebrate the physical and spiritual prowess that yoga has brought to the world. Yoga is a practice which plays an important role in relaxing the mind and body and boosting people's immune system. Today, on 21st June 2024, RNB Global University (RNBGU) celebrated 8th International Yoga Day. It was attended by many prominent Professors, Directors and Deans from different schools of the University with great enthusiasm.

RNB Global University Registrar Bikaner

The event began with a brief introduction on Yoga and welcoming all the participants by our Hon'ble Vice-Chancellor Prof. G. S Rathore. Warm up exercises were taken and all the participants practiced & performed sitting and standing asanas, importance of these were explained simultaneously by Dr Vasudha Sharma – Assistant Professor-FOCM.

All Faculties, Staff were taught the importance of Yoga in their life & how to maintain the harmony between body and mind. The participants discussed the importance of yoga and also exhibited yoga postures and promised to introduce this activity in their daily lives.

Conclusion:

The celebration concluded with the speech of Director-IQAC, Prof. (Dr.) Megh Raj Khatri, said "Yoga can be fruitful for all of us. It has benefits of calming down the minds and peacefully working along in a busy lifestyle. Director-IQAC said that Yoga, at start of day, is a refreshing agent for moving along the whole day. Regular yoga practice, especially when combined with other stress relievers like walking outside or mindfulness meditation, can help battle many physical effects of stress and anxiety."

Subject	RNB Stars 1st Alumni Meet		

Dear Alumnus,

Season's Greetings!

It gives us immense pleasure to have continuous ties with you. We hope you are doing well in your career. We are pleased to inform you that the 1st Alumni Meet of RNB Stars Alumni Association will be held to commemorate the beginning of its 10th year since establishment of university. The details of event are given below:

- Day/Date: Sunday, 12 May 2024
- Time: 7:00 P.M onwards
- Venue: Utsav Lawn, Rani Bazar, Bikaner

It's a great opportunity for you to interact with your batch-mates, refresh and relive your memories and create many more!!

The detailed program schedule will be shared shortly.

Awaiting your positive and enthusiastic response and an opportunity to welcome you again!

Kindly confirm your participation through the email given below.
(sunny.masand@rnbglobal.edu.in)

With best wishes to you and your family

Introduction:

The 1st Alumni Meet of RNB Stars Alumni Association, held on May 12, 2024, marked a significant milestone in the journey of the university. Graduates spanning a decade gathered at the picturesque Utsav Lawn in Rani Bazar, Bikaner, for a delightful reunion filled with nostalgia and camaraderie.

Objectives:

Foster a stronger connection between the university and its alumni, creating a vibrant network that benefits both parties. Provide a platform for alumni to reconnect with former classmates, professors, and other alumni, fostering professional and personal relationships that can lead to collaborations, mentorships, and career opportunities. Facilitate the exchange of knowledge and experiences between alumni and current students, providing valuable insights into various industries, career paths, and life after graduation. Recognize and celebrate the achievements of alumni in their respective fields, inspiring current students and showcasing the impact of the university's education. Gather feedback and input from alumni on their experiences at the university, including suggestions for improvement and areas of excellence, to enhance the quality of education and services provided. Explore potential fundraising opportunities through alumni donations, sponsorships, or partnerships, to support various initiatives and projects within the university. Encourage ongoing engagement and involvement of alumni in university activities, events, and initiatives, creating a sense of pride and community among graduates. Enhance the reputation and visibility of the university by showcasing the achievements and success stories of its alumni, reinforcing the value of a degree from the institution. Provide a platform for employers to connect with talented alumni for job opportunities, internships, and recruitment drives, benefiting both alumni seeking career advancement and employers seeking qualified candidates. Organize a memorable and enjoyable event that leaves a lasting impression on attendees, strengthening their bond with the university and encouraging participation in future alumni events.

RNB Global University Registrar Bikaner

Insight of the Event

1. Warm Welcome: The event began with a heartfelt welcome of alumni at the entry gate by Dr. Ashok Prem, Mr. Shailendra Barath, Mr. Sunny Masand, and Dr. Ravi Soni. Their warm greetings set the tone for the evening's festivities, creating an atmosphere of warmth and hospitality.

2. Welcome Address: Attendees were then treated to a welcome address delivered by Vanshika Mittal, Nancy tanwar, Darshan Bhansali, and Lawnya Lakhotia, under the guidance ofProf Meenakshi Sharma. Their words resonated with the audience, evoking fond memories and excitement for the evening ahead.

3. University Presentation: Prof Meenakshi Sharma's presentation about the university highlighted its growth and achievements over the years. Alumni felt a sense of pride as they reflected on their alma mater's journey and contributions to their lives.

4. Fun and Games: The event was not just about reminiscing; it was also about creating new memories. Fun games organized by Vanshika Mittal, Vaishali Bhura, Neha Khatri, and Chanchal Modi, in collaboration with Dr. Vatsala Gaur, added a lively touch to the evening, fostering laughter and bonding among attendees.

5. Sumptuous Dinner and Entertainment: As the evening progressed, attendees enjoyed a sumptuous dinner, followed by a DJ session to maintain the lively atmosphere. The music and entertainment provided the perfect backdrop for reconnecting with old friends and making new connections.

6. Photo Session and Interaction: A highlight of the event was the photo session and interaction, where alumni had the opportunity to capture memories and reconnect with former classmates and faculty members. It was a heartwarming moment as old friendships were rekindled and new connections were formed.

7. Successful Conclusion: The event concluded with the departure of alumni and students, followed by faculty and staff. Dr. Gajanand Modi and Ms. Tanaya Wageshwari ensured attendance tracking, while Mr. Manish captured the essence of the event

RNB Global University Registrar Bikaner

through photography and videography. Mr Maulik Chandnani managed geotagging of photos, ensuring a comprehensive record of the evening's proceedings.

Conclusion:

The 1st Alumni Meet of RNB Stars Alumni Association was a resounding success, leaving all participants with cherished memories and a renewed sense of pride in their association with RNB Stars. Plans for future events are already underway, promising even more opportunities for alumni to connect and reminisce, ensuring that the spirit of camaraderie and excellence continues to thrive.

Introduction to the Campaign

In the bustling city of Bikaner, where the vibrant colors of its markets intermingle with the cacophony of daily life, We embarked on a mission that transcended the ordinary. Our campaign, aptly titled "Clean and Green: Advocating for Cleanliness, Hygiene, and Recycling Awareness," was more than just an academic project; it was a testament to our unwavering commitment to fostering positive change within our community. As final semester students of BBA at RNB Global University, we recognized the pressing need for heightened awareness and action regarding cleanliness, personal hygiene, and recycling practices, particularly within the bustling ecosystem of local businesses.

The genesis of our campaign can be traced back to a shared passion for environmental sustainability and a desire to make a tangible difference in the world around them. Inspired by the transformative potential of grassroots activism, we envisioned a campaign that would not only raise awareness but also inspire meaningful action among the residents of Bikaner. We understood that at the heart of any successful advocacy effort lies the power of education, empowerment, and collaboration.

With a clear vision in mind, we outlined the objectives of our advocacy endeavour. Our primary goal was to engage with the local business community in Bikaner, recognizing the pivotal role that businesses play in shaping the social and environmental fabric of the city. Our aimed to foster a culture of environmental responsibility and stewardship among shop owners and stallholders, empowering them with the knowledge and resources necessary to adopt sustainable practices within our establishments.

The timing of our campaign was strategic, coinciding with a growing global awareness of the interconnected challenges posed by environmental degradation and climate change. Against this backdrop, we saw an opportunity to leverage our platform as students and advocates to effect meaningful change at the grassroots level. By focusing our efforts on engaging with businesses, they aimed to catalyse a ripple effect that would extend beyond individual establishments, permeating the broader community and fostering a collective ethos of sustainability.

Central to the success of our campaign was the recognition of the inherent interconnectedness of cleanliness, personal hygiene, and recycling practices. We understood that these three pillars are not disparate concepts but rather integral components of a holistic approach to environmental sustainability. By promoting awareness and action across these interconnected domains, they sought to address root causes of environmental degradation and promote a more holistic understanding of sustainability among the residents of Bikaner.

We approached our campaign with a spirit of inclusivity and collaboration. We recognized that sustainable change requires the collective efforts of individuals, businesses, and communities working together towards shared goals.

Objectives of the Advocacy Effort

In conceiving our advocacy effort titled "Clean and Green: Advocating for Cleanliness, Hygiene, and Recycling Awareness," we were driven by a set of clear and ambitious objectives aimed at catalysing meaningful change within the business community of Bikaner. At the forefront of our mission was the recognition of the pivotal role that businesses play in shaping the social and environmental landscape of our city. With this in mind, we outlined a multifaceted approach designed to engage, educate, and empower shop owners and stallholders towards adopting sustainable practices within their establishments.

First and foremost, our primary objective was to raise awareness among the local business community in Bikaner about the critical importance of cleanliness, personal hygiene, and recycling practices. We understood that many businesses may not fully grasp the direct impact that their operations can have on the environment and public health. Therefore, our aim was to bridge this gap in understanding by providing clear and compelling information about the interconnectedness of these issues and their broader implications for our community.

In addition to raising awareness, we sought to educate and empower shop owners with the knowledge and resources necessary to implement sustainable practices within their establishments. We recognized that while many businesses may express a willingness to embrace sustainability, they may lack the practical know-how or guidance to translate this intention into action. As such, we endeavoured to equip them with practical tips, tools, and strategies for integrating sustainable practices into their day-to-day operations, from waste management to energy conservation and beyond.

Our advocacy effort aimed to foster a culture of environmental responsibility and stewardship within the local business community. We recognized that individual businesses have the potential to serve as powerful agents of change, capable of influencing consumer behaviour, industry norms, and community values. By inspiring shop owners to take proactive steps towards sustainability, we aimed to catalyse a ripple effect that would extend beyond individual establishments, permeating the broader business ecosystem of Bikaner. Through collaborative efforts, we aimed to amplify the reach and impact of our advocacy initiatives, while also fostering a sense of collective ownership and responsibility towards building a cleaner, greener future for Bikaner.

Methodology for Engaging with the Community

Our methodology for engaging with the business community in Bikaner was informed by a strategic and multifaceted approach designed to foster meaningful dialogue, build trust, and inspire action towards sustainability. Recognizing the diverse array of businesses operating within our city, ranging from small family owned shops to larger commercial establishments, we tailored our approach to accommodate the unique needs, challenges, and opportunities present within each sector.

RNB Global University Registrar Bikaner

Central to our methodology was the principle of face-to-face engagement. We understood the importance of building personal connections and establishing rapport

with shop owners and stallholders, as these relationships formed the foundation upon which our advocacy efforts were built. Armed with enthusiasm, educational materials, and a genuine desire to effect positive change, we embarked on a journey across Bikaner, visiting numerous establishments to initiate conversations about the importance of cleanliness, personal hygiene, and recycling practices.

Our approach to face-to-face engagement was characterized by openness, empathy, and a willingness to listen. We recognized that for many shop owners, sustainability may not be a top priority or may be perceived as an abstract concept disconnected from their day-to-day operations. Therefore, we made a concerted effort to meet them where they were, engaging in meaningful conversations that addressed their concerns, answered their questions, and highlighted the tangible benefits of embracing sustainable practices.

We recognized the importance of tailoring our messaging and approach to resonate with the unique characteristics and needs of different businesses. For example, we may have employed different strategies when engaging with a small family-owned grocery store versus a larger retail chain. By adopting a flexible and adaptive approach, we were able to effectively communicate our key messages in a manner that was relevant and accessible to each audience.

In addition to face-to-face engagement, we utilized various educational outreach strategies to reinforce our advocacy efforts and extend our reach within the business community. We developed informative materials, including pamphlets, posters, and informational guides, that served as valuable resources for shop owners seeking practical tips and guidance on implementing sustainable practices within their establishments. These materials not only provided information but also served as tangible reminders of our commitment to supporting businesses on their sustainability journey.

We recognized the importance of leveraging digital communication channels to complement our in-person engagements and amplify our message within the business community. Through social media platforms, email newsletters, and other online channels, we shared updates, educational content, and success stories from our advocacy efforts, reaching a broader audience and fostering a sense of community and collaboration among businesses in Bikaner.

Face-to-Face Engagement

Our advocacy efforts in Bikaner were anchored by face-to-face engagement, which we viewed as the cornerstone of building personal connections, fostering trust, and inspiring meaningful change within the local business community. Recognizing the diverse array of businesses operating within our city, from small family-owned shops to larger commercial establishments, we embarked on a journey to engage with shop owners and stallholders directly, initiating conversations about the importance of cleanliness, personal hygiene, and recycling practices.

Approaching each interaction with enthusiasm, empathy, and a genuine desire to effect positive change, we embarked on a series of visits to various establishments across

RNB Global University Registrar Bikaner

Bikaner. From bustling marketplaces to quiet neighbourhood shops, we met shop owners where they were, engaging in open and honest conversations that addressed their concerns, answered their questions, and highlighted the tangible benefits of embracing sustainable practices.

Our approach to face-to-face engagement was characterized by its personalized nature. We understood that each business had its own unique set of challenges, opportunities, and priorities, and we tailored our messaging and approach accordingly. For example, when engaging with a small family-owned grocery store, we may have focused on practical tips for reducing food waste and promoting responsible packaging, whereas when speaking with a larger retail chain, we may have emphasized the potential cost savings associated with energy-efficient practices and waste reduction initiatives.

We recognized the importance of active listening in building trust and rapport with shop owners. Rather than simply delivering a one-way message, we sought to create a dialogue that allowed for mutual understanding and collaboration. We listened attentively to the concerns and perspectives of shop owners, acknowledging the unique challenges they faced and offering practical solutions and resources to address them.

One of the key strengths of our face-to-face engagement approach was its ability to foster a sense of community and shared purpose among shop owners. By meeting them on their own turf and engaging in genuine conversations about issues that mattered to them, we were able to break down barriers, build trust, and establish ourselves as trusted allies in their journey towards sustainability.

Our face-to-face engagements served as valuable opportunities for education and empowerment. We provided shop owners with practical tips, tools, and resources for implementing sustainable practices within their establishments, from simple waste management strategies to more advanced energy-saving techniques. By empowering them with the knowledge and resources necessary to take action, we sought to inspire a sense of ownership and responsibility towards building a cleaner, greener future for Bikaner.

In addition to providing practical guidance, and benefits of embracing sustainability. By showcasing real-world our face-to-face engagements also served as platforms for inspiration and motivation. We shared success stories and best practices from other businesses that had successfully implemented sustainable initiatives, demonstrating the feasibility examples of positive change, we aimed to inspire shop owners to see themselves as part of a larger movement towards environmental responsibility.

Practical Tips and Guidance for Sustainable Practices

In our advocacy efforts in Bikaner, one of our primary objectives was to empower businesses with practical tips and guidance for implementing sustainable practices within their establishments. We recognized that while many shop owners expressed a willingness to embrace sustainability, they often lacked the knowledge and resources necessary to translate this intention into action. Therefore, we endeavoured to fill this gap by providing clear, actionable advice that addressed the specific needs and circumstances of businesses in our community.

RNB Global University Registrar Bikaner

One of the key areas of focus for our practical guidance was waste management. We understood that waste generation is a significant concern for businesses of all sizes and sectors, contributing to environmental pollution and resource depletion. Therefore, we provided shop owners with practical tips for reducing waste, such as implementing recycling programs, reducing packaging waste, and composting organic materials. We also encouraged businesses to explore opportunities for waste reduction through product redesign, process optimization, and supplier engagement, emphasizing the importance of taking a holistic approach to waste management.

We provided guidance on energy conservation techniques that could help businesses reduce their carbon footprint and lower their operating costs. This included simple strategies such as turning off lights and equipment when not in use, installing energy-efficient lighting and appliances, and optimizing heating, ventilation, and air conditioning (HVAC) systems for maximum efficiency. We also encouraged businesses to explore renewable energy options, such as solar panels and wind turbines, as a way to further reduce their reliance on fossil fuels and mitigate their environmental impact.

In addition to waste management and energy conservation, we offered practical advice on sustainable sourcing and procurement practices. We encouraged businesses to prioritize suppliers and products that were environmentally responsible, ethically sourced, and socially responsible. This included sourcing products made from recycled materials, supporting local artisans and producers, and choosing suppliers with strong environmental and social performance records. By aligning their procurement practices with sustainability principles, businesses could not only reduce their environmental impact but also enhance their brand reputation and appeal to socially conscious consumers.

We provided guidance on sustainable packaging solutions that could help businesses reduce their environmental footprint while also enhancing their brand image. This included choosing packaging materials that were recyclable, compostable, or biodegradable, as well as minimizing packaging waste through thoughtful design and optimization. We also encouraged businesses to explore innovative packaging alternatives, such as reusable containers and packaging-free options, as a way to further reduce their environmental impact and differentiate themselves in the marketplace.

Another area of focus for our practical guidance was water conservation techniques. We provided businesses with tips for reducing water usage, such as installing water-efficient fixtures and appliances, repairing leaks and drips promptly, and implementing water-saving practices in daily operations. We also encouraged businesses to explore opportunities for water reuse and recycling, such as capturing rainwater for irrigation or using graywater systems to recycle wastewater for non-potable uses. By implementing these water-saving measures, businesses could not only reduce their water bills but also contribute to water conservation efforts and protect this precious natural resource.

Challenges and Opportunities Encountered

Throughout our advocacy journey in Bikaner, we encountered a myriad of challenges and opportunities that shaped our approach, tested our resilience, and ultimately strengthened our commitment to fostering positive change within the local business community. From navigating cultural nuances to overcoming logistical hurdles, each challenge presented us with an opportunity to learn, grow, and adapt our strategies to better serve our mission.

One of the primary challenges we faced was the initial reluctance or scepticism from some shop owners towards embracing sustainability. In a city where traditional practices and routines are deeply ingrained, convincing businesses to adopt new approaches can be met with resistance. Some shop owners viewed sustainability as an abstract concept disconnected from their daily operations, while others expressed concerns about the perceived costs or complexities associated with implementing sustainable practices. Addressing these concerns required patience, empathy, and a willingness to meet shop owners where they were, acknowledging their perspectives and offering practical solutions that aligned with their needs and priorities.

Logistical challenges also presented obstacles to our advocacy efforts. Navigating the diverse landscape of Bikaner, from bustling marketplaces to remote neighbourhoods, required careful planning and coordination. Limited resources, including time and transportation, posed constraints on the reach and frequency of our engagements. Additionally, language barriers presented communication challenges, particularly when engaging with shop owners who spoke languages other than Hindi or English. Overcoming these logistical hurdles required creativity, resourcefulness, and a willingness to adapt our strategies to accommodate the diverse needs of our target audience.

Cultural factors and social norms influenced the receptiveness of shop owners towards sustainability initiatives. In a society where hierarchical structures and traditional values hold sway, challenging the status quo can be met with resistance or scepticism. Additionally, cultural perceptions of cleanliness, hygiene, and waste management may vary widely, making it challenging to convey the importance of sustainable practices within a culturally relevant context. Addressing these cultural nuances required sensitivity, cultural competence, and a deep understanding of the local context in which we were operating.

However, amidst these challenges, we also encountered numerous opportunities for growth, collaboration, and impact. One such opportunity was the strong sense of community and shared purpose that emerged through our advocacy efforts. As we engaged with shop owners and stallholders across Bikaner, we witnessed a growing sense of camaraderie and solidarity among businesses committed to embracing sustainability. This sense of community served as a powerful catalyst for collective action, inspiring shop owners to support one another, share resources, and collaborate on shared goals.

RNB Global University
Registrar
Bikaner

We found that our advocacy efforts sparked broader conversations and raised awareness about sustainability within the community. Through our engagements with shop owners, we had the opportunity to reach a wider audience, including customers, residents, and other stakeholders, who may not have been directly involved in our advocacy efforts. By amplifying our message through word of mouth, social media, and other channels, we were able to extend our reach and influence, inspiring individuals and businesses alike to take action towards a cleaner, greener future.

Conclusion: Lessons Learnt and Future Directions

As we reflect on our advocacy efforts in Bikaner, advocating for cleanliness, hygiene, and recycling awareness among the local business community, we draw valuable lessons learned and chart a course for future directions. Our journey has been one of discovery, collaboration, and growth, and we are grateful for the opportunity to have made a positive impact on our community.

First and foremost, our experience has reinforced the importance of grassroots advocacy in driving meaningful change. By engaging directly with shop owners and stallholders, we were able to build personal connections, foster trust, and inspire action towards sustainability. We learned that change begins at the grassroots level, with individuals and communities taking ownership of the issues that matter most to them. Moving forward, we are committed to continuing our grassroots advocacy efforts and empowering others to become agents of change within their own communities.

Our advocacy efforts have demonstrated the importance of innovation and adaptation in addressing complex challenges. Throughout our journey, we encountered obstacles and setbacks, but we remained resilient and adaptable in the face of adversity. We learned that by embracing innovation and creativity, we can find new and innovative solutions to old problems. Looking ahead, we are excited to continue pushing the boundaries of what is possible and exploring new ways to advance sustainability within our community.

As we look to the future, we are filled with hope and optimism for what lies ahead. Our advocacy efforts have laid the groundwork for a cleaner, greener future in Bikaner, and we are confident that our community will continue to build upon this foundation in the years to come. Moving forward, we are committed to continuing our advocacy efforts, empowering others to become champions of sustainability, and working together towards a common vision of a more sustainable and prosperous future for all.

About the event

Birds can be so graceful and charming part of nature. Many people believed that they are helping the birds when they feed the birds. To feed the birds you have to do it year round. The birds also need a nest or ether a shelter to stay in. Birds have to migrate every year. The bad thing when you feed them is when they migrate they will have forgotten how to find food for themselves. That is because they have depended on the human to feed them for so long.

Plants are living organisms that belong to the Planate kingdom. The evolution of plants has been a crucial part of environmental development. Planting more trees helps in maintaining the ecosystem and saves the environment from the harmful effects of global warming.

It's true that birds are wonderful creatures, and many people enjoy feeding them as a way to connect with nature. However, you raise a valid point about the potential downside of feeding birds year-round. While it may seem like a helpful gesture, there's a risk that birds could become dependent on human-provided food and lose some of their natural foraging instincts. This could become problematic, especially during migration when they need to rely on finding food in new environments.

Experience of student

Providing birds with natural shelters, such as nests or birdhouses, can indeed offer them a safe place to rest and raise their young. These structures can contribute positively to bird populations by providing nesting sites, particularly in areas where natural habitat may be scarce. Trees play a vital role in maintaining ecosystems and mitigating the effects of climate change. They help absorb carbon dioxide, provide habitat for wildlife, prevent soil erosion, and contribute to overall environmental health. Encouraging tree planting and conservation efforts is crucial for preserving biodiversity and ensuring a sustainable future for our planet.

Subject	Visit to the Forensic Science Lab- Extension lecturer on "Nature of Biological Examine" by Dr. V. Venkatesh, Additional Director, FSL Bikaner & Extension lecturer on "Physical Evidence by Biological Examine" by Dr. Raj Kumar Mehta, Assistant Director, FSL Bikaner		

Dear Students,

The Faculty of Law and Arts of RNB Global University has planned a **visit to Forensic Science Lab, Bikaner** on the 15th of April 2024 for Students of the School of Law.

In the Visit Student will also get the opprtunity to attend the FSL Bikaner; and, FSL Bikaner

- **Participants:** All students of the School of Law
- **Date-** 15.04.2024.
- **Time:** 11.15 AM - 2:15 P.M.
- **Venue:** Forensic Science Lab, Bikaner
- **Event in charge:** Dr. Bharat Kumar Jajra & Ms. Tripti Paliwal
- **Student Coordinator:** Mr. Deepak Bishnoi, Ms. Neha Raj

Note-

1 For this Purpose, all students will depart from the university campus by University Bus at 11:00 A.M. with Dr. Bharat Kumar Jajra & Ms. Tripti Paliwal.

2 All students will be in the formals with student ID cards.

3 Attendance is given to students by the School of Law.

A Visit to Regional Forensic Science Lab, Bikaner cum Extension Lecturer on "Nature of Biological Examine" and "Physical Evidence by Biological Examine"

DOCID: DOC202404150019

Date: 15th April, 2024 Time: 11:00 AM to 03:30 PM

Venue: Regional Forensic Science Lab, Bikaner

Organized By: RNB Global University in Collaboration.

Faculty-In-Charge: 1. Dr. Bharat Kumar Jajra (Associate Professor, School of Law)

2. Ms. Tripti Paliwal (Assistant Professor, School of Law)

Student Coordinator: Ms. Neha Raj

Total No. of Participants: 2 Faculty Members and 22 Students of the School of Law

Student Involved: All Students of the School of Law

Extension Lecture by:

1. Dr. V. Venkatesh, Additional Director, Regional FSL, Bikaner
2. Dr. Raj Kumar Mehta, Assistant Director (Biology), Regional FSL, Bikaner
3. Dr. Neelam Gaur, Assistant Director (Toxicology), Regional FSL, Bikaner
4. Dr. Champa Lal, Senior Scientific (Ballistics) Officer, Regional FSL, Bikaner
5. Ms. Anjana Singhi, Junior Scientific Assistant (Biology), Regional FSL, Bikaner
5. Mr. Sunil Mahawar, Junior Scientific Assistant (Physics), Regional FSL, Bikaner

Signature of Faculty In-Charge

RNB Global University Registrar Bikaner

Signature of Director IQAC

RNB Global University IQAC Bikaner

About Visit:

The Regional Forensic Science Lab, Bikaner Visit was very important for a law student. Through this visit law students know the practical knowledge of forensic evidence. Ever wondered how they solve crimes on TV shows? Today, we get to find out for real! We're on a field trip to the Regional Forensic Science Lab here in Bikaner. We're going to get a behind-the-scenes look at how science helps solve real-life mysteries. There were five units of FSL. i.e. Biology, Physics, Ballistics, Toxicology, and Serology. All officers helped our students explain every topic very well and answered all queries.

The object of Visit.

The objective of the visit to the Regional Forensic Science Lab (FSL) and its various specialized units, including Biology, Physics, Ballistics, Toxicology, and Serology, is multifaceted. Firstly, it aims to provide an in-depth understanding of the advanced techniques and methodologies employed in each unit for the analysis of evidence collected from crime scenes. This includes DNA profiling in Biology, trajectory analysis in Ballistics, and chemical analysis in Toxicology, among others. Secondly, the visit serves to illustrate the interdisciplinary nature of forensic science, emphasizing the collaboration between different scientific disciplines in solving crimes.

Here, we'll explore different units that utilize various scientific disciplines to analyze evidence. These units include:

Biology: This section deals with the analysis of biological materials like blood, tissue, and hair. They use techniques to identify individuals, determine the cause of death, and reconstruct events.

Physics: Inside the physics unit, we'll see how the laws of science help solve crimes. They analyze things like skid marks at accident scenes to determine speed and vehicle behavior. In fire cases, they might examine debris patterns to understand the fire's origin and spread. Toxicology: Here, scientists examine bodily fluids and tissues to detect the presence of drugs, poisons, and other toxins. This helps determine if someone was poisoned or under the influence.

Ballistics: This unit focuses on firearms and ammunition. They analyze bullets, casings, and gunshot residue to link a weapon to a crime scene or identify the type of firearm used. (Physics principles like motion and force come into play here)

Serology: This branch deals with the analysis of bodily fluids like blood, semen, and saliva. They use these analyses to identify suspects and reconstruct events at a crime scene.

Numerous Benefits of Visit:

Stepping into the Regional Forensic Science Lab, Bikaner isn't just a field trip, it's a journey into the heart of real-life crime solving! And it's the journey of an extension lecturer. Here, we'll witness science transform from textbooks into powerful tools used in various units:

- **Biology**: Imagine analyzing blood spatter to reconstruct a crime scene or identifying a suspect through hair samples. Biology unlocks the secrets hidden in bodily fluids and tissues.
- **Toxicology**: Ever wondered how they detect traces of poison? Toxicology sheds light on the presence of drugs and toxins, helping determine cause of death or impairment.
- **Ballistics**: Ballistics puts the physics of motion and force to work. By examining bullets and casings, they can link a weapon to a crime scene and reconstruct shooting events.
- **Serology**: Blood, semen, and saliva hold valuable clues. Serology helps identify suspects by analyzing the bodily fluids left at crime scenes.
- **Physics Unit**: Beyond ballistics, physics plays a crucial role in accident reconstruction. By analyzing skid marks and debris patterns from fires, they can understand vehicle behavior and fire origin.

Extension Lectures by Various officers of Regional FSL, Bikaner

1. Dr. V. Venkatesh, Additional Director, Regional FSL, Bikaner

Dr. V. Venkatesh delivered his lecture on the Importance of FSL, he told us about the various units of the Regional Forensic Science Lab, Bikaner. These units are crucial for conducting comprehensive forensic analyses and investigations. He also highlighted the significance of serology. Because Serology head Dr. Hemraj Verma, Assistant Director, (Serology) was on Election duty, therefore Dr. V. Venkatesh, Additional Director (Regional FSL) talked about Serology. Serology holds a significant position within our FSL due to its crucial role in analyzing bodily fluids such as blood, semen, and saliva. This unit is instrumental in identifying potential suspects, determining the presence of biological substances at crime scenes, and providing critical evidence for criminal investigations.

He specially delivered his lecture on the "**Nature of Biological Examine**" and said that biological examination encompasses a wide range of studies and analyses focused on living organisms, their structure, function, behavior, and interactions with the environment. The nature of biological examination can vary depending on the specific field of study or research objective. Here are some key aspects:

A. **Taxonomy and Classification**: Biological examination often involves the identification, classification, and naming of organisms based on their morphological,

RNB Global University Registrar Bikaner

physiological, and genetic characteristics. This involves understanding the diversity of life and how different organisms are related to each other.

B. **Anatomy and Physiology**: Biological examination includes the study of the structure and function of organisms at various levels of organization, from cells to tissues, organs, organ systems, and whole organisms. This involves understanding how different parts of an organism work together to carry out essential functions.

C. **Genetics and Molecular Biology**: Biological examination involves investigating the genetic material and molecular processes that underlie biological phenomena. This includes studying DNA, genes, gene expression, genetic variation, and heredity.

D. **Ecology and Environmental Biology**: Biological examination also involves studying the interactions between organisms and their environment. This includes understanding ecosystems, populations, communities, and the flow of energy and nutrients through ecological systems.

E. **Evolutionary Biology**: Biological examination includes studying the processes of evolution and how organisms have changed over time. This involves understanding mechanisms such as natural selection, genetic drift, and speciation.

F. **Behavioral Biology**: Biological examination encompasses the study of animal behavior, including social behavior, mating behavior, foraging behavior, and communication. This involves understanding how behavior is influenced by genetics, environment, and evolutionary history.

G. **Microbiology and Immunology**: Biological examination involves the study of microorganisms such as bacteria, viruses, fungi, and protists, as well as the immune system's response to pathogens. This includes understanding infectious diseases, immunity, and the role of microorganisms in ecosystems and biogeochemical cycles.

H. **Biotechnology and Biomedical Sciences**: Biological examination encompasses the application of biological principles and techniques to practical applications, such as medicine, agriculture, and industry. This includes areas such as genetic engineering, biomedicine, bioinformatics, and bioprocessing.

Overall, biological examination is a multifaceted field that seeks to understand the complexity of life and its underlying processes, from the molecular level to the ecosystem level. It involves a combination of observation, experimentation, data analysis, and theoretical modeling to advance our knowledge of living organisms and their interactions with each other and the environment.

2. Dr. Raj Kumar Mehta, Assistant Director (Biology), Regional FSL, Bikaner

RNB Global University Registrar Bikaner

Dr. Mehta delivered his lecture on **"Physical Evidence by Biological Examine"** and said that Physical evidence examined by biologists can provide valuable insights into various aspects of living organisms and their interactions with the environment. Here are some examples of physical evidence that biologists might examine:

A. **DNA and Genetic Material**: Biologists often examine DNA and other genetic material to understand the genetic makeup of organisms, including their relationships to one another, genetic variation within populations, and evolutionary history. This can involve extracting DNA from samples such as tissues, blood, hair, or environmental samples like soil or water.

B. **Specimens and Samples**: Biologists collect and examine specimens and samples from living organisms for various purposes. This may include studying the anatomy, morphology, and physiology of organisms, as well as analyzing their biochemistry, behavior, and ecology. Specimens can range from whole organisms to tissues, cells, or even smaller components like proteins or organelles.

C. **Environmental Samples**: Biologists often collect and analyze environmental samples such as soil, water, air, or sediment to study ecosystems and the organisms living within them. This can involve measuring physical and chemical parameters, as well as identifying and quantifying microorganisms, plants, and animals present in the environment.

D. **Remains and Remnants**: Biologists may examine remains and remnants of organisms, such as bones, shells, feathers, scales, or exoskeletons, to reconstruct past environments, diets, or behaviors. This can provide information about the life history and ecological roles of organisms, as well as their interactions with other species and their environment.

E. **Medical and Forensic Evidence**: Biologists working in medical or forensic fields may examine physical evidence related to human or animal health, including tissues, fluids, pathogens, toxins, or other biological materials. This can involve diagnosing diseases, identifying causes of death, analyzing evidence in criminal investigations, or conducting research on public health issues.

Physical evidence examined by biologists can provide valuable information about the diversity, ecology, evolution, and health of living organisms, as well as their interactions with each other and their environment. This evidence is essential for advancing our understanding of biology and addressing various scientific, medical, and environmental challenges.

3. Dr. Neelam Gaur, Assistant Director (Toxicology), Regional FSL, Bikaner

RNB Global University Registrar Bikaner

Dr. Gaur delivered her lecture on **"Use of toxicology in FSL"** and she said that Toxicology, within the realm of forensic science, plays a crucial role in investigating cases involving drugs, poisons, chemicals, and other toxic substances. Here's how forensic toxicology is used:

A. **Identifying Substances**: Forensic toxicologists analyze biological samples (blood, urine, hair, etc.) and non-biological samples (drugs, pills, powders, etc.) to identify the presence of toxic substances. This includes illegal drugs, prescription medications, alcohol, pesticides, heavy metals, and other chemicals.

B. **Quantifying Substances**: Toxicologists quantify the number of toxic substances present in samples. This information is crucial for understanding the level of exposure and its potential effects on the individual.

C. **Determining Cause of Death**: In cases of suspicious deaths or fatalities, toxicology analysis is often performed to determine if drugs, poisons, or other toxic substances contributed to or caused the death. This information is critical for legal investigations and criminal proceedings.

D. **Drug-Facilitated Crimes**: Toxicology analysis is used to detect drugs or substances administered to victims in cases of drug-facilitated crimes, such as sexual assault or robbery. Detecting these substances in biological samples can provide evidence for criminal prosecution.

E. **Impaired Driving Cases**: Forensic toxicology is utilized in cases of suspected impaired driving due to alcohol or drug consumption. Analysis of blood or breath samples can determine the presence and concentration of alcohol or drugs, which can be used as evidence in legal proceedings.

F. **Workplace and Environmental Exposure**: Toxicologists investigate cases of suspected exposure to toxic substances in workplaces or environments. They analyze biological samples to assess occupational or environmental exposure levels and determine potential health risks.

G. **Medical Examiner and Coroner Investigations**: Forensic toxicologists work closely with medical examiners and coroners to determine the cause and manner of death in cases involving drugs, poisons, or other toxic substances. Their findings contribute to death investigations and autopsies.

Forensic toxicology plays a vital role in determining the presence of toxic substances, assessing their effects on individuals, and providing critical evidence in legal investigations and proceedings.

4. Dr. Champa Lal, Senior Scientific (Ballistics) Officer, Regional FSL, Bikaner

RNB Global University Registrar Bikaner

Dr. Lal delivered his lecture on the **"Importance of The Ballistics Department in FSL"** and he said that The Ballistics Department within a Forensic Science Laboratory (FSL) plays a critical role in the investigation of crimes involving firearms and ammunition. Here's why it's important:

A. **Firearm Identification**: Ballistic experts use specialized techniques to identify firearms used in criminal activities. This involves examining characteristics such as barrel rifling marks, firing pin impressions, and breechblock marks left on fired ammunition. By matching these marks to specific firearms, investigators can link a weapon to a crime scene or a suspect.

B. **Bullet and Cartridge Analysis**: Ballistic analysts examine bullets, cartridge cases, and other ballistic evidence recovered from crime scenes or victims. They identify the type of ammunition used, assess its caliber and manufacturer, and determine if it matches other evidence found at the scene or in suspects' possession.

C. **Firearm Functioning**: Ballistics experts assess the functioning of firearms involved in crimes, including testing for functionality, safety mechanisms, and any modifications or alterations. Understanding how a firearm operates can provide insights into the circumstances of a shooting incident and help reconstruct the sequence of events.

D. **Trajectory Analysis**: Ballistic analysts use trajectory analysis to determine the path of projectiles fired from firearms. By analyzing bullet trajectories, impact angles, and bullet paths through various materials, they can reconstruct the shooting incident and determine the positions of the shooter and the victim(s) at the time of the shooting.

E. **Firearm Comparison**: Ballistic experts compare ballistic evidence recovered from crime scenes with test-fired ammunition from suspect firearms.

F. **Toolmark Examination**: Ballistic analysts examine toolmarks left on bullets, cartridge cases, and other surfaces by firearms or firearm-related tools such as pry bars or bolt cutters. This analysis can help identify the tools used in crimes such as burglaries, robberies, or vandalism.

G. **Expert Testimony**: Ballistics experts provide expert testimony in court proceedings, presenting their findings and interpretations to judges and juries.

The ballistics Department in a Forensic Science Laboratory plays a crucial role in the investigation and prosecution of crimes involving firearms. By analyzing ballistic evidence, identifying firearms, and reconstructing shooting incidents, ballistic experts provide valuable support to law enforcement agencies and contribute to the administration of justice.

5. Ms. Anjana Singhi, Junior Scientific Assistant (Biology), Regional FSL, Bikaner

RNB Global University Registrar Bikaner

Ms. Singhi delivered her lecture most effectively on **"Difference between Suicide and Murder in Hanging Cases"** and she said that in cases involving hanging, differentiating between suicide and murder can be challenging but crucial for determining the circumstances surrounding the death. Here are some key differences:

A. **Physical Evidence**: Forensic examination of the scene and the body can provide valuable clues. In cases of suicide, the individual may be found alone in a location consistent with self-inflicted hanging, such as a secluded area or a room with no signs of forced entry. In contrast, signs of struggle, defensive injuries, or evidence of restraint may suggest homicide.

B. **Position of the Body**: The position of the body at the scene can provide important information. In suicides, the body is typically found hanging freely with no signs of external manipulation. In cases of homicide, the body may be found in a more complex or restrained position, indicating that the hanging was staged to conceal foul play.

C. **Presence of Ligature Marks**: Forensic examination of ligature marks around the neck is crucial. In suicides, ligature marks are often consistent with self-tying and lack defensive injuries. However, in homicides, ligature marks may be irregular or show signs of struggle, indicating that the ligature was applied forcefully by another person.

D. **Toxicology and Autopsy Findings**: Toxicology analysis of blood and tissue samples can reveal the presence of drugs or alcohol that may have influenced the individual's behavior. Autopsy findings, such as the presence of injuries inconsistent with hanging, can also provide important evidence in determining the manner of death.

E. **Witness Statements and History**: Gathering information from witnesses, family members, and acquaintances can provide insights into the individual's state of mind, behavior, and any potential motives for suicide or homicide.

F. **Investigative Findings**: Law enforcement investigators gather evidence from the scene, including fingerprints, DNA, and any potential weapons or tools used in the hanging. They also interview witnesses, collect surveillance footage, and conduct background checks on individuals associated with the deceased to piece together the events leading up to the death.

G. **Psychological Evaluation**: In cases of suspected suicide, a psychological evaluation of the deceased's mental state and history may be conducted to assess the likelihood of suicidal intent. This evaluation can help determine if the death was a result of self-harm or if external factors, such as coercion or manipulation, were involved.

Differentiating between suicide and murder in hanging cases requires a thorough and multidisciplinary approach, involving forensic examination, investigative techniques, and psychological assessment. Each case must be evaluated based on its unique circumstances to

RNB Global University Registrar Bikaner

determine the most likely manner of death.

6. Mr. Sunil Mahawar, Junior Scientific Assistant (Physics), Regional FSL, Bikaner

Mr. Sunil Mahawar addressing this on behalf of the department because Dr. Surendra Kumar, Assistant Director, Regional FSL, Bikaner on election duty. Mr. Mahawar delivered his lecture on **"The Silent Witness: Physics of Tool Mark Identification"** and he said the silent witness could explore the pivotal role of physics within forensic science laboratories.

A. **Material Science:** Physics principles are essential for understanding the properties of materials involved in tool mark analysis. Different materials interact differently when subjected to force, leaving behind distinctive marks. By studying the mechanical properties, such as hardness, elasticity, and deformation behavior, physicists can predict how materials will respond to tool contact.

B. **Fracture Mechanics:** Physics provides the theoretical framework for analyzing fractures and deformations in materials caused by tool marks. Concepts like stress, strain, and fracture mechanics help forensic experts interpret the patterns and characteristics of tool marks. Understanding how materials fracture under stress aids in determining the force and direction of tool impact.

C. **Surface Analysis Techniques:** Physicists develop and utilize advanced surface analysis techniques to examine tool marks at microscopic levels. Techniques such as scanning electron microscopy (SEM), atomic force microscopy (AFM), and profilometry allow forensic examiners to visualize and measure the minute details of tool marks, including striations, impressions, and surface topography.

D. **Pattern Recognition and Imaging:** Physics-based image processing techniques are used to enhance and analyze tool mark impressions captured from crime scenes. Image enhancement algorithms, Fourier analysis, and digital filtering methods help forensic examiners identify and compare subtle features within tool marks, aiding in the identification of specific tools or weapons.

E. **Experimental Testing:** Physicists design and conduct experimental tests to validate forensic techniques and establish the reliability of tool mark analysis methods. Through controlled experiments involving known tools and materials, physicists can quantify the variability and repeatability of tool mark characteristics, helping to establish the scientific validity of forensic evidence in court.

F. **Expert Testimony and Education:** Physics experts provide expert testimony in legal proceedings, explaining the scientific principles underlying tool mark analysis and interpreting forensic evidence for judges and juries. They also contribute to the

RNB Global University Registrar Bikaner

education and training of forensic practitioners, teaching them how to apply physics principles effectively in their casework.

By integrating physics principles and techniques into tool mark analysis, forensic science laboratories can enhance their ability to identify, analyze, and interpret evidence accurately, contributing to the investigation and resolution of criminal cases.

About the Event

Students of BBALLB, RNB Global University, conducted a tree plantation drive on 18th April 2024 in between 01.30 am to 02.00 pm. The main objectives of this program was to increase the green culture of the nation. There are numerous reasons why the entire process of plantation is crucial for the environment. A tree is the best friend of man on earth." When we use trees respectfully and economically, we have one of the greatest resources on earth. Trees are rightfully called the 'lungs of the earth.' Life on earth would cease to exist in the absence of trees. Trees are responsible for sustaining the environment in several ways. Activity was done on the topic "PRESERVING MOTHER EARTH". Purpose of the activity was to make more and more citizens aware about the importance of trees and plants with all care and respect.

Personal reflections on the experience:-

"Deep within each of us lies the potent ability to reshape the world around us. We have inherited this planet with its many resources, from our ancestors. The onus rests on us to protect the earth's fragile ecosystem, so that future generations have a place they can call home. It is indeed ironic that despite being at the top of the food chain Homo Sapiens are intent on destroying the very things that guarantee their survival. However, there is a silver lining. The situation can be remedied by restoring the earth's green cover and taking concrete measures to reduce carbon emissions. Trees are the most benevolent givers in nature. They play an extremely important role in giving life and sustaining it, as a whole, as well as maintaining a balance in the eco-system. This makes it crucial for us to understand how significant trees are to our life on earth and what we can do to counter the problem of their depleting numbers and all the additional challenges that come with it.

Trees play an extremely important part in regulating the temperature and making the weather conditions conducive to rainfall. They take in carbon dioxide from the air, thereby

RNB Global University Registrar Bikaner

purifying it, and release oxygen, which is essential to the sustenance of life. Moreover, they also provide us with wood, food, fuel, paper, etc, which are an important part of our daily lives. Furthermore, they are home to all kinds of animals and birds as well.

Plant a tree today for a better tomorrow." The significance of forest cover and tree plantation cannot be stressed upon enough, and their importance has only increased in the present scenario, with global warming and climate change being very real threats to our planet and all its inhabitants. Tree plantation refers to the transplantation of saplings or sowing of seeds in order to facilitate green cover and promote afforestation. Tree plantation can be a very fulfilling and fruitful activity.

Not only is it good for the environment and the earth, but it is also a way in which you can help in making the world a better and cleaner place to live in, as trees help to bring down the levels of pollution. Trees are the embodiment of life itself. Not only do they give life, but they also sustain it as well by proving us and all other living creatures with two things that are essential for the sustenance of life, which are oxygen and food. Moreover, they also provide shelter and food to birds and animals.

In conclusion, it would not be wrong to say that the reason we are facing the climate change problem today is that we could not and did not realize the value of trees and appreciate them for everything they do, yesterday. But it is never too late to make amends. We can make things better by planting more trees and facilitating afforestation. We have done nothing but take from nature for so long. It is high time we gave back to the earth and there is no time like the present to do a good deed and make the earth a clean, green, and beautiful place to live in once again.

About the Event

Students of BBALLB, RNB Global University, conducted a cleaning program in the nearby temple on 18th April 2024 in between 01.30 am to 02.00 pm. The main objective of this program was to increase cleanliness and motivate the people about hygiene conditions. By these small steps, we can create change and make a difference in our community. In Hindu culture cleaning is an integral part which is reflected in traditional outcomes. Activity was done on the topic of "SWACHA BHARAT". Purpose of the activity was to make more and more citizens aware about cleanliness and internal peace.

Personal reflections on the experience:-

Cleanliness is next to Godliness means cleanliness lead the way to godliness or goodness. Through the practice of the proper cleanliness we can keep ourselves physically and mentally clean which really make us good, civilized and healthy human being. Cleanliness brings feeling of physically, mentally and socially well being and helps to make good personality and thus good impression on others. Cleanliness shows clean character of a person through his/her clean dresses and good personality. People with good character become moral and religious in their life. Cleanliness gives rise to good character by keeping body, mind and soul clean and peaceful.

Cleanliness is the way to godliness which means maintaining cleanliness and thinking good bring a person more near to the god. Being clean is very important for getting a good health and living moral life.

As we all know that the habit of cleanliness is in our tradition and culture. Our grandparents teach us properly to be clean always and promote us to do worship and eat meal after taking morning bath. They teach us to eat food only after doing proper hand wash and touch holy books and other holy things with clean hands. Even in some houses there are restrictions of entering to the temple and kitchen without taking bath. Priests tell us to take bath, wash hands and wear clean clothes before appear to the God or involve in the puja or katha. There was a strict tradition of hand washing before meals. All the advantages of the cleanliness proves the question that why religious people and religion founders have made cleanliness ritual necessary during spiritual occasions.

RNB Global University Registrar Bikaner

Cleanliness is a virtue which should be promoted among people of all age group and status to get complete command over the cleanliness. Proper and regular cleanliness brings good mental and physical health, tidiness, and purity of soul and mind. Cleanliness of body and mind provides spiritual and positive thoughts as well as helps to easily connect with the nature.

Usually, our temples are ill-maintained. The reason is a lack of understanding, focus, and priority and the will to maintain them well. If we look at 'Swatchh Bharat Abhiyan', which was like a movement started by the Prime Minister, people were initially skeptical about it. However, people participated wholeheartedly in it and made it a success.If one can clean up a nation, keeping temples in good shape, neat, and clean should not be difficult. We need to make it a red hot priority and take some steps.

This place has to be seen to be believed for its commitment, cleanliness, and hygiene. It's a smell that's probably lingered here over centuries — the heady fragrance of jasmine in a damp wicker basket, the pleasant petrichor and the scent of dry air that hovers over warm cobblestones. All these are the breaking essence of our Indian culture on the process of temple's arti.

In conclusion, cleanliness is not just a habit but a path to health and happiness. It involves personal hygiene, maintaining clean homes, caring for our environment, and teaching the importance of cleanliness to future generations. By practicing cleanliness in our daily lives, we can enjoy the numerous benefits it offers, such as improved health, reduced stress, and a cleaner, safer world. Embracing cleanliness is a small yet impactful step we can all take towards a brighter and healthier future.

INTRODUCTION

RNB Global University-Training and Development Cell alongwith i-start organized Seminar on **Steps to enhance the employability of students through R-CAT- Rajasthan Centre of Advanced Technology** which plays a pivotal role in bridging the gap between academia and industry, particularly in the field of advanced technology on 16th April 2024. R-CAT, serves as a premier institution for fostering technical education and research in cutting-edge technologies. Established with the aim of nurturing skilled professionals, R-CAT collaborates with industry partners to offer industry-relevant training programs and certifications.

Expert Speaker - Mr. Deepesh – Mentor- RCAT Started the session by focusing on the
Steps to Enhance Employability:

Industry-Integrated Curriculum: R-CAT designs its curriculum in collaboration with industry experts to ensure alignment with industry needs and standards. By incorporating real-world projects, case studies, and practical training, students gain hands-on experience and relevant skills sought by employers.

Skill Development Programs: R-CAT conducts skill development programs focused on enhancing both technical and soft skills essential for employability. These programs cover areas such as communication skills, problem-solving, teamwork, leadership, and technical proficiency in specialized domains.

Internship Opportunities: R-CAT facilitates internship placements for students in leading companies, allowing them to gain valuable industry exposure and apply theoretical knowledge in practical settings. Internships serve as a platform for students to network, learn industry best practices, and acquire industry-specific skills.

Industry-Academia Collaboration: R-CAT fosters strong ties with industry partners through collaborative initiatives such as joint research projects, guest lectures, workshops, and industry visits. This collaboration provides students with insights into industry trends, challenges, and emerging technologies, enhancing their employability quotient.

Certification Programs: R-CAT offers certification programs in collaboration with industry leaders and certification bodies. These programs validate students' skills and competencies, making them more attractive to potential employers.

Entrepreneurship Support: In addition to preparing students for traditional employment, R-CAT encourages entrepreneurship by providing support for aspiring entrepreneurs. Through incubation programs, mentoring, and networking opportunities, R-CAT nurtures entrepreneurial spirit and fosters innovation among students.

At the end the expert speaker concluded that R-CAT's initiatives to enhance student employability reflect its commitment to producing industry-ready professionals equipped with the skills and knowledge required to thrive in today's competitive job market. By adopting a holistic approach that combines academic rigor with practical exposure and industry collaboration, R-CAT empowers students to embark on successful career paths in advanced technology sectors.

Subject	Visit to the Forensic Science Lab- Extension lecturer on "Nature of Biological Examine" by Dr. V. Venkatesh, Additional Director, FSL Bikaner & Extension lecturer on "Physical Evidence by Biological Examine" by Dr. Raj Kumar Mehta, Assistant Director, FSL Bikaner		

Dear Students,

The Faculty of Law and Arts of RNB Global University has planned a **visit to Forensic Science Lab, Bikaner** on the 15th of April 2024 for Students of the School of Law.

In the Visit Student will also get the opprtunity to attend the FSL Bikaner; and, FSL Bikaner

- **Participants:** All students of the School of Law
- **Date-** 15.04.2024.
- **Time:** 11.15 AM - 2:15 P.M.
- **Venue:** Forensic Science Lab, Bikaner
- **Event in charge:** Dr. Bharat Kumar Jajra & Ms. Tripti Paliwal
- **Student Coordinator:** Mr. Deepak Bishnoi, Ms. Neha Raj

Note-

1 For this Purpose, all students will depart from the university campus by University Bus at 11:00 A.M. with Dr. Bharat Kumar Jajra & Ms. Tripti Paliwal.

2 All students will be in the formals with student ID cards.

3 Attendance is given to students by the School of Law.

A Visit to Regional Forensic Science Lab, Bikaner cum Extension Lecturer on "Nature of Biological Examine" and "Physical Evidence by Biological Examine"

DOCID: DOC202404150019

Date: 15th April, 2024 Time: 11:00 AM to 03:30 PM

Venue: Regional Forensic Science Lab, Bikaner

Organized By: RNB Global University in Collaboration.

Faculty-In-Charge: 1. Dr. Bharat Kumar Jajra (Associate Professor, School of Law)

2. Ms. Tripti Paliwal (Assistant Professor, School of Law)

Student Coordinator: Ms. Neha Raj

Total No. of Participants: 2 Faculty Members and 22 Students of the School of Law

Student Involved: All Students of the School of Law

Extension Lecture by:

1. Dr. V. Venkatesh, Additional Director, Regional FSL, Bikaner
2. Dr. Raj Kumar Mehta, Assistant Director (Biology), Regional FSL, Bikaner
3. Dr. Neelam Gaur, Assistant Director (Toxicology), Regional FSL, Bikaner
4. Dr. Champa Lal, Senior Scientific (Ballistics) Officer, Regional FSL, Bikaner
5. Ms. Anjana Singhi, Junior Scientific Assistant (Biology), Regional FSL, Bikaner
5. Mr. Sunil Mahawar, Junior Scientific Assistant (Physics), Regional FSL, Bikaner

About Visit:

The Regional Forensic Science Lab, Bikaner Visit was very important for a law student. Through this visit law students know the practical knowledge of forensic evidence. Ever wondered how they solve crimes on TV shows? Today, we get to find out for real! We're on a field trip to the Regional Forensic Science Lab here in Bikaner. We're going to get a behind-the-scenes look at how science helps solve real-life mysteries. There were five units of FSL. i.e. Biology, Physics. Ballistics, Toxicology, and Serology. All officers helped our students explain every topic very well and answered all queries.

The object of Visit.

The objective of the visit to the Regional Forensic Science Lab (FSL) and its various specialized units, including Biology, Physics, Ballistics, Toxicology, and Serology, is multifaceted. Firstly, it aims to provide an in-depth understanding of the advanced techniques and methodologies employed in each unit for the analysis of evidence collected from crime scenes. This includes DNA profiling in Biology, trajectory analysis in Ballistics, and chemical analysis in Toxicology, among others. Secondly, the visit serves to illustrate the interdisciplinary nature of forensic science, emphasizing the collaboration between different scientific disciplines in solving crimes.

Here, we'll explore different units that utilize various scientific disciplines to analyze evidence. These units include:

Biology: This section deals with the analysis of biological materials like blood, tissue, and hair. They use techniques to identify individuals, determine the cause of death, and reconstruct events.

Physics: Inside the physics unit, we'll see how the laws of science help solve crimes. They analyze things like skid marks at accident scenes to determine speed and vehicle behavior. In fire cases, they might examine debris patterns to understand the fire's origin and spread. Toxicology: Here, scientists examine bodily fluids and tissues to detect the presence of drugs, poisons, and other toxins. This helps determine if someone was poisoned or under the influence.

Ballistics: This unit focuses on firearms and ammunition. They analyze bullets, casings, and gunshot residue to link a weapon to a crime scene or identify the type of firearm used. (Physics principles like motion and force come into play here)

Serology: This branch deals with the analysis of bodily fluids like blood, semen, and saliva. They use these analyses to identify suspects and reconstruct events at a crime scene.

RNB Global University Registrar Bikaner

Numerous Benefits of Visit:

Stepping into the Regional Forensic Science Lab, Bikaner isn't just a field trip, it's a journey into the heart of real-life crime solving! And it's the journey of an extension lecturer. Here, we'll witness science transform from textbooks into powerful tools used in various units:

- **Biology**: Imagine analyzing blood spatter to reconstruct a crime scene or identifying a suspect through hair samples. Biology unlocks the secrets hidden in bodily fluids and tissues.
- **Toxicology**: Ever wondered how they detect traces of poison? Toxicology sheds light on the presence of drugs and toxins, helping determine cause of death or impairment.
- **Ballistics**: Ballistics puts the physics of motion and force to work. By examining bullets and casings, they can link a weapon to a crime scene and reconstruct shooting events.
- **Serology**: Blood, semen, and saliva hold valuable clues. Serology helps identify suspects by analyzing the bodily fluids left at crime scenes.
- **Physics Unit**: Beyond ballistics, physics plays a crucial role in accident reconstruction. By analyzing skid marks and debris patterns from fires, they can understand vehicle behavior and fire origin.

Extension Lectures by Various officers of Regional FSL, Bikaner

1. Dr. V. Venkatesh, Additional Director, Regional FSL, Bikaner

Dr. V. Venkatesh delivered his lecture on the Importance of FSL, he told us about the various units of the Regional Forensic Science Lab, Bikaner. These units are crucial for conducting comprehensive forensic analyses and investigations. He also highlighted the significance of serology. Because Serology head Dr. Hemraj Verma, Assistant Director, (Serology) was on Election duty, therefore Dr. V. Venkatesh, Additional Director (Regional FSL) talked about Serology. Serology holds a significant position within our FSL due to its crucial role in analyzing bodily fluids such as blood, semen, and saliva. This unit is instrumental in identifying potential suspects, determining the presence of biological substances at crime scenes, and providing critical evidence for criminal investigations.

He specially delivered his lecture on the "**Nature of Biological Examine**" and said that biological examination encompasses a wide range of studies and analyses focused on living organisms, their structure, function, behavior, and interactions with the environment. The nature of biological examination can vary depending on the specific field of study or research objective. Here are some key aspects:

A. **Taxonomy and Classification**: Biological examination often involves the identification, classification, and naming of organisms based on their morphological,

RNB Global University Registrar Bikaner

physiological, and genetic characteristics. This involves understanding the diversity of life and how different organisms are related to each other.

B. **Anatomy and Physiology**: Biological examination includes the study of the structure and function of organisms at various levels of organization, from cells to tissues, organs, organ systems, and whole organisms. This involves understanding how different parts of an organism work together to carry out essential functions.

C. **Genetics and Molecular Biology**: Biological examination involves investigating the genetic material and molecular processes that underlie biological phenomena. This includes studying DNA, genes, gene expression, genetic variation, and heredity.

D. **Ecology and Environmental Biology**: Biological examination also involves studying the interactions between organisms and their environment. This includes understanding ecosystems, populations, communities, and the flow of energy and nutrients through ecological systems.

E. **Evolutionary Biology**: Biological examination includes studying the processes of evolution and how organisms have changed over time. This involves understanding mechanisms such as natural selection, genetic drift, and speciation.

F. **Behavioral Biology**: Biological examination encompasses the study of animal behavior, including social behavior, mating behavior, foraging behavior, and communication. This involves understanding how behavior is influenced by genetics, environment, and evolutionary history.

G. **Microbiology and Immunology**: Biological examination involves the study of microorganisms such as bacteria, viruses, fungi, and protists, as well as the immune system's response to pathogens. This includes understanding infectious diseases, immunity, and the role of microorganisms in ecosystems and biogeochemical cycles.

H. **Biotechnology and Biomedical Sciences**: Biological examination encompasses the application of biological principles and techniques to practical applications, such as medicine, agriculture, and industry. This includes areas such as genetic engineering, biomedicine, bioinformatics, and bioprocessing.

Overall, biological examination is a multifaceted field that seeks to understand the complexity of life and its underlying processes, from the molecular level to the ecosystem level. It involves a combination of observation, experimentation, data analysis, and theoretical modeling to advance our knowledge of living organisms and their interactions with each other and the environment.

RNB Global University Registrar Bikaner

2. Dr. Raj Kumar Mehta, Assistant Director (Biology), Regional FSL, Bikaner

Dr. Mehta delivered his lecture on **"Physical Evidence by Biological Examine"** and said that Physical evidence examined by biologists can provide valuable insights into various aspects of living organisms and their interactions with the environment. Here are some examples of physical evidence that biologists might examine:

A. **DNA and Genetic Material**: Biologists often examine DNA and other genetic material to understand the genetic makeup of organisms, including their relationships to one another, genetic variation within populations, and evolutionary history. This can involve extracting DNA from samples such as tissues, blood, hair, or environmental samples like soil or water.

B. **Specimens and Samples**: Biologists collect and examine specimens and samples from living organisms for various purposes. This may include studying the anatomy, morphology, and physiology of organisms, as well as analyzing their biochemistry, behavior, and ecology. Specimens can range from whole organisms to tissues, cells, or even smaller components like proteins or organelles.

C. **Environmental Samples**: Biologists often collect and analyze environmental samples such as soil, water, air, or sediment to study ecosystems and the organisms living within them. This can involve measuring physical and chemical parameters, as well as identifying and quantifying microorganisms, plants, and animals present in the environment.

D. **Remains and Remnants**: Biologists may examine remains and remnants of organisms, such as bones, shells, feathers, scales, or exoskeletons, to reconstruct past environments, diets, or behaviors. This can provide information about the life history and ecological roles of organisms, as well as their interactions with other species and their environment.

E. **Medical and Forensic Evidence**: Biologists working in medical or forensic fields may examine physical evidence related to human or animal health, including tissues, fluids, pathogens, toxins, or other biological materials. This can involve diagnosing diseases, identifying causes of death, analyzing evidence in criminal investigations, or conducting research on public health issues.

Physical evidence examined by biologists can provide valuable information about the diversity, ecology, evolution, and health of living organisms, as well as their interactions with each other and their environment. This evidence is essential for advancing our understanding of biology and addressing various scientific, medical, and environmental challenges.

3. Dr. Neelam Gaur, Assistant Director (Toxicology), Regional FSL, Bikaner

RNB Global University Registrar Bikaner

Dr. Gaur delivered her lecture on **"Use of toxicology in FSL"** and she said that Toxicology, within the realm of forensic science, plays a crucial role in investigating cases involving drugs, poisons, chemicals, and other toxic substances. Here's how forensic toxicology is used:

A. **Identifying Substances**: Forensic toxicologists analyze biological samples (blood, urine, hair, etc.) and non-biological samples (drugs, pills, powders, etc.) to identify the presence of toxic substances. This includes illegal drugs, prescription medications, alcohol, pesticides, heavy metals, and other chemicals.

B. **Quantifying Substances**: Toxicologists quantify the number of toxic substances present in samples. This information is crucial for understanding the level of exposure and its potential effects on the individual.

C. **Determining Cause of Death**: In cases of suspicious deaths or fatalities, toxicology analysis is often performed to determine if drugs, poisons, or other toxic substances contributed to or caused the death. This information is critical for legal investigations and criminal proceedings.

D. **Drug-Facilitated Crimes**: Toxicology analysis is used to detect drugs or substances administered to victims in cases of drug-facilitated crimes, such as sexual assault or robbery. Detecting these substances in biological samples can provide evidence for criminal prosecution.

E. **Impaired Driving Cases**: Forensic toxicology is utilized in cases of suspected impaired driving due to alcohol or drug consumption. Analysis of blood or breath samples can determine the presence and concentration of alcohol or drugs, which can be used as evidence in legal proceedings.

F. **Workplace and Environmental Exposure**: Toxicologists investigate cases of suspected exposure to toxic substances in workplaces or environments. They analyze biological samples to assess occupational or environmental exposure levels and determine potential health risks.

G. **Medical Examiner and Coroner Investigations**: Forensic toxicologists work closely with medical examiners and coroners to determine the cause and manner of death in cases involving drugs, poisons, or other toxic substances. Their findings contribute to death investigations and autopsies.

Forensic toxicology plays a vital role in determining the presence of toxic substances, assessing their effects on individuals, and providing critical evidence in legal investigations and proceedings.

4. Dr. Champa Lal, Senior Scientific (Ballistics) Officer, Regional FSL, Bikaner

Dr. Lal delivered his lecture on the **"Importance of The Ballistics Department in FSL"** and he said that The Ballistics Department within a Forensic Science Laboratory (FSL) plays a critical role in the investigation of crimes involving firearms and ammunition. Here's why it's important:

A. **Firearm Identification**: Ballistic experts use specialized techniques to identify firearms used in criminal activities. This involves examining characteristics such as barrel rifling marks, firing pin impressions, and breechblock marks left on fired ammunition. By matching these marks to specific firearms, investigators can link a weapon to a crime scene or a suspect.

B. **Bullet and Cartridge Analysis**: Ballistic analysts examine bullets, cartridge cases, and other ballistic evidence recovered from crime scenes or victims. They identify the type of ammunition used, assess its caliber and manufacturer, and determine if it matches other evidence found at the scene or in suspects' possession.

C. **Firearm Functioning**: Ballistics experts assess the functioning of firearms involved in crimes, including testing for functionality, safety mechanisms, and any modifications or alterations. Understanding how a firearm operates can provide insights into the circumstances of a shooting incident and help reconstruct the sequence of events.

D. **Trajectory Analysis**: Ballistic analysts use trajectory analysis to determine the path of projectiles fired from firearms. By analyzing bullet trajectories, impact angles, and bullet paths through various materials, they can reconstruct the shooting incident and determine the positions of the shooter and the victim(s) at the time of the shooting.

E. **Firearm Comparison**: Ballistic experts compare ballistic evidence recovered from crime scenes with test-fired ammunition from suspect firearms.

F. **Toolmark Examination**: Ballistic analysts examine toolmarks left on bullets, cartridge cases, and other surfaces by firearms or firearm-related tools such as pry bars or bolt cutters. This analysis can help identify the tools used in crimes such as burglaries, robberies, or vandalism.

G. **Expert Testimony**: Ballistics experts provide expert testimony in court proceedings, presenting their findings and interpretations to judges and juries.

The ballistics Department in a Forensic Science Laboratory plays a crucial role in the investigation and prosecution of crimes involving firearms. By analyzing ballistic evidence, identifying firearms, and reconstructing shooting incidents, ballistic experts provide valuable support to law enforcement agencies and contribute to the administration of justice.

5. Ms. Anjana Singhi, Junior Scientific Assistant (Biology), Regional FSL, Bikaner

RNB Global University Registrar Bikaner

Ms. Singhi delivered her lecture most effectively on **"Difference between Suicide and Murder in Hanging Cases"** and she said that in cases involving hanging, differentiating between suicide and murder can be challenging but crucial for determining the circumstances surrounding the death. Here are some key differences:

A. **Physical Evidence**: Forensic examination of the scene and the body can provide valuable clues. In cases of suicide, the individual may be found alone in a location consistent with self-inflicted hanging, such as a secluded area or a room with no signs of forced entry. In contrast, signs of struggle, defensive injuries, or evidence of restraint may suggest homicide.

B. **Position of the Body**: The position of the body at the scene can provide important information. In suicides, the body is typically found hanging freely with no signs of external manipulation. In cases of homicide, the body may be found in a more complex or restrained position, indicating that the hanging was staged to conceal foul play.

C. **Presence of Ligature Marks**: Forensic examination of ligature marks around the neck is crucial. In suicides, ligature marks are often consistent with self-tying and lack defensive injuries. However, in homicides, ligature marks may be irregular or show signs of struggle, indicating that the ligature was applied forcefully by another person.

D. **Toxicology and Autopsy Findings**: Toxicology analysis of blood and tissue samples can reveal the presence of drugs or alcohol that may have influenced the individual's behavior. Autopsy findings, such as the presence of injuries inconsistent with hanging, can also provide important evidence in determining the manner of death.

E. **Witness Statements and History**: Gathering information from witnesses, family members, and acquaintances can provide insights into the individual's state of mind, behavior, and any potential motives for suicide or homicide.

F. **Investigative Findings**: Law enforcement investigators gather evidence from the scene, including fingerprints, DNA, and any potential weapons or tools used in the hanging. They also interview witnesses, collect surveillance footage, and conduct background checks on individuals associated with the deceased to piece together the events leading up to the death.

G. **Psychological Evaluation**: In cases of suspected suicide, a psychological evaluation of the deceased's mental state and history may be conducted to assess the likelihood of suicidal intent. This evaluation can help determine if the death was a result of self-harm or if external factors, such as coercion or manipulation, were involved.

Differentiating between suicide and murder in hanging cases requires a thorough and multidisciplinary approach, involving forensic examination, investigative techniques, and psychological assessment. Each case must be evaluated based on its unique circumstances to

RNB Global University Registrar Bikaner

determine the most likely manner of death.

6. Mr. Sunil Mahawar, Junior Scientific Assistant (Physics), Regional FSL, Bikaner

Mr. Sunil Mahawar addressing this on behalf of the department because Dr. Surendra Kumar, Assistant Director, Regional FSL, Bikaner on election duty. Mr. Mahawar delivered his lecture on **"The Silent Witness: Physics of Tool Mark Identification"** and he said the silent witness could explore the pivotal role of physics within forensic science laboratories.

A. **Material Science:** Physics principles are essential for understanding the properties of materials involved in tool mark analysis. Different materials interact differently when subjected to force, leaving behind distinctive marks. By studying the mechanical properties, such as hardness, elasticity, and deformation behavior, physicists can predict how materials will respond to tool contact.

B. **Fracture Mechanics:** Physics provides the theoretical framework for analyzing fractures and deformations in materials caused by tool marks. Concepts like stress, strain, and fracture mechanics help forensic experts interpret the patterns and characteristics of tool marks. Understanding how materials fracture under stress aids in determining the force and direction of tool impact.

C. **Surface Analysis Techniques:** Physicists develop and utilize advanced surface analysis techniques to examine tool marks at microscopic levels. Techniques such as scanning electron microscopy (SEM), atomic force microscopy (AFM), and profilometry allow forensic examiners to visualize and measure the minute details of tool marks, including striations, impressions, and surface topography.

D. **Pattern Recognition and Imaging:** Physics-based image processing techniques are used to enhance and analyze tool mark impressions captured from crime scenes. Image enhancement algorithms, Fourier analysis, and digital filtering methods help forensic examiners identify and compare subtle features within tool marks, aiding in the identification of specific tools or weapons.

E. **Experimental Testing:** Physicists design and conduct experimental tests to validate forensic techniques and establish the reliability of tool mark analysis methods. Through controlled experiments involving known tools and materials, physicists can quantify the variability and repeatability of tool mark characteristics, helping to establish the scientific validity of forensic evidence in court.

F. **Expert Testimony and Education:** Physics experts provide expert testimony in legal proceedings, explaining the scientific principles underlying tool mark analysis and interpreting forensic evidence for judges and juries. They also contribute to the

RNB Global University Registrar Bikaner

education and training of forensic practitioners, teaching them how to apply physics principles effectively in their casework.

By integrating physics principles and techniques into tool mark analysis, forensic science laboratories can enhance their ability to identify, analyze, and interpret evidence accurately, contributing to the investigation and resolution of criminal cases.

Subject	Nukad Natak on Rights of Consumers at Aaryvrat public school, Indra colony, Bikaner		

A Nukkad Natak on the topic "Rights of Consumers" will be conducted by the students of BA-LL.B. II and BBA-LL.B. II of RNB Global University, Bikaner.

The details of the event are as follows:

Date & Day: 15th April 2024, Monday

Time: 10:30 AM to 02:00 PM

Topic: Nukkad Natak: Rights of Consumers

Student Convener: Piyush Rawat

Faculty Convener: Dr Ashok Prem

Venue: Aaryvrat Public School, Indra Colony, Bikaner

Participants: Students of BA-LL.B. II & BBA-LL.B. II, RNB Global University, Bikaner

Instructions for Students:

1. **Reporting Time:** All participants must report to the venue by 10:00 AM for setup and rehearsals.
2. **Dress Code:** Wear appropriate costumes as discussed during rehearsals to represent the characters effectively.
3. **Props and Materials:** Ensure all props and materials needed for the performance are ready and brought to the venue.
4. **Conduct:** Maintain discipline and decorum throughout the event. Respect the venue and the audience.

Introduction:

Consumer rights form the cornerstone of fair and ethical business practices in any society. Empowering consumers with knowledge and awareness about their rights not only ensures their protection but also fosters a culture of accountability among businesses and service providers. In this report, we delve into the dynamic world of "Nukkad Natak," a form of street theatre, as a powerful medium for advocating consumer rights. Through engaging performances and interactive storytelling, Nukkad Natak has emerged as an effective tool for raising awareness about the rights and responsibilities of consumers in various socio-economic contexts.

On April 15, 2024, a group of six classmates, led by Piyush Rawat, embarked on a significant outreach endeavor in the AARYVRAT PUBLIC SCHOOL, INDRA COLONY, BIKANER locality of Bikaner. This initiative marked a pivotal moment in the advocacy for consumer rights, showcasing the potential of Nukkad Natak to reach and educate diverse audiences. This report aims to explore the role of Nukkad Natak in promoting consumer rights, analyzing its impact on community engagement, and offering insights into best practices for leveraging this creative platform to empower consumers and promote a fair marketplace.

Objectives:

1. To assess the effectiveness of Nukkad Natak as a medium for raising awareness about consumer rights.

2. To evaluate the impact of the outreach endeavor led by Piyush Rawat and his classmates on the audience's understanding of consumer rights.

3. To identify key consumer rights and responsibilities highlighted during the Nukkad Natak performances.

4. To examine the level of community engagement and participation elicited by the Nukkad Natak initiative in AARYVRAT PUBLIC SCHOOL, INDRA COLONY, BIKANER.

RNB Global University Registrar Bikaner

5. To analyze the challenges and opportunities associated with using Nukkad Natak as a tool for consumer advocacy.

6. To propose recommendations for enhancing the effectiveness and reach of Nukkad Natak in promoting consumer rights awareness within the community.

Activity Details:

- **Date and Location:** The Nukkad Natak performances took place on April 15, 2024, at AARYVRAT PUBLIC SCHOOL, INDRA COLONY, BIKANER, marking a significant outreach endeavor led by Piyush Rawat and his group of six classmates.
- **Performance Content:** The Nukkad Natak scripts were meticulously crafted to highlight various aspects of consumer rights and responsibilities, including issues such as product safety, fair pricing, and protection against fraud. Each performance aimed to deliver key messages in an engaging and relatable manner to resonate with the audience.
- **Audience Engagement:** The interactive nature of Nukkad Natak encouraged active participation from the audience, fostering dialogue and discussions around consumer rights issues. Attendees were encouraged to share their experiences and ask questions, creating a collaborative learning environment.
- **Duration and Frequency:** The Nukkad Natak performances lasted for approximately one hour each, with multiple sessions scheduled throughout the day to reach a broader audience. The frequency of performances allowed for maximum engagement and dissemination of consumer rights information.
- **Feedback and Evaluation:** Following each performance, feedback forms were distributed to gather insights from the audience regarding their understanding of consumer rights concepts and the effectiveness of the Nukkad Natak format in conveying these messages. This feedback served as valuable input for refining future performances and outreach strategies.
- **Collaboration and Support:** The success of the Nukkad Natak initiative was made possible through collaboration with local community leaders, educational institutions, and consumer rights advocacy groups. Their support helped amplify the impact of the performances and ensure widespread dissemination of consumer rights awareness.

Outcomes:

Increased Awareness: The Nukkad Natak performances led to a notable increase in awareness about consumer rights among the audience, as evidenced by feedback and post-performance discussions. Attendees gained a better understanding of their rights

PNB Gloria Jean's University Registrar Bikaner

and responsibilities as consumers, empowering them to make informed choices in the marketplace.

Engagement and Participation: The interactive nature of the Nukkad Natak sessions facilitated active engagement and participation from the audience. Attendees felt encouraged to share their experiences, ask questions, and seek clarification on consumer rights issues, fostering a sense of community dialogue and collaboration.

Behavioural Change: The impactful storytelling and relatable scenarios depicted in the Nukkad Natak performances prompted positive behavioral changes among the audience. Attendees expressed a willingness to assert their consumer rights, demand transparency from businesses, and take proactive measures to protect themselves from exploitation or fraud.

Community Empowerment: By disseminating consumer rights information in a culturally relevant and accessible format, the Nukkad Natak initiative empowered the local community to advocate for their rights collectively. Attendees felt more confident in asserting their rights and were inspired to become proactive agents of change within their respective spheres of influence.

Sustainable Impact: The ripple effect of the Nukkad Natak performances is expected to have a lasting impact on consumer rights awareness in the community. By fostering a culture of knowledge-sharing and empowerment, the initiative laid the foundation for continued advocacy and education on consumer rights issues in the future.

Challenges Faced:

- **Logistical Constraints:** Organizing Nukkad Natak performances in a dynamic outdoor setting presented logistical challenges such as securing appropriate performance spaces, managing sound equipment, and coordinating with local authorities for permits and permissions.
- **Audience Accessibility:** Ensuring the accessibility of Nukkad Natak performances to a diverse audience posed challenges, particularly reaching marginalized or remote communities who may have limited access to information and cultural events.
- **Sensitization of Complex Issues:** Effectively sensitizing the audience to complex consumer rights issues, such as legal frameworks and regulatory mechanisms, required careful consideration of language, cultural nuances, and the use of relatable storytelling techniques.
- **Sustaining Audience Engagement:** Maintaining audience engagement throughout the duration of the performances posed a challenge, especially in

RNB Global University Registrar Bikaner

outdoor settings with distractions and competing activities vying for attendees' attention.

- **Resource Constraints:** Limited financial resources and manpower posed challenges in terms of production costs, travel expenses, and the availability of trained actors and facilitators to deliver high-quality Nukkad Natak performances consistently.
- **Weather Conditions:** Unpredictable weather conditions, such as rain or extreme heat, posed challenges to the feasibility and continuity of outdoor Nukkad Natak performances, requiring contingency plans and flexible scheduling.

Recommendations for Future Activities:

- **Targeted Outreach:** Identify specific demographics or communities that may be more vulnerable to consumer rights violations, such as youth, elderly individuals, or low-income households. Tailor Nukkad Natak performances and educational materials to address the unique challenges faced by these groups.
- **Partnership with Schools and Colleges:** Collaborate with educational institutions to integrate Nukkad Natak performances into their curriculum or extracurricular activities. This approach can help reach a younger audience and instill a sense of consumer empowerment from an early age.
- **Legal Awareness Workshops:** Organize workshops alongside Nukkad Natak performances to provide consumers with practical knowledge about legal recourses available to them in case of rights violations. Invite legal experts to educate participants about filing complaints, seeking redressal, and understanding consumer protection laws.
- **Community Empowerment Programs:** Establish community-led initiatives that empower local residents to advocate for their consumer rights beyond the Nukkad Natak performances. Provide training sessions on leadership, communication skills, and grassroots organizing to enable community members to address issues collectively.
- **Measuring Impact:** Implement a robust monitoring and evaluation framework to assess the long-term impact of Nukkad Natak on consumer behavior and awareness. Collect feedback from audience members, track changes in consumer complaints and resolutions, and conduct follow-up surveys to gauge knowledge retention and behavior change over time.
- **Digital Engagement:** Leverage digital platforms not only for broadcasting Nukkad Natak performances but also for facilitating ongoing engagement and dialogue with the audience. Create online forums or social media groups where consumers can share their experiences, ask questions, and receive support from peers and experts.

RNB Global University Registrar Bikaner

- **Celebrating Consumer Rights Day:** Organize an annual event or campaign dedicated to celebrating Consumer Rights Day, commemorating milestones in consumer protection, and highlighting ongoing challenges. Use Nukkad Natak as a centrepiece for public awareness activities and advocacy efforts aimed at promoting consumer rights throughout the year.

Conclusion:

Nukkad Natak has emerged as a potent tool for advocating consumer rights, fostering awareness, and empowering individuals to assert their rights in the marketplace. Through engaging performances, interactive discussions, and targeted outreach efforts, these initiatives have made significant strides in educating consumers and holding businesses accountable for fair and ethical practices.

As we look to the future, it's evident that the journey towards consumer empowerment is ongoing. By continuing to innovate, collaborate, and adapt our strategies, we can build upon the success of Nukkad Natak and further strengthen consumer protection mechanisms across communities. Together, we can create a marketplace where transparency, fairness, and accountability prevail, ensuring that every consumer can make informed choices and access remedies when their rights are infringed upon.

In closing, let us reaffirm our commitment to promoting consumer rights through Nukkad Natak and other impactful initiatives, recognizing that the empowerment of consumers is not just a goal but a fundamental cornerstone of a thriving and equitable society.

Report on
"Awareness Programme on Environmental Conservation and Sustainability"

Introduction:

The awareness programme on environmental conservation and sustainability was organized with the aim of educating the public about the importance of preserving our environment and promoting sustainable practices. This report provides a detailed overview of the programme, including its objectives, execution, impact and recommendations.

Event Description:

The event took place on 20th April 2024 at ARYAVART VIDYAPEETH SEC. SECONDARY SCHOOL, BIKANER, and was attended by students, teachers, community members, and environmental activists. The programme included a series of activities such as a nukkad natak (street play) followed by interactive session, all designed to raise awareness about environmental issues and sustainable practices. This report provides a comprehensive overview of the programme, including its objectives, execution, impact, and recommendations.

Objectives:

The primary objectives of the awareness programme on environmental conservation and sustainability were:

1. **Raise Awareness:** Educate the public about the importance of environmental conservation and the role individuals can play in promoting sustainability.
2. **Promote Sustainable Practices:** Encourage the adoption of sustainable practices such as reducing waste, conserving water, and using renewable energy sources.
3. **Highlight Environmental Issues:** Highlight the pressing environmental issues such as climate change, deforestation, pollution, and loss of biodiversity.
4. **Inspire Action:** Motivate the audience to take concrete actions to protect the environment and support initiatives aimed at promoting sustainability.

RNB Global University Registrar Bikaner

Execution:

Preparation Phase:

- Conducted research on key environmental issues, sustainable practices, and the impact of human activities on the environment.
- Designed educational materials including posters, presentations, and handouts.
- Coordinated with school authorities for permission and logistical support.

Awareness Activities:

1. Nukkad Natak

- The nukkad natak was performed in the school courtyard, ensuring maximum visibility and engagement.
- The performance depicted various scenarios related to environmental degradation, the impact of pollution, and the benefits of sustainable practices.
- Real-life stories and testimonials were incorporated to emphasize the urgency of taking action to protect the environment.
- The performance concluded with a powerful message advocating for environmental conservation and sustainability.

2. Interactive Session

- Held interactive sessions with students and community members to discuss environmental issues and their impact on local communities.
- Facilitated discussions to understand participants' perspectives and address misconceptions about environmental conservation.
- Provided resources and helpline numbers for participants interested in learning more about sustainability and getting involved in environmental initiatives.

Impact:

1. **Increased Awareness:** The programme successfully raised awareness among students, teachers, and community members about the importance of environmental conservation and sustainable practices.
2. **Community Engagement:** The activities sparked discussions and debates among the audience, encouraging them to reflect on their actions and consider ways to reduce their environmental footprint.

RNB Global University Registrar Bikaner

3. **Empowerment:** By providing practical tips and resources, the programme empowered participants to make informed decisions and take proactive steps towards sustainability.
4. **Advocacy:** The event strengthened the partnership between the school, students, and community members, fostering a collective commitment to protecting the environment.

Recommendations for Future Initiatives:

1. **Expand Outreach:** Organize similar awareness programmes in different neighbourhoods and communities to reach a wider audience and create a broader impact.
2. **Collaborate with Environmental Organizations:** Partner with environmental organizations and government agencies to strengthen conservation initiatives and provide support to local communities.
3. **Offer Follow-Up Resources:** Provide audience members with informational pamphlets, contact details of environmental helplines, and online resources for further assistance.
4. **Promote Eco-Friendly Practices:** Encourage local businesses to adopt eco-friendly practices and uphold environmental standards through awareness campaigns and partnerships.
5. **Evaluate Impact:** Conduct post-event surveys or focus groups to assess the impact of the awareness programme on participants' knowledge, attitudes, and behaviors.
6. **Introduce Green Projects:** Initiate community-driven green projects such as community gardens, clean-up drives, and recycling programs to engage participants in hands-on environmental conservation activities.
7. **Educational Integration:** Integrate environmental education into school curricula to empower students with knowledge about sustainability and environmental stewardship from an early age.

RNB Global University Registrar Bikaner

Conclusion:

In conclusion, the awareness programme on environmental conservation and sustainability served as an effective platform for raising awareness and empowering

individuals with knowledge about the importance of protecting our environment. Through creative storytelling, workshops, and interactive sessions, the programme contributed to fostering a culture of environmental awareness and accountability. By implementing the recommendations outlined above, future initiatives can build upon this success and promote sustainable practices and environmental conservation within communities.

April, 2024

Introduction:

On April 15, 2024, an enlightening Nukkad Natak on consumer rights and protection was organized at Aryavart Vidyapeeth Secondary School in Bikaner. This theatrical performance served as a platform to educate the public about their rights as consumers and to raise awareness regarding fair trade practices. With the participation of students and attendees, the event aimed to shed light on prevalent issues faced by consumers, including misleading advertising, product defects, and unfair pricing.

Event Description:

The event was not only attended by enthusiastic participants but also graced by the students of Aryavart Vidyapeeth Secondary School. The participants commenced the event by providing a concise overview of the Consumer Act, elucidating its significance as a fundamental right for all individuals. The focus then shifted to the Nukkad Natak, which was crafted to convey key messages about consumer rights and protection.

Objectives:

The primary objective of the Nukkad Natak was to raise awareness about the Consumer Act and its pivotal role in safeguarding consumer rights. Specifically, the performance aimed to:

- Educate the audience about their rights and responsibilities as consumers.
- Highlight common challenges encountered by consumers, such as deceptive advertising and substandard products.
- Advocate for fair trade practices and ethical conduct by businesses.

Execution:

The Nukkad Natak depicted the real-life scenarios faced by consumers. Through compelling dialogues and performances, the actors effectively conveyed the dilemma of consumers dealing with issues like false promises, defective products, and exploitation

by the vendors. The interactive nature of the performance encouraged audience engagement, fostering a deeper understanding of consumer rights and protection.

Impact:

The event left a lasting impact on the audience and empowering them with knowledge to make informed decisions. By explaining legal concepts and highlighting practical strategies for recourse, the Nukkad Natak imparted a sense of agency among attendees, encouraging them to assert their rights in the marketplace. Moreover, the presence of students from Aryavart Vidyapeeth Secondary School facilitated intergenerational learning, as younger generations were equipped with essential knowledge about consumer rights from an early age.

Recommendations:

Building on the success of this event, the following recommendations are proposed to further advance consumer rights and protection:

1. Continued Education: Organize workshops and seminars to deepen public understanding of consumer rights and equip individuals with practical skills to navigate consumer disputes.

2. Collaboration: Build partnerships with consumer advocacy groups, government agencies, and educational institutions to amplify outreach efforts and foster a culture of consumer empowerment.

In conclusion, the Nukkad Natak on consumer rights and protection served as a catalyst for positive change, inspiring collective action towards a fairer and more equitable marketplace. By empowering consumers with knowledge and advocacy tools, we tried to convey the message to opt fairness, transparency, and accountability in all commercial transactions.

Report on

"Nukkad Natak for Awareness on Child Labour"

Introduction

The nukkad natak on child labour was organized with the aim of educating the public about the fundamental rights of children and the importance of eradicating child labour. This report provides a detailed overview of the nukkad natak, including its objectives, execution, impact, and recommendations.

Event Description:

The event took place on 15th April 2024 at ARYAVART VIDYAPEETH SEC. SECONDARY SCHOOL, BIKANER, and was attended by students, teachers, and community members. A brief introduction about the issue of child labour and the relevant laws prohibiting it was given by the participants, who also described the importance of education and a childhood free from exploitation. The nukkad natak aimed to raise awareness about the harsh realities of child labour and advocate for the protection of children's rights. This report provides a comprehensive overview of the nukkad natak, including its objectives, execution, impact, and recommendations.

Objectives:

The primary objectives of the nukkad natak on child labour were:

- **Raise Awareness:** Increase public awareness about the prevalence and detrimental effects of child labour.
- **Advocate for Children's Rights:** Promote the importance of protecting children's rights to education, health, and a safe childhood.
- **Highlight Challenges:** Highlight the challenges and obstacles in eradicating child labour, such as poverty, lack of education, and social norms.
- **Inspire Action:** Motivate the audience to take action and support initiatives aimed at eliminating child labour and ensuring every child's right to education.

RNB Global University Registrar Bikaner

Execution:

Preparation Phase

- Conducted research on child labour statistics, laws, and its impact on children's lives.
- Designed educational materials including posters, presentations, and handouts.
- Coordinated with school authorities for permission and logistical support.

Performance Phase

- The nukkad natak was performed in the school courtyard, ensuring maximum visibility and engagement.
- The performance depicted various scenarios of child labour, the exploitation faced by children, and the importance of education in breaking the cycle of poverty.
- Real-life stories and testimonials were incorporated to emphasize the gravity of the issue and the urgent need for action.
- The performance concluded with a powerful message advocating for the rights of children and the importance of collective community action.

Impact:

1. **Increased Awareness:** The natak successfully raised awareness among students and community members about the harsh realities of child labour and the importance of protecting children's rights.
2. **Community Engagement:** The performance sparked discussions among the audience, encouraging them to reflect on the issue and consider ways to contribute to its eradication.
3. **Empowerment:** By highlighting the importance of education and a safe childhood, the natak empowered children and parents with knowledge about their rights and the means to seek help.
4. **Advocacy:** The event strengthened the partnership between the school, students, and community members, fostering a collective commitment to combating child labour.

RNB Global University Registrar Bikaner

Recommendations for Future Initiatives:

1. **Public Campaigns:** Launch public awareness campaigns through various media channels such as TV, radio, social media, and community events to educate people about the harmful effects of child labour and the importance of education.
2. **School Programs:** Integrate education about child labour laws and children's rights into school curricula to empower students with knowledge about their rights and responsibilities.
3. **Parental Involvement:** Engage parents and caregivers through workshops, seminars, and informational materials to highlight the significance of education and how they can support their children's learning journey.
4. **Community Outreach:** Partner with local community organizations, NGOs, and grassroots movements to spread awareness about child labour and mobilize support for initiatives aimed at improving access to quality education for all children.
5. **Legal Awareness:** Provide legal literacy programs to inform individuals about their rights under national and international laws related to child labour and empower them to take action if their rights are violated.

Conclusion:

In conclusion, the nukkad natak on child labour served as an effective platform for raising awareness and empowering people with knowledge about children's rights. Through creative storytelling and audience engagement, the performance contributed to fostering a culture of awareness and accountability. By implementing the recommendations outlined above, future initiatives can build upon this success and make significant strides towards the eradication of child labour and the promotion of education for all children.

INTRODUCTION

Orphans, defined as children who have lost one or both parents, face a multitude of social challenges that significantly impact their well-being and development. This report aims to delve into the various social problems encountered by orphans, encompassing issues related to family structure, education, health, economic stability, and social integration. A close study of their routine life also gives exposure to the multiple challenges they face. It includes not only physical aspects but also how they are subjected to the problem of alienation and mental trauma resulting from social behaviour towards them.

Objectives:

The primary objective of this social activity was to encourage students to cover multifaceted aspects as under, aimed at achieving several key outcomes:

Family Background:

The absence of one or both parents due to death, abandonment, or other circumstances often disrupts the traditional family structure for orphans. Without parental guidance and support, orphans may experience feelings of abandonment, loneliness, and insecurity. Moreover, they might lack access to essential familial resources such as love, care, and protection, which are crucial for their emotional and psychological development.

Education:

Orphans frequently encounter obstacles in accessing quality education. Financial constraints, coupled with the absence of parental involvement, can hinder their enrollment in schools and impede their academic progress. Additionally, the lack of stable living arrangements may result in frequent school transfers, disrupting their education continuity and reducing their academic performance. As a result, orphans are at a higher risk of dropping out of school, limiting their future prospects and perpetuating the cycle of poverty.

Healthcare:

Orphans often face barriers in accessing adequate healthcare services, leading to compromised physical and mental health outcomes. Without parental guidance, they may neglect preventive healthcare practices and fail to seek timely medical attention for illnesses or injuries. Moreover, the emotional trauma associated with parental loss can manifest in various psychological issues such as depression, anxiety, and post-traumatic stress disorder (PTSD), further exacerbating their overall well-being.

RNB Global University
Registrar
Bikaner

Economic Support:

The absence of parental support leaves orphans vulnerable to economic instability and poverty. Without a reliable source of income, they struggle to meet their basic needs such as food, shelter, and clothing. Many orphans are forced into exploitative labor, including child trafficking, begging, and involvement in illicit activities, as a means of survival. The lack of financial resources also limits their access to vocational training and employment opportunities, perpetuating the cycle of poverty across generations.

Social Integration:

Orphans often face social stigmatization and discrimination, leading to feelings of isolation and marginalization within their communities. Without the support of a stable family unit, they may struggle to form meaningful relationships and establish a sense of belonging. Furthermore, societal misconceptions about orphans, including stereotypes and myths, contribute to their social exclusion and hinder their integration into mainstream society. As a result, orphans are deprived of valuable social networks and support systems, impeding their overall resilience and well-being.

Role of orphanages

Orphanages play a pivotal role in nurturing and shaping the lives of children who lack parental care and support. These institutions provide a safe haven for vulnerable children, offering not only shelter and basic necessities but also a conducive environment for their holistic development. In this essay, we delve into the multifaceted ways in which orphanages contribute to the physical, emotional, cognitive, and social development of children, highlighting their significance in ensuring the well-being and future prospects of these young individuals.

Physical Development

One of the primary responsibilities of orphanages is to ensure the physical well-being of children under their care. This involves providing nutritious meals, access to clean water, healthcare services, and a hygienic living environment. Proper nutrition is crucial for children's physical growth and development, and orphanages often collaborate with nutritionists to design balanced diets tailored to the specific needs of the children. Regular health check-ups and medical interventions help in detecting and addressing any health issues promptly, thereby promoting overall physical wellness.

Moreover, orphanages often provide recreational facilities and encourage physical activities such as sports and outdoor play. Engaging in physical exercise not only enhances motor skills and coordination but also contributes to the overall fitness and vitality of the children. By prioritizing

RNB Global University Registrar Bikaner

physical health, orphanages lay a strong foundation for the well-rounded development of the children in their care.

Emotional Development

The absence of parental care can have profound effects on the emotional well-being of children, often leaving them vulnerable to feelings of abandonment, loneliness, and insecurity. Orphanages play a crucial role in addressing these emotional needs by providing a nurturing and supportive environment where children feel valued and loved. Trained caregivers offer emotional support, comfort, and guidance, helping children navigate through their feelings and build healthy relationships.

Furthermore, orphanages strive to create a sense of belonging and community among the children, fostering camaraderie and mutual support. Through group activities, celebrations, and communal living arrangements, children learn important social and emotional skills such as empathy, cooperation, and resilience. Additionally, counseling services may be available to help children process trauma, cope with loss, and develop positive coping mechanisms.

Cognitive Development

Education is a fundamental aspect of cognitive development, and orphanages recognize the importance of providing children with access to quality learning opportunities. Many orphanages have their own schools or collaborate with local educational institutions to ensure that children receive formal education tailored to their age and academic abilities. Qualified teachers create stimulating learning environments where children can explore, discover, and develop their cognitive skills.

Beyond formal education, orphanages also offer enrichment activities such as arts and crafts, music, drama, and computer literacy programs. These activities not only foster creativity and critical thinking but also provide avenues for self-expression and personal growth. By stimulating intellectual curiosity and encouraging lifelong learning, orphanages empower children to reach their full potential and pursue their aspirations.

Social Development

Healthy social development is essential for children to navigate the complexities of interpersonal relationships and thrive in society. Orphanages play a vital role in facilitating socialization by providing opportunities for children to interact with their peers, caregivers, and members of the community. Through shared experiences and collaborative activities, children learn important social skills such as communication, cooperation, and conflict resolution.

PNB Global University
Registrar
Bikaner

Moreover, orphanages often organize outings, field trips, and community service projects, exposing children to diverse social contexts and fostering a sense of civic responsibility. These experiences broaden children's perspectives, instill values of empathy and compassion, and encourage active participation in community life. By nurturing a strong sense of social connectedness and belonging, orphanages equip children with the interpersonal skills necessary for building meaningful relationships and contributing positively to society.

Conclusion:

In conclusion, orphanages play a vital role in the development of children who lack parental care and support. Through their comprehensive approach to care and support, orphanages address the physical, emotional, cognitive, and social needs of children, providing them with a nurturing environment where they can thrive and grow. By prioritizing the well-being and holistic development of the children in their care, orphanages contribute significantly to building a brighter future for these vulnerable young individuals.

Introduction

Orphans, defined as children who have lost one or both parents, face a multitude of social challenges that significantly impact their well-being and development. This report aims to delve into the various social problems encountered by orphans, encompassing issues related to family structure, education, health, economic stability, and social integration.

Problems faced by orphans:-

Family Structure:

The absence of one or both parents due to death, abandonment, or other circumstances often disrupts the traditional family structure for orphans. Without parental guidance and support, orphans may experience feelings of abandonment, loneliness, and insecurity. Moreover, they might lack access to essential familial resources such as love, care, and protection, which are crucial for their emotional and psychological development.

Education:

Orphans frequently encounter obstacles in accessing quality education. Financial constraints, coupled with the absence of parental involvement, can hinder their enrolment in schools and impede their academic progress. Additionally, the lack of stable living arrangements may result in frequent school transfers, disrupting their education continuity and reducing their academic performance. As a result, orphans are at a higher risk of dropping out of school, limiting their future prospects and perpetuating the cycle of poverty.

Healthcare:

Orphans often face barriers in accessing adequate healthcare services, leading to compromised physical and mental health outcomes. Without parental guidance, they may neglect preventive healthcare practices and fail to seek timely medical attention for illnesses or injuries. Moreover, the emotional trauma associated with parental loss can manifest in various psychological issues such as depression, anxiety, and post-traumatic stress disorder (PTSD), further exacerbating their overall well-being.

Economic Stability:

The absence of parental support leaves orphans vulnerable to economic instability and poverty. Without a reliable source of income, they struggle to meet their basic needs such as food, shelter, and clothing. Many orphans are forced into exploitative labor, including child trafficking, begging, and involvement in illicit activities, as a means of survival. The lack of financial resources also limits their access to vocational training and employment opportunities, perpetuating the cycle of poverty across generations.

Social Integration:

Orphans often face social stigmatization and discrimination, leading to feelings of isolation and marginalization within their communities. Without the support of a stable family unit, they may struggle to form meaningful relationships and establish a sense of belonging. Furthermore, societal misconceptions about orphans, including stereotypes and myths, contribute to their social exclusion and hinder their integration into mainstream society. As a result, orphans are deprived of valuable social networks and support systems, impeding their overall resilience and well-being.

Key Points Discussed about orphanages:

Orphanages play a pivotal role in nurturing and shaping the lives of children who lack parental care and support. These institutions provide a safe haven for vulnerable children, offering not only shelter and basic necessities but also a conducive environment for their holistic development. In this essay, we delve into the multifaceted ways in which orphanages contribute to the physical, emotional, cognitive, and social development of children, highlighting their significance in ensuring the well-being and future prospects of these young individuals.

Physical Development

One of the primary responsibilities of orphanages is to ensure the physical well-being of children under their care. This involves providing nutritious meals, access to clean water, healthcare services, and a hygienic living environment. Proper nutrition is crucial for children's physical growth and development, and orphanages often collaborate with nutritionists to design balanced diets tailored to the specific needs of the children. Regular

RNB Global University Registrar Bikaner

health check-ups and medical interventions help in detecting and addressing any health issues promptly, thereby promoting overall physical wellness.

Moreover, orphanages often provide recreational facilities and encourage physical activities such as sports and outdoor play. Engaging in physical exercise not only enhances motor skills and coordination but also contributes to the overall fitness and vitality of the children. By prioritizing physical health, orphanages lay a strong foundation for the well-rounded development of the children in their care.

Cognitive Development

Education is a fundamental aspect of cognitive development, and orphanages recognize the importance of providing children with access to quality learning opportunities. Many orphanages have their own schools or collaborate with local educational institutions to ensure that children receive formal education tailored to their age and academic abilities. Qualified teachers create stimulating learning environments where children can explore, discover, and develop their cognitive skills.

Beyond formal education, orphanages also offer enrichment activities such as arts and crafts, music, drama, and computer literacy programs. These activities not only foster creativity and critical thinking but also provide avenues for self-expression and personal growth. By stimulating intellectual curiosity and encouraging lifelong learning, orphanages empower children to reach their full potential and pursue their aspirations.

Social Development:

Healthy social development is essential for children to navigate the complexities of interpersonal relationships and thrive in society. Orphanages play a vital role in facilitating socialization by providing opportunities for children to interact with their peers, caregivers, and members of the community. Through shared experiences and collaborative activities, children learn important social skills such as communication, cooperation, and conflict resolution.

Moreover, orphanages often organize outings, field trips, and community service projects, exposing children to diverse social contexts and fostering a sense of civic responsibility. These experiences broaden children's perspectives, instil values of empathy and

RNB Global University Registrar Bikaner

compassion, and encourage active participation in community life. By nurturing a strong sense of social connectedness and belonging, orphanages equip children with the interpersonal skills necessary for building meaningful relationships and contributing positively to society.

Experience of Apna Ghar Ashram Visit:

I felt heart whelming while visiting apna ghar orphanage. Me and my group spent some time with orphan children. It was shocking to see that even after knowing that they don't have any family and guardian they were happy in their life. Every child was busy studying or playing. Apna ghar ashram has done a fabulous job to give new hope to the lives of these orphan children. It's sad to see that some parents themselves leave their children just because they don't want any kind of responsibility.

Conclusion

In conclusion, orphanages play a vital role in the development of children who lack parental care and support. Through their comprehensive approach to care and support, orphanages address the physical, emotional, cognitive, and social needs of children, providing them with a nurturing environment where they can thrive and grow. By prioritizing the well-being and holistic development of the children in their care, orphanages contribute significantly to building a brighter future for these vulnerable young individuals.

Event Report: Community-driven Animal Care Initiatives

Introduction:

On April 14, 2024, a compassionate initiative was undertaken by a group of dedicated individuals in Bhinasar, Pawan Puri. The objective was clear: to extend care and support to the often neglected street animals in our community. This endeavour aimed to address the challenges faced by these animals, including diseases, hunger, and the absence of proper care, all of which significantly diminish their quality of life and lifespan.

Purpose:

The primary goal of this activity was twofold: first, to provide immediate assistance and care to animals, and second, to raise awareness among the community about the importance of animal welfare. Through our actions a sense of empathy and responsibility towards these voiceless beings, advocating for their right to a dignified existence.

Key Highlights:

•Care and Support: Our team diligently provided food, water, and medical aid to the street animals in need. From stray dogs to abandoned cats and malnourished cows, no creature was overlooked in our efforts to alleviate their suffering.

•Awareness Campaign: Concurrently, we engaged with members of the community, emphasizing the significance of treating animals with compassion and respect and tried to generate the awareness among the local people that animal also needs care and affection.

•Ecological Importance: animals play an integral role in maintaining the delicate balance of our environment. From pollination to waste management, their contributions are invaluable, underscoring the necessity of safeguarding their well-being.

Group Participants:

The success of this endeavour was made possible by the concerted efforts of the following individuals:

1. Yuvraj Modi
2. Jagrati Jhabak
3. Pragya Sethia
4. Khushi Nahata
5. Harshit Mimani

Conclusion:

Conclusion:

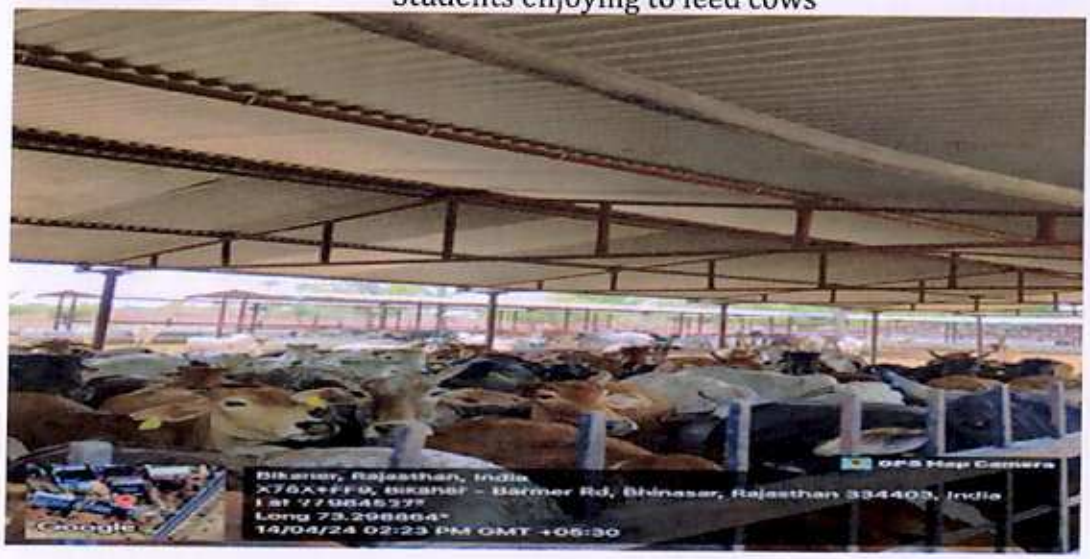

In conclusion, the animal care initiative undertaken on April 14, 2024, served as a reminder of our collective responsibility towards the welfare of all beings, regardless of their species. By extending love, care, and support to the animals, we not only improved their immediate circumstances but also laid the groundwork for a more compassionate and harmonious society. Moving forward, it is imperative that we continue to advocate for animal rights and strive towards creating a world where every creature is treated with the dignity and kindness they deserve.

INTRODUCTION

The primary goal of organizing the cleanliness activity was to promote environmental awareness and responsibility among participants, fostering a cleaner and healthier community The cleanliness group activity was held on 13 April 2024 at Jai Narayan Yavas colony and Husansar village, Bikaner. It was a collective effort towards promoting a cleaner and healthier environment. Organized by students of B.Tech (C.S.E) Sem. 2nd, the event aimed to raise awareness about the importance of cleanliness and encourage active participation in maintaining cleanliness in our surroundings. The activity brought together volunteers, community members, and stakeholders to work collaboratively towards a common goal of creating a cleaner and more sustainable environment.

Objectives:. The specific objectives were as follows:

1. **Community Engagement**: Encourage active participation from members of the community to work together towards maintaining cleanliness in our surroundings.
2. **Educational Outreach**: Raise awareness about the importance of cleanliness, sanitation, and waste management practices to promote a cleaner environment and better public health.
3. **Behavioral Change**: Inspire behavioral change among participants and the wider community to adopt responsible habits, such as proper waste disposal and recycling.
4. **Beautification of Surroundings**: Enhance the aesthetic appeal of the locality by removing litter and maintaining cleanliness in public spaces.
5. **Inspiring Leadership**: Encourage individuals to take leadership roles in organizing and participating in similar initiatives in the future, thereby creating a sustainable impact.

Activities:

1. Planning Phase: Prior to the event, the team met to discuss the logistics, including the designated area, necessary supplies, and division of tasks.

2. Cleanup Activity: On the day of the event, the team divided into groups and began the cleanup process. We focused on picking up litter, clearing debris, and tidying communal spaces such as parks and sidewalks.

RNB Global University Registrar Bikaner

4. Engagement with Community: Throughout the activity, the students engaged with local residents, discussing the importance of maintaining cleanliness and encouraging them to join our efforts.

5. Data Collection: The participants collected data on the amount and types of waste collected, which will be used to assess the effectiveness of the cleanup and inform future initiatives.

6. Reflection: After the cleanup, participants gathered to reflect on their experience, discussing challenges faced, lessons learned, and potential areas for improvement.

Challenges Faced:

1. Limited Participation: Despite efforts to promote the event, participation from the community was lower than anticipated.

2. Time Constraints: We faced time constraints during the cleanup, which affected our ability to cover a larger area.

3. Lack of Resources: We encountered challenges in acquiring sufficient cleaning supplies and equipment.

Conclusion:

In conclusion, active participation in the cleanliness project has yielded multifaceted benefits. From developing essential skills like problem-solving and communication to fostering a sense of personal responsibility and community engagement, the experience has been invaluable. Through collective action and individual accountability, we have not only contributed to a cleaner environment but also cultivated a deeper understanding of our role in preserving it. Moving forward, we are committed to continuing our efforts and inspiring others to join us in creating a more sustainable and thriving community.

INTRODUCTION

Nature plays a vital role in human survival. Our survival is possible only if we foster, nurture and protect nature. It is very necessary for each one of us to grow for nature an unending affiliation. For this purpose we took initiative for this planting activity, where we embark on a journey of growth and connection with nature. Through this drive we sow the seeds of environmental awareness and cultivate a sense of responsibility towards our planet. The more we nurture nurture life on the earth, the more sustainable will be our future. With committed efforts let us cover all earth with greenery so that we never see the face of scarcities.

Objectives: The specific objectives were as follows:

1. **Hands-On Learning:** Provide participants with a practical, experiential learning opportunity to engage directly with the planting process.
2. **Environmental Awareness:** Foster an understanding of the importance of plants in the ecosystem and their role in environmental sustainability.
3. **Teamwork and Collaboration:** Encourage collaboration among participants as they work together to plan, prepare, and execute the planting activity.
4. **Skill Development**: Develop participants' gardening skills, including planting techniques, soil preparation, and plant care, promoting self-sufficiency and green practices.
5. **Community Engagement:** Promote a sense of community and responsibility towards the environment by actively participating in a planting activity that contributes positively to the local ecosystem.

Activities:

1. **Plan and Coordinate:** Select a date, time, and planting site for the tree planting event. Reach out to potential participants, including community members, schools, and local organizations, and invite them to take part in the planting activity.
2. **Gather Supplies:** Ensure all necessary planting supplies are available, such as tree saplings, shovels, watering cans, mulch, and gloves.
3. **Educate Participants:** Before commencing the planting, provide participants with information on the importance of tree planting for environmental conservation and ecosystem health. Explain how their contributions will enhance green spaces and biodiversity.

RNB Global University Registrar Bikaner

4. **Assign Tasks:** Organize participants into teams and allocate specific areas or tasks for planting. Assign roles such as digging holes, planting saplings, watering, and mulching to ensure efficient execution.
5. **Execute the Planting:** Begin the tree planting process by digging holes, carefully planting saplings, and backfilling with soil. Encourage teamwork and collaboration among participants to ensure successful planting.
6. **Care for Newly Planted Trees:** After planting, instruct participants on proper tree care techniques, including watering schedules, mulching, and protection from pests and diseases.
7. **Dispose of Waste Responsibly:** Dispose of any packaging materials or waste generated during the planting activity in accordance with local waste management guidelines.
8. **Reflect and Appreciate:** Take a moment to reflect on the significance of the planting event and express gratitude to participants for their contributions to environmental stewardship.
9. **Follow-Up:** Consider organizing follow-up activities such as tree maintenance workshops or monitoring sessions to ensure the long-term health and survival of the planted trees. Encourage ongoing community engagement in tree planting initiatives to sustain the positive impact on the environment.

Challenges Faced:

1. **Site Selection:** Identifying suitable planting sites with appropriate soil conditions, sunlight exposure, and space availability can be challenging, especially in urban areas with limited green spaces.
2. **Resource Availability:** Securing adequate resources such as tree saplings, planting supplies, and volunteer participation may pose challenges, particularly for community-led planting initiatives with limited funding or support.
3. **Environmental Factors:** Adverse weather conditions such as droughts, floods, or extreme temperatures can impact tree survival rates and hinder successful establishment, especially during the initial planting stages.
4. **Soil Quality:** Poor soil quality, contamination, or compaction can inhibit root growth and nutrient uptake, affecting the health and growth of planted trees.
5. **Competition and Predation:** Competition from invasive species, weeds, or neighboring vegetation, as well as predation by animals, insects, or pests, may pose threats to newly planted trees and impede their establishment.

RNB Global University
Registrar
Bikaner

ACHIVEMENTS:

1. **Environmental Benefits:** Successful tree planting initiatives contribute to environmental conservation by increasing green cover, restoring ecosystems, enhancing biodiversity, and mitigating the impacts of climate change through carbon sequestration and air purification.
2. **Improved Air Quality:** Planting trees helps to improve air quality by absorbing pollutants, releasing oxygen, and reducing airborne particles, thereby creating healthier living environments for communities and mitigating respiratory illnesses.
3. **Enhanced Biodiversity:** Tree planting efforts support the preservation and restoration of biodiversity by providing habitat and food sources for wildlife, promoting ecosystem balance, and safeguarding endangered species and their habitats.
4. **Community Engagement:** Tree planting activities foster community engagement and participation, bringing together individuals, schools, businesses, and organizations to work towards a common goal of environmental stewardship and community beautification.
5. **Green Spaces and Aesthetic Value:** Successful tree planting initiatives enhance the aesthetic appeal of landscapes, urban areas, and public spaces, creating green oases, scenic vistas, and recreational opportunities for residents and visitors to enjoy.
6. **Urban Heat Island Mitigation:** Planting trees in urban areas helps to mitigate the urban heat island effect by providing shade, reducing surface temperatures, and cooling the surrounding environment, thereby improving comfort and livability in cities.
7. **Water Resource Management:** Trees play a crucial role in water resource management by reducing soil erosion, improving water retention in soils, and enhancing groundwater recharge, thereby supporting sustainable agriculture, watershed protection, and flood mitigation efforts.

Outcomes of Each Participant:

1. Yashodhan Sharma: Leadership in tree planting initiatives fosters personal development, community empowerment, environmental impact, and corporate engagement, leading to positive outcomes for volunteers, leaders, stakeholders, and businesses.
2. Vipin: Developed a profound understanding of the environmental benefits of tree planting and the importance of community involvement in fostering green spaces. Cultivated a strong sense of individual responsibility towards environmental conservation.

3. Aditiya: Enhanced problem-solving skills by developing effective strategies for tree planting and maintenance. Demonstrated adaptability in addressing unforeseen challenges and promoting teamwork to achieve planting goals.
4. Ansh: Improved communication abilities through engagement with community members during the tree planting campaign. Successfully conveyed the importance of tree planting and inspired others to participate in collective action for environmental sustainability.
5. Sunil: Deepened appreciation for the impact of collective tree planting efforts in addressing environmental issues. Recognized the significance of individual actions in promoting green spaces and enhancing community well-being through tree planting initiatives.

Conclusion:

The honing essential skills such as problem-solving and communication to instilling a sense of personal accountability and community involvement, the experience has been immensely rewarding. Through collaborative efforts and individual commitment, we have not only contributed to enhancing green spaces but also deepened our appreciation for environmental stewardship. Looking ahead, we remain dedicated to furthering our planting endeavors and inspiring others to join us in cultivating a greener, healthier, and more sustainable community.

Door to Door Campaign for Voter Awareness at Jassusar Gate, Bikaner under the Electoral Literacy Club

DOC202404130006

(**Submitted by:** Mr. Vikash Kumar and Mr. Anil Swami, Assistant Professor)

Date of Event: 13rd April 2024 **Time:** 9:30 A.M. to 12:00

Venue: Jassusar Gate, Bikaner

Organised By: Electoral Literacy Club of RNB Global University

Total No. students: 06

Faculty Convener- Mr. Vikash Kumar, Assistant professor (SOA)

RNB Global University Registrar Bikaner

Introduction:

The Door to Door Campaign for Voter Awareness at Jassusar Gate, Bikaner aimed to educate and mobilize the community regarding the significance of participating in the electoral process. Organized by Electoral Literacy Club of RNB Global University Bikaner, the campaign sought to address the importance of voting as a fundamental right and civic duty in a democratic society.

In a democratic society, voting is not just a right but a responsibility. It is the cornerstone of a functional democracy, ensuring that citizens have a say in the governance of their country or region. However, despite its importance, voter turnout remains a challenge in many parts of the world. In India, while significant strides have been made in increasing voter participation, there are still pockets where awareness and participation levels are low.

Objectives of the Event:

1. **Increase Awareness:** The primary objective of the campaign was to increase awareness about the importance of voting among the residents of Bikaner.
2. **Promote Participation:** The campaign aimed to encourage eligible voters to register themselves and participate in the upcoming elections.
3. **Address Barriers:** Identify and address any barriers or challenges that may prevent residents from exercising their voting rights.
4. **Empowerment:** Empower residents with knowledge about the electoral process, including voting procedures, voter registration, and the significance of their vote in shaping the future of their community and country.
5. **Sustainability:** Lay the groundwork for sustained voter awareness and participation beyond the campaign period through the establishment of local initiatives and resources.

Detail of Event:

On 13rd April, 2024, Electoral Literacy Club of RNB Global University Bikaner had successfully completed the event of Door to Door Campaign for Voter Awareness at Jassusar Gate, Bikaner. The event was organized with aim to increase awareness

INTRODUCTION

Election is the process through which people can express their political opinion. They express this opinion by public voting to choose a political leader. Furthermore, this political leader would have authority and responsibility. Most noteworthy, Election is a formal group decision making the process. Also, the selected political leader would hold public office. The election is certainly a vital pillar of democracy. This is because; Election ensures that the government is of the people, by the people, and for the people.

Voter's three most important responsibilities are:

The main focus of the session was on what a voter ought to do. A voter's three most important responsibilities are:

- To register to vote and ensure that their name shows on the list.
- To educate themselves and make an informed decision.
- To support a visionary candidate who offers more ideas than promises.

Why should you vote & who can vote?

1. India is the largest democracy in the world.
2. The right to vote and more importantly the exercise of franchise by the eligible citizens is at the heart of every democracy.
3. We, the people, through this exercise of our right to vote have the ultimate power to shape the destiny of country by electing our representatives who run the local self-Government and take decisions for the growth, development and benefit of all the citizens.
4. All citizens of India who are 18 years of age as on 1st January of the year for which the electoral roll is prepared are entitled to be registered as a voter in the constituency where he or she ordinarily resides.
5. Only persons who are of unsound mind and have been declared so by a competent court or disqualified due to 'Corrupt Practices' or offences relating to elections are not entitled to be registered in the electoral rolls.

RNB Global University Registrar Bikaner

Objective of Event

1. Inform citizens about their voting rights and responsibilities.
2. Encourage high voter turnout and diverse participation.
3. Promote transparency and accountability in elections.
4. Combat misinformation to ensure informed voting decisions.

If no elections are held, the country may descend into monarchy, dictatorship, or authoritative rule.

1. Elections are an important and necessary aspect of any democratic society.
2. Citizens of the country can elect their representatives with the use of votes.
3. A person who is 18 years old or older has the right to vote freely.
4. Elections are a procedure through which a democratic nation's slogan of the people, by the people, and for the people – is fulfilled.
5. Candidates running for re-election must demonstrate their performance in office during the previous years to the voters.
6. It's a step toward equality and fairness, as all citizens are eligible to vote, regardless of race or ethnicity.
7. Any candidate who meets all of the conditions for running for a position is eligible to campaign and run in elections.

Conclusions

The right to vote is an important fundamental right in India, as recognized by the Indian Constitution. This right is based on universal adult suffrage, which means that all citizens who are 18 years of age or older have the right to vote, regardless of their religion, race, caste, or gender. The Indian Constitution provides several provisions to promote and protect the right to vote, such as the reservation of seats for Scheduled Castes and Scheduled Tribes, the powers of the Election Commission of India to supervise and conduct free and fair elections, and the right to equality before the law and equal protection of the laws.

Subject	Outreach Activities- Public Speaking & Quiz and Nukkad Natak on awareness about elections at Bhraman Path, Museum Circle		

Dear All,

This is to inform you all that instead of 11th April 2024, **Electoral Literacy Club** at RNB Global University will be organizing the Public Speaking & Quiz and Nukkad Natak Activities on the theme of election under the Election Awareness Programme on 12th April 2024. The details are as follows:

- **Topic** : **Right to vote**
- **Time** : 3:30 pm onwards
- **Venue** : Bhraman Path Museum Circle
- **Date** : 12th April 2024
- **Event Coordinators** : Dr. Tripti Soni (Convener)
  Ms. Tripti Paliwal(Co- Convener)
  Mr. Vikash Kumar(Co- Convener)
  Mr. Vinay Nain((Co- Convener)
  Mr. Anil Swami(Co- Convener)
- **Student Coordinator** : Abhishek Soni BBA IV sem,
  Nancy Gupta BBALLB-II sem
  Preksha Bhura BBA-IV Sem.

Note-

1. Interested Students can coordinate to above mentioned Faculty Coordinators
2. For this Purpose, All students will depart from the university campus by University Bus at 3:30 P.M. with Event coordinators and will reach Museum Circle, Bikaner at 04:00 P.M.
3. All students will be in the formals with a student ID card.
4. Attendance is Compulsory for all the students .

Report On

Outreach Activity- Nukkad Natak on Voting Awareness about Elections at Bhraman Path, Museum Circle

Date: 12th April, 2024 **Time:** 06:00PM to 08:00PM

Venue: Near Museum Circle

Organized by: Electoral Literacy Club, RNB Global University

Introduction:

On 12th April 2024, as part of the Election Awareness Programme, an outreach activitiy was conducted with the aim of promoting voter awareness and engagement. Nukkad Natak, was organized to effectively disseminate information about the electoral process and encourage participation in elections.

Event Objectives:

1. To raise awareness about the significance of elections and voting in a democratic society.
2. To educate participants about the electoral process, voting rights, and responsibilities.
3. To foster active participation and engagement among the public, particularly students.
4. To promote creativity and teamwork in conveying electoral messages effectively.

RNB Global University Registrar Bikaner

Event Description:

The Nukkad Natak (street play) unfolded, captivating the audience with its vivid portrayal of election-related themes. The theatrical performances not only entertained but also effectively communicated key messages about the electoral process, voter empowerment, and the significance of democratic participation. Through compelling storytelling and engaging performances, the Nukkad Natak succeeded in capturing the attention of the public and reinforcing the importance of exercising their right to vote.

Event Outcomes:

1. Increased Awareness: Nukkad Natak activitiy contributed significantly to raising awareness about elections and voting among the participants. Attendees gained a deeper understanding of their role in the democratic process and the impact of their votes on shaping the future of their society.
2. Enhanced Knowledge: Participants acquired valuable insights into various aspects of the electoral process, including voter registration, election administration, and the role of elected representatives. The informative sessions and engaging activity helped expand their knowledge base and empowered them to make informed decisions during elections.
3. Active Participation: The event successfully encouraged active participation and engagement among the public, particularly students. By providing platforms for interaction and dialogue, attendees were motivated to express their views, ask questions, and actively contribute to discussions on electoral issues.
4. Promotion of Creativity and Teamwork: The Nukkad Natak activity not only served as a medium for conveying electoral messages but also promoted creativity and teamwork among the participants. Through collaborative efforts in scriptwriting, rehearsals, and performances, students showcased their artistic talents while effectively communicating the importance of electoral participation.

Conclusion: The Nukkad Natak conducted under the Election Awareness Programme on 12th April 2024 were instrumental in achieving their objectives of promoting voter awareness and engagement. Through interactive activity, and creative performances, the event succeeded in educating participants about the electoral process and encouraging them

to exercise their right to vote. Moving forward, it is imperative to build upon the success of these outreach activity and continue efforts to foster a culture of civic participation and responsibility in the community.

About the Event

This activity was an assignment given to us as part of voting awareness which is part of our academics. To complete the assignment, we organize a debate segment on the topic of Voting Awareness and also we communicated with the other scholars and students. These type of activities help us in social awareness, academic performance and personal development.

Personal reflections on the experience

An intriguing and enlightening debate on voting awareness was held at our university, engaging students in discussions on the significance of voting and political participation. The event aimed to encourage students to become more informed and engaged citizens, emphasizing the crucial role of voting in shaping the future of our society.

The debate featured a diverse panel of students from various academic disciplines, each providing unique perspectives on the importance of voting. The panel included passionate speakers who articulated the need for increased political awareness and active participation in the electoral process.

Key Points Discussed

1. Importance of Voting: The panelists highlighted the fundamental importance of voting in a democratic society. They emphasized that voting is not merely a right but a responsibility that empowers individuals to influence decision-making processes and bring about positive change.

2. Youth Engagement: The debate focused on the need to increase youth engagement in the electoral process. Panelists emphasized that young people have the potential to drive social and political change through their active participation in voting.

3. Impact of Votes: The discussion delved into the impact of individual votes on shaping the political landscape. Panelists stressed that every vote counts and can make a difference in determining the outcome of elections and policies.

4. Educational Initiatives: The debate also explored the role of educational initiatives, such as voter awareness programs, in promoting political literacy among students. The panelists highlighted the importance of providing students with information on voting procedures and political candidates to enable them to make informed choices.

5. Challenges Faced: The panelists candidly discussed the challenges faced by young voters, including apathy, lack of awareness, and disillusionment with the political system. They encouraged students to overcome these obstacles and actively participate in the democratic process.

Audience Engagement

The debate resonated with the audience, prompting lively discussions and questions from fellow students who were eager to learn more about voting awareness and civic engagement. Audience members expressed their views on the importance of political participation and shared personal experiences related to voting.

Key Takeaways

1. Empowerment through Voting: The debate underscored the empowering nature of voting, highlighting how each individual has the power to create positive change through their participation in the electoral process.

2. Youth as Agents of Change: The event emphasized the pivotal role of young people as agents of change in society. The panelists inspired students to harness their collective voice and influence to shape a more inclusive and equitable future.

RNB Global University
Registrar
Bikaner

3. Continued Education: The debate underscored the importance of continuous education and dialogue on voting awareness to foster a culture of civic engagement among students and the wider community.

About the Event: -

INTRODUCTION

Our Day started with an exciting outreach activity at Lunkaransar, Rajasthan and in this outreach activity our team reached certain places where we awarded people about the importance of Cleanliness among the society.

Purpose

Our purpose is to make people aware of the Cleanliness in their surroundings and how they can make their nearby areas clean and this will help in the reduction in pollution with proper Garbage disposal.

What we Did?

As a team consisting of Nirmal, Lucky, Ronak, Gaurav we reached at many places in lunkaransar and reached some people and asked them about the garbage disposal in their areas and then we told them about the importance of the Clean society.

Conclusion

Our outreach activity at Lunkaransar, Rajasthan was a good exeperience and we have learned about an awareness campaign and the thoughts of the people about the cleanliness and their opinions on the clean surroundings

Objective:

The objective of the outreach activity was to promote cleanliness awareness and action within the community while fostering a sense of responsibility towards environmental stewardship.

Participants:

1. Harshita Chandak
2. Divya Swami
3. Suniana gaur
4. Aarju Singh
5. Rajhansh
6. Tej Prakash
7. Karan Chettri
8. Hitesh

Location: The cleanliness drive took place in Rajesh Bchc Park, Khara neighborhood within our community.

Activities:

1. Planning Phase: Prior to the event, the team met to discuss the logistics, including the designated area, necessary supplies, and division of tasks.
2. Cleanup Activity: On the day of the event, the team divided into groups and began the cleanup process. Participants focused on picking up litter, clearing debris, and tidying communal spaces such as parks and sidewalks.
4. Engagement with Community: Throughout the activity, participants engaged with local residents, discussing the importance of maintaining cleanliness and encouraging them to join our efforts.
5. Data Collection:* Participants collected data on the amount and types of waste collected, which will be used to assess the effectiveness of the cleanup and inform future initiatives.
6. Reflection:* After the cleanup, participants gathered to reflect on our experience, discussing challenges faced, lessons learned, and potential areas for improvement.

Challenges Faced:

1. Limited Participation: Despite our efforts to promote the event, participation from the community was low.
2. Time Constraints: Participants faced time constraints during the cleanup, which affected our ability to cover a larger area.
3. Lack of Resources: Participants encountered challenges in acquiring sufficient cleaning supplies and equipment.

RNB Global University Registrar Bikaner

Achievements:

1. Despite the challenges, participants were able to make a noticeable difference in the cleanliness of the targeted area.
2. Our engagement with community members sparked conversations about the importance of environmental stewardship and personal responsibility.
3. The teamwork and collaboration among the participants fostered a sense of camaraderie and purpose.

Learning Outcomes of Each Participant:

1. Tej Prakash: Developed leadership skills by coordinating logistics and delegating tasks during the planning phase. Learned the importance of effective communication and teamwork in achieving common goals.

2. Harshita Chandak: Gained a deeper understanding of the environmental impact of littering and the importance of community involvement in maintaining cleanliness. Developed a sense of personal responsibility towards environmental stewardship.

3. Divya Swami: Enhanced problem-solving skills by identifying efficient ways to tackle litter and debris during the cleanup process. Learned to adapt to unexpected challenges and work collaboratively with team members.

4. Suniana:* Improved communication skills through engaging with community members during the outreach campaign. Learned to effectively convey the importance of cleanliness and inspire others to take action.

5. Aarju Singh: Developed a greater appreciation for the value of collective action in addressing environmental issues. Recognized the role of individual behavior in contributing to the overall cleanliness of the community.

6. Hitesh: Expanded knowledge of waste management practices and sustainable living principles. Learned practical strategies for reducing waste and promoting environmental conservation in daily life.

7. Karan: Cultivated a sense of civic responsibility towards maintaining public spaces clean

8. Rajhansh: Developed leadership and organizational skills by actively participating in the planning and execution of the outreach activity. Gained confidence in their ability to initiate positive change within their community.

RNB Global University Registrar Bikaner

Each participant experienced personal growth and acquired valuable skills through their involvement in the cleanliness drive, contributing to their development as responsible and engaged members of society.

Conclusion:

The cleanliness drive was a valuable opportunity to promote environmental awareness and community engagement. Despite facing challenges, participants made a tangible impact and laid the groundwork for future initiatives aimed at fostering a cleaner and healthier environment for all.

About the Event: -

Purpose

The purpose of your outreach activity on awareness about voting is to educate and empower individuals about the importance of participating in the electoral process. It aims to install a sense of civic responsibility, encourage informed decision-making, and promote active engagement in shaping the future through voting. By raising awareness about the significance of each vote and the impact of voter participation, the goal is to increase voter turnout and foster a more vibrant and representative democracy.

What we have done in this outreach activity

In this activity, you have likely conducted various outreach efforts to raise awareness about voting. This could include organizing educational events such as workshops or seminars to inform people about the electoral process, voter registration drives to ensure eligible individuals are registered to vote, distributing informational materials such as pamphlets or posters highlighting the importance of voting, and leveraging social media or other platforms to spread messages about the significance of civic participation. Additionally, you may have facilitated discussions or debates on key issues and candidates to help voters make informed decisions. Overall, the activities would aim to empower individuals to exercise their right to vote and become active participants in the democratic process.

Conclusion

The conclusions of your outreach activity on awareness about voting would likely include:

1. Increased awareness: Through your efforts, more individuals are now informed about the importance of voting, the electoral process, and their role in shaping the future through civic participation.
2. Enhanced civic engagement: By providing information and opportunities for involvement, you have encouraged greater engagement in the democratic process among community members.
3. Voter empowerment: Participants are now empowered to make informed decisions at the polls, knowing that their vote can make a difference in shaping policies and governance.
4. Potential impact: With increased voter awareness and engagement, there is potential for higher voter turnout and a more representative democracy, where the voices of all citizens are heard and considered.

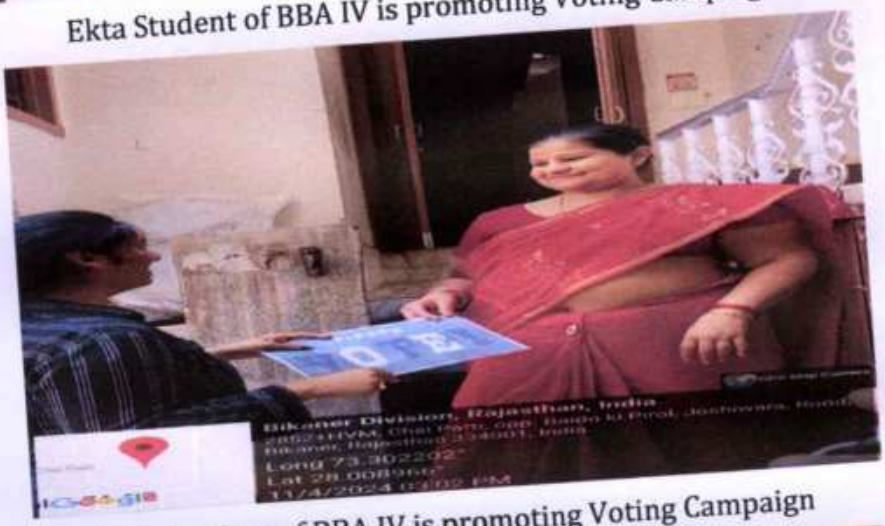

Overall, the conclusions highlight the positive outcomes and potential long-term effects of your outreach activity in promoting awareness about voting and civic participation.

About the Event: -

This activity was an assignment given to us as part of social activity which is part of our academics. To complete the activity, we organized a visit to the school for the visually impaired and also we communicated with the other scholars and students. These type of activities help us in social awareness, academic performance and personal development. It was an experience that gave us the opportunity to understand the problems of that section of society that needs our empathetic approach towards them.

Personal reflections on the experience:-

My experience delving into the pedagogical challenges faced in blind schools has been eye-opening, pun intended. Initially, I assumed that teaching in such schools merely required adapting standard teaching methods, but I soon realized the complexity of the task. Navigating the nuances of tactile learning, braille literacy, and sensory engagement demands a level of creativity and innovation beyond conventional teaching approaches. It is true that ordeals are a continuous routine in the lives of the visually impaired, however, their hardships are compensated with higher level of confidence and better power of receptivity which helps them in the growth of creativity level.

Key Points Discussed:

1. Accessibility and Adaptability: Discussion centered on the necessity of adapting teaching methods and materials to accommodate visually impaired students. This includes utilizing tactile learning materials, braille resources, and auditory cues to enhance comprehension and engagement.
2. Teacher Training and Professional Development: Emphasis was placed on the importance of specialized training for educators working in blind schools. Continuous professional development opportunities are crucial for teachers to effectively address the

RNB Global University Registrar Bikaner

unique needs of visually impaired students and stay abreast of evolving pedagogical techniques and assistive technologies.

3. Inclusive Education Practices: The conversation highlighted the significance of fostering inclusive learning environments that promote collaboration and peer support among visually impaired and sighted students. Strategies such as buddy systems and peer mentoring programs can facilitate social integration and academic success for all students.
4. Resource Allocation and Funding: Participants discussed the challenges associated with limited resources and funding constraints in blind schools. Advocacy efforts are essential to secure adequate funding for assistive technologies, braille materials, and specialized staff to ensure equitable access to quality education for visually impaired students.
5. Addressing Societal Attitudes and Stereotypes: The dialogue addressed the importance of challenging societal misconceptions and stereotypes surrounding blindness and visual impairment. Promoting awareness and empathy can foster a more inclusive society and combat stigma, ultimately enhancing the educational experiences of visually impaired individuals.
6. Collaborative Partnerships and Interdisciplinary Approaches Collaboration between educators, therapists, assistive technology specialists, and community organizations was recognized as integral to addressing the diverse needs of visually impaired learners. Interdisciplinary approaches enable comprehensive support and tailored interventions to maximize student learning outcomes.
7. Empowerment and Self-Advocacy: The discussion underscored the significance of empowering visually impaired students to advocate for their needs and rights within educational settings. Building self-confidence, assertiveness, and self-advocacy skills equips students with the tools to navigate educational challenges and advocate for inclusive practices.

Audience Engagement
The debate resonated with the audience, prompting lively discussions and questions from fellow students who were eager to learn more about voting awareness and civic

RNB Global University Registrar Bikaner

engagement. Audience members expressed their views on the importance of political participation and shared personal experiences related to voting.

Key Takeaways

1. Adaptation is Essential:Teaching methods and materials must be adapted to cater to the unique needs of visually impaired students, emphasizing tactile learning, braille literacy, and auditory instruction.

2.Continuous Professional Development: Educators require specialized training and ongoing professional development to effectively address the diverse needs of visually impaired learners and stay updated on best practices and assistive technologies.

3.Inclusivity Drives Success: Fostering inclusive learning environments that promote collaboration and peer support among visually impaired and sighted students is crucial for academic success and social integration.

4. Resource Allocation Matters: Adequate funding and resource allocation are necessary to provide assistive technologies, braille materials, and specialized staff to ensure equitable access to quality education for visually impaired students.

5. Combating Stigma: Challenging societal attitudes and stereotypes surrounding blindness and visual impairment is essential to creating an inclusive society and enhancing the educational experiences of visually impaired individuals.

6. Interdisciplinary Collaboration: Collaborative partnerships between educators, therapists, assistive technology specialists, and community organizations enable comprehensive support and tailored interventions to meet the diverse needs of visually impaired learners.

7.Empowerment Through Advocacy: Empowering visually impaired students to advocate for their needs and rights within educational settings builds self-confidence, assertiveness, and self-advocacy skills, facilitating their ability to navigate educational challenges and promote inclusive practices.

RNB Global University Registrar Bikaner

Challenges Experienced by Teachers in Working with Visually Impaired Students

The challenges experienced by teachers, when they are teaching and guiding visually impaired students have been stated as follows:

Difficulties in writing on straight lines- The Braille language that is used by visually impaired students, involve writing on straight lines. The teachers, who are experienced and have practice of writing on straight lines, usually do not experience problems, but those who are novice in this area, and do not have experience, would have difficulties in writing on straight lines, as a resultof which, they would not be able to provide adequate knowledge and information to the students.Therefore, it is vital for the teachers to master the skills necessary in teaching, training, instructing and guiding students with disabilities.

Tire quickly due to close working distance:- The teachers, who are working with visually impaired students mainly find their work duties challenging. They are required to work diligently, conscientiously and resourcefully with the students with disabilities, so that they are able the to render an effective contribution in improving their knowledge and understanding. They find their job duties demanding and as a result of which feel fatigue and exhausted. At home, teachers are required to prepare the lesson plan, so that they can make the students understand well. In educational institutions, the students depend upon the teachers to a major extent to improve their academic skills.

Crowded Diagrams in course books:- The course books that have been used by visually impaired students, usually have images, figures and diagrams that are not clear and their explanation is also not adequately provided. When the explanation is not lucid and coherent in textbooks, then the teachers themselves experience problems and challenges in acquiring understanding of the concepts. This is apparent that when the teachers themselves, will not be able to understand the concepts better, then they will not be able to make the students understand. Therefore, it is vital that course books and textbooks for the visually impaired students as well as for the teachers working with them should be coherent and information should be understandable.

Unable to complete the course curriculum in the required time:- The visually impaired students are slow in learning and understanding the concepts. It is vital that teachers should be well prepared with the information before they come to class. When the

RNB Global University Registrar Bikaner

students are large in number, then teachers are required to work really hard in enabling them to enhance their learning and in completion of the course curriculum. Teachers usually experience problems in the completion of the course curriculum. They have to ensure that students have acquired thorough understanding of concepts and are not just required to complete the course curriculum and fulfill their job duties. The course curriculum can be completed within the allotted time by implementing effective teaching-learning processes and making sure students pay adequate attention and listen carefully when the teacher is teaching.

Lack of reading and writing stands:- In educational institutions and classrooms of visually impaired students, it is vital to provide proper teaching and instructional materials. During the initial stage, the most important aspect of learning is to ensure students are able to improve their reading and writing skills. In order to make improvements in these skills, the institutions need to make use of reading and writing stands. The materials that improve theseskills among the visually impaired students should be encouraged in educational institutions, as reading, writing and solving numerical problems are stated as the basic literacy skills. Scanning with Low Vision Devices –Scanning with low vision devices are challenging for the teachers. The lack of low vision devices lead to low expectations from the learners. The low vision devices are the technologies that are of use to visually impaired students. These students may use them to facilitate their learning and to meet the expectations of the teachers. When there are lack of devices, then teachers, who are working with learners with low vision are required to come up with the strategies of keeping the low vision devices in a safe condition.

Lack of controlled lighting from classroom:- The classrooms are required to have proper equipment and technology with regards to learning of visually impaired students. The availability of proper infrastructure, heating and cooling equipment in accordance to the weather conditions, restrooms, clean drinking water, technology and other materials that are required to facilitate learning among the students are regarded as essential aspects. The most importantaspect is within the classrooms, there should be availability of controlled lighting. This would help in facilitating learning among the students. When

RNB Global University Registrar Bikaner

there is lack of controlled lightning, then one would not be able to concentrate upon studies.

Subject	Debate Competition on "Should Lok Sabha and State Assembly Elections be held together or Separately?		

Dear All,

Electoral Literacy Club organizes a Debate Competition which will be going to be held on **12th April 2024** at Management Lab. The students from different schools are invited to take participation to make the event successful and to foster awareness about elections. The details are as below:

1. **Topic-** Should Lok Sabha and State Assembly Elections be held together or Separately?
2. **Venue:** Management Lab
3. **Time:**10:00am to 11:30am
4. **Event Coordinator:**

   Dr. Tripti Soni, Assistant Professor (English) **Convener**
   Mr. Vinay Nain Assistant Professor (Geography) **Co-Convener**

5. **Student Coordinators:** Mansi Prajapat (BBA.LLB.-IV Sem.)
   Meenakshi Agarwal(BA-IV)

Kindly Note:
The students who are present in the university can join Debate Competition at their own interest.
Accordingly, inform your class mentors. The classes will run as per Timetable.

Debate Competition: Should Lok Sabha and State Assembly Elections be held together or Separately?

Date: 12th April 2024 **Time: 10:00 AM to 11:30 AM**

INTRODUCTION

On April 12, 2024, the Electoral Literacy Club of **RNB Global University, Bikaner** organized a Debate Competition **at the Management Lab**, aimed at fostering awareness about elections among students. The event provided a platform for students to express their opinions on the topic "Should Lok Sabha and State Assembly Elections be held together or Separately?" This report outlines the proceedings, participants, and outcomes of the debate competition.

Event Objectives:

- To encourage critical thinking and debate skills among students.
- To raise awareness about electoral processes and governance issues.
- To facilitate dialogue on the feasibility and implications of holding elections together or separately.

Event Description

The debate competition witnessed enthusiastic participation from students representing different schools. Under the guidance of the event coordinators, Dr. Tripti Soni and Mr. Vinay Nain, the competition commenced with a brief introduction to the topic. Participants were divided into teams, with each team presenting arguments either for or against the motion.

Students eloquently articulated their perspectives, backed by research and analysis. The event not only showcased students' oratory skills but also provided insights into their understanding of democratic principles and governance.

The competition was judged by a panel of esteemed faculty members, who evaluated the presentations based on clarity of argument, persuasiveness, and overall presentation.

Outcomes:

1. **Increased Awareness:** The debate competition stimulated discussions on the practicality and implications of synchronizing Lok Sabha and State Assembly Elections. Participants gained a deeper understanding of electoral processes and governance issues.

RNB Global University Registrar Bikaner

2. **Critical Thinking:** Students demonstrated their ability to critically analyze complex issues and present well-reasoned arguments, reflecting their intellectual growth and analytical skills.

3. **Engagement:** The event fostered active engagement among students, encouraging them to voice their opinions on matters of national importance.

Judges: The esteemed panel of judges comprised **Prof. M.R Khatri** and **Prof. B.S Rathore (Dean Academic)** both distinguished figures in academia. Their role extended beyond evaluation; they provided valuable feedback to participants, guiding them towards improvement while acknowledging their efforts.

Conclusion

The Debate Competition on the synchronization of Lok Sabha and State Assembly Elections provided a platform for students to engage in meaningful discourse on electoral reforms. Through constructive dialogue and informed debate, participants contributed to the promotion of electoral literacy and democratic values. Such initiatives are crucial for nurturing responsible citizenship and strengthening democratic institutions.

Results:

- **For the Motion:**
    - **Winner:** Shalini Sharma (B.A L.L.B.IV Sem.)
    - **Runner-up:** Khushboo Saraswat (B.A IV SEM.)
- **Against the Motion:**
    - **Winner:** Mansi Prajapat (B.B.A. L.L.B. IV Sem.)
    - **Runner-up:** Nikhil Kumar (B.B.A. VI Sem)

This competition not only recognized the exemplary performances of the winners but also celebrated the collective effort of all participants in enriching the discourse on electoral issues.

Plantation Drive

RNB Global University Registrar Bikaner

Introduction-

The tree plantation drive was held at SMJT Sr. Sec. Govt. School on 12th April, 2024. It is organized every year by the school Faculty with the objective to enhance the tree cover on the campus and to sensitize the students towards importance of trees. The school Faculty and the participants were present in the school ground, where participants planted saplings to raise consciousness about environment among the masses.

Purpose of the event:

1. Raise awareness about the negative impact of deforestation on our environment.
2. Protect and enhance trees in the campus vicinity.
3. Motivate and train volunteers to provide services like plantation drives to our society.
4. To develop a dedicated and diverse volunteer corps.
5. To build a sense of community by facilitating grassroots environmental action efforts.
6. To plant trees using high professional standards.

Key Highlights-

- Participants provided with the saplings by the teachers also and guided them about the plantation. Some of the school's horticulture workers also helped us.
- Participants planted a total of 8 trees including-

  4 Red Flamboyant trees

  2 Ashoka trees

  2 Papdi trees (also known as Indian elm)

  Participants spent around Rs.1200 for this plantation.

- The teachers briefed about the uses of the trees participants planted, including their medicinal value and therapeutic properties. They also spoke about how trees regulate temperature and contribute in combating global warming.

- The principal urged the students to plant and conserve trees for the sake of future generations. He then concluded the event with a vote of thanks and appreciated all the participants for their presence.

RNB Global University Registrar Bikaner

Feedback from volunteers:

All the participants were happy and satisfied by doing this social task and shared that such events should be organized at regular intervals to create a healthy environment and contribute in minimizing the climatic changes.

Outreach Activities- Public Speaking & Quiz and Nukkad Natak on awareness about elections at Bhraman Path, Museum Circle

DOC202404120010

Date: 12th April, 2024 **Time: 06:00PM to 08:00PM**

Venue: Bhraman Path, Museum Circle

Participants – All the students of FOCM and FOLA Students

Organized by: Electoral Literacy Club, RNB Global University

Introduction:

On 12th April 2024, as part of the Election Awareness Programme, a series of outreach activities were conducted with the aim of promoting voter awareness and engagement. Two key events, namely Public Speaking & Quiz and Nukkad Natak, were organized to effectively disseminate information about the electoral process and encourage participation in elections.

Event Objectives:

1. To raise awareness about the significance of elections and voting in a democratic society.
2. To educate participants about the electoral process, voting rights, and responsibilities.
3. To foster active participation and engagement among the public, particularly students.
4. To promote creativity and teamwork in conveying electoral messages effectively.

RNB Global University Registrar Bikaner

Event Description: The day commenced with the Public Speaking & Quiz session, where participants had the opportunity to showcase their knowledge and communication skills on topics related to elections. Through thought-provoking speeches and interactive quiz rounds, attendees were educated about various aspects of the electoral system, including voting procedures, electoral reforms, and the importance of informed decision-making.

Following the Public Speaking & Quiz, the Nukkad Natak (street play) unfolded, captivating the audience with its vivid portrayal of election-related themes. The theatrical performances not only entertained but also effectively communicated key messages about the electoral process, voter empowerment, and the significance of democratic participation. Through compelling storytelling and engaging performances, the Nukkad Natak succeeded in capturing the attention of the public and reinforcing the importance of exercising their right to vote.

Event Outcomes:

1. Increased Awareness: Both the Public Speaking & Quiz and Nukkad Natak activities contributed significantly to raising awareness about elections and voting among the participants. Attendees gained a deeper understanding of their role in the democratic process and the impact of their votes on shaping the future of their society.
2. Enhanced Knowledge: Participants acquired valuable insights into various aspects of the electoral process, including voter registration, election administration, and the role of elected representatives. The informative sessions and engaging activities helped expand their knowledge base and empowered them to make informed decisions during elections.
3. Active Participation: The events successfully encouraged active participation and engagement among the public, particularly students. By providing platforms for interaction and dialogue, attendees were motivated to express their views, ask questions, and actively contribute to discussions on electoral issues.
4. Promotion of Creativity and Teamwork: The Nukkad Natak activities not only served as a medium for conveying electoral messages but also promoted creativity and teamwork among the participants. Through collaborative efforts in scriptwriting, rehearsals, and performances, students showcased their artistic talents while effectively communicating the importance of electoral participation.

Conclusion: The Public Speaking & Quiz and Nukkad Natak activities conducted under the Election Awareness Programme on 12th April 2024 were instrumental in achieving their objectives of promoting voter awareness and engagement. Through informative sessions, interactive activities, and creative performances, the events succeeded in educating participants about the electoral process and

RNB Global University Registrar Bikaner

encouraging them to exercise their right to vote. Moving forward, it is imperative to build upon the success of these outreach activities and continue efforts to foster a culture of civic participation and responsibility in the community.

Introduction:

The Voting Awareness Campaign held at Husangsar, Bikaner aimed to educate and mobilize the community regarding the significance of participating in the electoral process. Organized by Electoral Literacy Club of RNB Global University Bikaner, the campaign sought to address the importance of voting as a fundamental right and civic duty in a democratic society.

In a democratic society, voting is not just a right but a responsibility. It is the cornerstone of a functional democracy, ensuring that citizens have a say in the governance of their country or region. However, despite its importance, voter turnout remains a challenge in many parts of the world. In India, while significant strides have been made in increasing voter participation, there are still pockets where awareness and participation levels are low. Husangsar, a locality in Bikaner, Rajasthan, is one such area where voter awareness needed enhancement. To address this issue, a Voting Awareness Campaign was organized in Husangsar, Bikaner, aimed at educating and motivating residents to participate actively in the democratic process.

Objectives of the Event:

1. **Increase Awareness:** The primary objective of the campaign was to increase awareness about the importance of voting among the residents of Husangsar.
2. **Promote Participation:** The campaign aimed to encourage eligible voters to register themselves and participate in the upcoming elections.
3. **Address Barriers:** Identify and address any barriers or challenges that may prevent residents from exercising their voting rights.
4. **Empowerment:** Empower residents with knowledge about the electoral process, including voting procedures, voter registration, and the significance of their vote in shaping the future of their community and country.
5. **Sustainability:** Lay the groundwork for sustained voter awareness and participation beyond the campaign period through the establishment of local initiatives and resources.

Detail of Event:

On 11rd April, 2024, Electoral Literacy Club of RNB Global University Bikaner had successfully completed the event of Voting Awareness Campaign at Husangsar, Bikaner. The event was organized with aim to increase awareness about the importance of voting among

RNB Global University Registrar Bikaner

the peoples.

All the students of B.Sc (Agriculture) IV and VI semester along with Assistant professor SOA Mr. Vikash Kumar and Mr. Anil Swami participated in this program with anthusiasm.

Conclusion

The Voting Awareness Campaign at Husangsar, Bikaner, was a resounding success, achieving its objectives of increasing voter awareness and promoting participation in the democratic process. Through a combination of community engagement, educational initiatives, and strategic partnerships, the campaign succeeded in reaching a significant portion of the local population and empowering them with the knowledge and motivation to exercise their voting rights.

Moving forward, it is essential to maintain the momentum generated by the campaign and ensure sustained voter engagement beyond the immediate electoral cycle. This requires ongoing collaboration between stakeholders, continued investment in voter education initiatives, and the establishment of mechanisms to address any persistent barriers to participation.

By fostering a culture of active citizenship and democratic participation, campaigns like this one play a crucial role in strengthening the foundations of democracy and ensuring that the voices of all citizens are heard in the governance of their communities and nation. Husangsar serves as an example of how targeted voter awareness efforts can make a tangible difference in improving democratic participation and fostering a more inclusive and representative society.

INTRODUCTION

Voter awareness campaigns play a vital role in educating citizens about the electoral process, the significance of participating in elections, and the importance of making informed choices. These initiatives aim to promote civic engagement, encourage voter registration, and emphasize the role each person plays in shaping the future of their community and country through the democratic process. By raising awareness about voting, we can strengthen democracy and ensure that everyone's voice is heard.

In today's world, where information flows incessantly through various channels, fostering genuine awareness about elections becomes both crucial and challenging. While technological advancements have expanded access to information, they have also led to the proliferation of misinformation and disinformation. In such an environment, cultivating a discerning electorate capable of making well-informed decisions is more vital than ever.

Awareness about elections encompasses a multifaceted understanding. It involves being cognizant of the socio-political landscape, recognizing the pressing issues that affect communities, and comprehending the platforms and policies proposed by candidates. Moreover, awareness extends to understanding the mechanisms of the electoral process itself—the roles of different branches of government, the significance of checks and balances, and the importance of participation beyond voting, such as grassroots activism and community organizing.

OBJECTIVES OF EVENT

- Encouraging Civic Participation
- Enhancing Democracy
- Addressing Barriers
- Building Trust In Institutions
- Increasing Voter Registration
- Engaging Youth

RNB Global University Registrar Bikaner

Overall the primary objective of the event was to increase awareness about the importance of voting among the residents of Husangsar. The campaign aimed to encourage eligible voters to register themselves and participate in the upcoming

elections as well as identify and address any barriers or challenges that may prevent residents from exercising their voting rights.

DESCRIPTION OF EVENT

In order to do vote awareness campaign we made an EVM machine drawing so that with the help of it we can make people easily understand how to cast their vote on EVM machine. We also prepared some slogans and some drawings related to voting awareness.

CONCLUSION

The voting awareness campaign at Husangsar Bikaner was a resounding success achieving its objectives of increasing voter awareness and promoting participation in the democratic process.

Through a combination of community engagement, educational initiatives and strategic partnerships, the campaign succeeded in reaching a significant portion of the local population and empowering them with the knowledge and motivation to exercise their voting rights.

INTRODUCTION

RNB Global University's Department of FOBAS BCA Sem II students embarked on the event commenced with an introductory session highlighting the significance of cleanliness in our daily lives. Through informative presentations and interactive discussions, participants were educated about the detrimental effects of littering and the benefits of maintaining a clean and healthy environment. Emphasis was placed on the role of individual actions in collective efforts towards cleanliness and environmental sustainability.

Objectives:

The objective of a cleanliness drive can vary depending on the context and specific goals of the organizers. Here are some common objectives for a cleanliness drive:

1.Raise Awareness: The primary objective is often to raise awareness about the importance of cleanliness and its impact on health, well-being, and the environment. This includes educating participants about the consequences of littering, pollution, and unhygienic practices.

2.Promote Responsibility: A cleanliness drive aims to instill a sense of responsibility and ownership among participants towards maintaining cleanliness in their surroundings. This includes encouraging individuals to take proactive steps in keeping public spaces, neighborhoods, and workplaces clean.

3.Community Engagement: Another objective is to promote community engagement and collaboration. By involving individuals from different backgrounds, ages, and sectors of society, a cleanliness drive fosters a sense of unity and collective action towards a common goal of cleanliness and environmental stewardship.

4.Create Behavioral Change: The drive seeks to create behavioral change by encouraging participants to adopt cleaner habits in their daily lives. This may involve promoting waste segregation, recycling practices, proper disposal of garbage, and reducing littering.

5.Demonstrate Impact: Through visible clean-up activities and tangible results, a cleanliness drive aims to demonstrate the immediate impact of collective action. This helps reinforce the message that individual efforts contribute to broader environmental and community benefits.

6.Inspire Sustainability: Beyond the event, the objective is to inspire sustainability by encouraging long-term commitments to cleanliness and environmental conservation. This may involve promoting ongoing initiatives, campaigns, and partnerships with local authorities or organizations.

RNB Global University Registrar Bikaner

7.Educate and Empower: Lastly, a cleanliness drive aims to educate and empower participants to become advocates for cleanliness and environmental awareness in their communities. This may include providing resources, information, and tools for continued engagement and advocacy.

Conclusion:

In conclusion, the cleanliness drive event was a resounding success, achieving its objectives of raising awareness, promoting community engagement, and making a positive impact on environmental hygiene. Such initiatives are instrumental in cultivating a culture of cleanliness and instilling values of environmental responsibility among individuals and communities. community. Such initiatives play a crucial role in nurturing well-rounded individuals and contributing positively to society..

INTRODUCTION

To enlighten and educate issue and foster a more informed and active electorate, the **RNBGU's- Electoral Literacy Club** undertook a proactive initiative by organizing a voting awareness campaign at the Village- Husangsar, Bikaner. The objective of this campaign include Information about voter registration, polling places, voting processes, and the importance of civic engagement in an effort to improve voter turnout, especially among groups with historically low participation rates.

- To increase knowledge and promote active engagement in the democratic process, they may employ a variety of tactics, including door-to-door contact, social media campaigns, educational materials, and community events.
- Reach out to local community leaders and influencers in Husangsar to build support and participation for the campaign.
- Aware the local community people by the students eye-catching posters and banners with messages encouraging people to vote.
- Students had an interactive sessions on voting-related topics to make the campaign more engaging and interactive for the residents of Husangsar.
- Students ensure that residents have access to accurate and up-to-date information about voter registration, polling locations, and voting procedures.

OBJECTIVES OF EVENT

- Educating voters
- Empowering citizens
- Engaging Underrepresented Communities
- Promoting Civic Engagement
- Building Trust in the Electoral System

DESCRIPTION OF EVENT

In order to increase voting awareness among citizens, Students of B.Sc Agriculture (Hons.), IV sem, embarked on a mission to promote voting awareness in rural communities. Recognizing the importance of civic engagement, they aimed to empower villagers with knowledge about their voting rights and responsibilities. To reach every corner of the village, the students conducted a door-to-door campaign. Armed with informative pamphlets and engaging conversations, they engaged with residents individually, addressing their concerns and clarifying misconceptions about voting. The

RNB Global University Registrar Bikaner

personalized approach fostered a sense of connection and trust within the community. Through a multifaceted approach encompassing education, engagement, and collaboration, the campaign has endeavored to ignite a sense of responsibility and enthusiasm for democratic participation among residents, particularly the youth.

CONCLUSION

In conclusion, The Electoral Literacy Club of RNBGU's successfully conducted a voting awareness campaign in the village of Husangsar, Bikaner. This initiative aimed to educate the local populace about the importance of voting and to encourage greater participation in the upcoming elections, reinforcing ELC's mission to promote democratic values and ensure informed and responsible voting. The voting awareness campaign was led by B.Sc. Ag IV semester students. As the campaign draws to a close, its impact resonates far beyond the confines of Husangsar, serving as a testament to the transformative power of collective effort and grassroots initiatives in shaping the future of democracy..

INTRODUCTION:

Cleanliness drive at RNB Global University, Cleaning drives, also known as clean-up campaigns are organized initiatives aimed at improving the cleanliness and hygiene of a specific area. Initiated by a dedicated students of B.Sc. Agriculture (Hons.) IV Sem. the University's cleaning drive aimed to revolutionize campus cleanliness standards through focused efforts. Despite the modest size of the team, the objectives remained ambitious: to significantly improve the cleanliness and aesthetics of the campus environment.

A cleanliness drive transcends the simple act of tidying up; it embodies a collective commitment to foster a culture of cleanliness and hygiene. Whether it's sweeping streets, clearing litter, or promoting waste segregation, these initiatives serve as tangible manifestations of community pride and responsibility. They remind us that the upkeep of our surroundings is not solely the responsibility of a few but a shared duty that binds us together as citizens.

At its core, a cleanliness drive is a call to action-a rallying cry for individuals to roll up their sleeves and actively participate in the betterment of their communities. It is a testament to the power of grassroots efforts, demonstrating that even small acts of cleanliness can have a profound ripple effect, inspiring others to join the cause.

OBJECTIVE OF EVENT:

1. To minimize the spread of germs, bacteria and viruses, there by promoting a healthier and hygienic environment for students, Faculty and staff.
2. To enhance the university's aesthetic appeal.
3. To encourage sustainable practices such as reduction, recycling and energy conservation.
4. To promote responsible stewardship of campus resources.
5. To preserve infrastructure.

RNB Global University Registrar Bikaner

DESCRIPTION OF EVENT:

In order to achieve a clean university campus at RNB Global University , Students of B.Sc. Agriculture (Hons.)on the day of the cleaning drive, formed a team of 5 and sprang into action, dividing tasks among themselves and maximizing their

impact. With a focus on high-traffic zones and neglected corners, they meticulously cleaned gardens, pathways near canteen and other outdoor spaces.

CONCLUSION:

In conclusion, the University's cleaning drive, spearheaded by the dedicated students of B.Sc. Agriculture (Hons.), IV Sem., exemplified the trans-formative power of grassroots action. Through their passion, determination, and collaborative spirit, they demonstrated that even a small group can make a big difference in promoting cleanliness and fostering community pride.

ABOUT THE EVENT:

Preparation and Planning: The event began with thorough planning by a group of students as part of their academic assignment. They prepared informative materials such as posters, pamphlets, and presentations to effectively convey the message about smoking hazards.

Outreach Activity in Shardul Colony: On the day of the event, the students divided into smaller groups and dispersed throughout Shardul Colony. They engaged with residents by distributing informational materials and initiating conversations about the detrimental effects of smoking on health. The students encouraged residents to ask questions and shared resources for smoking cessation support, such as helpline numbers and counseling services.

Interactive Sessions and Demonstrations: To further emphasize the message, the students organized interactive sessions and demonstrations. They used visual aids, such as models showing healthy lungs versus smoker's lungs, to illustrate the immediate and long-term consequences of smoking. These sessions also included discussions on strategies for smoking cessation and tips for maintaining a smoke-free lifestyle.

Feedback Collection and Reflection: After the outreach activity, the students gathered feedback from residents to assess the effectiveness of the campaign. They also held a reflective session within their group to discuss their experiences, challenges faced, and lessons learned during the event. This feedback and reflection helped in identifying areas for improvement and planning future initiatives.

THE FORMAT OF THE SESSION

The main objective of this campaign is to raise awareness about the health hazards of smoking among the residents of Shardul Colony, Bikaner. This activity is part of our academic curriculum, focusing on social awareness and community engagement.

1. Preparation and Planning (30 minutes):

Assemble the group of students participating in the campaign.
Discuss the goals and objectives of the campaign and allocate specific roles and responsibilities to each participant.
Prepare informative materials such as posters, pamphlets, and presentations highlighting the dangers of smoking and the benefits of quitting.

2. Outreach Activity in Shardul Colony (2 hours):

Divide into smaller groups and designate different areas within Shardul Colony for outreach activities.

RNB Global University Registrar Bikaner

Engage with residents by distributing informational materials and initiating conversation s about the harmful effects of smoking on health.
Encourage residents to ask questions and share their experiences or concerns related to smoking habits.
Offer support and resources for those interested in quitting smoking, such as helpline numbers or counselling services.

3. Interactive Sessions and Demonstrations (1 hour):

Organize interactive sessions and demonstrations to illustrate the immediate and long-term consequences of smoking on health.
Use visual aids, such as models of healthy lungs versus smoker's lungs, to effectively convey the message.
Facilitate discussions on strategies for smoking cessation and provide tips for maintaining a smoke-free lifestyle.

4. Feedback Collection and Reflection (30 minutes):

Gather feedback from residents regarding the effectiveness of the campaign and their willingness to make positive changes in their smoking habits.
Reflect as a group on the experiences and challenges encountered during the outreach activity.
Identify areas for improvement and discuss potential follow-up actions to sustain the momentum of the campaign.

5. Closing Remarks and Evaluation (15 minutes):

Conclude the campaign with a summary of key takeaways and messages conveyed.
Express gratitude to residents for their participation and engagement in the campaign.
Conduct a brief evaluation within the group to assess the overall success of the campaign and identify lessons learned for future initiatives.

Through this outreach activity, the group of students aims to make a positive impact on the community by raising awareness about the detrimental effects of smoking on health. By actively engaging with residents and providing valuable information and support, the group hopes to inspire positive behaviour change and contribute to the overall well-being of Shardul Colony, Bikaner.

Objective: Raise awareness about the health hazards of smoking among residents.
Format:
Outreach activity in Shardul Colony, involving distribution of informational materials and interactive sessions.
Focus on educating residents about the dangers of smoking and providing support for smoking cessation.
Feedback collection and reflection session to evaluate the impact of the campaign.
Conclusion: The event aimed to empower residents with knowledge about the risks of smoking and encourage positive behaviour change for improved community health.

INTRODUCTION

In recent years, organic farming has emerged as a cornerstone of sustainable agriculture, celebrated for its manifold benefits to the environment, human health, and local economies. As society increasingly recognizes the imperative of adopting eco-friendly practices, organic farming stands out for its commitment to natural processes and the well-being of both ecosystems and consumers. By abstaining synthetic chemicals and embracing nature's inherent wisdom, organic farming offers a holistic approach to food production that nurtures soil vitality, fosters biodiversity, and promotes ecological harmony.

At the heart of organic farming lies a profound respect for the interconnectedness of all living beings and the recognition that healthy ecosystems are fundamental to human flourishing. By cultivating crops without artificial pesticides and fertilizers, organic farmers not only safeguard the integrity of the land but also ensure the purity and nutritional value of the food we consume. In essence, organic farming embodies a vision of agriculture that is not only sustainable but regenerative, replenishing the Earth's resources rather than depleting them. While the principles of organic farming are rooted in science and ethics, their true essence is best understood through practical experience. Therefore, B.Sc. Agriculture VIth semester students organized a nursery visit to enhance awareness of the significance of organic farming among the nursery workers and staff and to encourage its incorporation into nursery practices. Through this social activity, students aimed to underscore the vital importance of organic farming methods, emphasizing their beneficial effects on soil quality, biodiversity, and ecological balance. By interacting with nursery workers and stakeholders, the students aimed to promote a culture of sustainability and encourage the adoption of organic farming techniques within the nursery environment.

OBJECTIVES

1. **Raise Awareness**: Increase awareness among nursery staff about the benefits of organic farming practices in terms of environmental sustainability, human health, and economic viability.

2. **Educate and Train**: Provide education and training to nursery staff on organic farming techniques, including soil management, pest control, and crop cultivation methods.

3. **Facilitate Skill Development**: Assist nursery staff in developing the necessary skills and knowledge to implement organic farming practices effectively, enhancing their capacity for sustainable agriculture.

RNB Global University Registrar Bikaner

4. Encourage Adoption: Encourage nursery staff to adopt organic farming practices by highlighting their advantages and demonstrating their feasibility within the nursery setting.

5.Promote Environmental Stewardship: Foster a culture of environmental stewardship among nursery staff by promoting practices that minimize environmental impact, such as reducing chemical inputs and conserving natural resources.

6. Improve Product Quality: Enhance the quality of nursery products by promoting organic farming practices that result in healthier plants with higher nutritional value and improved resilience to pests and diseases.

7. Support Economic Sustainability: Assist nursery staff in understanding the economic benefits of organic farming, such as reduced input costs, improved marketability of products, and long-term sustainability of nursery operations.

8. Build Community Engagement: Foster collaboration and partnership between B.Sc. Agriculture students and nursery staff to create a supportive network dedicated to promoting organic farming practices within the local community.

9. Demonstrate Leadership: Showcase B.Sc. Agriculture students' leadership in promoting sustainable agriculture practices by serving as role models and advocates for organic farming within the nursery and wider agricultural community.

10.Contribute to Sustainable Development: Contribute to the overall goal of sustainable development by promoting organic farming practices that support environmental, social, and economic well-being for present and future generations.

DETAILS OF THE EVENT

In pursuit of this aim, the B.Sc. Agriculture VI Semester students have embarked on a journey to Neelkanth Nursery in Bikaner. During the nursery visit, B.Sc. Agriculture students took on the role of educators, aiming to enlighten nursery workers and staff about the importance of organic farming. They engaged in a series of interactive discussions and demonstrations to convey key concepts and principles of organic agriculture. They discussed the importance of avoiding synthetic chemicals, promoting biodiversity, and fostering ecological harmony in agricultural practices. Students highlighted the numerous benefits of organic farming, emphasizing its positive impact on soil health, water quality, and biodiversity conservation. They explained how organic farming methods contribute to the production of healthier and more nutritious crops,

RNB Global University Registrar Bikaner

ultimately benefiting both the environment and human health. To make the concepts more tangible, the students provided practical examples and case studies of successful organic farming initiatives.

COCNCLUSION

The nursery visit organized by the B.Sc. Agriculture VI Semester students to Neelkanth Nursery in Bikaner marks a significant step towards promoting organic farming practices and fostering sustainability within the agricultural community. Throughout the event, students acted as advocates and educators, sharing valuable insights into the benefits and importance of organic agriculture with nursery workers and staff. By engaging in interactive discussions and demonstrations, students effectively conveyed key concepts and principles of organic farming, emphasizing its role in promoting environmental sustainability, human health, and economic viability.

The objectives of the social activity, ranging from raising awareness and facilitating skill development to promoting environmental stewardship and supporting economic sustainability, were successfully achieved through meaningful interactions and knowledge sharing. By promoting organic farming practices, the students have taken a proactive step towards creating a more resilient and environmentally conscious agricultural sector, one that prioritizes the well-being of both present and future generations.

INTRODUCTION

RNB Global University hosted an enriching outreach activity planting campaign by Department of computer science and engineering (FOBAS). In an era where environmental challenges loom large, it's more important than ever to take meaningful steps towards sustainability. Our planting campaign aims to do just that by mobilizing our community to come together and make a tangible difference.

Objective:

The objective of the planting activity was to promote environmental awareness and sustainable practices within the community by engaging in a plant growing initiative. The activity aimed to educate participants about the importance of plants in ecosystem health and foster a sense of responsibility towards environmental stewardship.

***Participants: ***

1. Vishwajeet Jha
2. Anish Raj
3. Divya
4. Ruchi Kumari
5. Harsh Arora
6. Brijesh Jha

Location: The plant growing initiative took place at opposite to Husangsar, a communal garden space within our community.

Activities:

1. Planning Phase: Prior to the event, the team met to select suitable plant species, allocate responsibilities, and prepare the garden space for planting.
2. Planting Activity: On the day of the event, the team gathered to plant the selected species, following best practices for soil preparation, planting depth, and spacing.

Challenges Faced:

1. Time Constraints: Balancing the initiative with other commitments proved challenging for some participants, requiring flexibility and effective time management.

ABOUT THE EVENT:

Participating in this event was truly eye-opening and enriching from a student's perspective. It wasn't just another assignment; it was an opportunity to step out of the confines of the classroom and engage with the community in a meaningful way. When we were tasked with planting trees in Shardul Colony, it felt like we were making a tangible difference right from the start. Each sapling we planted carried the promise of a greener, healthier environment for the residents of the colony. It was empowering to know that our actions were contributing to something larger than ourselves.

Visiting the park was equally enlightening. Speaking with the owner and gardener gave us invaluable insights into the meticulous care and effort that goes into maintaining such green spaces. Learning about their techniques for preserving trees during the scorching summer months was particularly fascinating and made me appreciate the intricate balance of nature even more. Planting a tree in the park was a symbolic gesture of our commitment to environmental conservation. It was a moment of pride, knowing that our small act would leave a lasting impact on the community for years to come.

But beyond the academic requirements, this event taught us so much about social awareness and personal development. It showed me the importance of actively engaging with our surroundings and taking responsibility for the world we inhabit. It also reinforced the value of teamwork and collaboration, as we worked together to achieve a common goal. Overall, this experience has left a profound impression on us. It's inspired us to be more mindful of our impact on the environment and to seek out opportunities to contribute positively to our community. And I'm grateful to have been part of an academic institution that values not only academic excellence but also the holistic development of its students.

THE FORMAT OF THE SESSION

1. Introduction (15 minutes):
   - Welcome participants and provide an overview of the session objectives.
   - Briefly explain the importance of social awareness and environmental engagement in academic and personal growth.

2. Tree Planting in Shardul Colony (45 minutes):
   - Divide participants into groups and assign designated areas for tree planting.
   - Provide necessary tools and instructions for proper planting techniques.
   - Facilitate discussions on the significance of tree planting for community sustainability and ecological balance.

RNB Global University Registrar Bikaner

3. Visit to Local Park (1 hour):
- Transport participants to the designated local park.
- Facilitate interactions with the park owner and gardener to learn about park maintenance practices, especially during summertime.
- Encourage participants to ask questions and actively engage in discussions to deepen understanding.

4. Tree Planting in the Park (30 minutes):
- Identify a suitable location within the park for tree planting.
- Demonstrate proper planting procedures and ensure active participation from all participants.
- Emphasize the symbolic significance of tree planting in public spaces for community beautification and environmental conservation.

5. Reflection and Discussion (20 minutes):
- Gather participants for a reflective discussion on their experiences during the session.
- Encourage sharing of insights, challenges faced, and lessons learned.
- Facilitate brainstorming on potential follow-up actions or projects inspired by the session.

6. Closing Remarks (10 minutes):
- Express gratitude to participants for their active involvement and contributions.
- Reinforce the importance of continued social awareness and environmental engagement in both academic and personal spheres.
- Provide any necessary instructions or reminders for upcoming events or assignments related to the session.

Conclusion:
The event aims to not only fulfil academic requirements but also to inspire participants to become proactive agents of positive change in their communities. Through experiential learning and hands-on activities, participants are encouraged to develop a deeper understanding of social and environmental issues while cultivating a sense of responsibility towards sustainable living.
The event was guided by Ms Zaiba Kham, Assistant Professor, FOBAS and students of RNB Global University.

Introduction

Inclusive education has become a cornerstone of modern educational philosophy, emphasizing the importance of providing equitable opportunities for all learners, regardless of their abilities or disabilities. The introduction to the report on the visit to Sunshine School for Inclusive Education sets the stage by highlighting the significance of studying schools dedicated to catering to the needs of children with special needs.

Seva Ashram for Inclusive Education was established with a clear mission: to create a nurturing and inclusive environment where children with diverse learning needs can thrive. The school's commitment to inclusive education aligns with broader societal goals of promoting diversity, equity, and social inclusion within educational settings.

The introduction aims to engage readers by underscoring the importance of understanding the practices and outcomes of schools like Seva ashram for Inclusive Education. By providing insights into the school's approach to inclusive education, the report seeks to contribute to ongoing efforts to improve educational outcomes for children with special needs and foster a more inclusive society.

Furthermore, the introduction outlines the objectives of the visit, which include understanding the school's educational approach, evaluating its facilities and resources, assessing the effectiveness of its support services, and identifying areas for improvement. These objectives serve as guiding principles that shape the focus of the report and provide clarity on the scope of the investigation.

Background

The background of Seva ashram for Inclusive Education provides essential context for understanding the school's mission, values, and contributions to the field of inclusive education. The school emerged in response to the growing demand for educational alternatives that cater to the needs of children with diverse learning needs.

From its inception, Seva ashram for Inclusive Education has been guided by a commitment to creating a supportive and inclusive learning environment where every child is valued and empowered to reach their full potential. This commitment is reflected in the school's mission statement, which emphasizes the importance of fostering a sense of belonging, respect, and acceptance among all members of the school community.

Over the years, Seva ashram for Inclusive Education has earned recognition for its innovative approaches to teaching and learning. The school's curriculum is designed to be flexible and adaptable, allowing teachers to customize instruction to meet the unique needs of each student. Additionally, the school places a strong emphasis on collaboration and teamwork, fostering partnerships between teachers, parents, therapists, and community organizations to support student success.

In terms of facilities and resources, Seva ashram for Inclusive Education is equipped with state-of-the-art facilities designed to meet the diverse needs of students. Classrooms are spacious and well-equipped, with adjustable furniture, sensory-friendly materials, and assistive technology to support learning. The school also boasts a therapy

Registrar Bikaner

room, sensory garden, and inclusive playground, providing students with opportunities for both academic and social-emotional growth.

Overall, the background of Seva ashram for Inclusive Education highlights the school's commitment to inclusive education and its dedication to providing quality educational experiences for children with special needs. By understanding the school's history, mission, and values, readers gain insight into the context in which the visit took place and the broader impact of the school on the field of special education.

Objectives of the Visit

The objectives of the visit to Seva ashram for Inclusive Education are multifaceted, encompassing a range of goals aimed at gaining a comprehensive understanding of the school's practices and outcomes. These objectives serve as guiding principles that shape the focus of the visit and provide clarity on the scope of the investigation.

One of the primary objectives of the visit is to understand the school's educational approach. This includes examining the curriculum framework, teaching methods, and instructional strategies employed by teachers to meet the diverse needs of students. By gaining insights into the school's educational philosophy and practices, the visit aims to identify effective strategies and interventions that promote student engagement, achievement, and well-being.

Another objective of the visit is to evaluate the school's facilities and resources. This involves assessing the physical environment of the school, including its classrooms, playgrounds, therapy rooms, and assistive technology resources. By examining the adequacy, accessibility, and functionality of the school's facilities, the visit aims to identify strengths and areas for improvement that can enhance the overall learning environment for students.

Additionally, the visit seeks to assess the effectiveness of the school's support services. This includes examining the range of support services available to students, such as therapies, counseling, and health services. By evaluating the accessibility, quality, and outcomes of support services, the visit aims to identify opportunities for enhancing service delivery and improving student outcomes.

Furthermore, the visit aims to identify areas for improvement or enhancement within the school. This includes identifying challenges faced by the school in providing inclusive education, as well as opportunities for growth and development. By providing actionable recommendations for improvement, the visit aims to support the ongoing efforts of the school to enhance the quality and inclusiveness of its educational programs and services.

Overall, the objectives of the visit to Seva ashram for Inclusive Education are aimed at gaining a comprehensive understanding of the school's practices and outcomes, identifying areas for improvement, and providing support for ongoing efforts to promote inclusive education.

RNB Global University Registrar Bikaner

Physical Environment and Facilities

The physical environment and facilities at Seva ashram for Inclusive Education are designed to create an inclusive and accessible learning environment for all students. The school's facilities are spacious, well-equipped, and thoughtfully designed to meet the diverse needs of students with special needs.

Classrooms at Seva ashram for Inclusive Education are designed to be flexible and adaptable, with adjustable furniture, sensory-friendly materials, and assistive technology resources. Each classroom is equipped with a variety of learning materials and resources to support different learning styles and abilities. Additionally, classrooms are organized to promote collaboration and social interaction among students, with designated areas for group activities, individual work, and sensory breaks.

The school also boasts a range of specialized facilities to support the diverse needs of students. This includes a therapy room equipped with sensory equipment, therapy tools, and other resources to support the physical, sensory, and emotional well-being of students. The therapy room provides a safe and supportive environment for students to engage in individual and group therapy sessions with qualified therapists.

In addition to classroom and therapy facilities, Seva ashram for Inclusive Education also features a sensory garden and inclusive playground. The sensory garden provides students with opportunities for outdoor exploration and sensory stimulation, while the inclusive playground is designed to accommodate children of all abilities, with accessible equipment and sensory-rich play experiences.

Accessibility is a key consideration throughout the school's facilities, with ramps, elevators, and other accessibility features to ensure that all areas of the school are accessible to students with mobility impairments. Moreover, the school's facilities are designed to be inclusive and welcoming to students of all backgrounds, with signage, materials, and resources available in multiple languages and formats.

Overall, the physical environment and facilities for Inclusive Education are designed to create a supportive and inclusive learning environment for all students. By providing accessible, well-equipped facilities, the school ensures that students with special needs have the resources and support they need to succeed academically, socially, and emotionally.

Curriculum and Educational Approach

The curriculum and educational approach for Inclusive Education are guided by principles of flexibility, adaptability, and inclusivity. The school's curriculum is designed to meet the diverse needs of students with special needs while promoting academic achievement, social-emotional development, and independence.

The curriculum at Seva ashram is designed to be flexible and adaptable, allowing teachers to customize instruction to meet the individualized needs of each student. Teachers use a variety of instructional strategies, materials, and resources to

PNB Global University Registrar Bikaner

accommodate different learning styles, abilities, and interests. Additionally, the curriculum is aligned with state standards and benchmarks, ensuring that students receive a high-quality education that prepares them for future success.

In addition to academic learning, the curriculum for Inclusive Education emphasizes the development of life skills and social-emotional competencies. Teachers incorporate opportunities for hands-on learning, real-world experiences, and social interactions into the curriculum to promote the development of essential life skills such as communication, problem-solving, and self-regulation.

The educational approach for Inclusive Education is grounded in principles of inclusion and collaboration. Teachers work closely with students, parents, therapists, and other stakeholders to develop individualized education plans (IEPs) that address the unique needs and goals of each student. Additionally, teachers foster a supportive and inclusive classroom environment where all students feel valued, respected, and supported.

Technology plays a key role in supporting teaching and learning. The school is equipped with a range of assistive technology resources, including adaptive devices, communication tools, and educational software, to support students with diverse learning needs. Teachers receive training and support in the use of assistive technology to ensure that students have access to the tools and resources they need to succeed.

Overall, the curriculum and educational approach are designed to create a supportive and inclusive learning environment where all students can thrive. By providing a flexible, adaptable curriculum and fostering a culture of collaboration and inclusion, the school ensures that students with special needs receive a high-quality education that prepares them for future success.

Staffing and Training

The staffing and training practices are key components of the school's success in providing quality education and support services to students with special needs. The school employs a team of dedicated professionals who are committed to the mission and values of inclusive education.

The teaching staff consists of qualified special education teachers with expertise in diverse disability categories. Teachers undergo rigorous hiring processes to ensure that they possess the knowledge, skills, and commitment necessary to support students with special needs effectively. Additionally, teachers receive ongoing training and professional development opportunities to enhance their skills and knowledge in areas such as behavior management, assistive technology, and differentiated instruction.

In addition to special education teachers, employs a team of support staff, including teaching assistants, therapists, and counselors, who play critical roles in supporting student learning and well-being. Support staff members receive training and supervision to ensure that they are equipped to provide high-quality services and support to students with special needs.

Moreover, the school emphasizes the importance of creating a positive and supportive work environment for staff, recognizing the demanding nature of their work and the

RNB Global University Registrar Bikaner

importance of self-care and well-being. Staff members have access to resources and support services to help them cope with stress, prevent burnout, and maintain a healthy work-life balance.

Overall, the staffing and training practices reflect a commitment to excellence and continuous improvement in providing quality education and support services to students with special needs. By investing in the professional development and well-being of staff, the school ensures that students receive the highest level of care and support to help them succeed academically, socially, and emotionally.

Challenges and Successes

Like any educational institution, Seva ashram faces a range of challenges and successes in its efforts to provide quality education and support services to students with special needs. Understanding these challenges and successes is essential for identifying areas for improvement and building upon existing strengths.

One of the main challenges faced is limited funding and resources. Providing specialized services and accommodations for students with special needs can be costly, and the school often faces budgetary constraints in meeting the diverse needs of its students. Additionally, staffing shortages and high turnover rates can pose challenges in maintaining continuity of care and support for students.

Despite these challenges, Seva ashram has achieved notable successes in its efforts to promote inclusive education and support student success. One of the key successes of the school is its strong sense of community and collaboration. Teachers, parents, students, and community members come together to create a supportive and inclusive learning environment where all students feel valued and supported.

Moreover, Seva ashram has achieved success in promoting academic achievement and social-emotional development among its students. Student outcomes, such as improved communication skills, academic progress, and increased self-confidence, are a testament to the effectiveness of the school's programs and services.

Additionally, Seva ashram has been successful in fostering a culture of innovation and continuous improvement. The school regularly evaluates its practices and outcomes, soliciting feedback from stakeholders and making adjustments as needed to better meet the needs of its students.

Overall, while Seva ashram faces challenges in its efforts to provide quality education and support services to students with special needs, it has achieved notable successes in creating a supportive and inclusive learning environment where all students can thrive and succeed. By building upon these successes and addressing challenges proactively, the school continues to make strides in promoting inclusive education and supporting student success.

RNB Global University Registrar Bikaner

Conclusion

In conclusion, the visit to Seva ashram has provided a comprehensive understanding of the school's practices, challenges, successes, and opportunities for growth. Through a

thorough exploration of its physical environment, curriculum, staffing, support services, and community engagement, this report sheds light on the exemplary efforts of Seva ashram in fostering a truly inclusive educational experience for students with special needs.

The visit revealed the significance of the school's physical environment in facilitating inclusive education. With well-equipped classrooms, therapy rooms, sensory gardens, and inclusive playgrounds, Seva ashram ensures that its facilities are accessible and conducive to learning for all students. The school's commitment to accessibility extends beyond physical spaces to encompass a culture of inclusivity that values diversity and promotes acceptance.

Despite its successes, Seva ashram faces challenges inherent to the field of special education, including limited funding, staffing shortages, and the need for continuous improvement. However, these challenges are met with resilience, creativity, and a commitment to excellence. By implementing evidence-based practices, strengthening partnerships, and advocating for resources, it remains dedicated to overcoming obstacles and providing the best possible education for its students.

The visit serves as a testament to the transformative power of inclusive education in creating opportunities for all students to thrive and succeed. Through its unwavering commitment to inclusivity, innovation, and collaboration, exemplifies the promise of inclusive education in fostering a more equitable and compassionate society. As we reflect on the insights and lessons learned from this visit, let us reaffirm our commitment to creating inclusive learning environments where every child has the opportunity to reach their full potential.

Report on

"Awareness Programme on the Eradication of Dowry System"

Introduction:

On 9th April 2024, our team, comprising eight classmates, undertook an outreach activity at Govt. Sr. Secondary School, Khara, Bikaner, aiming to address the issue of the dowry system prevalent in the community. Recognizing the detrimental effects of the dowry system on individuals and society, we organized this initiative to raise awareness and advocate for change.

Objectives:

1. To educate students about the consequences of the dowry system.
2. To empower students with knowledge and skills to oppose the dowry system.
3. To engage with the community and encourage dialogue on the issue.

Activity Details:

1. Preparation Phase:

- Conducted research on dowry system statistics, laws, and its impact.
- Designed educational materials including posters, presentations, and handouts.
- Coordinated with school authorities for permission and logistical support.

2. Awareness Session:

- Held an interactive session with students of the school.
- Presented information on what constitutes the dowry system, its consequences on health, education, and socio-economic development.
- Facilitated discussions to understand students' perspectives and misconceptions.
- Shared real-life stories and testimonials to emphasize the gravity of the issue.

RNB Global University Registrar Bikaner

3. Skill-building Activities:

- Organized workshops on life skills such as communication, decision-making, and assertiveness.
- Conducted role-playing exercises to practice saying 'no' to dowry demands and seeking help from trusted adults.
- Provided resources and helpline numbers for students in distress.

4. Community Engagement:

- Delivered presentations on the legal aspects of the dowry system and the importance of education and gender equality.
- Distributed informational pamphlets and encouraged community members to pledge against the dowry system.

Outcomes:

1. Increased awareness among students about the detrimental effects of the dowry system.
2. Enhanced life skills and confidence among students to resist pressure and make informed choices.
3. Initiated dialogue within the community, challenging traditional beliefs and norms surrounding the dowry system.
4. Strengthened partnerships between the school, students, and the community to combat the dowry system collectively.

Challenges Faced:

1. Limited resources for conducting interactive workshops and sustaining long-term engagement.
2. Time constraints within the school curriculum for conducting comprehensive sessions.

Recommendations for Future Activities:

RNB Global University Registrar Bikaner

1. Incorporate regular sessions on gender equality and financial independence in the school curriculum.
2. Establish youth-led advocacy groups to sustain momentum and drive change.
3. Foster partnerships with local NGOs and government agencies for resource mobilization and support.
4. Conduct follow-up assessments to measure the long-term impact of the intervention.

Conclusion:

Our outreach activity at Govt. Sr. Secondary School, Khara, Bikaner served as a stepping stone towards addressing the pervasive issue of the dowry system in the community. By equipping students with knowledge and skills, and fostering community dialogue, we strive to create a future where every individual has the opportunity to fulfil their potential free from the constraints of dowry demands. We remain committed to continuing our efforts towards building a more equitable and just society.

Report on

Cleanliness Drive

Objective:

The objective of the cleanliness drive was to instill awareness and action regarding cleanliness within the community while nurturing a sense of responsibility towards environmental stewardship.

Participants:

The event saw the participation of eight individuals from our BA/BBA+LL.B program:

1. Harshita Chandak
2. Divya Swami
3. Suniana Gaur
4. Aarju Singh
5. Rajhansh
6. Tej Prakash
7. Karan Chettri
8. Hitesh

The cleanliness drive was conducted in Rajesh Bchc Park, a neighborhood within our community, chosen as the focus area for our cleanup efforts.

Activities:

1. Planning Phase:

Prior to the event, the team convened to strategize logistics, including identifying the designated area, procuring necessary supplies, and distributing tasks among participants.

2. Cleanup Activity:

On the designated day, participants formed groups and commenced the cleanup process. The focus was on removing litter, clearing debris, and tidying communal spaces such as parks and sidewalks.

RNB Global University Registrar Bikaner

3. Engagement with Community:

Throughout the activity, participants engaged with local residents, emphasizing the significance of cleanliness and encouraging community involvement in our efforts.

4. Reflection:

Following the cleanup, participants gathered to reflect on their experiences. Discussions revolved around challenges encountered, lessons learned, and avenues for improvement.

6. Challenges Faced:

Several challenges were encountered during the event, including:

1. Limited Participation: Despite promotional efforts, community participation fell short of expectations.

2. Time Constraints: Time limitations during the cleanup hindered the extent of coverage.

3. Resource Scarcity: Acquiring adequate cleaning supplies and equipment proved challenging.

7. Achievements:

1. Noticeable Improvement:

Despite challenges, participants made a visible difference in the cleanliness of the targeted area.

2. Community Engagement:

Engagement with community members spurred discussions on environmental stewardship and personal responsibility.

3. Teamwork and Camaraderie:

The event fostered camaraderie and purpose among participants, highlighting the power of teamwork.

8. Learning Outcomes:

Tej honed leadership skills through logistical coordination and task delegation, underscoring the importance of effective communication and teamwork. Harshita gained insight into the environmental ramifications of littering, fostering a sense of personal responsibility towards environmental stewardship. Divya enhanced problem-solving skills by devising efficient

RNB Global University Registrar Bikaner

cleanup strategies and collaborating effectively with team members. Suniana improved communication skills through community engagement, effectively conveying the importance of cleanliness and inspiring action. Aarju developed an appreciation for collective action in addressing environmental issues, recognizing the impact of individual behavior on community cleanliness. Hitesh expanded knowledge of waste management practices and sustainable living principles, acquiring strategies for promoting environmental conservation. Karan cultivated a sense of civic responsibility towards maintaining public spaces, acknowledging the link between environmental health and community well-being. Rajhansh developed leadership and organizational skills through active participation, gaining confidence in driving positive change within the community.

9. Conclusion:

In conclusion, the cleanliness drive served as a pivotal opportunity to promote environmental awareness and community engagement. Despite challenges, participants made a tangible impact, setting the stage for future initiatives aimed at cultivating a cleaner and healthier environment for all.

B. Introduction:

On April 9, 2024, a group of eight classmates, led by Divya Swami, embarked on a significant outreach endeavor in the KHARA locality of Bikaner. The objective was clear: to champion the cause of education. Understanding education as not just a privilege but a fundamental right and a gateway to personal and societal progress, this initiative was conceived to illuminate the path towards enhancing access to quality education.

The essence of this endeavor lies in recognizing education as the cornerstone of empowerment, capable of catalyzing individual growth and community development. With this conviction, the team endeavored to raise awareness and inspire action, striving to bridge the gap between potential and opportunity in the realm of education.

This report encapsulates the meticulous planning, heartfelt engagements, and profound outcomes of the "NUKADD NATAK: A VOICE FOR EDUCATION" campaign, reflecting a collective commitment to advocate for education and sow the seeds of change in the fabric of society.

C. Objectives:

1. Raise Awareness: The primary aim of the "NUKADD NATAK: A VOICE FOR EDUCATION" campaign was to elevate consciousness regarding the pivotal role of education in personal and societal advancement. By disseminating knowledge about the multifaceted benefits of education, the objective was to instill a sense of urgency and importance among community members.

2. Promote Prioritization: Another key objective was to encourage parents and children to prioritize education amidst various competing demands and challenges. By highlighting the long-term dividends of investing in education, the campaign sought to shift mindsets and foster a culture where education is valued as a cornerstone of success.

3. Provide Support and Resources: Recognizing the barriers that impede access to quality education, the campaign aimed to provide tangible support and resources to the community. Whether through informational materials, guidance sessions, or advocacy

Registrar Bikaner

efforts, the objective was to empower individuals with the tools and knowledge needed to overcome obstacles and pursue educational opportunities.

4. Facilitate Community Engagement: Beyond individual empowerment, the campaign aimed to foster community-wide engagement and collaboration around the cause of education. By creating spaces for dialogue, sharing success stories, and building partnerships, the objective was to mobilize collective action towards creating a more conducive environment for learning and growth.

D. Activity Details:

1. Preparation Phase:

- **Research:** The campaign commenced with a thorough research phase, aimed at understanding the local education landscape, including statistics, challenges, and opportunities. This informed the development of tailored strategies and messaging for maximum impact.
- **Material Design:** A variety of educational materials, such as posters, brochures, and multimedia presentations, were meticulously designed to effectively communicate key messages and engage the target audience.
- **Collaboration:** Building alliances with local authorities and community leaders was integral to gaining support and permission for the activity. Through collaborative efforts, the campaign aimed to leverage existing networks and resources for greater reach and impact.

2. Community Engagement:

- **Gathering:** A central gathering was organized within the KHARA village, providing a platform for community members to come together and participate in the campaign activities.
- **Presentations:** Engaging presentations were delivered, highlighting the myriad benefits of education, ranging from improved health outcomes to increased socio-economic mobility. These presentations aimed to spark dialogue and reflection among participants.
- **Discussions:** Interactive discussions were facilitated to address common misconceptions and concerns surrounding education. Through open dialogue, the campaign aimed to dispel myths and foster a deeper understanding of the transformative power of education.
- **Success Stories:** Inspiring success stories of individuals who have overcome educational barriers were shared, serving as beacons of hope and motivation for participants. These narratives aimed to illustrate the tangible impact of education on individual lives and communities.

RNB Global University Registrar Bikaner

3. Interactive Activities:

- **Parental Guidance:** Practical guidance was provided to parents on how to support their children's educational journey, including tips for creating conducive learning environments at home and fostering positive relationships with teachers. These interactive sessions aimed to empower parents as partners in their children's education.

Through these meticulously planned activities, the campaign aimed to not only raise awareness about the importance of education but also actively engage and empower the community to take proactive steps towards enhancing access to quality education for all.

4. Outcomes:

- **Increased Awareness:** The campaign successfully heightened awareness within the community regarding the pivotal role of education in individual and societal development. Through informative presentations, discussions, and engagement activities, participants gained a deeper understanding of the transformative power of education.
- **Empowerment:** Participants, particularly parents and children, were empowered with knowledge and resources to overcome barriers to access and retention in school. By equipping them with practical guidance and success stories, the campaign instilled a sense of agency and confidence in pursuing educational opportunities.
- **Community Collaboration:** The campaign fostered stronger bonds within the community and encouraged collaborative efforts towards improving educational opportunities for all. By bringing together diverse stakeholders, including local authorities, community leaders, parents, and students, the campaign laid the foundation for sustained partnerships and collective action.
- **Inspiration:** The campaign inspired a sense of hope and determination among participants, igniting a desire for lifelong learning and personal development. By showcasing real-life examples of individuals who have thrived through education, the campaign sparked aspirations and motivated individuals to strive for academic excellence.

4. Challenges Faced:

- **Limited Resources:** One of the primary challenges encountered during the campaign was the scarcity of resources and infrastructure for delivering educational services within the locality. This limitation hindered the effective

RNB Global University Registrar Bikaner

implementation of certain activities and necessitated innovative approaches to maximize impact within existing constraints.

- **Community Resistance:** The campaign faced resistance from some segments of the community, driven by cultural or socio-economic factors. Overcoming deep-seated beliefs or skepticism towards education required nuanced communication strategies and sustained efforts to build trust and rapport with reluctant participants.
- **Language and Communication Barriers:** Language or communication barriers emerged as another significant challenge, particularly in engaging with certain segments of the population. Addressing linguistic diversity and ensuring inclusive communication strategies were essential to effectively reach and resonate with all community members.
- **Logistical Constraints:** Logistics-related challenges, such as transportation issues or scheduling conflicts, posed additional hurdles in organizing and executing campaign activities. Overcoming logistical constraints required meticulous planning and coordination to ensure the smooth conduct of events and engagements.
- **Cultural Sensitivities:** Sensitivities around cultural norms and practices presented challenges in navigating community dynamics and ensuring the relevance and acceptability of campaign messaging. Adapting approaches to respect and align with local customs and traditions was crucial in fostering meaningful dialogue and engagement.

Despite these challenges, the campaign persisted with resilience and creativity, leveraging collaborative approaches and adaptive strategies to effectively address obstacles and advance its mission of advocating for education within the community.

5. Recommendations for Future Activities:

- **Tailored Interventions:** Develop tailored interventions to address specific challenges identified within the community, such as transportation barriers or lack of qualified teachers. Customizing approaches to the unique needs and circumstances of the locality will enhance the effectiveness and relevance of future initiatives.
- **Partnership Building:** . Foster partnerships with local businesses and organizations to provide scholarships, internships, or vocational training opportunities for students. Collaborating with external stakeholders will expand access to resources and opportunities, enriching educational experiences for the community.
- **Community Engagement Platforms:** Establish regular community meetings or forums to sustain momentum and address emerging educational needs. Creating

RNB Global University Registrar Bikaner

dedicated spaces for ongoing dialogue and collaboration will facilitate continuous improvement and responsiveness to evolving community priorities.

E. Conclusion:

The "NUKADD NATAK: A VOICE FOR EDUCATION" campaign has been a significant endeavor in advocating for the importance of education and fostering community development. Through a series of engaging activities and collaborative efforts, the campaign has achieved meaningful outcomes and laid the groundwork for future initiatives.

By raising awareness, empowering individuals, strengthening community partnerships, and inspiring hope, the campaign has demonstrated the transformative power of education in unlocking opportunities and driving positive change. Despite facing challenges, the campaign has persevered with resilience and creativity, leveraging collective action to overcome obstacles and advance its mission.

Moving forward, we remain committed to building upon the momentum generated by the campaign and continuing our efforts to advocate for education and empower individuals to reach their full potential. By staying true to our vision and embracing collaboration, we can create a brighter future where education is accessible to all, serving as a catalyst for prosperity and progress in our communities and beyond.

Report On

Tree Plantation Activity

Objective:

The primary aim of the plant growing initiative was to instill environmental consciousness and sustainable practices within the community by actively engaging in a hands-on planting activity. Through this initiative, we sought to educate participants about the pivotal role of plants in ecosystem health and to nurture a sense of responsibility towards environmental stewardship.

Participants:

The event witnessed the enthusiastic participation of eight individuals from our BA/BBA+LLB program:

1. Tej Parkash
2. Harshita Chandak
3. Divya Swami
4. Rajhansh
5. Karan
6. Hitesh
7. Sunaina Gaur
8. Aarju Singh

Location:

The event was hosted at a communal garden space opposite to Ricco road, serving as an ideal location for fostering community engagement and environmental awareness.

Activities:

1. Planning Phase:

Prior to the event, a comprehensive planning phase was undertaken. The team meticulously selected suitable plant species, delegated responsibilities, and prepared the garden space for planting, ensuring a smooth execution of the initiative.

RNB Global University Registrar Bikaner

2. Planting Activity:

On the designated day, participants convened to initiate the planting activity. Following best practices for soil preparation, planting depth, and spacing, the team enthusiastically planted the selected species, fostering a tangible connection with nature and the environment.

Challenges Faced:

While the event unfolded smoothly, several challenges were encountered, notably:

1. Time Constraints: Balancing the demands of the initiative with other commitments posed a challenge for some participants. Effective time management and flexibility were imperative in overcoming this hurdle.

Achievements:

1. Raised Environmental Awareness: The initiative succeeded in raising awareness about the environmental benefits of gardening. Participants were inspired to adopt sustainable gardening practices in their own homes, thereby contributing to the collective effort towards environmental conservation.

2. Fostering Community Bonds: The event facilitated the cultivation of camaraderie and teamwork among participants. Strengthening community bonds, the initiative engendered a shared commitment to environmental stewardship, laying a solid foundation for future collaborative endeavors.

Learning Outcomes

Tej honed his gardening skills and acquired knowledge of plant care techniques. The experience instilled in him the importance of patience and perseverance in nurturing plant growth. Harshita developed a deeper understanding of the ecological significance of plants in supporting biodiversity and ecosystem health. The initiative nurtured in her a profound sense of connection to nature and the environment. Divya enhanced her problem-solving skills by addressing challenges such as pest management and soil quality. She adeptly adapted to changing environmental conditions, demonstrating a flair for creative solutions.

Sunaina improved her communication skills through engaging with community members during educational sessions. Effectively conveying complex concepts related to gardening and environmental conservation, she emerged as a proficient communicator. Rajhansh cultivated a sense of responsibility towards caring for living organisms and the environment. Recognizing the interconnectedness between human activities and planetary health, he emerged as a conscientious environmental steward. Karan expanded his knowledge of sustainable gardening practices and their manifold benefits. Equipped with practical strategies for reducing carbon footprint, he emerged as a proponent of environmental

RNB Global University Registrar Bikaner

sustainability. Hitesh developed leadership skills by shouldering responsibilities such as organizing maintenance schedules and coordinating educational sessions. The initiative bolstered his confidence in initiating positive change within the community. Aarju fostered a sense of community and belonging through shared experiences of nurturing plant growth. Recognizing the value of collaborative efforts, she emerged as a catalyst for positive change within the community.

Conclusion

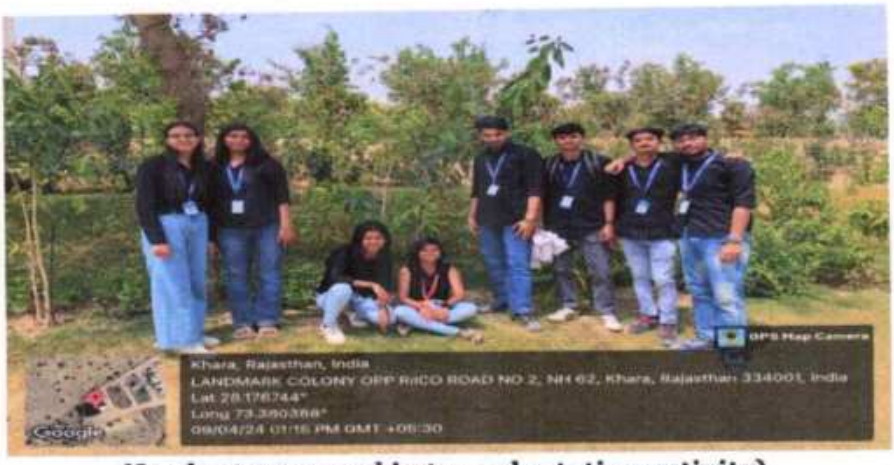

In conclusion, the plant growing initiative emerged as a resounding success, underscoring the efficacy of collective action in promoting environmental awareness and fostering community engagement. Despite encountering challenges, the initiative achieved its objectives, laying a robust groundwork for future endeavors aimed at promoting sustainability and environmental stewardship within our community.

This event not only contributed to the personal growth and development of each participant but also served as a testament to the transformative power of collective action in effecting positive change. As we reflect on the success of this initiative, we are inspired to continue our efforts towards building a greener, more sustainable future for generations to come.

Report On

Expert Lecture on Voter Awareness Program under Electoral Literacy Club

DOC202404090012

Date: April 09, 2024 **Time:** 02:00 PM to 03:00 PM

Venue: Seminar Hall, RNB Global University

Participants- All the students of University

Speaker- Mr Gopal Joshi, District Coordinator, SVEEP, Bikaner

Executive Summary:

This report summarizes a seminar held at RNB Global University, Bikaner, on the topic of voter awareness. Mr Gopal Joshi, the District Coordinator of SVEEP in Bikaner, delivered insights on the importance of voting and strategies for enhancing voter awareness. The seminar aimed to educate students and faculty about their role in the democratic process and encourage active participation in elections.

Introduction:

Voting is a fundamental right and responsibility in any democratic society. However, voter turnout rates often fall short of ideal levels, highlighting the need for increased voter awareness initiatives. This report provides an overview of a seminar conducted at RNB Global University, where Mr GopalJoshi shared valuable insights on the significance of voting and ways to promote voter awareness among the youth.

RNB Global University Registrar Bikaner

Seminar Details:

The seminar on voter awareness was held in the seminar hall of RNB Global University, Bikaner. Mr Gopal Joshi, the District Coordinator of SVEEP (Systematic Voters' Education and Electoral Participation) in Bikaner, was the keynote speaker. The event aimed to enlighten students and faculty about the importance of exercising their voting rights and to equip them with knowledgeabout the electoral process.

Key Points Covered:

During the seminar, Mr Gopal Joshi elaborated on various aspects of voter awareness, including:

- The democratic significance of voting
- The role of young voters in shaping the future of the nation
- Strategies for increasing voter turnout
- Voter registration processes and deadlines
- Importance of making informed voting decisions
- Role of SVEEP in promoting voter education and participation

Audience Response:

The seminar received an enthusiastic response from the audience, comprising students, faculty, and staff. Attendees actively participated in the discussions, asking questions and sharing their perspectives on voter awareness and civic engagement. Many expressed a newfound understanding of the importance of voting and pledged to encourage others to exercise their voting rights.

Conclusion:

The seminar on voter awareness conducted at RNB Global University, Bikaner, served as a platform to educate and engage students and faculty in discussions about the significance of voting. Mr Gopal Joshi's insights provided valuable guidance on how individuals can contribute to strengthening democracy through active participation in the electoral process. The event underscored the importance of on-going efforts to promote voter awareness and civic responsibilityamong the youth.

April, 2024

RNB Global University Registrar Bikaner

Introduction:

In the vibrant tapestry of democracy, the act of voting is both a right and a responsibility. Recognizing the pivotal role of youth engagement in shaping the democratic process, students of B.Sc. Agriculture Semester II at RNB Global University, Bikaner, led by Lokendra, Anisha, and Sneha, organized an event on April 9th, 2024, dedicated to promoting awareness about the importance of casting votes under Electoral Literacy Club. Held at Gram Sharah Kajani in Bikaner, this initiative sought to empower citizens, particularly in rural areas, to exercise their democratic rights and participate actively in the electoral process.

Objectives:

Educate and Inform: Raise awareness among citizens, especially youth, about the significance of voting in a democratic society.

Empowerment: Empower individuals with knowledge about voter registration procedures, polling locations, and voting rights.

Encourage Participation: Motivate eligible voters to actively participate in elections and exercise their democratic right to vote.

Community Engagement: Foster community dialogue and collaboration to address barriers to voting and promote inclusive participation in the electoral process.

Reasons for the Program: The importance of voting stems from its profound implications for democracy and governance:

Democratic Representation: Voting is the cornerstone of democratic governance, ensuring that elected representatives reflect the will of the people.

Civic Engagement: Participation in the electoral process fosters a sense of civic responsibility and strengthens democratic values.

Policy Impact: By casting their votes, citizens shape the policies and priorities of their government, influencing issues that affect their lives.

Accountability: Voting holds elected officials accountable to the electorate, promoting transparency and responsiveness in governance.

Social Justice: Voting is a means of amplifying marginalized voices and advancing social justice by advocating for policies that address systemic inequalities.

Details of Events:

Educational Workshops: The event commenced with informative workshops on the electoral process, voter registration, and voting rights. Expert speakers elucidated the significance of voting in a democracy and addressed common misconceptions and barriers to participation.

Interactive Sessions: Engaging discussions and interactive sessions provided attendees with a platform to share their perspectives, concerns, and aspirations regarding the electoral process. Participants were encouraged to ask questions and seek clarification on voting-related matters.

Voter Registration Drive: A voter registration drive facilitated the registration of eligible voters who were not yet enrolled. Volunteers assisted individuals in completing registration forms and provided guidance on the documentation required.

Polling Information Booths: Information booths were set up to provide details about polling locations, voting dates, and procedural requirements. Attendees received personalized assistance in locating their polling stations and understanding the voting process.

Mock Voting Exercise: A mock voting exercise allowed participants to familiarize themselves with the voting process in a simulated environment. This hands-on experience helped alleviate anxiety and uncertainty about voting procedures.

Community Outreach: Door-to-door canvassing and community outreach initiatives were undertaken to reach individuals who may face barriers to voting, such as lack of awareness or accessibility issues. Informational pamphlets and flyers were distributed to households.

Interactive Games and Activities: Creative games and activities, such as quizzes, contests, and role-playing scenarios, engaged participants and reinforced key messages about the importance of voting in a democracy.

Conclusion:

The "Awareness for Casting Vote" event organized by B.Sc. Agriculture Semester II students of RNB Global University, Bikaner, serves as a beacon of civic engagement and democratic participation. By educating, empowering, and mobilizing citizens to exercise their right to vote, the event exemplifies the transformative power of youth-led initiatives in strengthening democracy at the grassroots level. As we strive to build more inclusive and representative societies, initiatives like these play a crucial role in fostering civic awareness, participation, and empowerment. Moving forward, it is imperative to sustain momentum and continue advocating for an inclusive electoral process that amplifies the voices of all citizens, ensuring a more vibrant and resilient democracy for generations to come.

B. Introduction:

Child marriage persists as a grave violation of human rights, particularly prevalent in societies where deep-rooted social norms intersect with poverty and gender inequality. In response to this urgent concern, our initiative, "Nukkad Natak: A Creative Approach to Tackling Child Marriage," endeavors to confront this issue head-on through the compelling medium of street theater.

Child marriage robs children of their childhood, jeopardizes their health, denies them education, and perpetuates cycles of poverty and gender inequality. Despite legal prohibitions and international commitments to end child marriage, millions of girls and boys continue to be married off before they reach adulthood, often against their will and without their consent.

Our initiative recognizes that combating child marriage requires more than just policy interventions; it demands grassroots mobilization, community dialogue, and a shift in societal attitudes and behaviors. By harnessing the power of street theater, we aim to ignite conversations, challenge harmful norms, and empower communities to take a stand against this harmful practice.

Through this report, we offer insights into our approach, activities, outcomes, challenges, and recommendations, highlighting the pivotal role of creative expression and community engagement in the fight against child marriage.

C. Objectives:

- **Raise Awareness:** Our primary objective is to raise awareness about the detrimental impacts of child marriage on individuals, families, and communities. By shedding light on the physical, emotional, and social consequences of early marriage, we aim to stimulate dialogue and foster a deeper understanding of the issue.

RNB Global University Registrar Bikaner

- **Challenge Social Norms:** We seek to challenge entrenched social norms and beliefs that perpetuate the practice of child marriage. Through thought-provoking performances and discussions, we aim to disrupt harmful narratives and inspire critical reflection on the value of gender equality, education, and children's rights.
- **Empower Communities:** Our initiative aims to empower communities to take proactive steps towards preventing child marriage and supporting affected individuals. By providing information, resources, and opportunities for dialogue, we strive to mobilize community members to become advocates for change within their own contexts.
- **Promote Policy Advocacy:** In addition to community-level engagement, we aim to advocate for policy reforms and legal protections to address the root causes of child marriage. By amplifying the voices of survivors, activists, and allies, we seek to galvanize support for legislative measures and institutional initiatives to end child marriage once and for all.

D. Activity Details:

I. **Script Development:** Our script for the "Nukkad Natak: A Creative Approach to Tackling Child Marriage" initiative has been meticulously crafted to resonate with diverse audiences while effectively conveying the gravity of the issue. It unfolds as a narrative that intertwines personal stories, societal dynamics, and calls to action, aiming to provoke thought, evoke emotion, and inspire change.

- **Introduction:** The script begins with an introduction that sets the stage for the audience, providing context about the prevalence and consequences of child marriage in the community. Through narration and dialogue, key statistics and personal testimonies are shared to underscore the urgency of the issue.
- **Character Development:** Central to the script are the characters whose lives are impacted by child marriage. These characters represent a spectrum of experiences, including young brides, grooms, parents, and community members. Through their interactions, the audience gains insight into the complexities and human dimensions of the issue.
- **Conflict and Resolution:** The script navigates through various conflicts and tensions that arise due to child marriage, such as forced unions, disrupted education, and shattered dreams. As the story unfolds, characters grapple with internal and external pressures, ultimately finding strength and resilience to challenge the status quo.
- **Transformation and Empowerment:** Integral to the script is the theme of transformation and empowerment. As the characters confront adversity and injustice, they discover their agency and collective power to effect change.

RNB Global University Registrar Bikaner

Through solidarity, activism, and support networks, they embark on a journey towards ending child marriage and building a brighter future.

- **Call to Action**: The script culminates in a powerful call to action, inviting the audience to join the movement against child marriage. Through stirring monologues, impassioned speeches, and interactive dialogue, audience members are encouraged to reflect on their roles as agents of change and commit to taking concrete steps to combat child marriage in their communities.
- By weaving together compelling narratives, poignant dialogue, and thought-provoking themes, our script aims to captivate audiences, provoke meaningful dialogue, and catalyze action towards ending child marriage and ensuring the rights and dignity of all children.

E. Performance:

- The performance of "Nukkad Natak: A Creative Approach to Tackling Child Marriage" is a dynamic and engaging presentation that captivates audiences and sparks meaningful dialogue on the issue of child marriage. Through live street theater, our team brings the script to life, infusing it with energy, emotion, and authenticity to resonate with diverse audiences.
- **Location Selection:** Performances are strategically staged in public spaces such as marketplaces, parks, and community centers, where they can reach a wide cross-section of the population. The choice of location ensures accessibility and maximizes visibility, drawing in passersby and creating a communal atmosphere conducive to dialogue.
- **Performance Style:** The performance unfolds as a series of vignettes, with actors portraying characters grappling with the realities of child marriage. Utilizing a combination of dialogue, movement, and music, the actors convey the nuances of the issue and evoke empathy and understanding from the audience.
- **Audience Interaction:** Central to the performance is the interaction with the audience, who are invited to participate in the narrative through call-and-response, group chants, and interactive discussions. This engagement fosters a sense of collective ownership and empowers audience members to become active participants in the dialogue.
- **Emotional Impact:** The performance is designed to elicit a range of emotions from the audience, including empathy, anger, sadness, and hope. Through compelling storytelling and authentic portrayals, the actors create a visceral connection with the audience, prompting reflection on the human cost of child marriage and the urgency of action.
- **Messaging and Advocacy: Throughout** the performance, key messages about the harmful effects of child marriage, the importance of gender equality, and the need for community action are conveyed through dialogue and symbolism.

PNB Registrar Bikaner

These messages are reinforced through visual cues, props, and symbolic gestures, ensuring clarity and resonance with the audience.

- **Post-Performance Engagement:** Following the performance, our team engages with the audience in post-show discussions, Q&A sessions, and information sharing. This opportunity for dialogue allows for deeper exploration of the issues raised in the performance and encourages audience members to reflect on their own attitudes and beliefs.

Overall, the performance of "Nukkad Natak: A Creative Approach to Tackling Child Marriage" is a powerful and transformative experience that leaves a lasting impact on audiences, inspiring empathy, awareness, and action towards ending child marriage and promoting the rights and dignity of all children.

F. Interactive Sessions:

As an integral part of our initiative, "Nukkad Natak: A Creative Approach to Tackling Child Marriage," interactive sessions are conducted after each performance to deepen engagement, facilitate dialogue, and empower audience members to become active participants in the conversation about child marriage. These sessions provide a platform for community members to share their perspectives, ask questions, and explore solutions collaboratively.

- **Facilitated Discussions:** Interactive sessions begin with facilitated discussions led by members of our team. These discussions are guided by key themes and questions raised in the performance, inviting audience members to reflect on their own experiences, beliefs, and perceptions related to child marriage.
- **Open Forum:** Following the initial facilitation, the floor is opened to the audience for an open forum-style discussion. Audience members are encouraged to share their thoughts, personal stories, and questions related to child marriage, fostering a supportive and inclusive environment for dialogue.
- **Sharing of Experiences:** Interactive sessions provide an opportunity for audience members to share their own experiences or observations of child marriage within their communities. This sharing of diverse perspectives enriches the dialogue and helps to illuminate the complex realities of the issue.
- **Q&A Session:** A dedicated question-and-answer session allows audience members to seek clarification, pose inquiries, and engage directly with members of our team. Questions may range from inquiries about the legal framework surrounding child marriage to strategies for community mobilization and advocacy.
- **Resource Sharing:** Throughout the interactive sessions, informational materials, resources, and referrals are shared with audience members. These materials may include brochures, pamphlets, contact information for local support services, and educational materials on child rights and gender equality.

RNB Global University Registrar Bikaner

- **Empowerment Activities:** Interactive sessions may also include empowerment activities designed to inspire action and solidarity among audience members. These activities may include collective pledges, group exercises, or creative projects aimed at raising awareness and fostering community resilience.
- **Feedback and Reflection:** At the conclusion of each interactive session, audience members are invited to provide feedback and reflections on the performance and discussion. This feedback helps to inform future iterations of the initiative and ensures ongoing responsiveness to community needs and priorities.

Through interactive sessions, "Nukkad Natak: A Creative Approach to Tackling Child Marriage" seeks to create a space for dialogue, reflection, and collaboration, empowering communities to take ownership of the issue and work together towards meaningful solutions.

G. **Distribution of Information:**

As an essential component of our initiative, "Nukkad Natak: A Creative Approach to Tackling Child Marriage," we prioritize the distribution of information to ensure that community members have access to resources, knowledge, and support services related to child marriage. Through targeted dissemination strategies, we aim to raise awareness, empower individuals, and catalyze action towards ending child marriage and promoting child rights.

- **Informational Materials:** We develop and distribute a range of informational materials designed to educate community members about the issue of child marriage. These materials may include brochures, pamphlets, posters, and leaflets containing key messages, statistics, and resources related to child marriage prevention, child rights, and available support services.
- **Community Outreach:** Our team conducts targeted community outreach efforts to disseminate information about child marriage and our initiative. This outreach may take the form of door-to-door visits, community meetings, school presentations, and engagement with local leaders and influencers to ensure broad coverage and reach within the community.
- **Street Campaigns:** Street campaigns are organized in conjunction with our street theater performances to engage with community members directly and distribute informational materials. Street campaigns may involve setting up information booths, distributing flyers, and engaging in one-on-one conversations with passersby to raise awareness and provide information about child marriage.
- **Digital Platforms:** In addition to offline distribution channels, we leverage digital platforms such as social media, websites, and online forums to disseminate information about child marriage. We share educational resources, campaign updates, and relevant news articles to reach a wider audience and facilitate online

RNB Global University Registrar Bikaner

discussions about the issue.

- **Collaboration with Partners:** We collaborate with local organizations, government agencies, and community groups to amplify our distribution efforts and reach marginalized or hard-to-reach populations. By partnering with existing networks and stakeholders, we maximize the impact of our information dissemination efforts and ensure a coordinated approach to addressing child marriage.
- **Referral Services:** In addition to providing information, we offer referral services to connect individuals affected by child marriage with appropriate support services and resources. This may include referrals to legal aid, counseling services, shelters, healthcare facilities, and other organizations that specialize in child protection and gender-based violence prevention.
- **Monitoring and Evaluation:** Throughout the distribution process, we conduct monitoring and evaluation to assess the effectiveness of our information dissemination efforts. This may involve tracking the reach of our materials, gathering feedback from community members, and adjusting our strategies based on emerging needs and challenges.

Through strategic distribution of information, "Nukkad Natak: A Creative Approach to Tackling Child Marriage" aims to empower individuals with knowledge, mobilize communities for action, and contribute to the collective effort to end child marriage and ensure the well-being and rights of all children.

H. **Outcomes:**

- **Increased Awareness:** Our initiative succeeded in raising awareness about the detrimental effects of child marriage, reaching a diverse audience and sparking conversations on a taboo topic. Through our performances and informational materials, we were able to shed light on the issue and stimulate dialogue within communities.
- **Behavioral Change:** Through the power of storytelling and community engagement, we observed shifts in attitudes and behaviors towards child marriage, with many expressing a newfound commitment to preventing it. Audience members reported feeling inspired and empowered to take action in their own communities.
- **Community Mobilization:** Our performances served as catalysts for community mobilization, inspiring individuals and organizations to take action against child marriage through advocacy, support services, and policy interventions. By bringing people together to confront this issue, we were able to create momentum for change and empower communities to work towards ending child marriage once and for all.

RNB Global University Registrar Bikaner

I. **Community Engagement:**

- **Gathering:** A central gathering was organized within the KHARA village, providing a platform for community members to come together and participate in the campaign activities.
- **Presentations:** Engaging presentations were delivered, highlighting the myriad benefits of education, ranging from improved health outcomes to increased socio-economic mobility. These presentations aimed to spark dialogue and reflection among participants.
- **Discussions:** Interactive discussions were facilitated to address common misconceptions and concerns surrounding education. Through open dialogue, the campaign aimed to dispel myths and foster a deeper understanding of the transformative power of education.
- **Success Stories:** Inspiring success stories of individuals who have overcome educational barriers were shared, serving as beacons of hope and motivation for participants. These narratives aimed to illustrate the tangible impact of education on individual lives and communities.

J. **Interactive Activities:**

- **Parental Guidance:** Practical guidance was provided to parents on how to support their children's educational journey, including tips for creating conducive learning environments at home and fostering positive relationships with teachers. These interactive sessions aimed to empower parents as partners in their children's education.
- Through these meticulously planned activities, the campaign aimed to not only raise awareness about the importance of education but also actively engage and empower the community to take proactive steps towards enhancing access to quality education for all.

K. **Outcomes:**

- **Increased Awareness:** The campaign successfully heightened awareness within the community regarding the pivotal role of education in individual and societal development. Through informative presentations, discussions, and engagement activities, participants gained a deeper understanding of the transformative power of education.
- **Empowerment:** Participants, particularly parents and children, were empowered with knowledge and resources to overcome barriers to access and retention in

RNB Global University Registrar Bikaner

school. By equipping them with practical guidance and success stories, the campaign instilled a sense of agency and confidence in pursuing educational opportunities.

- **Community Collaboration:** The campaign fostered stronger bonds within the community and encouraged collaborative efforts towards improving educational opportunities for all. By bringing together diverse stakeholders, including local authorities, community leaders, parents, and students, the campaign laid the foundation for sustained partnerships and collective action.
- **Inspiration:** The campaign inspired a sense of hope and determination among participants, igniting a desire for lifelong learning and personal development. By showcasing real-life examples of individuals who have thrived through education, the campaign sparked aspirations and motivated individuals to strive for academic excellence.

Overall, the outcomes of the "NUKADD NATAK: A VOICE FOR EDUCATION" campaign reflect a positive shift in attitudes towards education and a renewed commitment towards creating a more inclusive and supportive learning environment within the community.

L. Challenges Faced:

- **Cultural Resistance:** We encountered cultural resistance from some community members who were reluctant to discuss or acknowledge the issue of child marriage. Deep-rooted cultural norms and traditions posed barriers to open dialogue and acceptance of alternative perspectives.
- **Logistical Constraints:** Organizing street theater performances presented logistical challenges, including securing permits, finding suitable performance spaces, and managing technical equipment. Limited resources and infrastructure in some areas further compounded these challenges.
- **Sustainability:** Ensuring the sustainability of our initiative beyond the initial performances remains a challenge. Maintaining community engagement and support over the long term requires ongoing commitment, resources, and creative strategies to address evolving needs and priorities.

M. Recommendations for Future Activities:

- **Capacity Building:** Invest in capacity-building efforts to equip local communities with the knowledge and skills to address child marriage effectively. This may involve training workshops, educational sessions, and awareness campaigns to empower individuals and organizations to become advocates for change.
- **Partnerships:** Forge partnerships with local stakeholders, including government agencies, NGOs, and community leaders, to leverage resources and expertise in the

RNB Global University Registrar Bikaner

fight against child marriage. Collaborative efforts can amplify impact, improve coordination, and maximize outreach to affected communities.

- **Long-Term Engagement:** Develop strategies for long-term community engagement, such as establishing support groups, training community advocates, and integrating child marriage prevention into existing programs and initiatives. Sustainable solutions require ongoing commitment and investment in addressing underlying factors contributing to child marriage.

N. Conclusion:

- In conclusion, "Nukkad Natak: A Creative Approach to Tackling Child Marriage" has been a journey of empowerment, awareness, and community mobilization in the fight against child marriage. Despite facing challenges such as cultural resistance, logistical constraints, and sustainability concerns, our initiative has made significant strides in raising awareness, challenging norms, and empowering communities to take action.
- Through compelling street theater performances, interactive sessions, and distribution of informational materials, we have succeeded in sparking dialogue, inspiring behavioral change, and mobilizing collective action against child marriage. Our efforts have not only increased awareness about the detrimental effects of child marriage but have also empowered individuals and communities to become agents of change within their own contexts.
- Looking ahead, we recognize the importance of sustaining our momentum and building on our successes. By investing in capacity building, forging partnerships, and prioritizing long-term engagement, we can continue to drive progress towards ending child marriage and ensuring a brighter future for all children.
- In essence, "Nukkad Natak: A Creative Approach to Tackling Child Marriage" exemplifies the power of art, community engagement, and collective action in addressing complex social issues. As we move forward, we remain committed to our mission and steadfast in our resolve to create a world where every child has the opportunity to grow, thrive, and fulfill their potential free from the harms of child marriage.

B. Introduction:

Child marriage persists as a grave violation of human rights, particularly prevalent in societies where deep-rooted social norms intersect with poverty and gender inequality. In response to this urgent concern, our initiative, "Nukkad Natak: A Creative Approach to Tackling Child Marriage," endeavors to confront this issue head-on through the compelling medium of street theater.

Child marriage robs children of their childhood, jeopardizes their health, denies them education, and perpetuates cycles of poverty and gender inequality. Despite legal prohibitions and international commitments to end child marriage, millions of girls and boys continue to be married off before they reach adulthood, often against their will and without their consent.

Our initiative recognizes that combating child marriage requires more than just policy interventions; it demands grassroots mobilization, community dialogue, and a shift in societal attitudes and behaviors. By harnessing the power of street theater, we aim to ignite conversations, challenge harmful norms, and empower communities to take a stand against this harmful practice.

Through this report, we offer insights into our approach, activities, outcomes, challenges, and recommendations, highlighting the pivotal role of creative expression and community engagement in the fight against child marriage.

C. Objectives:

- **Raise Awareness:** Our primary objective is to raise awareness about the detrimental impacts of child marriage on individuals, families, and communities. By shedding light on the physical, emotional, and social consequences of early marriage, we aim to stimulate dialogue and foster a deeper understanding of the issue.

RNB Global University Registrar Bikaner

- **Challenge Social Norms:** We seek to challenge entrenched social norms and beliefs that perpetuate the practice of child marriage. Through thought-provoking performances and discussions, we aim to disrupt harmful narratives and inspire critical reflection on the value of gender equality, education, and children's rights.
- **Empower Communities:** Our initiative aims to empower communities to take proactive steps towards preventing child marriage and supporting affected individuals. By providing information, resources, and opportunities for dialogue, we strive to mobilize community members to become advocates for change within their own contexts.
- **Promote Policy Advocacy:** In addition to community-level engagement, we aim to advocate for policy reforms and legal protections to address the root causes of child marriage. By amplifying the voices of survivors, activists, and allies, we seek to galvanize support for legislative measures and institutional initiatives to end child marriage once and for all.

D. Activity Details:

I. **Script Development:** Our script for the "Nukkad Natak: A Creative Approach to Tackling Child Marriage" initiative has been meticulously crafted to resonate with diverse audiences while effectively conveying the gravity of the issue. It unfolds as a narrative that intertwines personal stories, societal dynamics, and calls to action, aiming to provoke thought, evoke emotion, and inspire change.

- **Introduction:** The script begins with an introduction that sets the stage for the audience, providing context about the prevalence and consequences of child marriage in the community. Through narration and dialogue, key statistics and personal testimonies are shared to underscore the urgency of the issue.
- **Character Development:** Central to the script are the characters whose lives are impacted by child marriage. These characters represent a spectrum of experiences, including young brides, grooms, parents, and community members. Through their interactions, the audience gains insight into the complexities and human dimensions of the issue.
- **Conflict and Resolution:** The script navigates through various conflicts and tensions that arise due to child marriage, such as forced unions, disrupted education, and shattered dreams. As the story unfolds, characters grapple with internal and external pressures, ultimately finding strength and resilience to challenge the status quo.
- **Transformation and Empowerment:** Integral to the script is the theme of transformation and empowerment. As the characters confront adversity and injustice, they discover their agency and collective power to effect change.

RNB Global University Registrar Bikaner

Through solidarity, activism, and support networks, they embark on a journey towards ending child marriage and building a brighter future.

- **Call to Action**: The script culminates in a powerful call to action, inviting the audience to join the movement against child marriage. Through stirring monologues, impassioned speeches, and interactive dialogue, audience members are encouraged to reflect on their roles as agents of change and commit to taking concrete steps to combat child marriage in their communities.
- By weaving together compelling narratives, poignant dialogue, and thought-provoking themes, our script aims to captivate audiences, provoke meaningful dialogue, and catalyze action towards ending child marriage and ensuring the rights and dignity of all children.

E. Performance:

- The performance of "Nukkad Natak: A Creative Approach to Tackling Child Marriage" is a dynamic and engaging presentation that captivates audiences and sparks meaningful dialogue on the issue of child marriage. Through live street theater, our team brings the script to life, infusing it with energy, emotion, and authenticity to resonate with diverse audiences.
- **Location Selection:** Performances are strategically staged in public spaces such as marketplaces, parks, and community centers, where they can reach a wide cross-section of the population. The choice of location ensures accessibility and maximizes visibility, drawing in passersby and creating a communal atmosphere conducive to dialogue.
- **Performance Style:** The performance unfolds as a series of vignettes, with actors portraying characters grappling with the realities of child marriage. Utilizing a combination of dialogue, movement, and music, the actors convey the nuances of the issue and evoke empathy and understanding from the audience.
- **Audience Interaction:** Central to the performance is the interaction with the audience, who are invited to participate in the narrative through call-and-response, group chants, and interactive discussions. This engagement fosters a sense of collective ownership and empowers audience members to become active participants in the dialogue.
- **Emotional Impact:** The performance is designed to elicit a range of emotions from the audience, including empathy, anger, sadness, and hope. Through compelling storytelling and authentic portrayals, the actors create a visceral connection with the audience, prompting reflection on the human cost of child marriage and the urgency of action.
- **Messaging and Advocacy: Throughout** the performance, key messages about the harmful effects of child marriage, the importance of gender equality, and the need for community action are conveyed through dialogue and symbolism.

PNB Registrar Bikaner

These messages are reinforced through visual cues, props, and symbolic gestures, ensuring clarity and resonance with the audience.

- **Post-Performance Engagement:** Following the performance, our team engages with the audience in post-show discussions, Q&A sessions, and information sharing. This opportunity for dialogue allows for deeper exploration of the issues raised in the performance and encourages audience members to reflect on their own attitudes and beliefs.

Overall, the performance of "Nukkad Natak: A Creative Approach to Tackling Child Marriage" is a powerful and transformative experience that leaves a lasting impact on audiences, inspiring empathy, awareness, and action towards ending child marriage and promoting the rights and dignity of all children.

F. Interactive Sessions:

As an integral part of our initiative, "Nukkad Natak: A Creative Approach to Tackling Child Marriage," interactive sessions are conducted after each performance to deepen engagement, facilitate dialogue, and empower audience members to become active participants in the conversation about child marriage. These sessions provide a platform for community members to share their perspectives, ask questions, and explore solutions collaboratively.

- **Facilitated Discussions:** Interactive sessions begin with facilitated discussions led by members of our team. These discussions are guided by key themes and questions raised in the performance, inviting audience members to reflect on their own experiences, beliefs, and perceptions related to child marriage.
- **Open Forum:** Following the initial facilitation, the floor is opened to the audience for an open forum-style discussion. Audience members are encouraged to share their thoughts, personal stories, and questions related to child marriage, fostering a supportive and inclusive environment for dialogue.
- **Sharing of Experiences:** Interactive sessions provide an opportunity for audience members to share their own experiences or observations of child marriage within their communities. This sharing of diverse perspectives enriches the dialogue and helps to illuminate the complex realities of the issue.
- **Q&A Session:** A dedicated question-and-answer session allows audience members to seek clarification, pose inquiries, and engage directly with members of our team. Questions may range from inquiries about the legal framework surrounding child marriage to strategies for community mobilization and advocacy.
- **Resource Sharing:** Throughout the interactive sessions, informational materials, resources, and referrals are shared with audience members. These materials may include brochures, pamphlets, contact information for local support services, and educational materials on child rights and gender equality.

RNB Global University Registrar Bikaner

- **Empowerment Activities:** Interactive sessions may also include empowerment activities designed to inspire action and solidarity among audience members. These activities may include collective pledges, group exercises, or creative projects aimed at raising awareness and fostering community resilience.
- **Feedback and Reflection:** At the conclusion of each interactive session, audience members are invited to provide feedback and reflections on the performance and discussion. This feedback helps to inform future iterations of the initiative and ensures ongoing responsiveness to community needs and priorities.

Through interactive sessions, "Nukkad Natak: A Creative Approach to Tackling Child Marriage" seeks to create a space for dialogue, reflection, and collaboration, empowering communities to take ownership of the issue and work together towards meaningful solutions.

G. **Distribution of Information:**

As an essential component of our initiative, "Nukkad Natak: A Creative Approach to Tackling Child Marriage," we prioritize the distribution of information to ensure that community members have access to resources, knowledge, and support services related to child marriage. Through targeted dissemination strategies, we aim to raise awareness, empower individuals, and catalyze action towards ending child marriage and promoting child rights.

- **Informational Materials:** We develop and distribute a range of informational materials designed to educate community members about the issue of child marriage. These materials may include brochures, pamphlets, posters, and leaflets containing key messages, statistics, and resources related to child marriage prevention, child rights, and available support services.
- **Community Outreach:** Our team conducts targeted community outreach efforts to disseminate information about child marriage and our initiative. This outreach may take the form of door-to-door visits, community meetings, school presentations, and engagement with local leaders and influencers to ensure broad coverage and reach within the community.
- **Street Campaigns:** Street campaigns are organized in conjunction with our street theater performances to engage with community members directly and distribute informational materials. Street campaigns may involve setting up information booths, distributing flyers, and engaging in one-on-one conversations with passersby to raise awareness and provide information about child marriage.
- **Digital Platforms:** In addition to offline distribution channels, we leverage digital platforms such as social media, websites, and online forums to disseminate information about child marriage. We share educational resources, campaign updates, and relevant news articles to reach a wider audience and facilitate online

RNB Global University Registrar Bikaner

discussions about the issue.

- **Collaboration with Partners:** We collaborate with local organizations, government agencies, and community groups to amplify our distribution efforts and reach marginalized or hard-to-reach populations. By partnering with existing networks and stakeholders, we maximize the impact of our information dissemination efforts and ensure a coordinated approach to addressing child marriage.
- **Referral Services:** In addition to providing information, we offer referral services to connect individuals affected by child marriage with appropriate support services and resources. This may include referrals to legal aid, counseling services, shelters, healthcare facilities, and other organizations that specialize in child protection and gender-based violence prevention.
- **Monitoring and Evaluation:** Throughout the distribution process, we conduct monitoring and evaluation to assess the effectiveness of our information dissemination efforts. This may involve tracking the reach of our materials, gathering feedback from community members, and adjusting our strategies based on emerging needs and challenges.

Through strategic distribution of information, "Nukkad Natak: A Creative Approach to Tackling Child Marriage" aims to empower individuals with knowledge, mobilize communities for action, and contribute to the collective effort to end child marriage and ensure the well-being and rights of all children.

H. **Outcomes:**

- **Increased Awareness:** Our initiative succeeded in raising awareness about the detrimental effects of child marriage, reaching a diverse audience and sparking conversations on a taboo topic. Through our performances and informational materials, we were able to shed light on the issue and stimulate dialogue within communities.
- **Behavioral Change:** Through the power of storytelling and community engagement, we observed shifts in attitudes and behaviors towards child marriage, with many expressing a newfound commitment to preventing it. Audience members reported feeling inspired and empowered to take action in their own communities.
- **Community Mobilization:** Our performances served as catalysts for community mobilization, inspiring individuals and organizations to take action against child marriage through advocacy, support services, and policy interventions. By bringing people together to confront this issue, we were able to create momentum for change and empower communities to work towards ending child marriage once and for all.

RNB Global University Registrar Bikaner

I. **Community Engagement:**

- **Gathering:** A central gathering was organized within the KHARA village, providing a platform for community members to come together and participate in the campaign activities.
- **Presentations:** Engaging presentations were delivered, highlighting the myriad benefits of education, ranging from improved health outcomes to increased socio-economic mobility. These presentations aimed to spark dialogue and reflection among participants.
- **Discussions:** Interactive discussions were facilitated to address common misconceptions and concerns surrounding education. Through open dialogue, the campaign aimed to dispel myths and foster a deeper understanding of the transformative power of education.
- **Success Stories:** Inspiring success stories of individuals who have overcome educational barriers were shared, serving as beacons of hope and motivation for participants. These narratives aimed to illustrate the tangible impact of education on individual lives and communities.

J. **Interactive Activities:**

- **Parental Guidance:** Practical guidance was provided to parents on how to support their children's educational journey, including tips for creating conducive learning environments at home and fostering positive relationships with teachers. These interactive sessions aimed to empower parents as partners in their children's education.
- Through these meticulously planned activities, the campaign aimed to not only raise awareness about the importance of education but also actively engage and empower the community to take proactive steps towards enhancing access to quality education for all.

K. **Outcomes:**

- **Increased Awareness:** The campaign successfully heightened awareness within the community regarding the pivotal role of education in individual and societal development. Through informative presentations, discussions, and engagement activities, participants gained a deeper understanding of the transformative power of education.
- **Empowerment:** Participants, particularly parents and children, were empowered with knowledge and resources to overcome barriers to access and retention in

RNB Global University Registrar Bikaner

school. By equipping them with practical guidance and success stories, the campaign instilled a sense of agency and confidence in pursuing educational opportunities.

- **Community Collaboration:** The campaign fostered stronger bonds within the community and encouraged collaborative efforts towards improving educational opportunities for all. By bringing together diverse stakeholders, including local authorities, community leaders, parents, and students, the campaign laid the foundation for sustained partnerships and collective action.
- **Inspiration:** The campaign inspired a sense of hope and determination among participants, igniting a desire for lifelong learning and personal development. By showcasing real-life examples of individuals who have thrived through education, the campaign sparked aspirations and motivated individuals to strive for academic excellence.

Overall, the outcomes of the "NUKADD NATAK: A VOICE FOR EDUCATION" campaign reflect a positive shift in attitudes towards education and a renewed commitment towards creating a more inclusive and supportive learning environment within the community.

L. Challenges Faced:

- **Cultural Resistance:** We encountered cultural resistance from some community members who were reluctant to discuss or acknowledge the issue of child marriage. Deep-rooted cultural norms and traditions posed barriers to open dialogue and acceptance of alternative perspectives.
- **Logistical Constraints:** Organizing street theater performances presented logistical challenges, including securing permits, finding suitable performance spaces, and managing technical equipment. Limited resources and infrastructure in some areas further compounded these challenges.
- **Sustainability:** Ensuring the sustainability of our initiative beyond the initial performances remains a challenge. Maintaining community engagement and support over the long term requires ongoing commitment, resources, and creative strategies to address evolving needs and priorities.

M. Recommendations for Future Activities:

- **Capacity Building:** Invest in capacity-building efforts to equip local communities with the knowledge and skills to address child marriage effectively. This may involve training workshops, educational sessions, and awareness campaigns to empower individuals and organizations to become advocates for change.
- **Partnerships:** Forge partnerships with local stakeholders, including government agencies, NGOs, and community leaders, to leverage resources and expertise in the

RNB Global University Registrar Bikaner

fight against child marriage. Collaborative efforts can amplify impact, improve coordination, and maximize outreach to affected communities.

- **Long-Term Engagement:** Develop strategies for long-term community engagement, such as establishing support groups, training community advocates, and integrating child marriage prevention into existing programs and initiatives. Sustainable solutions require ongoing commitment and investment in addressing underlying factors contributing to child marriage.

N. Conclusion:

- In conclusion, "Nukkad Natak: A Creative Approach to Tackling Child Marriage" has been a journey of empowerment, awareness, and community mobilization in the fight against child marriage. Despite facing challenges such as cultural resistance, logistical constraints, and sustainability concerns, our initiative has made significant strides in raising awareness, challenging norms, and empowering communities to take action.
- Through compelling street theater performances, interactive sessions, and distribution of informational materials, we have succeeded in sparking dialogue, inspiring behavioral change, and mobilizing collective action against child marriage. Our efforts have not only increased awareness about the detrimental effects of child marriage but have also empowered individuals and communities to become agents of change within their own contexts.
- Looking ahead, we recognize the importance of sustaining our momentum and building on our successes. By investing in capacity building, forging partnerships, and prioritizing long-term engagement, we can continue to drive progress towards ending child marriage and ensuring a brighter future for all children.
- In essence, "Nukkad Natak: A Creative Approach to Tackling Child Marriage" exemplifies the power of art, community engagement, and collective action in addressing complex social issues. As we move forward, we remain committed to our mission and steadfast in our resolve to create a world where every child has the opportunity to grow, thrive, and fulfill their potential free from the harms of child marriage.

Introduction: Spreading Happiness was an event organized by our community with the aim of fostering positivity and joy among its members. Held on 7-04-2024, the event brought together people from diverse backgrounds to engage in activities designed to spread happiness and create memorable experiences.

Objectives:

1. **Promoting Positivity:** The primary objective of the event was to promote a positive mindset among participants. Through various activities and interactions, we aimed to encourage optimism and resilience, thereby fostering a happier community.
2. **Building Connections:** Another key objective was to facilitate connections and strengthen bonds among individuals. By participating in shared activities, attendees had the opportunity to connect with one another, fostering a sense of belonging and camaraderie.
3. **Creating Memorable** Experiences: We sought to create lasting memories for participants by organizing fun and engaging activities. These experiences were intended to evoke feelings of joy and fulfillment, leaving a positive impact on all involved.

Event Highlights: The event kicked off with an opening ceremony, during which attendees were welcomed with warm smiles and cheerful greetings. Various activities were organized throughout the day, including:

- **Happiness Workshops:** Interactive workshops were conducted on topics such as mindfulness, gratitude, and positive thinking. Participants learned practical techniques to enhance their happiness and well-being.
- **Performances:** Live music, dance performances, and comedy acts entertained the crowd, eliciting laughter and applause.
- **Random Acts of Kindness:** Volunteers distributed small gifts and compliments to unsuspecting attendees, spreading smiles and goodwill throughout the event.
- **Outdoor Games:** Friendly competitions and team-building games were organized, encouraging participation and laughter.
- **Art and Craft Stations:** Creativity was celebrated with art and craft stations where attendees could express themselves through various mediums.

Conclusion: In conclusion, Spreading Happiness was a resounding success, achieving its objectives of promoting positivity, building connections, and creating memorable experiences. The event

brought together individuals from all walks of life, fostering a sense of unity and joy within our community. By spreading happiness, we not only enriched the lives of those who participated but also contributed to a more vibrant and cohesive society. We look forward to organizing similar events in the future, continuing our mission to spread joy and positivity wherever we go.

INTRODUCTION

The plantation campaign at Village Khara stands as a testament to the power of community-driven environmental initiatives. Nestled amidst verdant fields and rolling hills, Khara village epitomizes rural life, where the symbiotic relationship between humans and nature is deeply ingrained. Yet, like many rural areas, Khara village faces environmental challenges, from deforestation to soil erosion. Recognizing the need for action, the villagers embarked on a mission to replenish their natural surroundings through a large-scale tree planting campaign. The campaign began with fervor, as villagers young and old rallied together, armed with saplings and shovels, ready to make a difference. The initiative was not merely about planting trees but about sowing the seeds of environmental consciousness within the community. Village elders shared stories of the lush forests that once blanketed the landscape, instilling a sense of reverence for the natural world in the younger generation. But perhaps the most significant impact of the plantation campaign was its ripple effect on the wider community. Beyond the borders of Khara village, the campaign sparked conversations about the importance of environmental conservation and the role that each individual can play in protecting our planet. Schools incorporated lessons on ecology and sustainability into their curriculum, empowering students to become stewards of the environment.

The plantation campaign at Village Khara sounds like a fantastic initiative! Planting trees is vital for numerous reasons, especially in today's world where environmental concerns are paramount. Here's why such campaigns are crucial:

Environmental Benefits: Trees play a crucial role in maintaining the ecosystem. They absorb carbon dioxide and release oxygen, thus helping to combat climate change by reducing greenhouse gases in the atmosphere.

Biodiversity: Planting trees can help increase biodiversity by providing habitats for various species of birds, insects, and other animals. This can contribute to the overall health of the ecosystem.

Soil Conservation: Tree roots help to bind the soil and prevent erosion. This is particularly important in areas prone to soil erosion, such as hillsides or areas with heavy rainfall.

Water Conservation: Trees help regulate the water cycle by absorbing and retaining water in the soil. This can help prevent flooding and maintain water

RNB Global University Registrar Bikaner

levels in rivers and streams.

Community Benefits: Planting trees can also have direct benefits for the community. Trees provide shade, which can help cool urban areas and reduce the need for air conditioning. They can also improve the aesthetics of an area, making it more pleasant to live in.

Health Benefits: Trees have been shown to have numerous health benefits, both mental and physical. Spending time in green spaces can reduce stress and anxiety and improve overall well-being.

Air Quality Enhancement: These trees act as natural air purifiers, absorbing pollutants and releasing oxygen, thereby improving the air quality in our village.

Economic Benefits: In some cases, the campaign may emphasize the economic benefits of tree planting, such as potential income generation through sustainable forestry practices or the creation of eco-tourism opportunities.

OBJECTIVES OF EVENT

- Environmental Conservation
- Ecosystem Restoration
- Water Resource Management
- Sustainable Development
- Illustrating the transformative impact of community-driven initiatives on rural landscapes.
- Emphasizing the dual purpose of the campaign: to replenish the natural surroundings and cultivate environmental awareness among villagers.

DESCRIPTION OF EVENT

The "Plantation campaign at Village Khara & importance of environment" organized by B.Sc. Ag. IV Semester students. The event "Plantation Campaign at Village Khara & Importance of Environment" was a collaborative effort by the residents of Village Khara to address environmental challenges and promote sustainable practices. Taking place in the serene setting of Village Khara, the event aimed to highlight the significance of environmental conservation through tree planting and community engagement. The plantation campaign in Village Khara successfully planted 8 plants. Students will also ensure proper care and maintenance of the plants.

RNB Global University Registrar Bikaner

CONCLUSION

As the Plantation Campaign at Village Khara & Importance of Environment organized by the B.Sc. Agriculture IV Sem draws to a close, we reflect on the significance of our collective efforts in promoting environmental conservation and sustainable agriculture practices. Throughout this event, we witnessed the transformative power of community engagement and practical action. From planting trees to educating participants about sustainable farming techniques, each activity served as a stepping stone towards a greener, more resilient future for Village Khara and its residents.

and national issues that directly affect their daily lives.Collaboration with Local Authorities and Organizations. To ensure the effectiveness and sustainability of Students efforts, worked closely with local election officials, civil rights organizations, and community-based groups. These partnerships allowed us to obtain accurate and up-to-date information on voting procedures, registration deadlines, and polling place locations. Coordinate with local authorities to address any logistical or administrative concerns that community members might have Leverage the existing networks and trusted relationships that these organizations have within the communities, which helped us to reach a wider audience and build trust.

Feedback and Reflection Throughout the activity, we continuously sought feedback from the community members we engaged with, as well as from our partnering organizations. This allowed us to adapt our approach, refine our messaging, and ensure that we were addressing the most pressing needs and concerns of the target populations.

At the end of the activity, the Students team sat down to reflect on the overall experience, the challenges we faced, the successes we achieved, and the lessons learned. This process of reflection and evaluation will be crucial in informing our future efforts and helping us to continuously improve our approach to voter education and empowerment.

Impact Achieved

The impact of Students election literacy activity can be assessed through both quantitative and qualitative measures.Reached over 150 individuals across the targeted neighborhoods Distributed more than 20 educational materials, including voter guides and registration forms Assisted over 50 community members with voter registration and/or updating their voter information Observed a an increase in voter turnout in the areas we focused on, compared to the previous election cycle These numbers demonstrate the scale and reach of our efforts, highlighting our ability to engage significant number of community members and directly contribute to increased voter participation.

Qualitative Impact Beyond the quantitative data, the most meaningful impact of our activity can be seen in the feedback and testimonials we received from the communities we served. Many individuals expressed their gratitude for the information and support we provided, stating that they felt empowered and more confident in their ability to

RNB Global University Registrar Bikaner

exercise their right to vote.Several community leaders also noted that our presence and outreach efforts had helped to break down barriers and foster a sense of trust between the residents and the electoral system. They believed that this increased trust and engagement would have long-term benefits for the civic participation and political representation of their communities.

Moreover, Students collaborative approach with local authorities and organizations allowed us to identify and address specific barriers to voter access, such as language barriers, lack of transportation, and limited polling place availability. By working together to find solutions to these issues, we were able to create a more inclusive and accessible voting process for the communities we served.

In conclusion, the election literacy activity we conducted had a measurable and meaningful impact on the communities we reached. By empowering individuals with information, addressing their concerns,and facilitating their active participation in the democratic process, we believe we have made a significant contribution to strengthening the foundations of our local democracy.

This experience has been a transformative one for our students , as it has helped shed initial hesitations and embrace the power of individual vote. Students feel more connected to the democratic process and more invested in the decisions that will impact Students life and the lives of those around them. This journey has instilled a deep sense of responsibility and a desire to continue learning and engaging as an active and informed citizen.

Conclusion

Participating in social activities as assignments can significantly contribute to personal and academic growth in students' lives. These activities foster essential skills beyond traditional classroom learning, such as communication, teamwork, leadership, and empathy. By engaging with peers in diverse social contexts, students cultivate a deeper understanding of societal dynamics and develop a broader perspective on issues. Moreover, social activities often challenge students to step out of their comfort zones, promoting resilience and adaptability. Ultimately, integrating social activities into assignments not only enhances academic performance but also equips students with invaluable life skills essential for success in their personal and professional endeavours.

Activity Overview:-

In the heart of Bikaner, amidst the rich cultural tapestry of Rajasthan, lies the historic Laxminath Ji Temple, a revered sanctuary of spirituality and tradition. Yet, within its ancient walls, a modern-day initiative of compassion and environmental stewardship unfolds: "Feeding the Feathered Friends." This initiative, driven by a deep sense of empathy and responsibility towards avian species, represents a harmonious blend of tradition and innovation, fostering a community united in the cause of avian welfare.

At the core of this initiative are the dedicated volunteers who selflessly devote their time and energy to set up feeding stations within the temple grounds. These stations, carefully curated with fresh water and a diverse array of nourishing foods such as grains and seeds, serve as lifelines for birds struggling to survive amidst the unforgiving summer heat. Each day, as the sun rises over the arid landscape, these stations become oases of sustenance, offering respite to winged visitors in search of nourishment.

But "Feeding the Feathered Friends" is more than just a gesture of provision; it is a beacon of awareness, illuminating the interconnectedness of all living beings and the delicate balance of ecosystems. Visitors and passersby, drawn by the serene ambiance of the temple, find themselves drawn into conversations about the plight of birds during the scorching summer months. Volunteers, passionate and knowledgeable, seize these moments as opportunities for education and enlightenment.

Through engaging dialogue and storytelling, the community is sensitized to the challenges faced by avian species and the importance of extending a helping hand in their time of need. The significance of coexisting harmoniously with wildlife and preserving avian habitats is underscored, fostering a sense of responsibility and stewardship towards the natural world.

The impact of "Feeding the Feathered Friends" reverberates far beyond the confines of the temple walls, echoing across the bustling university campus that serves as a hub of knowledge and innovation. Here, students, inspired by the spirit of compassion and driven by a desire to make a tangible difference, embark on a similar journey of avian welfare.

Across the campus premises, strategically placed water stations emerge like beacons of hope, ensuring that birds have access to sustenance amidst the heat of the summer sun. Each station, meticulously designed and maintained by passionate student volunteers, represents a testament to the power of collective action and the transformative potential of empathy.

But the impact of this initiative extends beyond the physical realm; it permeates the very fabric of campus culture, igniting conversations and catalyzing change. Through informal discussions and organized awareness campaigns, students debunk myths about birds and highlight the ecological importance of preserving avian habitats.

As the sun sets on another day in Bikaner, the legacy of "Feeding the Feathered Friends" endures, woven into the fabric of community consciousness. What began as a simple act of compassion has blossomed into a movement, uniting individuals across generations and backgrounds in a shared commitment to avian welfare and environmental stewardship.

In the intricate dance of life, every gesture of kindness reverberates like a ripple on a pond, creating waves of positive change that extend far beyond the horizon. In Bikaner, amidst the timeless splendor of the Laxminath Ji Temple and the vibrant energy of the university campus, these ripples converge, forming a tide of compassion that nourishes not only the bodies of feathered friends but also the souls of all who dare to dream of a brighter, more harmonious world.

As the "Feeding the Feathered Friends" initiative continues to flourish, its impact continues to grow, touching the lives of both humans and birds alike. Beyond the immediate benefits of providing food and water, the initiative serves as a catalyst for broader social and environmental change.

At the Laxminath Ji Temple, the presence of the feeding stations becomes a focal point for community engagement and education. Visitors from near and far, drawn by the allure of the temple's rich history and spiritual significance, find themselves captivated by the sight of birds fluttering around the feeding stations. These encounters spark curiosity and conversation, leading to a deeper understanding of the interconnectedness of all living beings and the importance of nurturing our natural world.

Meanwhile, on the university campus, the impact of the initiative extends beyond the immediate benefits of providing sustenance to birds. Students involved in the project develop a profound appreciation for the importance of environmental stewardship and community engagement. They become ambassadors for change, leading by example and inspiring their peers to join them in their efforts to protect and preserve our planet's precious biodiversity.

Furthermore, the initiative fosters interdisciplinary collaboration, bringing together students from diverse academic backgrounds to tackle complex environmental challenges. Through research projects, workshops, and outreach efforts, students harness the power of collective intelligence to develop innovative solutions for building a more sustainable future.

In essence, "Feeding the Feathered Friends" transcends its role as a simple act of compassion; it becomes a symbol of hope and possibility, demonstrating the transformative power of empathy and collective action. As the initiative continues to evolve and expand, its legacy lives on, shaping communities and landscapes for generations to come.

Description of the activity: -

"The vote is precious. It is the most powerful non-violent tool we have in a democratic society, and we must use it."

The awareness activity was done on 7th April 2024, wherein group members participated and educated people about the importance of voting through their banners under Electoral Literacy Club. With the help of this activity, we were able to create awareness, showcase our creativity and gain courage to stand with a banner outside our houses. This was surely a successful event which focused on community growth as well as personal growth. While the right to vote is widely recognized as a fundamental human right, this right is not fully exercised by millions of individuals around the world. Voting is a responsibility of all the citizens. The law does not require citizens to vote, but voting is a very important part of any democracy. By voting, citizens are participating in the democratic process. Citizens vote for leaders to represent them and their ideas, and the leaders support the citizens' interests. By not voting, we might actually encourage the wrong candidate to form the government who will in turn be accountable for the country's poor growth. Awareness activity is important to sensitise the masses about the importance of participating in the electoral process in a democratic nation and help them cast an 'enlightened vote' by electing the right candidate, knowing various parametres. It is vital that citizens make use of the power and right to vote to choose a leader who will represent them and their ideas; and contribute their part in shaping the government. Activity was to spread awareness about the importance of the right to vote using Voter ID cards to eligible people in their locality. They made the people understand how even 1 vote can change the future of our country. While there are some who genuinely cast their vote, many people sit back and relax on voting day, and others are cajoled into voting for particular candidates. The importance of voting is lost amongst the hustle and bustle of city life. While everyone sits and complains about this and that, and makes suggestions that the government should change this and that, the elections come and go without half the population paying attention. Each vote has a value and can decide on the future growth of our country in all aspects. Thus, voting is a responsibility of each and every individual and they must exercise it.

Personal reflections on the experience :-

Anshuman Singh:- Voting is important because it is a way for people to have a say in their government and to elect officials who represent their interests. It is also a way for people to hold their government accountable. Voting allows people to have a voice in the decisions that affect their lives.In addition to being a fundamental right, voting is also important for the health of our democracy. When people do not vote, they are effectively silencing themselves and ceding power to those who do vote. This can lead to bad decisions being made that impact everyone, even those who did not bother to vote.Finally, voting is important because it sends a message to our elected officials that we care about what happens in our country and that we are paying attention to the issues that matter to us. When large numbers of people don't vote, it sends the message that we are complacent and that they can get away with anything.

Divyam Bakshi :-

Origin of the Change: Aside from the protests, voting may be a highly effective medium to possess the change that we would like within the government. Our nation has already witnessed how a non-performing government gets dethroned by the spirit of wanting a change. In recent years, there's a considerable rise within the voting percentage and other people are truly loving to be the 'Change Makers'.

Aayush Kumar:-

Every Single Vote Is Significant: Needless to mention, every citizen's vote is counted within the polling process. If the people are equally divided between two candidates, one single vote are often a game-changer and a clincher. we've seen within the past how one vote from an MP can decide the autumn of the government. precisely the same way, one person's vote can confirm the win/fall of an aspiring MP or MLA.

Bhagirath Ram :- Voter Awareness activity seeks to increase consciousness amongst the public: the significance as either electors or as candidates of their involvement in the election process; the participation modes; the process for eligibility for the vote and for casting their votes actually; how to determine the candidate's polling value. A Voting awareness activity aims to establish and especially promote an atmosphere for a free and fair electoral process, the participation of the oppressed categories including minorities, women, ethnic groups in particular groups, and the poor.

Ronak :- India is a democratic country. The word democracy has its origin in two Greek words 'demos' and 'krasis'. Demos means 'the people, and Krasis means 'power to rule'. So, democracy refers to the power of the common people of the land. Thus the country India will be ruled by the common people. In order to facilitate this, the common

About the Event: -

Students of BALLB, RNB Global University, conducted a Voting and Election awareness program on 7th April 2024 in between 11.00 am to 1.00 pm. The main objectives of this awareness programme were to increase voter's registration and voting to make democracy more powerful. Voting is an integral part of democracy, and it is necessary for people to have a voice. By voting, we can create change and make a difference in our community. We have to vote because this is our sacred right, our democratic privileges are a pillar of our constitution and provide an avenue for decision-making on the direction of the country and the future of the people, it gives us absolute power to shape our country's future and every vote is counted.

Personal reflections on the experience:-

"Somewhere inside of all of us is the power to change the world." India is founded based on elections as a democratic republic. Our Legislatures, as well as Parliament is of the people, by the people, and for the people. Voting is a freedom we can have as a constitution. We take this as a matter of course, but the constitution has allowed us to select how we want and to make the transition."

"Vote makes us all equal. It is the single thing that does not discriminate between castes religions or classes" Increasing political and Voting understanding allows citizens to make intelligent choices and offers the framework for further public engagement in the democracy for the long term. To assist nominees as well as political parties to express the felt desires of constituencies and communities, while leading to more informed forums and plans. It leads to greater political transparency, responsibility, integrity, and public faith in governance. It also leads to supporting vulnerable and oppressed communities. It promotes the involvement of citizens who are concerned about public causes. It contributes to reducing the scope for unequal or unethical voting procedures.

"All of us may have been created equal. But we'll never actually be equal until we all vote. So don't wait." Voter Awareness activity seeks to increase consciousness amongst the public: the significance as either electors or as candidates of their involvement in the election process; the participation modes; the process for eligibility for the vote and for casting their votes actually; how to determine the candidate's polling value. A Voting

RNB Global University Registrar Bikaner

awareness activity aims to establish and especially promote an atmosphere for a free and fair electoral process, the participation of the oppressed categories including minorities, women, ethnic groups in particular groups, and the poor.

Key Points Discussed

Education Gap: Many citizens may not fully understand the importance of voting due to gaps in education about civic responsibility and the democratic process.

Inadequate education in schools and communities about the significance of voting and how it impacts governance can contribute to low awareness levels.

Complexity of Electoral Processes: Electoral processes, including voter registration, polling locations, and ballot procedures, can be complex and confusing for some individuals.

Lack of clarity or accessibility in information about these processes can deter citizens from participating in elections.

Cynicism and Disillusionment:

Citizens may feel disillusioned with the political system due to perceptions of corruption, inefficiency, or a lack of representation.

This disillusionment can lead to apathy towards voting, as individuals may feel their voice doesn't matter or that the system is rigged.

Marginalization and Disenfranchisement: Marginalized communities, including ethnic minorities, low-income individuals, and young people, may face barriers to voting such as voter suppression tactics, restrictive ID laws, or limited access to polling stations.

These barriers can contribute to a lack of voting awareness and engagement among these populations.

Attendees Engagement

The activity resonated with the audience, prompting lively discussions and questions from fellow students who were eager to learn more about voting awareness and civic engagement. Audience members expressed their views on the importance of political participation and shared personal experiences related to voting.

Key points on voting rights:

PNB Global University Registrar Bikaner

Universal Suffrage: Every citizen of legal voting age has the right to vote, regardless of race, gender, ethnicity, or socioeconomic status.

Universal suffrage ensures that all eligible citizens have an equal opportunity to participate in the electoral process.

Protection Against Discrimination: Voting rights are protected by laws that prohibit discrimination based on race, color, gender, religion, or disability. Any attempt to disenfranchise or suppress the voting rights of individuals based on these factors is illegal and unconstitutional.

Access to Polling Places: Citizens have the right to access polling places and cast their votes without facing undue barriers or obstacles. Governments are responsible for ensuring that polling locations are accessible to all citizens, including those with disabilities or limited mobility.

Freedom of Choice: Voters have the right to choose their preferred candidates or political parties freely and without coercion. This includes the right to abstain from voting or to vote for write-in candidates if desired

Protection of Voter Information: Voter information, including registration records and ballot choices, must be kept confidential and protected from unauthorized access or misuse. Safeguards are in place to prevent voter intimidation, coercion, or manipulation.

Equal Representation: The principle of "one person, one vote" ensures that each voter's ballot carries equal weight in the electoral process. Electoral districts are drawn to provide fair and equitable representation to all citizens, regardless of geographic location or demographic characteristics.

Active Participation: Voting rights encompass not only the freedom to vote but also the freedom to engage in political activism, advocacy, and campaigning.

Key legal rights related to voting awareness:

Right to Information: Citizens have the legal right to access accurate and impartial information about the electoral process, voter registration procedures, polling locations,

NIMS Global University Registrar Bikaner

candidates, and ballot measures. Governments and electoral authorities are obligated to provide transparent and accessible information to ensure informed voter decision-making.

Right to Voter Education: Citizens have the right to receive voter education and awareness initiatives aimed at promoting understanding of voting rights, responsibilities, and procedures. Educational efforts may include workshops, seminars, informational materials, and public service announcements conducted by governmental agencies, non-profit organizations, or educational institutions.

Protection Against Voter Suppression: Laws and regulations protect citizens from voter suppression tactics aimed at disenfranchising or discouraging certain groups from exercising their right to vote. Examples of voter suppression tactics include restrictive voter ID laws, voter purges, intimidation tactics, and misinformation campaigns.

Right to Voter Registration:

Citizens have the legal right to register to vote and update their voter registration information as needed. Governments are required to provide accessible voter registration processes, including online registration options and registration assistance for individuals with disabilities or limited English proficiency.

Protection of Voter Privacy:

Laws safeguard the privacy and confidentiality of voter information, including voter registration records and ballot choices.

Unauthorized access to or misuse of voter information is prohibited, and stringent measures are in place to prevent voter intimidation or coercion.

Equal Access to Polling Places: Citizens have the right to equal access to polling places and voting accommodations, regardless of race, ethnicity, gender, disability, or socioeconomic status.

Conclusion:

Discuss rights of vote

RNB Global University
Registrar
Bikaner

A lot of people want to vote, but many are not aware of its need and how to cast it. This is where voting awareness comes into play. The idea of voting awareness is to help people understand the importance of voting. Voting is an important way for voters to control their government. It is a method for citizens to express what they want from their leaders by raising awareness about voting. This will lead to better governance and what everyone wants – a democracy that is free, fair and representative. Voting helps citizens become more involved in their government and keep it accountable. To vote, you must meet specific requirements. In addition to voting, there are a few laws that ensure fair elections around the world. Voting is an integral part of democracy, and it is necessary for people to have a voice. Everyone has the right to vote, which means that all Indians can vote for the Prime Minister of their choice. By voting, you can create change and make a difference in your community. It is also important to vote because you can only repeal a law if most citizens. Voting is an important civic duty that can significantly impact the future of our country. Voting helps keep politicians accountable for their actions and creates the framework for our democracy. Voting also ensures that public officials are paid with the tax amount from the people who can afford to pay them. The most consequential decision of all is how to spend tax – voting ensures that there is accountability for what goes into our government's budget. The last thing we want is for politicians to be able to spend public money without being held accountable by

INTRODUCTION

RNB Global University's Department of FOBAS BCA Sem II students embarked on a transformative journey of compassion and social engagement through a visit to the orphanage at Seva Ashram, Pawanpuri, Bikaner. This initiative, driven by the university's commitment to holistic education and community empowerment, aimed to bridge the gap between academic learning and real-world empathy by immersing participants in the lives of underprivileged children. The event not only showcased the university's dedication to social responsibility but also highlighted the power of collective action in creating positive change within society.

Objectives:

The primary objective of this social activity was to encourage students to visit to the orphanage at Seva Ashram, Pawanpuri, Bikaner, organized by RNB Global University's Department of FOBAS, was designed with a multifaceted objective aimed at achieving several key outcomes:

1.Fostering Empathy and Compassion: The primary goal of the visit was to instill a sense of empathy and compassion among the students towards underprivileged children. By immersing themselves in the daily lives and challenges faced by these children, participants were encouraged to develop a deeper understanding of social inequalities and the importance of extending a helping hand to those in need.

2.Promoting Social Responsibility: Through engagement with the orphanage community, the event sought to promote a culture of social responsibility among the students. By actively participating in activities that contribute positively to society, students were encouraged to recognize their roles as responsible citizens capable of making meaningful contributions to the welfare of others.

3.Building Community Connections: The visit aimed to strengthen the university's ties with the local community, particularly with organizations like Seva Ashram dedicated to the welfare of orphaned and disadvantaged children. By establishing meaningful connections and collaborations, the university aimed to create long-lasting partnerships that benefit both the community and the institution.

4.Educational and Emotional Support: Discussions during the visit focused on exploring avenues for providing educational and emotional support to the children at the orphanage. This included discussions on potential scholarships, tutoring programs, access to educational resources, and initiatives aimed at nurturing the mental well-being of the children.

5.Inspiring Future Initiatives: By immersing students in hands-on social engagement, the event aimed to inspire and motivate them to initiate and participate in future social outreach initiatives. It served as a catalyst for students to channel their energy and talents towards creating positive social impact and contributing to the betterment of society.

Conclusion:

The visit to the orphanage at Seva Ashram, Pawanpuri, Bikaner, organized by RNB Global University's Department of FOBAS, was a meaningful and enriching experience for all participants. It reinforced the values of empathy, compassion, and social responsibility while fostering meaningful connections with the community. Such initiatives play a crucial role in nurturing well-rounded individuals and contributing positively to society.

About the Event

This activity was an assignment given to us as part of social awareness which is part of our academics. To complete the assignment, we planted trees in Khara village and then we also visited a park in a hotel near Khara village, where we communicated with the owner and gardener about how they maintain the park and trees during summer time and also planted a tree there. These types of activities help us in social awareness, academic performance and personal development.

Personal reflections on the experience:-

Trees possess intrinsic value that transcends their utilitarian function. Their sheer existence contributes to the beauty and majesty of landscapes, enriching our lives with their presence. From the towering sequoias of California to the delicate cherry blossoms of Japan, trees inspire awe and reverence, reminding us of the profound interconnectedness of all living beings. Beyond their aesthetic appeal, trees fulfill a multitude of essential environmental functions. They act as carbon sinks, absorbing carbon dioxide from the atmosphere and mitigating the effects of climate change. Additionally, trees play a critical role in regulating local temperatures, providing shade and reducing the urban heat island effect. Furthermore, trees help prevent soil erosion, stabilize riverbanks, and maintain biodiversity by providing habitat for countless species of flora and fauna. Trees contribute significantly to the economy and society. Forests provide valuable resources such as timber, fuel wood, and medicinal plants, supporting livelihoods and industries around the world. Moreover, green spaces and urban forests enhance the quality of life in cities, providing recreational opportunities, improving air quality, and promoting mental and physical well-being. The preservation and conservation of trees are not merely matters of environmental concern; they are moral imperatives that demand our collective attention and action. Our stewardship of trees reflects our ethical obligation to protect and nurture the natural world upon which all life depends. The protection of existing trees is

RNB Global University Registrar Bikaner

paramount to maintaining ecosystem health and biodiversity. Deforestation, driven by agricultural expansion, urban development, and logging, poses a significant threat to global forests and the species that inhabit them. Efforts to combat deforestation through policies, conservation initiatives, and sustainable land management practices are essential to safeguarding the integrity of forest ecosystems. Beyond preserving existing trees, proactive measures must be taken to propagate and nurture new ones. Reforestation and afforestation projects play a crucial role in replenishing lost forest cover and restoring degraded landscapes. Community-based tree planting initiatives empower individuals and communities to take an active role in environmental conservation, fostering a sense of ownership and stewardship over local ecosystems.

The preservation of trees is not solely a matter of practicality or economic benefit; it is also an ethical imperative rooted in principles of justice, equity, and intergenerational responsibility. As stewards of the planet, we have a duty to ensure that future generations inherit a world rich in biodiversity and natural beauty. This requires us to make decisions that prioritize the long-term health of ecosystems over short-term gains, and to consider the needs and interests of all living beings, human and non-human alike. The recent global health crisis and the looming threat of climate change underscore the urgent need for concerted action to address environmental challenges. Trees, with their unparalleled capacity to sequester carbon and mitigate the impacts of climate change, play a central role in this endeavor.

The phenomenon of global warming, driven primarily by the burning of fossil fuels and deforestation, poses an existential threat to human societies and ecosystems worldwide. Rising temperatures, shifting precipitation patterns, and more frequent and severe extreme weather events are already impacting communities and ecosystems, with disproportionate effects on vulnerable populations and biodiversity hotspots.

Trees offer a natural solution to the challenges posed by climate change. Through the process of photosynthesis, trees absorb carbon dioxide from the atmosphere and store it in their biomass, thereby reducing greenhouse gas concentrations and mitigating the greenhouse effect. Afforestation, reforestation, and sustainable forest management

RNB Global University Registrar Bikaner

practices are effective strategies for enhancing carbon sequestration and promoting climate resilience.

In addition to mitigating climate change, trees play a critical role in preserving biodiversity and ecosystem resilience. Forests are home to more than half of the world's terrestrial species, providing habitat, food, and shelter for a diverse array of plants, animals, and microorganisms. Protecting and restoring forest ecosystems is essential to safeguarding biodiversity and maintaining the ecological balance upon which all life depends.

Introduction:

On 7th April 2024, the students of B.Sc Ag. Hons 2nd sem organized a commendable Tree Plantation Campaign at Khara, Bikaner. With a growing concern for environmental conservation, this event aimed to address the urgent need for reforestation and promote a greener, healthier planet. Participants from various walks of life joined hands to contribute towards this noble cause, symbolizing a collective commitment to safeguarding our natural environment.

Objectives:

1. **Raising Awareness:** The primary goal of the campaign was to raise awareness about the critical role of trees in sustaining life on Earth. Through educational initiatives and interactive sessions, participants gained insights into the environmental benefits of tree planting and the importance of preserving biodiversity.
2. **Community Engagement:** By bringing together volunteers, local residents, and environmental advocates, the campaign sought to foster community engagement and encourage active participation in environmental conservation efforts. Through collaborative action, participants aimed to make a tangible impact on their surroundings.
3. **Promoting Sustainability:** Another key objective was to promote sustainable practices and instill a sense of environmental responsibility among participants. By planting native tree species and emphasizing the importance of ecosystem preservation, the campaign aimed to inspire individuals to adopt eco-friendly habits in their daily lives.
4. **Environmental Education:** Raise awareness about the importance of trees and their role in mitigating climate change, reducing pollution, and improving overall quality of life.
5. **Promote Biodiversity:** Introduce a diverse range of native tree species to support local wildlife and create healthier ecosystems.
6. **Community Engagement:** Mobilize volunteers of all ages to actively participate in the tree planting activities, fostering a sense of environmental stewardship.
7. **Increase Tree Cover:** Expand tree planting across urban and rural areas to boost overall tree canopy and enhance environmental benefits.

PNB Global University Registrar Bikaner

Sourcing and Procurement of Saplings:

The campaign sources high-quality tree saplings from reputable local nurseries and forestry suppliers. Rigorous quality checks ensure the saplings are healthy, disease-free, and well-suited to the local climate and soil conditions. Procurement is managed centrally to leverage bulk purchasing power and ensure consistent availability of diverse tree species across all planting sites.

Challenges:

Despite meticulous planning, the Tree Plantation Campaign encountered several challenges along the way. Adverse weather conditions, logistical constraints, and limited resources posed significant hurdles to the smooth execution of the event. Additionally, coordinating volunteers and ensuring effective communication presented logistical challenges that required quick and efficient solutions. However, through collective effort and determination, these challenges were overcome, underscoring the resilience and commitment of the organizing team and participants alike.

Successes:

Despite the challenges faced, the Tree Plantation Campaign achieved remarkable success on multiple fronts. Hundreds of trees were planted, significantly enhancing the green cover of the local environment. Moreover, the campaign succeeded in mobilizing community support and fostering a sense of environmental stewardship among participants. Through educational activities and interactive sessions, attendees gained a deeper understanding of the importance of tree planting and environmental conservation, paving the way for long-term sustainability initiatives.

Conclusion: In conclusion, the Tree Plantation Campaign organized by students of B.Sc Ag. Hons 2nd sem. stands as a testament to the power of collective action in addressing environmental challenges. By bringing together individuals from diverse backgrounds and inspiring them to take proactive steps towards conservation, the campaign exemplified the spirit of environmental sptewardship. As we celebrate the successes of this endeavor, let us remain steadfast in our commitment to preserving and protecting our precious natural resources for generations to come.

INTRODUCTION

RNB Global University's students of BA LLB Sem 8th embarked on a transformative journey of and social engagement through a visit to Visit to Khara & Surroundings, Bikaner. This initiative, driven by the university's commitment to holistic education and community empowerment, aimed to bridge the gap between academic learning and real-world empathy by immersing participants in the lives of underprivileged. Due to lack of water resources their life was found to be arduous and full challenges the visit provide our students and opportunity to think practically in regard to solutions and the ways to eliminate the problem of the scarcity of water. The event not only showcased the university's dedication to social responsibility but also highlighted the power of collective action in creating positive change within society.

Objectives:

The primary objective of this social activity was to encourage students to visit to Khara village and surroundings of Bikaner, organized by RNB Global University's Department of Law and Arts, designed with a multifaceted objective aimed at achieving several key outcomes:

1. Climate and Geography: Bikaner's arid climate, with low rainfall and high evaporation, creates a natural water scarcity. Coupled with limited surface water sources, the dependence on groundwater becomes immense
2. Unsustainable Extraction: Years of unregulated groundwater extraction have resulted in alarmingly low water tables. This "mining" of a finite resource poses an existential threat to future water security.
3. Deteriorating Water Quality: Overexploitation leads to saltwater intrusion, making existing groundwater sources saline and unsuitable for consumption or agriculture. This necessitates expensive treatment options.
4. Health Concerns: Fluoride contamination in drinking water, a direct consequence of overexploited groundwater, leads to health problems like dental fluorosis, a major public health concern in Bikaner.
5. Livelihood Impact: Agriculture, the backbone of Bikaner's economy, suffers immensely. Reduced irrigation potential leads to crop failure, jeopardizing food security and impacting farmer incomes.
6. Social Conflict: Competition for this scarce resource can lead to social tensions and conflicts, particularly within rural communities.

RNB Global University Registrar Bikaner

7. Limited Industrial Growth: Water scarcity deters water-intensive industries from setting up base in Bikaner, hindering economic diversification and job creation.
8. Tourism Challenges: The arid landscape and limited water availability can negatively impacttourism potential, a vital source of revenue for the district.

Conclusion:

Bikaner's water scarcity is not just an environmental issue; it poses a grave socioeconomic threat. By adopting sustainable water management practices, prioritizing conservation, and exploring alternative sources, Bikaner can chart a course towards a water-secure future, ensuring the well-being of its people and the flourishing of its economy. Continued efforts in this direction can bring about multiple benefits to the socio-economic scenario and can speed up the holistic development of this region.

About the Event: -

At present, climate change is standing in front of the whole world as a serious problem, Bikaner district has also not remained untouched by this problem. Due to climate change, the situation of divergence in various climatic components is also seen in Bikaner district. The main objective of this assignment is to assess the speed and direction of changes in the climatic variables due to climate change in the study area.

Personal reflections on the experience:-

An intriguing and enlightening activity on water scarcity organised by our university, engaging students in discussions on the problem of water scarcity in Bikaner district. The event aimed to encourage students to become more informed and engaged citizens, emphasizing the crucial role of Water Conservation Programs.

The activity featured a diverse panel of students from various academic disciplines, each providing unique perspectives on the importance of water conservation. The panel included passionate participants who articulated the need for a collaborative effort from government, communities, and individuals to ensure everyone has access to this vital resource.

This report particularly addresses the problem of water scarcity in Bikaner district, water scarcity in Bikaner is not a new problem but in the recent years it has grown on an unexpected rate following are some of the reasons why this problem increased:

Key Points Discussed:

1. Climate Change: Bikaner, like many other regions, has experienced changes in precipitation patterns and rising temperatures due to climate change. This has led to increased evaporation rates, reducing the availability of water.

2. Groundwater Depletion: Over-extraction of groundwater for agricultural, industrial, and domestic purposes has led to a decline in the water table. As a result, wells and boreholes are drying up, exacerbating water scarcity.

3. Its quality suffers due to salinity, fluoride, and nitrates [Assessment of Groundwater Quality in Parts of Bikaner District]. This necessitates treatment for drinking purposes, adding another layer of complexity.

RNB Global University Registrar Bikaner

4. Population Growth: Rapid urbanization and population growth in Bikaner have increased the demand for water, putting additional pressure on already strained water resources.
5. Poor Water Management: Inefficient water management practices, such as wastage and pollution of water sources, have further contributed to water scarcity in Bikaner.
6. Limited Alternative Water Sources: Bikaner faces challenges in accessing alternative water sources such as surface water due to its arid geographical location, making it heavily reliant on groundwater, which is now depleted.
7. Canal Closures: Bikaner relies heavily on canals for water supply. During annual maintenance periods (typically March-May), canal closures disrupt the regular flow, leading to temporary shortages [ETV Bharat].

Attendees Engagement:

The participants resonated with the audience, prompting lively discussions and questions from fellow students who were eager to learn more about water conservation and civic engagement. Audience members expressed their views on the scarcity of water.

Looking Ahead:

Bikaner's water woes demand long-term solutions. Here are some possibilities:

1. Water Conservation Programs: Encouraging rainwater harvesting, drip irrigation in agriculture, and public awareness campaigns can significantly reduce water consumption.

2. Alternative Water Sources: Exploring desalination of saline groundwater or treated wastewater reuse could provide additional water sources. By implementing a combination of these approaches, Bikaner can strive for a more sustainable.

Aridity and Infrastructure Woes:

1. Geographic Constraint: Bikaner's arid climate with minimal rainfall naturally limits surface water availability.

2. Strained Infrastructure: The city's dependence on a canal system, vulnerable to seasonal closures and maintenance needs, exposes vulnerabilities during peak demand.

RNB Global University Registrar Bikaner

3. Deteriorating Groundwater: Overexploitation of groundwater resources has led to declining water levels and compromised quality due to salinity and nitrates.

Impact on Society and Economy:

1. Domestic Struggles: Water scarcity disproportionately affects low-income households, forcing them to rely on expensive private water tankers, impacting their livelihoods.

2. Health Concerns: Contaminated groundwater poses health risks and necessitates additional treatment, adding financial strain.

3. Economic Hindrance: Unreliable water access disrupts industries and agriculture, hindering economic growth

Seeking Sustainable Solutions:

1. Rainwater Harvesting: Encouraging rooftop harvesting and storage systems can capture precious monsoon rains and supplement water needs.

2. Water-Efficient Practices: Promoting drip irrigation in agriculture and public awareness campaigns to encourage responsible water use can significantly reduce demand.

3. Desalination Potential: Investigating the feasibility of desalination plants could utilize saline groundwater as a potential source, particularly for industrial use.

4. Wastewater Treatment and Reuse: Treating wastewater for irrigation or non-potable purposes could create a new, sustainable water source.

Conclusion:

In conclusion, Bikaner's water scarcity isn't just a matter of limited resources; it's a complex web of challenges like canal closures, stressed groundwater quality, and unequal access. These issues create disruptions in daily life and put a strain on the most vulnerable. "She sends me to fetch water Very early in the morning Oh! Grandfather it is very difficult for me My pot never fills up fully The water is so deep That my rope hardly reaches it The

RNB Global University Registrar Bikaner

sun rises and also sets By the time, I return Unable to collect even one pot-full of water" – A folk song of Rajasthan.

However, there's hope. By promoting water conservation practices, exploring alternative water sources, and investing in infrastructure improvements, Bikaner can move towards a more secure water future. This requires a collaborative effort from government, communities, and individuals to ensure everyone has access to this vital resource.

Date	19.03.2024	**DOCID**	DOC202403190003
Subject	Holi Celebration		

We are pleased to inform that Event forum of the University is going to organize Event on **'Holi Celebration'** on 22nd Mar. 2024.

Date of the Event	:	22nd Mar. 2024
Venue	:	Management Lab-Academic Block
Time Slot	:	11:00 AM to 12:00 PM
Activities Slogan/Drawing	:	Fun activities for Students- Poem, Singing, Skit, Submission etc.
Theme	:	Traditional for the Participants
Participants	:	All RNB Students
Event Organizer	:	Event Forum

Objective: It celebrates the eternal and divine love of the deities Radha and Krishna. Additionally, the day signifies the triumph of good over evil, as it commemorates the victory of Vishnu as Narasimha over Hiranyakashipu. An ancient Hindu festival, which later became popular among non-Hindu communities as well, Holi heralds the arrival of spring after winter. It signifies the victory of good over evil and is celebrated as a day of spreading happiness and love. The festival is also celebrated as thanksgiving for good harvest It marks the rest and renewal of ruptured relationships by ending all conflicts and ridding oneself of ill feelings accumulated from the past.

Note:

- For entries send the details to archita.sonawat2021@rnbglobal.ac.in , gyan.jha2022@rnbglobal.ac.in , latest by 21st Mar. 2024, 2:00 PM
- For Slogan/Drawing posters, the submission can be done to Mr. Sandeep Saxena Asstt. Prof. FOCM latest by 21st Mar. 2024, *Best Three will be awarded with Certificates.*
- For the Event only Participants will be allowed the rest of Classes will be continued as per schedule.
- The Attendance of the students will be given as per the time slot for their respective classes.
- Discipline Committee Mr. Vijay Khanna, Mr. Vinay Nain, Er. Arpit, Mr. Vikas.

A Report
On

"Festival of Colors- Holi Celebration"

DOC202403290001

(Submitted by: Sandeep Saxena, Professor, RNB Global University)

Date: 29th March 2024

Date of Event- 22nd March 2023 **Time:** 11:00 AM onwards

Venue: Management Lab Academic Block

Faculty Coordinator: Ms. Archita Sonawat

Faculty Coordinator: Mr. Sandeep Saxena

Participants: All the Students of RNBGU

Organizers – Event Forum

Report Submitted By:

Sandeep Saxena

RNB Global University Registrar Bikaner

Signature of Registrar

RNB Global University Registrar Bikaner

About the Event: - "Festival of Colors – Holi Celebration

Holi is a popular and significant Hindu festival celebrated as the Festival of Colors, Love and Spring. It celebrates the eternal and divine love of the god Radha & Krishna.

It **celebrates the eternal and divine love of the god Radha and Krishna.** Additionally, the day also signifies the triumph of good over evil, as it commemorates the victory of Vishnu as Narasimha Narayana over Hiranyakashipu.

'Holi' marks the onset of Spring. **Throwing of colours to each other is the signature of this festival**. Therefore, it is often referred to as the Festival of Colors. Mythologically, Holi is associated with the legend of the demon King Hiranyakashyap and his son Prahlad and sister Holika.

So to celebrate this festival of colors the Event Forum organized the celebration where the students of BBA VI Ms. Archita Sonawat planned all the performances, a poem was recited by Mr. Lakshit Manchanda, the singing was performed by Mr. Tej Praksha Singh. Students of B.A. IV Sem. Ms. Meenakshi, Ms. Khushboo & Mr. Akshaya from BBA IV also presented beautiful painting for the holi celebration. Faculty Members Dr. Vatsala Gaur, Dr. Ravi Kishan Soni, Mr. Sandeep Saxena also shared their views & some stories related to the Holi celebration in which they show that how the Holi can be played with an safe way.

At the last students enjoyed the open D.J. to make the event more entertaining.

Objective: It honors the gods Radha and Krishna's unending and holy love. The day also honors Vishnu as Narasimha's victory over Hiranyakashipu, signifying the victory of good over evil. Holi is an ancient Hindu celebration that marks the coming of spring after winter and eventually gained popularity among non-Hindu populations as well. It is a day to share love and happiness as it represents the triumph of good over evil. The celebration also serves as a way to give appreciation for a bountiful harvest. It signifies the reconciliation and rebirth of broken relationships by putting an end to all disputes and clearing one's mind of any negative emotions harbored from the past.

- The Event was started on time in which students, at the starting the student of BBA VI- Ms. Archita Sonawat shared a brief introduction about the festival of Holi & the activities to be performed for the same i.e.- Poem, Singing, Painting, etc.
- During the Event Dean Academics Dr. B.S. Rathore expressed their blessing & wishes for the Holi festival.
- It was a very impressive performance where all the students present enjoyed.
- All the Students who have participated presented in well manner.

A Report
On
Practical Training on Basics of Theatre Event Management at
Bikaner Theatre Festival

DOC202403270001

(Submitted by: Dr. Ashok Kumar Karnani, Associate Professor, RNB Global University)

Date: 18thMarch to 22ndMarch **Time: 09:00 AM to 11:00 PM**

Venue: 1. Hansa Guest2. Town Hall, 3. Railway Auditorium4. TM Auditorium

Participants: 25 Volunteers (Students)

Faculty In charge- Dr. Ashok Kumar Karnani and Mr. Dheeraj Sharma

Organizers – Anurag Kala Kendra

RNB Global University Registrar Bikaner

About the Event-

The Bikaner Theatre Festival is an annual theatrical event imagined and executed by Anurag Kala Kendra. This festival is in fact a series of various activities & skits conducted by various theatre groups from all over the country at Bikaner.

This festival is celebrated as a tribute to Late Mr. Nirmohi Vyas, a famous theatre personality of Bikaner. Ever since its inception in the year 2016, RNB Global University has a Memorandum of Understanding with Bikaner Theatre Festival. The students of RNB Global University serves in the event as volunteers in this festival. The reason behind this MOU is to encourage & motivate theatre as a performing art and to give an exposure to university students on various facets of event management.

This year's BTF was dedicated to famous veteran theatre personality Late Mr. Sartaj Mathur.

The inauguration of five-day long BTF was held on 18-03-2024 at Hansa Guest House.

A total of 21 skits/dramas were performed at four different locations in a duration of Five days, and more than 250 artists performed their art.

The volunteers were divided in different teams on the very first day. A senior member from BTF was appointed as a mentor for each group of volunteers. A total of nine teams were formed out of total 25 volunteers.

Description of Learning Process at Bikaner Theatre Festival-

Selection of Volunteers – The students who have been registered in the Value-added certificate course in Event Management were advised to attend this festival, so as to get practical training on various aspects of event management and theatre. A total of 25 Volunteers were finalised for this event.

Training to Volunteers at University-The University arranged an extensive training in event management & Basics of Theatre & Drama for the volunteers before the commencement of the festival. For this University arranged an expert trainer from New Delhi. Mr. Amit Tiwari(Theatre Director) gave training to the students at university campus on 12-10-2022.

Faculty In Charge Appointed-The University appointed, Dr. Ashok Kumar Karnani and Mr. Dheeraj Sharma as the faculty in charge for this whole event.

Volunteers divided in Teams-On the very first day of BTF, all the volunteers were divided into Nine Teams. These teams are as follows-

1. Registration Team
2. Food Management Team
3. Hansa Guest House Event Management Team
4. Hansa Guest House Exhibition Management Team
5. Aashirvad Bhawan Artist Stay Arrangement Team

RNB Global University Registrar Bikaner

6. TM Auditorium Arrangement Team
7. Town Hall Auditorium Management Team
8. Railway Auditorium Management Team
9. Hospitality and Transportation Management Team

One mentor was assigned to these teams.

The Working/ Roles & Responsibilities of Teams -

Each team was responsible for smooth conduct of all events which were allocated at that spot. This included the following activities –

1. Establishing contact with the artists & director of the skit/drama.
2. Helping the artist to arrange the stage according to their needs. This included arranging the lights & sound systems. Also, any other material which was required by them was to be arranged.
3. Crowd management, which included, supervising the entry & exit of audience in the auditorium. Maintaining discipline, arranging the water, tea & refreshments for the audience.
4. To ensure the availability of food at the centre by coordinating with the food team.
5. After the show was over, to coordinate with the next team to arrange the stage as per their requirements.
6. Stage Management- volunteers were responsible to handle the stage at the time of felicitation of artists at the end of the show. The memento& certificates were to be arranged/ provided by them to the Chief Guests.

Food Team-

It was the responsibility of the food team to provide the breakfast, lunch & dinner to all the guests, artists and volunteers of the Bikaner Theatre Festival form 13-10-2022 evening to 18-10-2022 evening. This included, assessing the number of plates required, deciding/changing the menu, arranging the purchase of raw material. After the food was prepared, it was also their duty to make sure that at every spot the required number of plates were dispatched.

Hospitality Team-This team was responsible to arrange for the logistics at the festival. The arrival & departure of guests/artists was to be monitored by this team. The pick and drop of the guests were to be arranged by this team. The allocation of rooms to the guests was done by this team. Escorting the celebrities at the show was done by this team. To arrange vehicles for delivery of food packs at the different locations, to facilitate the movement of audience at different spots was done by this team.

RNB Global University Registrar Bikaner

Learning Outcomes-

1. Students learned about various important aspects of event management, which included, logistic management, stage management, discipline & audience management.
2. Students learned about various aspects of theatre & drama. The technicalities of sound and light system, how to arrange stage to deliver an effective message.
3. Students interacted with artists from different states of our country, this added to their knowledge of different cultures.
4. Students gained valuable insight by attending discussions on Theatre & Drama

Subject	**Volunteers in Bikaner Kala Mahotsav**		

Dear Students,

The organizers of Bikaner Kala Mahotsav have contacted the University for their requirement of volunteers in their Art & Culture Exhibition to be held at Jain College (Gangasahar, Bikaner).

The festival will be organized on 3 days (15th, 16th & 17th March), the volunteers will have to attend a briefing session on 14th evening also.

This festival is different from Bikaner Theatre Festival.

All volunteers will receive a certificate from the organizers on successfully completing the event. Lunch will also be served to the volunteers.

Students will have to reach the venue on their own vehicles or will have to use public transport.

The festival will start at 09:00 AM in morning and will continue till 09:00 PM in evening. Therefore volunteers will work in two shifts (Separate set of students)

1st shift – 08:30 AM to 02:30 PM

2nd Shift – 02:30 PM to 09:30 PM in evening

Interested students can give their names to Mr. Shailendra Singh Barath- Asst Professor, FOCM- RNB Global University, by 01:00 PM, 13-03-2024.

INTRODUCTION

The Bikaner Kala Mahotsav, an illustrious celebration of art, culture, and heritage, stands as a beacon of Rajasthan's rich and vibrant traditions. Held annually in the historic city of Bikaner, this festival brings together artists, performers, and enthusiasts from across the region and beyond, offering a mesmerizing tapestry of folk dances, music, crafts, and culinary delights. This year, **RNB Global University** had the esteemed opportunity to participate in this grand event, providing our students with a platform to showcase their talents, immerse themselves in diverse cultural experiences, and interact with artists and peers from different backgrounds. **RNB Global university** participation not only aimed at honing the artistic skills of our students but also at fostering a deeper appreciation for our cultural roots and the importance of preserving them for future generations. The following report encapsulates the highlights, experiences, and reflections from our memorable journey at the Bikaner Kala Mahotsav.

Bikaner Kala Mahotsav 2024

It was a cultural festival depicting the art, literature and cultural enrichens of the city of Bikaner and Rajasthan. It was from 15th March 2024 to 17th March 2024.
Venue: Shri Jain PG College Ground and Hansa Guest House, Gangashahar, Bikaner.
The concept and organization of Bikaner Art Festival was organized by Mr. Roshan Bafna, who is a poet journalist.

Object:

objectives for students to join the **Beacon of Rajasthan's rich and vibrant traditions:**

Cultural Immersion and Appreciation: To gain a deep understanding and appreciation of the rich cultural heritage and diverse artistic expressions of Bikaner and the surrounding regions.

Skill Development and Learning Opportunities: To develop valuable skills such as event management, teamwork, communication, and problem-solving through hands-on volunteering experience in a dynamic cultural festival environment.

Networking and Community Engagement: To connect with artists, cultural enthusiasts, and professionals from various fields, fostering meaningful relationships and expanding professional and social networks.

A display of winning artwork was also displayed on the stage and was arranged by us and we also help in managing props for the performances.
Then at the end, grand prize distribution was done and we do prize distribution and also in the end take Memorandum of Participation of Volunteer in the Event and of the University.
Also, our university was praised by the organizer for the support and assistance that we provided and helped in making this event successful.
At last, we have a photo session and danced in open DJ along with the team of management and our team of RNB.

Conclusion

Participating in the Bikaner Kala Mahotsav was an enriching and transformative experience for our students. It allowed them to step beyond the confines of the classroom and engage deeply with the vibrant cultural heritage of Rajasthan. Through performances, workshops, and interactions with seasoned artists, our students not only showcased their talents but also gained invaluable insights into the arts and traditions that define our cultural landscape.
The festival provided a unique platform for students to develop their artistic abilities, enhance their confidence, and build a sense of camaraderie and teamwork. Witnessing the dedication and passion of various artists inspired our students to pursue excellence in their own creative endeavors. Moreover, the exposure to diverse cultural expressions fostered a greater appreciation for cultural diversity and the importance of cultural preservation.
our participation in the Bikaner Kala Mahotsav was a resounding success. It not only highlighted the talents of our students but also instilled in them a deeper understanding and respect for our rich cultural heritage. We look forward to future opportunities to participate in such events, continuing to nurture the artistic and cultural growth of our students.

Report

Introduction

RNB Global University successfully organized its annual sports event on March 7 and 9, 2024. This event was a celebration of sportsmanship, teamwork, and the spirit of competition, drawing enthusiastic participation from both students and Faculty members. The event featured a diverse range of indoor and outdoor sports, showcasing the university's commitment to promoting physical fitness and holistic development.

Inauguration Ceremony

The sports event was inaugurated on March 7 at the university's basketball court. The ceremony was presided over by the esteemed President of the university, Dr. Gajendra Singh Rathore, who motivated students to engage in the activities with enthusiasm and dedication. His inspiring words set the tone for the event, emphasizing the importance of sports in building character, discipline, and resilience.

Event Details

The sports event was meticulously planned and executed over two days, with the participation of both boys and girls in a variety of sports categories. The Sports Committee, comprising Faculty members and student in-charges, played a pivotal role in ensuring the smooth conduct of all events.

Day 1: March 7, 2024
The first day of the event focused on track and field events, racquet sports, and indoor games. The key activities included:

100 Meter Race & 800 Meter Relay Race (Boys & Girls)
The races witnessed intense competition, highlighting the speed and endurance of the participants. These events were crucial in promoting cardiovascular fitness and athleticism among students.

Table Tennis – Girls (Singles & Doubles)
The table tennis matches were marked by agility and quick reflexes, underscoring the importance of coordination and precision in indoor sports.

Carom – Singles & Mixed
Carom, a popular indoor game, required players to demonstrate strategic thinking and steady hands, fostering concentration and patience.

Chess – Mixed (7 Minute Blitz)
The chess event tested the players' mental agility and strategic planning, proving that sports are not only about physical strength but also mental prowess.

Shot Put – Boys & Girls

RNB Global University Registrar Bikaner

The shot put event was a display of strength and technique, with participants showcasing their ability to combine power with precision.

Basketball – Boys & Girls
Basketball games encouraged teamwork and coordination, with players demonstrating their dribbling, passing, and shooting skills in a fast-paced environment.
Volleyball
The volleyball matches were a highlight of the day, emphasizing the importance of teamwork, communication, and strategic play.

Day 2: March 9, 2024
The second day featured a mix of outdoor sports, racquet games, and team sports. The activities included:
Cricket

The cricket matches brought out the spirit of camaraderie and teamwork, with players showcasing their batting, bowling, and fielding skills.

Badminton – Girls (Singles & Doubles)
The badminton events were marked by agility and precision, highlighting the importance of reflexes and quick decision-making in racquet sports.

Kho Kho (Boys & Girls)
Kho Kho, a traditional Indian sport, emphasized speed, agility, and strategic planning, with participants displaying quick reflexes and teamwork.

Snooker, Pool
These indoor cue sports tested the participants' precision, focus, and strategic thinking, fostering a calm and calculated approach to sports.

Table Tennis – Boys (Singles & Doubles)
The boys' table tennis matches mirrored the intensity of the girls' events, with participants displaying their finesse and tactical skills.

Discus Throw – Boys & Girls
The discus throw event was a test of strength and technique, with participants demonstrating their ability to generate power and control.

Badminton – Boys (Singles & Doubles)
The badminton matches for boys were equally competitive, with players exhibiting their skills in both singles and doubles formats.

Football
The football matches were a test of endurance, teamwork, and strategic play, with participants engaging in intense competition.

Kabaddi

Kabaddi games highlighted the importance of strength, strategy, and teamwork, with players showing their agility and tactical skills.

Conclusion

The RNB Global University annual sports event was a resounding success, providing students with a platform to showcase their talents and sportsmanship. The wide range of indoor and outdoor sports offered participants the opportunity to develop both their physical and mental skills. The active involvement of the Sports Committee, comprising dedicated Faculty members and student in-charges, was instrumental in the smooth execution of the event. The university's commitment to fostering a balanced and holistic educational environment was evident through the enthusiasm and participation displayed by all.

This event not only celebrated athletic excellence but also reinforced the importance of sports in building character, teamwork, and resilience among students.

INTRODUCTION

Introduction

RNB Global University in Bikaner celebrated International Women's Day on March 8, 2024, with a series of events and activities aimed at recognizing and honoring the achievements and contributions of women in various fields. The university's commitment to gender equality and empowerment was evident throughout the day's festivities.The celebration kicked off with an inauguration ceremony attended by all faculties. The university administration emphasized the importance of gender equality and the need to celebrate the accomplishments of women. The ceremony set the tone for the day's events and activities.

Event description

Dr. Dipali Gupta, the Registrar of RNB Global University, shared her experiences and insights on the occasion. In her address, she highlighted the importance of empowering women in education, leadership, and various professions. Dr. Dipali Gupta expressed her gratitude for the support received from the university community and emphasized the need for continued efforts in promoting gender equality.

Renowned women from diverse fields were invited to share their experiences and insights. These guest speakers included successful professionals, entrepreneurs, and social activists. Their inspirational talks aimed to motivate and empower the audience, encouraging women to pursue their goals and dreams.RNB Global University's celebration of International Women's Day was a resounding success, bringing together the academic community to honor and empower women. The events and activities provided a platform for meaningful discussions, skill-building, and inspiration. The university's commitment to fostering a gender-inclusive environment was evident, setting a positive example for the entire community.

As the celebration concluded, participants left with a renewed sense of appreciation for the contributions of women and a commitment to promoting gender equality in all aspects

of life. The International Women's Day celebration at RNB Global University in Bikaner served as a reminder of the importance of recognizing and empowering women in academia and beyond. The event not only recognized the achievements of women but also served as a platform to encourage ongoing efforts towards gender equality. The university's commitment to promoting a diverse and inclusive environment was evident throughout the celebration.

Report

On 06-03-2024, the Rotaract Club of RNB Global University, in association with Rotary Club Bikaner Aadhya and Rotary Club Marudhara, organized an impactful seminar titled **"Preserve Life Prevent Suicide."**
This event was graced by two distinguished expert speakers: Dr. Kanhaiya Kachhawa, a renowned psychiatrist, and Dr. Gaurav Bissa, a motivational speaker.
The session was organized with the aim of addressing the critical issue of suicide prevention and promoting mental well-being among the students and Faculty members of the university. The seminar highlighted the importance of mental health, the pathology and diagnosis of depression and suicide, and the role of good company and literature in maintaining mental health.

Event Details
The experts were warmly received by the Registrar and other Faculty members, alongside student coordinators Mr. Nikhil Kumar, President of the Rotaract Club of RNB Global University, and Miss Palak Fain, Secretary of the same club. Their active involvement in welcoming the guests underscored the collaborative spirit and the significance of student leadership in such vital initiatives.

The seminar began with an introductory speech by the President of the University, Dr. Gajendra Singh Rathore, who emphasized the urgent need to address mental health issues and the role of educational institutions in fostering a supportive environment for students. He stressed that the well-being of students is a top priority and that universities must play an active role in providing resources and support systems to help students cope with mental health challenges.

Expert's Contributions
Dr. Kanhaiya Kachhawa, in his address, delved into the pathology and diagnosis of depression and suicide. He explained that depression is a complex mental health disorder that can significantly impair an individual's ability to function in daily life. Symptoms of depression include persistent sadness, loss of interest in activities, changes in appetite and sleep patterns, and difficulty concentrating. Dr. Kachhawa highlighted that early diagnosis and intervention are crucial in preventing the escalation of depression into suicidal thoughts and behaviors. He also discussed the various diagnostic tools and methods used by mental health professionals to identify and treat depression, emphasizing the importance of seeking professional help when needed.

Following Dr. Kachhawa, Dr. Gaurav Bissa shared his insights on ventilation therapy and the importance of good literature and good company in maintaining mental health. Ventilation therapy, he explained, involves expressing one's thoughts and emotions to relieve stress and prevent mental health issues. Dr. Bissa encouraged students to engage in open conversations with trusted friends, family members, or counselors to share their feelings and reduce the burden of stress. He also underscored the positive impact of good literature, which can provide comfort, inspiration, and new perspectives during challenging times. Additionally, Dr. Bissa highlighted the role of a supportive social network in promoting mental well-being, urging students to surround themselves with positive and

understanding individuals.

The session included a Q&A segment, where both experts addressed questions from the audience. This interactive component allowed attendees to seek clarification on specific topics and gain a deeper understanding of the issues discussed. The active participation of students in the Q&A session reflected their engagement and the relevance of the topics covered.

Importance of Conducting Such Seminars at Universities
Conducting seminars on mental health and suicide prevention at universities is of paramount importance for several reasons:
Raising Awareness: Seminars like "Preserve Life Prevent Suicide" raise awareness about mental health issues, including depression and suicide, among students and Faculty members. By providing accurate information and dispelling myths, such events help to reduce stigma and encourage open discussions about mental health.

Early Intervention: Early intervention is critical in preventing the escalation of mental health issues. By educating students about the signs and symptoms of depression and other mental health disorders, seminars can empower individuals to seek help early and avoid the progression to more severe conditions, including suicidal ideation.

Providing Resources: Universities can use seminars as a platform to inform students about the available mental health resources on campus, such as counseling services, support groups, and hotlines. Ensuring that students are aware of these resources can facilitate timely access to professional help.

Promoting a Supportive Environment: Seminars create a sense of community and support within the university. By fostering an environment where mental health is prioritized and openly discussed, universities can help students feel more comfortable seeking help and supporting their peers.

Building Resilience: Mental health seminars equip students with coping strategies and resilience-building techniques that can help them manage stress and challenges effectively. Learning about the importance of good literature, positive relationships, and expressive therapies can provide students with practical tools to maintain their mental well-being.
Suicide remains a significant public health issue globally and in today's society. According to the World Health Organization (WHO), nearly 800,000 people die by suicide each year, making it one of the leading causes of death worldwide. Among young people aged 15-29, suicide is the second leading cause of death, highlighting the urgent need for preventive measures and mental health support for this demographic.
Several factors contribute to the high rates of suicide, including mental health disorders such as depression and anxiety, substance abuse, social isolation, and stressful life events. The COVID-19 pandemic has exacerbated these factors, leading to increased levels of stress, anxiety, and depression among individuals. The pandemic has also highlighted the disparities in access to mental health care, with many people unable to receive the support they need due to financial constraints, stigma, and lack of availability of services.
In the context of India, the National Crime Records Bureau (NCRB) reported that in 2020,

RNB Global University Registrar Bikaner

over 1,53,000 people died by suicide in the country, with a significant number of cases attributed to family problems, illness, and drug abuse. The stress and uncertainty caused by the pandemic have further intensified the mental health crisis, necessitating urgent attention and intervention.

Educational institutions play a crucial role in addressing this crisis by providing mental health education, support services, and creating an environment that promotes well-being. Universities, in particular, have a responsibility to ensure that students have access to the necessary resources and support to navigate their academic and personal lives successfully.

Conclusion

The "Preserve Life Prevent Suicide" seminar organized by the Rotaract Club of RNB Global University, in collaboration with Rotary Club Bikaner Aadhya and Rotary Club Marudhara, was a significant step towards addressing the critical issue of suicide prevention. The insights shared by Dr. Kanhaiya Kachhawa and Dr. Gaurav Bissa provided valuable knowledge and practical strategies for maintaining mental health and preventing suicide.

The involvement of university leadership and student coordinators underscored the importance of collaborative efforts in promoting mental well-being.

Conducting such seminars is essential for raising awareness, providing early intervention, promoting a supportive environment, and building resilience among students. In light of the current mental health crisis, particularly exacerbated by the COVID-19 pandemic, universities must prioritize mental health education and support to safeguard the well-being of their students.

Subject	Participation in ROTASIA 2024 – Annual Rotaract South Asia Conference		

Dear All,

We are pleased to announce the participation of our students in **ROTASIA 2024**, the annual **Rotaract South Asia Conference**, which was held from **February 29th to March 3rd, 2024**, at the **Prestige Srihari Khoday Centre for Performing Arts, Bengaluru, Karnataka**.
ROTASIA 2024 brought together Rotaract members from various countries across South Asia, providing a unique platform for discussions, workshops, and networking opportunities. The conference focused on fostering leadership, community service, and cultural exchange, empowering young leaders to make a difference in their communities.

Key Details:

- **Student Co-Ordinator:** Ms. Palak Jain, Secretary, Rotaract Club of RNB Global University
- **Venue:** Prestige Srihari Khoday Centre for Performing Arts, Bengaluru, Karnataka
- **Organized By:** Rotary Club
- **Total No. of Participants:** 3 from RNB Global University

We are proud of the dedication and enthusiasm shown by our participants, who actively engaged in various activities and discussions at the conference. Their involvement reflects our university's commitment to nurturing leadership and community service values among our students.
We look forward to seeing the impact of this enriching experience on our participants and the broader Rotaract community at RNB Global University.

Report on ROTASIA 2024

ROTASIA 2024, the annual Rotaract South Asia Conference, was held from February 29th to March 03, 2024, at Prestige Srihari Khoday Centre for Performing Arts, Bengaluru, Karnataka. This conference brought together Rotaract members from various countries across South Asia to engage in discussions, workshops, and networking opportunities aimed at fostering leadership, community service, and cultural exchange.

The Rotaract Club of RNB Global University actively participated in this event, sending a delegation of three students to represent the university and contribute to the conference. Additionally, it is requested that the attendance of the three students who participated in ROTASIA 2024 be duly marked during the event period.

As the event took place in Bangalore, which required the students to travel from Bikaner, they were unable to attend their regular classes during this time. Therefore, it is imperative that their attendance for the duration of the conference be recorded accurately to ensure no discrepancies arise in their academic records. Your cooperation in this matter is greatly appreciated.

Attendance: Three students from RNB Global University attended ROTASIA 2024 as representatives of the university's Rotaract Club. The delegation included: 1. Nikhil Kumar, Student, BBA VIth Sem 2. Gunjan Agarwal, Student, BBA VIth Sem 3. Diksha Karnani, Student, B. Com (Honors) VIth Sem

Highlights of Participation:

1. Workshops and Training Sessions: The students actively participated in a series of workshops and training sessions covering various topics such as leadership development, project management, community service initiatives, and cultural sensitivity. These sessions provided valuable insights and equipped the students with practical skills to implement impactful projects within their communities.

2. Networking Opportunities: The conference provided ample networking opportunities for the students to interact with fellow Rotaractors, Rotary leaders, and professionals from diverse backgrounds. These interactions facilitated the exchange of ideas, best practices, and potential collaborations for future projects.

RNB Global University Registrar Bikaner

3. Cultural Exchange: One of the key highlights of ROTASIA 2024 was the celebration of cultural diversity through various cultural exchange programs, performances, and exhibitions. The students had the opportunity to showcase the cultural heritage of their university and country while also experiencing the rich cultures of other participating nations.

4. Project Presentations: The students had the chance to present some of the successful projects initiated by the Rotaract Clubs of Bikaner including our own club of RNB Global University. These presentations not only highlighted the club's contributions to community development but also served as inspiration for other clubs seeking innovative project ideas.

Outcomes and Learnings: Participation in ROTASIA 2024 was a transformative experience for the students from RNB Global University. They returned with a deeper understanding of Rotary's principles, a broader perspective on community service, and enhanced leadership skills.

Some of the key outcomes and learnings include:

1. Enhanced Leadership Skills: The students gained valuable insights into effective leadership practices through interactive sessions and real-life case studies shared during the conference.

2. Cross-Cultural Understanding: Exposure to diverse cultures and perspectives fostered a greater appreciation for cultural diversity and promoted intercultural dialogue among the students.

3. Project Development: The students gathered innovative ideas and strategies for developing and implementing sustainable community service projects, which they intend to apply within their local communities.

4. Networking and Collaboration: Building connections with fellow Rotaractors and Rotary leaders opens up avenues for future collaborations, resource sharing, and mentorship opportunities.

Conclusion: The participation of three students from RNB Global University in ROTASIA 2024 was a testament to the university's commitment to promoting leadership, service, and cultural exchange among its student body. The experience

RNB Global University Registrar Bikaner

gained at the conference will not only benefit the individual students but also contribute to the overall growth and impact of the Rotaract Club of RNB Global University.

Moving forward, the university looks forward to continued engagement with Rotary and Rotaract initiatives to create positive change in communities locally and globally. The photos pasted in the report capture various moments from the conference, showcasing the students actively engaging in workshops, networking with fellow Rotaractors, presenting their projects, and experiencing cultural exchange activities.

These images serve not only as a record of the students' involvement but also as a means to convey the vibrancy and energy of the event. Furthermore, they highlight the cultural diversity and camaraderie fostered through such international gatherings, reinforcing the university's commitment to global citizenship and community service.

INTRODUCTION

National Science Day is celebrated every year on 28 February to mark the discovery of the 'Raman Effect' by Sir C.V. Raman on 28 February 1928. It was this discovery that got Sir C.V. Raman a Nobel Prize in Physics in 1930.In order to promote science-related activities, National Science Day is observed across the country.Additionally, science Day is a day for education about science and how it affects our daily lives. It can also serve as a means of inspiring young people to pursue careers in science. On Science Day, various activities take place to promote science and give people the chance to engage in practical experiments. The purpose of celebrating Science Day is to raise awareness of the value of scientific theories and applications in daily life. The point of Science Day is to show what scientists have done, what they have accomplished, and what they are doing to help people. Additionally, scientists and science enthusiasts talk about ways to advance technologies and apply scientific theories to daily life.

National Science Day promotes science as a part of daily life in addition to honouring a great Indian scientist and one of his major discoveries. Growth and prosperity will come as a result when society adopts a scientific mindset in all facets. Therefore, the government and relevant departments must fully support the day's observance. It gives the scientific community a forum for communication with the public and the government, educating them about the value of science and the potential for its expansion. Science offers countless opportunities for development and improves the comfort and convenience of daily life.

OBJECTIVES OF EVENT

1. To raise awareness of the value of scientific theories and their applications in daily life.
2. To honour a great Indian scientist and one of his major discoveries.
3. To show the importance of science in the daily life of people for comfort and convenience.

DESCRIPTION OF EVENT

To celebrate the day, an essay competition was organized for all students of RNBGU. The topic "Indigenous Technologies for Vikshit Bharat" was given for writing

RNB Global University Registrar Bikaner

the essay. They were permitted to write the essay at their homes and then submit it for the competition. Twelve students participated in the competition. The following students were selected for the three prizes:

1. First (Rs.500): Ms. Meenakshi Agarwal and Ms. Khushboo Saraswat
2. Second (Rs. 200): Ms. Anjali Budania and Ms. Simran Khan
3. Third (Rs. 100): Mr. Chetaniya Singh Rathore

CONCLUSION

The event was successfully organized according to the objectives of the event.

INTRODUCTION

RNB Global University conducted an enlightening awareness campaign on Cervical and Breast Cancer in association with Rotary Club of Bikaner Aadhya and Rotaract Club of the University. Dr. Khushboo Joshi, In charge Gynae, Satellite Hospital, Bikaner was the Expert. The event aimed at spreading awareness about the above diseases and bursting myths relating to them.

Objectives:

The primary objective of this campaign was to increase public knowledge and understanding of cervical and breast cancer, including risk factors, symptoms and the importance of early detection through regular screenings.

1. The event started with power point presentation on cervical cancer. Dr. Khushboo demonstrated and explained well the causes, symptoms and risk factors relating to Cervical cancer.
2. Dr. Joshi encouraged females to undergo regular cervical Pap smears and breast mammograms as part of preventive healthcare measures, emphasizing the benefits of early detection in improving treatment outcomes.
3. The main aim of the campaign was to promote awareness about the availability and importance of vaccines against HPV to prevent cervical cancer and encourage vaccinations among eligible individuals.
4. She also sensitized women to take charge of their health by providing them with the necessary information and resources to make informed decisions about cancer prevention, screening, and treatment options.
5. Societal taboos and misconceptions surrounding cervical and breast cancer were also addressed to encourage open dialogue about women's health issues.

Conclusion:

At the end, in the interactive session, Dr. Khushboo Joshi satisfied individual queries of the students and staff. She also tried to burst the myths and misconceptions relating to these diseases. She advised the females for regular health check ups from qualified health professionals.

INTRODUCTION

RNB Global University conducted an enlightening awareness campaign on Cervical and Breast Cancer in association with Rotary Club of Bikaner Aadhya and Rotaract Club of the University. Dr. Khushboo Joshi, In charge Gynae, Satellite Hospital, Bikaner was the Expert. The event aimed at spreading awareness about the above diseases and bursting myths relating to them.

Objectives:

The primary objective of this campaign was to increase public knowledge and understanding of cervical and breast cancer, including risk factors, symptoms and the importance of early detection through regular screenings.

1. The event started with power point presentation on cervical cancer. Dr. Khushboo demonstrated and explained well the causes, symptoms and risk factors relating to Cervical cancer.
2. Dr. Joshi encouraged females to undergo regular cervical Pap smears and breast mammograms as part of preventive healthcare measures, emphasizing the benefits of early detection in improving treatment outcomes.
3. The main aim of the campaign was to promote awareness about the availability and importance of vaccines against HPV to prevent cervical cancer and encourage vaccinations among eligible individuals.
4. She also sensitized women to take charge of their health by providing them with the necessary information and resources to make informed decisions about cancer prevention, screening, and treatment options.
5. Societal taboos and misconceptions surrounding cervical and breast cancer were also addressed to encourage open dialogue about women's health issues.

Conclusion:

At the end, in the interactive session, Dr. Khushboo Joshi satisfied individual queries of the students and staff. She also tried to burst the myths and misconceptions relating to these diseases. She advised the females for regular health check ups from qualified health professionals.

Sandeep Saxena

RNB Global University Registrar Bikaner

About the Event: -

Basant Panchami or Vasant Panchami festiva is being celebrated on Panchami Tithi of Shukla Paksha in the month of Magha i.e., February 14, 2024. Basant Panchami, or Vasant Panchami, is a festival that heralds the approach of spring and is widely observed with great zeal and passion in many Indian cities.

The festival signifies the start of the Rabi crop harvesting season, with a particular focus on wheat cultivation.

Farmers view this occasion as an auspicious time to start preparing their fields for cultivation. The yellow mustard flowers in full bloom across the countryside add a beautiful view to the landscape, symbolizing prosperity and abundance.

The meaning of Vasant Panchami, therefore, is a reminder of the deep connection between nature and human life as communities rejoice in the bounty provided by the earth.

Keeping in view the Event Forum of RNB Global University organized an event for Basant Panchmi Celebration as on 14th Feb. 2024, in which the worship of Maa Saraswati was started with Tilak, Garlands, Lamp lightening & Prasad.

The Student of BBA LLB IV Ms. Mansi Prajapat sung a Saraswati Vandna in a melodious voice.

- The Event was started on time in which students from RNB Global university participated at the starting the student member of event forum from BBA IV Ms. Aditi Jha, Mr. Dhiraj Lalani & Gyan Narayan Jha make all the arrangements for the worship of Maa Sarswati.
- It was a very impressive singing by Mansi Prajapat students also enjoyed the Prasad after the worship during the event.
- Event was organized by Event Forum of the University under the guidance of Mr. Sandeep Saxena- Asstt. Prof. –FOCM.
- All the Students who have participated presented in well manner.

Subject	Air Show by Surya Kiran aerobatic team of Indian Air Force		

Regarding the Air Show at Nal Air Force Station, it is again advised the students be punctual and follow the guidelines.

Date: 01st Feb 24

Time of arrival at Nal Air Force Station: 08:45 AM

The students not availing of the University's bus facility should take bus passes from the library today, as only permitted vehicles (University Buses) are allowed there.

All the buses will depart from their start point at 07:55 AM and reach Nal Air Force Station at 8:45 AM. Kindly reach your pick-up point accordingly at 5 minutes earlier than your presumption.

KINDLY NOTE:

- All the students must be in proper formals.
- University ID card and any **Government-issued ID** (Aadhar/ PAN/ DL) are mandatory.
- Please ensure your arrival on time, and may bring water, and a cap for sun protection.
- Bags, cameras, mobile phones, and eatables are not allowed.
- Class representatives and Mentors will ensure discipline.
- Two Buses No. RJ-05-PA-00921 (Driver Name – Mr. Hanuman) and RJ-07-PB-5487. (Driver Name – Mr. Radhey Shyam), will move from their start point at 7.45 AM, so, it is requested that the students come up at their point 10 minutes earlier.
- For hostellers, two buses will depart from the University at 8.15 AM. Reach the bus point before 10 minutes.

Let's make this Air Show excursion a memorable and enriching experience for everyone!

INTRODUCTION

RNB Global University share the exciting opportunity to witness spectacular aerial displays at **Bikaner NAL Airport** (Air awareness Campaign by Surya Kiran aerobatic team of Indian Air Force). The Surya Kiran Aerobatic Team, a renowned unit of the Indian Air Force, recently enthralled university students with a breathtaking air show that showcased the prowess and precision of the nation's aviation capabilities. The event, held with the aim of inspiring and educating young minds, provided a unique opportunity for students to witness thrilling aerobatic maneuvers and gain insights into the world of aviation.

Against the backdrop of the clear skies, the Surya Kiran team executed a series of mesmerizing formations, loops, and rolls, leaving the spectators in awe of their skill and coordination. The deafening roars of the aircraft and the vibrant trails of smoke painted the sky with a display of agility and mastery rarely witnessed.

The air show served not only as a source of entertainment but also as an educational platform, allowing students to appreciate the dedication and discipline required in the field of aviation. The pilots, true ambassadors of the Indian Air Force, interacted with the students, sharing their experiences and encouraging them to dream big.

The event left an indelible mark on the university community, fostering a sense of pride and admiration for the nation's aerial prowess. As the Surya Kiran team soared through the skies, they not only showcased their exceptional skills but also ignited a passion for aviation among the young minds present, inspiring future generations to reach for the skies.

The Surya Kiran Aerobatic Team's air show for university students holds paramount importance in fostering a deep appreciation for aviation and instilling a sense of national pride. Beyond the sheer spectacle of aerial acrobatics, such events play a crucial role in bridging the gap between the armed forces and civilian communities.

For university students, witnessing the Surya Kiran team's precision maneuvers and breathtaking formations offers a firsthand insight into the skill, discipline, and teamwork required in the Indian Air Force. It serves as an educational experience, inspiring the next generation to consider careers in aviation and defense.

Moreover, the air show serves as a powerful tool for national unity and patriotism. It showcases the technological advancements and capabilities of the Indian Air Force, instilling a sense of pride among spectators. The interaction between the Surya Kiran pilots and students further humanizes the military, fostering understanding and respect.

In a world where geopolitical tensions exist, such events contribute to building a strong sense of national identity and solidarity. The Surya Kiran Aerobatic Team's air show for university students thus becomes not just a display of aviation prowess but a vital means of connecting the armed forces with the civilian populace, fostering mutual understanding and pride in the nation's defense capabilities.

Date	31-01-2024	No.	DOC202401310005
Subject	Air Show by Surya Kiran aerobatic team of Indian Air Force		

Regarding the Air Show at Nal Air Force Station, it is again advised the students be punctual and follow the guidelines.

Date: 01st Feb 24

Time of arrival at Nal Air Force Station: 08:45 AM

The students not availing of the University's bus facility should take bus passes from the library today, as only permitted vehicles (University Buses) are allowed there.

All the buses will depart from their start point at 07:55 AM and reach Nal Air Force Station at 8:45 AM. Kindly reach your pick-up point accordingly at 5 minutes earlier than your presumption.

KINDLY NOTE:

- All the students must be in proper formals.
- University ID card and any **Government-issued ID** (Aadhar/ PAN/ DL) are mandatory.
- Please ensure your arrival on time, and may bring water, and a cap for sun protection.
- Bags, cameras, mobile phones, and eatables are not allowed.
- Class representatives and Mentors will ensure discipline.
- Two Buses No. RJ-05-PA-00921 (Driver Name – Mr. Hanuman) and RJ-07-PB-5487. (Driver Name – Mr. Radhey Shyam), will move from their start point at 7.45 AM, so, it is requested that the students come up at their point 10 minutes earlier.
- For hostellers, two buses will depart from the University at 8.15 AM. Reach the bus point before 10 minutes.

Let's make this Air Show excursion a memorable and enriching experience for everyone!

INTRODUCTION

RNB Global University share the exciting opportunity to witness spectacular aerial displays at **Bikaner NAL Airport** (Air awareness Campaign by Surya Kiran aerobatic team of Indian Air Force). The Surya Kiran Aerobatic Team, a renowned unit of the Indian Air Force, recently enthralled university students with a breathtaking air show that showcased the prowess and precision of the nation's aviation capabilities. The event, held with the aim of inspiring and educating young minds, provided a unique opportunity for students to witness thrilling aerobatic maneuvers and gain insights into the world of aviation.

Against the backdrop of the clear skies, the Surya Kiran team executed a series of mesmerizing formations, loops, and rolls, leaving the spectators in awe of their skill and coordination. The deafening roars of the aircraft and the vibrant trails of smoke painted the sky with a display of agility and mastery rarely witnessed.

The air show served not only as a source of entertainment but also as an educational platform, allowing students to appreciate the dedication and discipline required in the field of aviation. The pilots, true ambassadors of the Indian Air Force, interacted with the students, sharing their experiences and encouraging them to dream big.

The event left an indelible mark on the university community, fostering a sense of pride and admiration for the nation's aerial prowess. As the Surya Kiran team soared through the skies, they not only showcased their exceptional skills but also ignited a passion for aviation among the young minds present, inspiring future generations to reach for the skies.

The Surya Kiran Aerobatic Team's air show for university students holds paramount importance in fostering a deep appreciation for aviation and instilling a sense of national pride. Beyond the sheer spectacle of aerial acrobatics, such events play a crucial role in bridging the gap between the armed forces and civilian communities.

For university students, witnessing the Surya Kiran team's precision maneuvers and breathtaking formations offers a firsthand insight into the skill, discipline, and teamwork required in the Indian Air Force. It serves as an educational experience, inspiring the next generation to consider careers in aviation and defense.

Moreover, the air show serves as a powerful tool for national unity and patriotism. It showcases the technological advancements and capabilities of the Indian Air Force, instilling a sense of pride among spectators. The interaction between the Surya Kiran pilots and students further humanizes the military, fostering understanding and respect.

In a world where geopolitical tensions exist, such events contribute to building a strong sense of national identity and solidarity. The Surya Kiran Aerobatic Team's air show for university students thus becomes not just a display of aviation prowess but a vital means of connecting the armed forces with the civilian populace, fostering mutual understanding and pride in the nation's defense capabilities.

Introduction

In today's fast-paced world, the importance of environmental sustainability and cleanliness cannot be overstated. As we continue to witness the detrimental effects of pollution and waste on our planet, individuals and organizations alike are taking proactive measures to promote a cleaner and healthier environment. One such initiative that has gained significant traction in recent years is the cleaning drive movement.

Cleaning drives encompass a range of activities aimed at removing litter, debris, and pollutants from public spaces such as parks, beaches, streets, and water bodies. These efforts are typically organized by community groups, non-profit organizations, schools, businesses, and government agencies, all working together towards a common goal of preserving and enhancing our natural surroundings. This report delves into the significance of cleaning drives, exploring their benefits, challenges, and best practices. By examining case studies and real-world examples, we aim to highlight the positive impact that organized cleaning initiatives can have on communities and the environment at large. Additionally, we will discuss strategies for engaging stakeholders, maximizing participation, and sustaining momentum beyond individual cleanup events.

Ultimately, the goal of this report is to inspire and empower readers to take an active role in fostering cleaner, greener spaces through organized cleaning drives. By fostering a culture of environmental stewardship and collective action, we can create a lasting legacy of sustainability for future generations.

Scope

Cleaning drive initiatives encompass a wide range of activities and strategies aimed at promoting cleanliness and environmental sustainability. The scope of these initiatives can vary depending on factors such as the scale of the cleanup effort, the target area or ecosystem, the participating stakeholders, and the resources available. Below are key aspects within the scope of cleaning drive initiatives.

Cleaning drives can focus on diverse environments such as urban areas, beaches, parks, forests, rivers, lakes, and coastal regions. The choice of target area may depend on factors such as local environmental concerns, accessibility, and community interest. Cleaning drives address various types of waste, including plastic litter, paper waste, metal scraps, glass bottles, electronic waste (e-waste), and hazardous materials. Sorting and proper disposal/recycling of collected waste are integral parts of cleaning drive activities. Cleaning drives engage a broad spectrum of participants, including volunteers from local communities, schools, universities, businesses, NGOs, government agencies, and environmental advocacy groups.

Collaboration among diverse stakeholders strengthens the impact of cleaning initiatives. Cleanup activities typically involve litter picking, sorting recyclables, cleaning water bodies, planting trees (in case of reforestation drives), and raising awareness through educational campaigns.

Tools such as gloves, trash bags, litter pickers, and safety equipment are commonly used during cleanup activities. Cleaning drives contribute to mitigating environmental pollution, conserving biodiversity, protecting wildlife habitats, preventing water contamination, and enhancing the overall aesthetic and recreational value of public spaces. These initiatives foster community pride, social cohesion, and a sense of environmental responsibility among participants. They provide opportunities for education, advocacy, and collective action towards sustainable waste management practices.

Sustainable cleaning drives emphasize ongoing efforts beyond one- time events. This includes implementing waste reduction strategies, promoting recycling and composting, advocating for policy changes, and conducting regular monitoring and follow-up cleanups.

Challenges and Opportunities:

Cleaning drives face challenges such as waste mismanagement, limited resources, logistical constraints, and maintaining sustained community engagement. Overcoming these challenges requires strategic planning, collaboration, innovation, and leveraging technology for efficiency. While the principles of cleaning drives are universal, local context, environmental regulations, cultural practices, and socioeconomic factors influence the design and implementation of cleanup initiatives in specific regions or communities. Evaluating the success and impact of cleaning drives involves assessing metrics such as waste collected, area cleaned, volunteer participation, public awareness, changes in waste management practices, and environmental indicators (e.g., water quality improvement, wildlife conservation). By comprehensively addressing these aspects within the scope of cleaning drive initiatives. Stakeholders can develop holistic strategies that promote environmental stewardship, community empowerment, and lasting positive impacts on our planet.

Importance of Cleanliness:

Maintaining cleanliness is crucial for preventing diseases, infections, and promoting overall well-being. Clean environments reduce the spread of germs and pathogens, especially in communal spaces like homes, schools, hospitals, and public areas. Cleanliness extends to environmental conservation by reducing pollution, preserving natural resources, and protecting ecosystems. Proper waste management, recycling, and pollution control measures contribute to a cleaner and sustainable planet. Clean and well-maintained surroundings enhance aesthetic value, promote tourism, and create positive impressions on residents and visitors. Clean cities, parks, beaches, and neighbourhoods foster a sense of pride and community identity.

RNB Global University
Registrar
Bikaner

Components of Cleanliness:
Practices such as regular bathing, handwashing, dental care, and proper sanitation contribute to individual cleanliness and disease prevention. Keeping living and working spaces clean through regular cleaning, waste disposal, pest control, and maintenance of hygiene standards in public facilities (e.g., restrooms, food establishments).

Clean air free from pollutants (e.g., smoke, particulate matter) and access to safe, clean drinking water are essential for human health and environmental balance.

Sustainable Practices for Cleanliness:
Implementing waste reduction strategies, promoting recycling programs, and encouraging composting reduce landfill waste, conserve resources, and minimize environmental pollution. Incorporating green infrastructure such as green roofs, permeable pavements, and urban green spaces improves air quality, reduces urban heat islands, and enhances overall environmental cleanliness in urban areas. Efficient water use, rainwater harvesting, and water recycling initiatives contribute to water conservation, reduce water pollution, and ensure access to clean water for communities.

Conclusion
Recap of key points regarding the importance, impacts, challenges, and strategies for promoting cleanliness and environmental sustainability.

Emphasize the role of individuals, communities, and institutions in fostering a culture of cleanliness, responsible waste management, and sustainable practices for a cleaner and healthier world. By incorporating these additional contents, the report provides a comprehensive overview of cleanliness, its multifaceted impacts, and the various strategies and innovations driving cleanliness initiatives globally. It underscores the interconnectedness of cleanliness with public health, environmental conservation, economic prosperity, cultural awareness, and technological advancements in shaping a more sustainable future.

INTRODUCTION

Republic Day is a momentous occasion for every Indian, commemorating the day when the Constitution of India came into effect on January 26, 1950. This event marks the transition of India from a British Dominion to a republic, highlighting the importance of democracy, liberty, and unity. The 75th Republic Day celebration at RNB Global University (RNBGU), Bikaner, was a grand affair that reflected these values through a series of well-orchestrated events and activities. At RNBGU, preparations for the 75th Republic Day celebration began weeks in advance. The university administration, Faculty, and students worked together to organize a series of events that would highlight the importance of the day. The campus was adorned with tricolor decorations, creating an atmosphere of national pride and enthusiasm.

As the university community reflected on the importance of Republic Day, they were reminded of their responsibilities as citizens of a democratic nation. The 75th Republic Day celebration at RNBGU was not just a one-day event but a reminder of the ongoing journey towards building a stronger, more inclusive, and progressive India.

OBJECTIVES OF EVENT

- Importance of 26th January in India
- Awareness of Constitutional Rights
- Promote Patriotism
- Promotion of Unity
- Highlighting National Achievements

DESCRIPTION OF EVENT

The celebrations began with the hoisting of the national flag by the Dr. Meenakshi Sharma, Dean of SOCM, followed by the singing of the national anthem, which filled the air with a sense of pride and unity. The entire university community, including students, Faculty, and staff, gathered to pay tribute to the nation and its remarkable journey since the adoption of the Constitution. Dr. Sharma, delivered an inspiring speech that resonated deeply with everyone present. She began by acknowledging the significance of Republic Day, a day that commemorates the coming into effect of the Indian Constitution, thus establishing India as the world's largest democracy. Dr. Sharma paid homage to the countless freedom fighters and leaders whose sacrifices have granted us the liberty and

RNB Global University Reg. Bikaner

rights we enjoy today.

CONCLUSION

The 75th Republic Day celebration at RNB Global University was a grand success, reflecting the collective efforts and enthusiasm of the entire university community. The event not only commemorated the significance of Republic Day but also instilled a sense of patriotism and national pride among the students and Faculty.

भारत में मौलिक कर्तव्य: अनुच्छेद 51(ए)

हमारे देश भारत का संविधान दुनिया का सबसे लंबा लिखित संविधान है। इसमें हर व्यक्ति के अधिकारों को ध्यान में रखा जाता है. हालाँकि, राज्य के तीनों अंग इस देश को तब तक आत्मनिर्भर नहीं बना सकते जब तक उन्हें नागरिकों से भी उचित समर्थन न मिले। इसलिए नागरिकों से कुछ मौलिक कर्तव्यों के पालन की अपेक्षा की जाती है। इस लेख में, हम उन मौलिक कर्तव्यों पर चर्चा करेंगे जिनका पालन हमारे देश के नागरिकों द्वारा किया जाना अपेक्षित है। देश के सभी नागरिकों में देशभक्ति एवं एकता की भावना बनाये रखना नागरिकों का नैतिक दायित्व है।

1976 में संविधान के 42वें संशोधन अधिनियम द्वारा जो मौलिक कर्तव्य जोड़े गए, वे संस्कृति के निर्माण और प्रचार-प्रसार के अलावा, मौलिक अधिकारों के साथ-साथ इन कर्तव्यों को लागू करने में विधायिका के हाथों को भी मजबूत करते हैं।

भारतीय संविधान का भाग IVA मौलिक कर्तव्यों से संबंधित है। अब तक, 11 मौलिक कर्तव्य हैं।

मूल रूप से, भारत के संविधान में ये कर्तव्य शामिल नहीं थे। 42वें और 86वें संवैधानिक संशोधन अधिनियमों द्वारा मौलिक कर्तव्यों को जोड़ा गया।

इन कर्तव्यों को निभाने के लिए नागरिक संविधान द्वारा नैतिक रूप से बाध्य हैं। हालाँकि, निदेशक सिद्धांतों की तरह, ये गैर-न्यायसंगत हैं, उनके उल्लंघन या गैर-अनुपालन के मामले में किसी कानूनी मंजूरी के बिना।

मौलिक कर्तव्यों की आवश्यकता:

यह समझना महत्वपूर्ण है कि कोई भी लोकतांत्रिक व्यवस्था कभी सफल नहीं हो सकती यदि नागरिक अपने कर्तव्यों का निर्वहन करके सक्रिय रूप से भाग लेने के इच्छुक नहीं हैं जो उनसे किए जाने की अपेक्षा की जाती है।

हमारा संविधान हमें विभिन्न अधिकार प्रदान करता है और बदले में हमसे कुछ कर्तव्यों का पालन करने की अपेक्षा करता है। अनुच्छेद 51 (ए) इन मौलिक कर्तव्यों के बारे में बात करता है और इसमें 11 मौलिक कर्तव्य हैं जिनका नागरिकों द्वारा पालन किया जाना अपेक्षित है (पहले 10 थे और 11वें को बाद में 86वें संशोधन द्वारा जोड़ा गया था)। सबसे पहले, हम इन 11 मौलिक कर्तव्यों पर चर्चा करेंगे और फिर हम अगले विषय पर आगे बढ़ सकते हैं कि इसकी आवश्यकता है या नहीं।

हमें अपने संविधान का पालन करना चाहिए और अपने राष्ट्रीय ध्वज और राष्ट्रगान का सम्मान करना चाहिए।

- स्वतंत्रता संग्राम के आदर्शों पर चलना चाहिए
- हमारे राष्ट्र की संप्रभुता और अखंडता की रक्षा करें।
- हमारे राष्ट्र की रक्षा करें और आवश्यकता पड़ने पर राष्ट्रीय सेवाएँ प्रदान करें।
- समान भाईचारे की भावना रखनी चाहिए।
- अपने देश की संस्कृति को सुरक्षित रखें.

- हमारे देश के पर्यावरण की रक्षा करें
- प्रत्येक विचार के लिए वैज्ञानिक तर्क उत्पन्न करें।
- सार्वजनिक संपत्ति की रक्षा करना।
- उत्कृष्टता के लिए प्रयास।
- प्रत्येक माता-पिता का कर्तव्य है कि वे अपने 6-14 वर्ष के बच्चों को स्कूल भेजें।

इन मौलिक कर्तव्यों से हमारे संविधान में मौलिक कर्तव्य की आवश्यकता को आसानी से समझा जा सकता है। हमारे राष्ट्र की संप्रभुता की रक्षा के लिए यह आवश्यक है। हमारे राष्ट्र की एकता और अखंडता को बनाए रखना है। अधिकार और कर्तव्य साथ-साथ चलते हैं और इन्हें किसी भी कीमत पर अलग नहीं किया जा सकता। मौलिक कर्तव्य और मौलिक अधिकार एक सिक्के के दो पहलू हैं जिन्हें हम जानते हैं कि अलग नहीं किया जा सकता। साथ ही, हमारे संविधान में मौलिक कर्तव्यों को शामिल करना समय की मांग के रूप में पाया गया है।

राज्य की संप्रभु प्रकृति को बनाए रखें:

मौलिक कर्तव्यों को शामिल करने का मुख्य उद्देश्य हमारे राज्य की संप्रभु प्रकृति को बनाए रखना था। हालाँकि इन्हें कानूनी रूप से लागू नहीं किया गया है, फिर भी ये हमारे राज्य को कुछ प्रकार की संप्रभु शक्ति भी प्रदान करते हैं।

राष्ट्र की एकता और अखंडता को बनाए रखने के लिए:

वर्तमान परिदृश्य में, हम देख सकते हैं कि लोग अक्सर '**असहिष्णुता'** शब्द के बारे में बात कर रहे हैं । वे असहिष्णुता को एकता से जोड़ रहे हैं. उनके अनुसार यदि लोग असहिष्णु हो जायेंगे तो अन्य लोगों के साथ अनुकूलता प्रभावित होगी और अंततः विभिन्न लोगों के बीच एकता पर भयंकर प्रभाव पड़ेगा। हमारे मौलिक कर्तव्य नागरिकों के बीच सहिष्णुता विकसित करने में मदद करते हैं और अंततः हमारे देश के नागरिकों के बीच एकता और अखंडता की भावना विकसित करने में मदद करते हैं।

विधायिका द्वारा निर्मित विभिन्न प्रतिमाओं की व्याख्या में:

मौलिक कर्तव्य विधायिका द्वारा बनाए गए कानून/क़ानून की व्याख्या में मदद करते हैं। कई मामलों में यह माना जाता है कि मौलिक अधिकार की व्याख्या में मौलिक कर्तव्यों की आवश्यकता महत्वपूर्ण है। मोहन कुमार सिंघानिया बनाम भारत संघ के मामले में, अदालत ने माना कि हमारे संविधान के अनुच्छेद 51 (ए) के अनुसार बनाए गए क़ानून वैध हैं। इस प्रकार, हम स्पष्ट रूप से देख सकते हैं कि मौलिक कर्तव्य संवैधानिक प्रावधानों की व्याख्या करने में मदद करते हैं।

व्यक्तिगत नागरिक और नागरिक समाज के दावों के बीच संतुलन बनाना:

वर्ष 1999 में दिवंगत न्यायमूर्ति जेएस वर्मा के नेतृत्व वाली एक समिति द्वारा एक रिपोर्ट प्रस्तुत की गई थी। इस समिति द्वारा मौलिक कर्तव्यों (विशेषकर अनुच्छेद 51ए के तहत) की आवश्यकता और महत्व को समझाया गया था। इसे रिपोर्ट की अनुशंसा संख्या 3.38.1 और 3.38.2 में पाया जा सकता है।

इस समिति के अनुसार, व्यक्तिगत नागरिकों की अपेक्षाओं और एक नागरिक समाज के निर्माण के बीच संतुलन

बनाना महत्वपूर्ण है। इस लक्ष्य को प्राप्त करने के लिए, हमारे देश के नागरिकों को उनकी सामाजिक और नागरिकता जिम्मेदारी के प्रति जागरूक करना महत्वपूर्ण हो जाता है। और ऐसा करके हम अंततः नागरिक समाज को आकार दे पाएंगे (नागरिक समाज शब्द से हमारा तात्पर्य एक ऐसे समाज से है जहां सभी साथी नागरिकों के अधिकारों के प्रति चिंतित और विचारशील हों)।

वर्तमान स्थिति के लिए आवश्यक:

जब हमारे संविधान का मसौदा हमारे संविधान निर्माताओं द्वारा तैयार किया गया था, तो उन्हें हमारे संविधान में मौलिक कर्तव्य शामिल करने की आवश्यकता नहीं थी। लेकिन जैसे-जैसे समय बीतता गया मौलिक कर्तव्य की आवश्यकता और महत्व महसूस किया गया, इसीलिए बाद में इन्हें हमारे संविधान में 42वें संशोधन द्वारा शामिल किया गया। पहले देशभक्ति की भावना, सद्भाव, भाईचारे को बढ़ावा देने की भावना, धर्मनिरपेक्षता अंतर्निहित थी और इसके लिए नागरिक पर कोई नैतिक या कानूनी दायित्व डालने की आवश्यकता नहीं थी। देश की सेवा और किसी भी कीमत पर देश की रक्षा करने की भावना देश के नागरिकों में थी। लोग भारतीय संस्कृति की समृद्ध विरासत की रक्षा करने के इच्छुक थे।

हालाँकि, जैसे-जैसे समय बीतता गया लोगों में इन गुणों की कमी होती गई। पहले उपरोक्त गुण परिवार द्वारा और स्कूल-कॉलेजों में शिक्षकों द्वारा भी सिखाए जाते थे। लेकिन समय के साथ सभी लोग अपने जीवन में इतने व्यस्त हो जाते हैं कि वे इन मूल्यों को अपने अंदर विकसित करना भूल जाते हैं। वे गुण जो कभी भारत के नागरिकों के जीवन का अभिन्न अंग थे, उन्हें मौलिक कर्तव्यों के रूप में लागू किया जाना पाया गया। **चंद्र भवन बोर्डिंग एंड लॉजिंग बैंगलोर बनाम मैसूर राज्य और अन्य मामले** में , सुप्रीम कोर्ट ने कहा कि हमारा संविधान अपने नागरिकों को कुछ कर्तव्य सौंपे बिना नागरिकों के सभी अधिकारों की रक्षा नहीं कर सकता है। हालाँकि, यह निर्णय भारतीय संविधान में मौलिक कर्तव्यों को शामिल करने से पहले लिया गया था। यह एक कल्याणकारी समाज के निर्माण के लिए मौलिक कर्तव्यों की आवश्यकता को स्पष्ट रूप से बताता है।

अनुच्छेद 51 (ए): मौलिक कर्तव्य

यह भारत के प्रत्येक नागरिक का कर्तव्य होगा:

a. संविधान का पालन करना और उसके आदर्शों और संस्थानों, राष्ट्रीय ध्वज और राष्ट्रगान का सम्मान करना
b. उन महान आदर्शों को संजोना और उनका पालन करना जिन्होंने स्वतंत्रता के लिए हमारे राष्ट्रीय संघर्ष को प्रेरित किया;
c. भारत की संप्रभुता, एकता और अखंडता को बनाए रखना और उसकी रक्षा करना;
d. देश की रक्षा करना और बुलाए जाने पर राष्ट्रीय सेवा प्रदान करना;
e. धार्मिक, भाषाई और क्षेत्रीय या अनुभागीय विविधताओं से परे भारत के सभी लोगों के बीच सद्भाव और समान भाईचारे की भावना को बढ़ावा देना; महिलाओं की गरिमा के विरुद्ध अपमानजनक प्रथाओं का त्याग करना
f. हमारी समग्र संस्कृति की समृद्ध विरासत को महत्व देना और संरक्षित करना;
g. जंगलों, झीलों, नदियों और वन्य जीवन सहित प्राकृतिक पर्यावरण की रक्षा और सुधार करना और जीवित प्राणियों के प्रति दया रखना;
h. वैज्ञानिक स्वभाव, मानवतावाद और जांच एवं सुधार की भावना का विकास करना;
i. सार्वजनिक संपत्ति की रक्षा करना और हिंसा का त्याग करना;
j. व्यक्तिगत और सामूहिक गतिविधि के सभी क्षेत्रों में उत्कृष्टता की दिशा में प्रयास करना ताकि राष्ट्र लगातार प्रयास और उपलब्धि के उच्च स्तर तक बढ़ सके।
k. माता-पिता, अभिभावक द्वारा अपने बच्चे या वार्ड को 6-14 वर्ष की आयु के बीच, जैसा भी मामला हो, शिक्षा के अवसर प्रदान करना।

मौलिक कर्तव्यों के बारे में तथ्य:

- मौलिक कर्तव्यों को दो भागों में वर्गीकृत किया गया है - नैतिक कर्तव्य और नागरिक कर्तव्य

नैतिक कर्तव्य:

स्वतंत्रता संग्राम के महान आदर्शों को संजोना

नागरिक कर्तव्य: संविधान, राष्ट्रीय ध्वज और राष्ट्रगान का सम्मान करना

- उनमें अनिवार्य रूप से भारतीय जीवन शैली के अभिन्न कार्यों का एक संहिताकरण शामिल है
- मौलिक कर्तव्य केवल भारतीय नागरिकों तक ही सीमित हैं और कुछ मौलिक अधिकारों के विपरीत विदेशियों तक इसका विस्तार नहीं है
- वे भी राज्य नीतियों के निदेशक सिद्धांत के समान गैर-न्यायसंगत हैं
- उनके उल्लंघन के खिलाफ कोई कानूनी मंजूरी नहीं है

RNB Global University Registrar Bikaner

मौलिक कर्तव्यों की आलोचना

संविधान के भाग IVA में उल्लिखित मौलिक कर्तव्यों की निम्नलिखित आधारों पर आलोचना की गई है:

- आलोचकों ने उनके गैर-न्यायसंगत चरित्र के कारण उन्हें नैतिक उपदेशों की संहिता के रूप में वर्णित किया है। संविधान में उनके शामिल किए जाने को आलोचकों ने अतिश्योक्तिपूर्ण बताया। ऐसा इसलिए है क्योंकि संविधान में मौलिक रूप से शामिल कर्तव्यों का पालन लोगों द्वारा किया जाएगा, भले ही उन्हें संविधान में शामिल नहीं किया गया हो।
- कुछ कर्तव्य अस्पष्ट, अस्पष्ट और आम आदमी के लिए समझने में कठिन हैं।
- कर्तव्यों की सूची संपूर्ण नहीं है क्योंकि इसमें वोट डालना, करों का भुगतान करना, परिवार नियोजन इत्यादि जैसे अन्य महत्वपूर्ण कर्तव्य शामिल नहीं हैं। वास्तव में, करों का भुगतान करने के कर्तव्य की सिफारिश स्वर्ण सिंह समिति द्वारा की गई थी।
- आलोचकों का कहना है कि संविधान के भाग IV में उपांग के रूप में मौलिक कर्तव्यों को शामिल करने से उनका मूल्य और महत्व कम हो गया है। उन्हें मौलिक अधिकारों के बराबर रखने के लिए भाग III के बाद जोड़ा जाना चाहिए था।

स्वर्ण सिंह की समिति ने 10 से अधिक मौलिक कर्तव्यों की सिफारिश की, हालाँकि, सभी को संविधान में शामिल नहीं किया गया।

समिति द्वारा अनुशंसित वे कर्तव्य जिन्हें स्वीकार नहीं किया गया वे थे:

- नागरिकों को किसी भी कर्तव्य का पालन न करने या पालन करने से इनकार करने पर संसद द्वारा दंडित किया जाएगा।
- संसद द्वारा तय किए गए दंड/दंड पर किसी भी अदालत में मौलिक अधिकारों के उल्लंघन या संविधान के किसी अन्य प्रावधान के प्रति असहमति के आधार पर सवाल नहीं उठाया जाएगा।
- कर चुकाने का कर्तव्य.

निष्कर्ष

अंत में, हम यह निष्कर्ष निकाल सकते हैं कि इस लेख में हमने मौलिक कर्तव्यों के हर पहलू के बारे में जाना है और इसके हर पहलू को पढ़कर हम मौलिक कर्तव्य की आवश्यकता और महत्व को स्पष्ट रूप से समझ सकते हैं। इसे हमारे संविधान में जोड़ा गया क्योंकि हमारी सरकार को एहसास हुआ कि नागरिक समाज केवल राज्य द्वारा नहीं बनाया जा सकता है। हमारे देश के नागरिकों को हमारे संविधान के मूल उद्देश्य को प्राप्त करने में महत्वपूर्ण भूमिका निभाने की आवश्यकता है। वे हमारे संविधान के अनुच्छेद 51ए में उल्लिखित राष्ट्र के प्रति अपने कर्तव्यों का पालन करके ऐसा कर सकते हैं।

Subject	"Save Girl Campaign"- Outreach Awareness activity on Women Empowerment		

Dear Students,

The main object to organize a Save Girl Campaign is to spread awareness associated with efforts to address gender-based discrimination and promote the well-being of girls. This involves providing them with education, skills, and resources that enable them to make informed choices, pursue their aspirations, and contribute meaningfully to society.

For this purpose, University is going to organize Campaign at Government Senior Secondary School, Khara on Thursday 25th January 2024.

Faculty-In Charge –Ms. Tanaya Wageshwari

Participating students- BA LLB, BBA LLB II & IV Semester.

For this purpose, students will depart from the University campus at 10.30 AM to Government Senior Secondary School, Khara.

All the students shall be in the formals with students ID-card.

Legal and Social Aspect to Organise this Event:

Objectives:

- Fundraising legality: Ensure all fundraising activities comply with local regulations. Avoid misleading claims or unethical practices.
- Child safeguarding policies: Implement robust policies to protect the girls you work with from harm and exploitation. This includes background checks for volunteers, child protection training, and reporting procedures for abuse.
- Be mindful of local cultural context and sensitivities when designing your campaign message and activities. Ensure inclusivity and avoid perpetuating harmful stereotypes.
- Community engagement: Partner with local communities, organizations, and authorities to ensure your campaign resonates and complements existing efforts.
- Focus on empowerment: Shift the narrative from "saving" girls to empowering them. Promote girls' access to education, healthcare, economic opportunities, and decision-making power.

Insight of the Save Girl Campaign

RNBGU successfully conducted on 25th January, 2024 the **the Save Girl Campaign** outreach activity at Government Senior Secondary School, Khara. The event was organized with aim to create awareness among the people/public/ immense potential to create a ripple effect, fostering positive change for girls not just within the school walls but in their communities and beyond. All the students and faculty members participated in this program with anthusiasm.

The program started with the brief introduction related to legal and social duties of each and every person around the society towards save girl child and aware them about their rights. A very impressive message given by our students through a skit. All

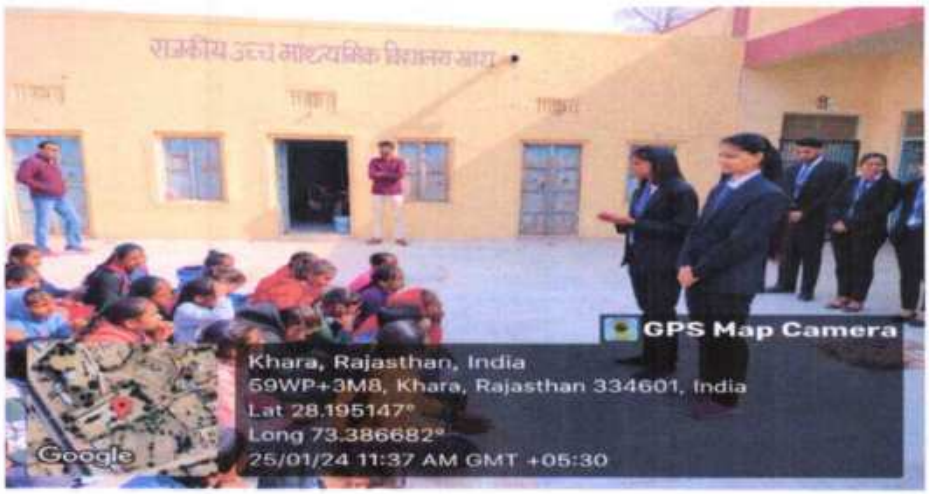

RNB Global University Registrar Bikaner

presented audience appreciate our student and faculty covenor of the the program. Our students have given message toward saving our girl child and to encourage them about their rights through their poems and speeches. In our country many of the females are serving to the country and making their name in the society. Student Co-ordinators of this event Ms. Shalini Sharma and Ms. Anushka Yadav convene the whole event very preciously.

INTRODUCTION

RNB Global Universityhosted an enriching seminar by Department of computer science (FOBAS). took a commendable initiative to extend the reach of the cleanliness drive by organizing an outreach activity at the Global Bright Children Paradise School in Husangsar. The event aimed to instill the values of cleanliness, hygiene, and environmental consciousness among the students while fostering community engagement. aims to achieve the following objectives.

Objectives:

The primary objective of this outreach activity was to encourage students to actively participate in the cleanliness drive and understand the significance of maintaining a clean and healthy environment. The Department of Computer Science at RNB Global University sought to create awareness about the importance of cleanliness not only within the school premises but also in the surrounding community

1.The event kicked off with interactive sessions conducted by faculty members from the Department of Computer Science. These sessions focused on the importance of cleanliness, the impact of a clean environment on health, and the role each individual plays in maintaining a hygienic surrounding.

2.Students were provided with practical demonstrations on how to organize and execute a cleanliness drive. The emphasis was on waste segregation, proper disposal methods, and recycling practices.

3.The highlight of the outreach activity was a collaborative cleanliness drive involving students from both RNB Global University and Global Bright Children Paradise School. Together, they cleaned and beautified areas in and around the school premises.

4.The outreach activity proved to be a success, creating a positive impact on both the RNB Global University students and the students at Global Bright Children Paradise School. The collaborative effort not only improved the physical environment but also strengthened the bond between the two educational institutions.

Conclusion:

The outreach activity organized by the Department of Computer Science at RNB Global University was an exemplary initiative in promoting cleanliness and environmental consciousness. By extending the cleanliness drive to Global Bright Children Paradise School, the university aimed to create a ripple effect, inspiring more schools and communities to actively participate in such initiatives. The event successfully blended education, community service, and environmental awareness, contributing to the holistic development of the students involved.

Introduction

The National Seminar titled "Transformative Journey of Bharat during the Last Decade" was held on the 20th and 21st of January 2024 at Maharaja Ganga Singh University (MGSU), Bikaner. This seminar witnessed an active participation from both professors and students of the university, who presented their research papers highlighting various aspects of India's development over the past decade. The seminar aimed to shed light on the significant changes and progress India has made in various sectors, including technology, economy, education, health, and social reforms.

Prof. Bajrang Singh Rathore, Dean Academics, RNB Global University was the Co-Patron of the Seminar and Dr. Afroz Ahmad, Head of Department (Political Science), RNB Global University was the member of State Advisory Committee of the Seminar.

About the Seminar

The National Seminar on the 'Transformative Journey of Bharat During Last Decade' aims to scrutinize and celebrate the manifold changes that have shaped the nation in recent years. BJP-led NDA government came to power first in 1999 then BJP won the election in 2014 with a clear-cut majority in the Parliament after 30 years. It got successive victory in the next election too. In its two consecutive terms, BJP has successfully managed to fulfill the promises made in its Party Manifesto. The Modi-led government is replacing Bharat over India through its diverse policies and initiatives. These policies and initiatives have proved to be transformational in the sense that Bharat is now ready to re-explore its heritage and build Vikshit Bharat at the centenary year on that foundation. As Bharat undergoes significant transformations, this seminar is a vital platform for fostering collaboration and knowledge exchange among stakeholders. By delving into the multifaceted changes that have occurred, the event aims to offer a nuanced understanding of Bharat's evolution, paving the way for informed strategies and inclusive development in the years to come. The primary objective of this national seminar is to comprehensively examine the transformative journey of Bharat in the past decade across economic, social, political, educational, environmental, and technological dimensions. Participants will critically assess the successes, challenges, and future prospects, contributing valuable insights for future policymaking and national development.

Objectives

The primary objectives of the seminar were:

1. To analyze the transformative changes in India over the last ten years.
2. To provide a platform for academicians and students to present their research findings.
3. To foster a collaborative environment for sharing knowledge and ideas.

RNB Global University Registrar Bikaner

4. To highlight the role of various policies and initiatives in driving the nation's progress.

Inaugural Session

The seminar commenced with an inaugural session, which was graced by distinguished experts, The session began with a welcome address by Professor Dr. Manoj Dixit, Vice Chancellor, MGSU who welcomed all experts and speakers of the seminar and emphasized the importance of understanding India's transformative journey. Dr. Dixit spoke about the university's commitment to research and the significance of such seminars in contributing to the nation's intellectual and developmental discourse.

Session Chairs

Prof (Dr.) S S Shekhawat and Dr. Afroz Ahmad of our University were Session Chairs of the seminar.

Research Paper Presented

1) Transformative Journey of Bharat during the last decade in the agriculture sector – Prof (Dr.) S S Shekhawat, Prof (Dr.) Bajrang Singh Rathore, Prof (Dr.) Dipali Gupta and Prof (Dr.) B.D. Sharma.

2) Transformative Journey of Bharat: A Comprehensive Analysis of the Last Decade – Mr. Dhiraj Sharma, Assistant Professor, Faculty of Law and Arts.

3) Beyond Boundaries:Digital Bharat's Tech-Led Evolution – Mr. Maulik Chandnani, Assistant Professor, Faculty of Commerce and Management.

Conclusion

The National Seminar on "Transformative Journey of Bharat during the Last Decade" at MGSU Bikaner was a resounding success. It provided a comprehensive overview of India's progress over the past decade and highlighted the multifaceted aspects of the country's development. The seminar served as an excellent platform for professors and students to present their research, share knowledge, and engage in meaningful discussions.

The seminar concluded with a valedictory session, where Dr. Dixit expressed his gratitude to all the participants and organizers. He emphasized the importance of continued research and collaboration in understanding and contributing to India's development journey. The seminar not only enriched the participants' knowledge but also inspired them to contribute positively to the nation's progress.

Overall, the seminar was a testament to the transformative journey of Bharat,

showcasing the nation's resilience, innovation, and commitment to inclusive growth. The research papers and discussions provided valuable insights into the various dimensions of India's development and highlighted the potential for future progress.

About Bikaner

Nestled in the heart of the enchanting state of Rajasthan, Bikaner stands as a testament to India's rich cultural heritage and historical grandeur. Founded in the late 15th century by Rao Bikaji, it boasts a tapestry of historical marvels that tell tales of valour and architectural brilliance. The imposing Junagarh Fort, the intricately designed Lalgarh Palace, and the awe-inspiring Karni Mata Temple are just a few gems that reflect the city's glorious past. Bikaner's architecture is a harmonious blend of Mughal, Rajput, and British influences. The intricately carved havelis, with their ornate facades, stand as a testament to the city's artistic prowess. Bikaner nicknamed "Chhoti Kashi" draws parallels with the spiritual and cultural grandeur of Varanasi. Bikaner, known for its warm hospitality, invites you to experience the essence of 'Atithi Devo Bhava'. **'Padharo Mhare Des'**. The city's welcoming spirit and friendly locals ensure that your stay is not just memorable but also filled with moments of genuine connection.

About MGSU

The Maharaja Ganga Singh University came into being by the University of Bikaner Act, of 2003, to promote higher education and research. The University is located at Bikaner in Rajasthan, about 447 km from Delhi on NH-15 and about 335 km from Jaipur, the State Capital. The University campus is spread over an area of over 1127 bighas, well laid with state-of-the-art buildings and magnificent road networks, and presents a spectacle of harmony in architecture and natural beauty. MGSU has emerged as a beacon of higher education, fostering knowledge, innovation, and cultural enrichment. MGSU offers a diverse range of undergraduate, postgraduate, and research programs across various disciplines.

About Indian Political Science Association

Indian Political Science Association (IPSA), a distinguished organization dedicated to the advancement of Political Science, research, and the promotion of democratic values, has played a pivotal role in shaping the landscape of political thought and practice in India. Established with a commitment to fostering intellectual discourse and scholarly pursuits, IPSA facilitates the exchange of ideas, encourages rigorous academic inquiry, and contributes to the development of Political Science as a dynamic field of study.

About The Seminar

The National Seminar on the '**Transformative Journey of Bharat During Last Decade**' aims to scrutinize and celebrate the manifold changes that have shaped the nation in recent years. BJP-led NDA government came to power first in 1999 then BJP won the election in 2014 with a clear-cut majority in the Parliament after 30 years. It got successive victory in the next election too. In its two consecutive terms, BJP has successfully managed to fulfill the promises made in its Party Manifesto. The Modi-led government is replacing Bharat over India through its diverse policies and initiatives. These policies and initiatives have proved to be transformational in the sense that Bharat is now ready to re-explore its heritage and build Vikasit Bharat at the centenary year on that foundation. As Bharat undergoes significant transformations, this seminar is a vital platform for fostering collaboration and knowledge exchange among stakeholders. By delving into the multifaceted changes that have occurred, the event aims to offer a nuanced understanding of Bharat's evolution, paving the way for informed strategies and inclusive development in the years to come. The primary objective of this national seminar is to comprehensively examine the transformative journey of Bharat in the past decade across economic, social, political, educational, environmental, and technological dimensions. Participants will critically assess the successes, challenges, and future prospects, contributing valuable insights for future policymaking and national development.

The broad areas of this seminar may include, but are not limited to the following sub-themes:

- Economic reforms and development in the last decade.
- Social welfare schemes and inclusive governance.
- Women's empowerment for empowered Bharat
- Inclusion of deprived sections: Periphery towards Centre
- Role of Opposition for Better India
- Foreign policy and diplomatic engagements
- Digital India and technological innovations
- Environmental conservation and climate action.
- Scientific vigour and innovation.
- Battle against Corona: Emergence of new Bharat.
- National Education Policy: Bharat towards Vishva Guru.
- Aatmanirbhar Bharat: Aspirations for the Youth.
- Prospects for the future: Viksit Bharat @ 2047.

Or any other relevant aspect that analyzes the transformation of Bharat in the last decade.

RNB Global University Registrar Bikaner

Publication

All the accepted abstracts will be published in the souvenir. After peer-reviewing, selected (subject to approval by the Editorial Board) full-length papers presented in the seminar will be published in the UGC-Care Journals, Indian Journal of Political Science, and Bhartiya Rajniti Vigyan Shodh Patrika.

Guidelines for the Contributors:

All abstracts/papers shall be arranged in M.S. Word Format as Title of abstract/paper: Bold, font size 14, Names of Author(s): First Name, Last Name, followed by department and affiliation of all authors, email ID of the corresponding author and Keywords: Four to five words, Word count: 250-300 words for the abstract. The full paper should include an abstract, keywords, an introduction, pertinent sections (with headings and sub-headings), a conclusion, and a reference section and should not exceed 2500-3000 words (Text font: Size 12, Times in New Roman). Please ensure that the text in English is formatted in **Times New Roman** font. Simultaneously, please use the **Mangal** font for Hindi content to maintain consistent and appropriate formatting. Full-length papers should be submitted to mgsuipsa@gmail.com.

Registration

All delegates will have to register for the seminar. The co-authors of the research papers will have to be registered separately. The registration fee may be remitted online via the given bank details or by scanning the QR Code:

- **Account Holder Name: MGSU ACT**
- **Account No.: 41420101000728**
- **Bank: Punjab National Bank**
- **IFSC Code: PUNB0472000**
- **Branch: MGSU Branch, Bikaner**
- Interested participants may fill out the registration form at https://forms.gle/TgqSSHQCF17aW6UX6. Participation will be verified at the registration desk before the commencement of the seminar.
- Following the valediction ceremony, only registered participants will receive a certificate.
- **For any further queries, please contact through email at mgsuipsa@gmail.com.**

Registration Fee

Till 18/01/2024: Faculty Member Rs. 1000.00 **(on spot Rs. 1200.00)**

Research Scholar/Student Rs. 500.00 **(on spot Rs. 600.00)**

The registration fee is Non-Refundable. Registration fees include the conference kit, access to the conference session, certificate, and meals.

RNB Global University Registrar Bikaner

In all the days many of the students had participated in various activities to show case their talent. For which the judges were invited from outside of the university also to make the judgment unbiased.

The Results for the different activities were declared every day for which many of the judges were invited to make the event more credible & fare. In the eve the winners were awarded with certificates & gift hampers. As there are numbers of the activities were to be participated so some of the activities were needed to be canceled as well because of less entries or clash with the other activity.

The winners of the different activities were-

Trade Zone

Join us at the Inspire 2024 RNB Global University Annual Fest to witness the amazing Trade Zone by RNB students. As the festival reaches its pinnacle, brace yourself for an extraordinary experience—a trade zone is an innovative and exciting addition to the event, providing students with a unique platform to engage in entrepreneurial activities, showcase their products or services, and foster a spirit of creativity and business acumen. It will not only empower students to explore their entrepreneurial spirit but also contribute to the overall vibrancy and success of the event.

About the Event

The Faculty of Law and Arts at RNB Global University, Bikaner on 12th January 2024 organized a Mock United Nations Session for the students of various departments. The Chief Guest of the event was MLA Shri Jethanand Vyas Ji and judges of the event were Mr. Yogendra Sharma, Retired Judicial Magistrate & Prof. Chandrashekhar Kachhawa PG Department of Political Science, Dungar College, Bikaner, Rajasthan.

Why did the University organize this Event?

The Faculty of Law and Arts always works for the holistic development of its students and always aims at organizing various events like Mock UN, Mock Parliament, etc. All these are necessary for the overall development of students. In continuance of this, the Mock United Nations was organized by the university.

Objectives of the Mock United Nations

Mock UN is one of the most popular ways to learn about the workings of the United Nations. Conferences are organized by hundreds of educational institutions at all levels to engage young students in diplomatic debates and conversations that resemble those at the United Nations. It is often the first time that students are exposed to international affairs. Mock UN helps students to develop public speaking, writing and research skills. In addition, they often provide the first entry point into international affairs and introduce students to the wide range of peace and security, human rights, development and rule of law issues that are on the UN agenda.

About The Mock United Nations at RNB

The session began with an introduction of our guest for the day. After the introduction of the event and the guest, the gathering was addressed by Dean Faculty of Law & Art Dr. Anil Kaushik which was followed by the address by the Head of Department of the Faculty of Law and Arts, Dr. Ashok Prem.

Each session began with a brief introduction about the body of the United Nations Organization. The University had organized three sessions for this competition:

Session 1: General Assembly – in general assembly each member nation stated the bigger issues which the states are facing and suggested the solutions for the same.

Session 2: United Nations Security Council – the member nations discussed on the issue of the Russia – Ukraine War.

Session 3: Economic & Social Council – the member nations discussed on SDG Goal 9: Build resilient infrastructure, promote sustainable industrialization and foster innovation.

At the end, a winner and a runner up were announced for each session and vote of thanks has given by Ms. Tanaya Wageshwari.

LIST OF WINNERS

1. **The United Nations General Assembly:**
   - i. *Winner – Ms. Sanju Jha, BA.LL.B – VIII*

A Report

On

CSR Activity

Of

"Granting Donation to Khara Village"

DOC202401130009

(Submitted by: Dr. Dipali Gupta, Professor, RNB Global University)

Date: 13th Jan 2024

Time: 4:00 PM to 5:00 PM

Venue: Seminar Hall, Admin Block.

Participants: Senior Faculty Members of RNB Global University

Event Coordinator

RNB Global University Registrar Bikaner

RNB Global University Registrar Bikaner

On January 13, 2024, RNB Global University undertook a CSR activity to contribute to the development of Khara Village in Bikaner. As part of this initiative, a donation of INR 1,51,000 was made to the village representatives for the repair and maintenance of the village temple. This report provides an overview of the CSR activity and its impact on the community.

Objective

The primary objective of this CSR activity was to support the local community in Khara Village by contributing to the preservation of their cultural heritage. The repair and maintenance of the village temple were identified as a crucial project to achieve this objective, as the temple holds significant religious and cultural importance for the residents of Khara Village.

Implementation

The CSR activity was implemented in collaboration with the village representatives and local authorities. The donation of INR 1,51,000 was handed over to Mr Ajit Singh, and four other village representatives in a formal ceremony attended by senior professors of the University, village leaders, and community members.

Impact

The contribution has had a positive impact on the community in several ways:

1. Preservation of Cultural Heritage: The repair and maintenance of the village temple have helped preserve the cultural heritage of Khara Village, ensuring that future generations can continue to benefit from this important historical site.

2. Community Engagement: The CSR activity has fostered greater community engagement and collaboration, with villagers coming together to work on the temple repair project. This has helped strengthen social bonds within the community.

3. Economic Benefits: The project has provided employment opportunities for residents, who were involved in the repair and maintenance work. This has helped stimulate the local economy and improve livelihoods in the village.

RNB Global University Registrar Bikaner

4. Spiritual and Emotional Well-being: The restored temple has become a source of spiritual and emotional well-being for the villagers, providing them with a place for prayer and reflection.

Conclusion

Overall, the CSR activity to support the repair and maintenance of the village temple in Khara Village, Bikaner, has been a success. The project has not only helped preserve the cultural heritage of the village but has also had positive social, economic, and emotional impacts on the community. We remain committed to supporting such initiatives that contribute to the holistic development of the communities in which we operate.

Date: 04 January, 2024 **Time: 2:00PM to 03:00PM**

Venue: Seminar Hall

Participants – All the students of SOCM, SOL and SOAS Students

Introduction

Best Documentary Competition-2023 was organized by the IB Forum, RNB Global University on 4th January 2024 at 2 pm in seminar Hall. The event had the distinguished presence of honorable guests, Prof. Bajrang Singh Rathore , Prof. Deepali Gupta and Dr. Vatsala Gaur who were esteemed RNBGU academicians and judges Dr. Tripti Soni, Dr. Bharat Jajara, and Dr. Vasudha Sharma. The event was also hosted by IB Forum.

Event Objective:

The primary objective of the competition was to showcase the creative process of filmmakers, both professionals and enthusiasts, in the realm of documentary filmmaking. Emphasizing the transformative power of documentaries, the event sought to illuminate, educate, and inspire diverse audiences.

Event Description

After the hosts extended a warm welcome to the judges, Dr. Bharat Jajara provided a brief description of the Documentary Competition, including the rules and guidelines to make documentary. The Event Coordinator, Dr. Tripti Soni, Assistant Professor of English (SOASS), took the stage, where she briefed the students about the aims and objectives of the competition, welcomed the judges, and wished the participants the best.

RNB Global University Registrar Bikaner

Results of the event was as following:

First Winning Team:

Gehna Inda, Ashlesha Mali, Deepak Pandit, Nandit Joshi (B.Sc Agriculture- IV Semester)

Documentary Topic: "Junagarh Fort"

Second Winning Team:

Devender Singh Shekhawat, Sakshi Swami, Sanskar Taneja, Aditya Kaushik

Documentary Topic: "Netra: The World of Unseen"

Third Winning Team:

Simran Khan, Kiran Kumari, Diksha Minny, Indra Solanki, Divya Vijay

Documentary Topic: "Gaushala"

Vote of Thanks for Documentary Competition was given by Dr. Tripti Soni who extended her sincere gratitude to the Judges, coordinators, participants, and all attendees for their invaluable contributions to the success of the Documentary Competition. She acknowledged the efforts and creativity showcased by the participants in bringing their documentaries to life.

After the completion of the competition, Dr. Bharat Jajara shared inspiring and motivational words with the participants. He encouraged students to recognize their strengths and advised them on areas for improvement. The certificates of appreciation and participation were given by Dean of Academics, Prof. Bajrang Singh Rathore. The documentary competition concluded on a successful note.

About Visit:

Husangsar Village is an adopted Village by RNB Global University, Bikaner. A visit was organizing in collaboration with IIT Jodhpur to give Hands-on-Training (Women Vocational Training Session) on December 28, 2023. For this purpose, Faculty members and students were departing from the University campus to reach at Husangsar Village. The target of this visit was to empower women villagers with Hands-on-Training (Women Vocational Training Session) among the SC/ST villagers. The Guidance and Rope Making Session was given by Prof. Nirmal Gehlot and team of six member from IIT Jodhpur. This important event was led by Faculty In-Charge Dr. Bharat Kumar Jajra and Dr. Afroz Ahmad, Dr. Ashok Karanani, Dr. Anil Tiwari and Dr. Sarita Jangra.

Object of Hands-on Training (Women Vocational Training Session)

The object of Hands-on Training (Women Vocational Training Session) is to equip women with practical skills and knowledge that they can use to gain employment, start their own businesses, or increase their income. These sessions typically focus on developing skills relevant to make rope with grass or waste material and provide Information Business planning, marketing and financial management.

Benefits of Visit:

- **Skill Development:** Gaining practical skills that are in demand by employers or that can be used to start a business.
- **Increased Employability**: Standing out from the competition in the job market with valuable skills and experience.
- **Economic Empowerment:** Earning an income, supporting their families, and achieving financial independence.
- **Personal Growth:** Building confidence, self-esteem, and a sense of accomplishment.
- **Community Building:** Fostering a supportive network of women who can encourage and help each other succeed.

Additional benefits specifically for women:

- **Addressing gender imbalances:** Hands-on training can help women enter traditionally male-dominated fields.
- **Overcoming societal barriers:** Training programs can provide women with the confidence and skills to challenge stereotypes and discrimination.
- **Empowering communities:** When women are economically empowered, it benefits their families and communities as a whole.

RNB Global University Registrar Bikaner

Common Objectives of Collaborations between RNB Global university and IIT Jodhpur:

The object of such collaborations can vary depending on the specific goals and resources of each institution. However, some common objectives include:

- **Enhancing cooperation quality**: Combining the strengths of both institutions to offer access to better facilities and infrastructure for villagers.
- **Promoting Joint Project and innovation**: Facilitating joint research projects and knowledge sharing, leading to breakthroughs and advancements in various fields.
- **Bridging the industry gap**: Collaborating to develop industry-relevant programs and training, preparing villagers for successful business model.
- **Boosting institutional reputation**: Both institutions can benefit from the prestige and recognition associated with the other.
- **Resource sharing**: Optimizing resource utilization by sharing facilities, equipment, and expertise.

Benefits of collaborations:

For Villagers:

- Access to high-quality education and research opportunities from both institutions.
- Exposure to diverse methods, and perspectives.
- Potential for joint programs or specialized certifications.
- Enhanced industry connections and career prospects.
- Potential for innovation and economic development.
- Increased collaboration and knowledge sharing by two academic Institutes.

For Both institutions:

- Improved understanding between both Institutions.
- Increased research output and funding opportunities.
- Diversification of working management.
- Access to new resources and facilities.
- Potential for joint support of resources and applications.
- Access to a wider range of educational and research expertise.

Introduction

Faculty of Law & Arts continuously organizes various extracurricular activities like- National level moot court competition, Mock United Nations, various seminars and conferences. In this series another milestone has been added by Mock Parliament which is an initiative to proliferate quality education with students- centric methodology and make student an aware citizen of India. Mock Parliament is basically a live model of Parliament in which the proceedings of the parliament are enacted. These kinds of sessions are generally organized in educational institutes to promote better understanding of the working of the government and decision-making process. Participants of Mock Parliament plays the role of prominent members of parliament, ministers and speaker and then they discuss the bill in scheduled sessions. Mock Parliaments are usually held as an educational tool to promote understanding of the working of government.

About The Proceeding of Mock Parliament

The session started with the welcome and facilitation of guests. The brief introduction of session was given by Dr. Anil Kaushik, Dean- Faculty of Law & Arts, and Dr. Ashok Kumar Karnani Assistant Professor FOLA, highlighted the importance of Parliament and Democracy and the role of youth in changing scenario of our country. He motivated the students to be academically sound, technically competent and socially responsible. He also emphasized on the importance of Legislature and importance of becoming informed citizen. Mr. Raghuveer Singh Rathore - President Bikaner Bar Association, Bikaner motivated all the students. He stressed that a lawyer is the product of such education, who is boon for the society. It is very important for a law student to aware about the proceedings of Parliament, about all the legislations and bills. Prof. Babita Jain – Principal Govt. College, Ganga Shahar, Bikaner explained the objectives of Mock Parliament, motivated all the students and also appreciate the performance of every students. She told that the objective of the Parliament is to make the law and proper execution of law for the welfare of the common citizen of India. The theme for the session was introduction and removal of Article 370. The Mock parliament session

RNB Global University
Registrar
Bikaner

started as the speaker presided and Question Hour began. The house consists of Ruling Party and Opposition Party. In the first session, all the ministers put their views about the Article 370. After that question hour session has been started in which the questions raised by the opposition party members and were very well answered by the ruling Party. The Last session comprised of presentation of Bill and passing the removal of Article – 370. All students gave their performances and were instilled with the spirit to become lifelong learners. Students' performances were accolated with certificates, trophies. The Best Parliamentarian award was given to Ms. Palak Jain, Best Leader award given to Ms. Monika Berar and Mr. Rahul Bishnoi , Best Speaker in Ruling Party was given to Ms. Mansi Prajapat and Best speaker in Opposition party was given to Ms. Chaya Mini. At the end of the event Vote of Thanks delivered by Ms. Tanaya Wageshwari, Assistant Professor Faculty of Law and Arts.

Subject	Cleanliness drive in Roadside Areas in RNBGU		

Dear Students,

Students are hereby informed that the by the RNB Global University will be conducting "Cleanliness drive in Roadside Areas in RNBGU" in-campus activity scheduled on 21.12.2023.

The details of the events are as follows-

Type of Activity	**In campus Activity**
Theme:	**"Cleanliness drive in Roadside Areas in RNBGU"**
Date and Time:	**21st December 2023, 2:45 PM onwards**
Place of Activity:	**RNB Global University, Bikaner**
Organizer:	**Event Forum**
Faculty- in-Charge	**Mr. Sandeep Saxena-FOCM**

Note-

- All the Students are advised to be present at the scheduled time **in front of Academic Building**.
- All the students (Present) are supposed to be in **formals with ID Cards of the University.**
- All the students (Present) are supposed to maintain the **discipline during the Event.**
- The Attendance of the students will be given as per the time slot for their respective classes who ever will be present in the event.

About the Event: -

"Hygiene today keeps sickness away." · "A clean world is a happy world."

Keeping in view the Event forum of RNB Global University, Bikaner organized a cleanliness drive in RNB Global University, to create the awareness among the young students regarding the cleanliness measures to be taken in the campus.

A cleanliness drive in our campus is underway, symbolizing our collective commitment to a healthier and more vibrant learning environment. Organized by enthusiastic students and supported by faculty, this initiative aims to instill a sense of responsibility and pride in keeping our campus clean.

The drive encompasses various activities, including plastic collection and awareness campaigns. Students are actively participating in picking up waste, ensuring that our campus remains free from waste material. Waste bags were strategically used with proper segregation, promoting eco-friendly practices and responsible waste management.

- The Event was started on time in which students from RNB Global university participated, at the starting the Mr. Sandeep Saxena (Faculty Incharge) given a brief overview about the event.
- Good enthusiasm was shown by the students through-out the event. They collected even many of the plastic material during the drive.
- All the Students who have participated presented in well manner.

Introduction

The Youth Unite Club at RNB Global University organized a special event aimed at promoting mental well-being and relaxation through a unique combination of mental exercises and meditation. The event was conducted by Mr. Om Prakash, the center coordinator and Heartfulness meditation trainer.

Objective:

The primary objective of the event was to create awareness about the importance of mental health and to provide students with practical tools to enhance their well-being. The event focused on the use of Heartfulness techniques, which are designed to lead individuals through inner guidance for a more centered and peaceful state of mind.

Introduction:

The event commenced with a warm welcome from the Youth Unite Club organizers. An introduction to the significance of mental well-being and the agenda for the day was provided.

Mr. Om Prakash led a session on mental exercises designed to help participants understand and manage their thoughts and emotions effectively. Practical tips for stress reduction and mindfulness were shared, empowering attendees with tools for daily life.

Heartfulness Meditation Techniques:

The heart of the event was the in-depth exploration of Heartfulness meditation techniques. Mr. Om Prakash guided participants through various meditation practices aimed at connecting with inner peace and promoting emotional balance. The event culminated in a group meditation session, creating a serene atmosphere where participants could collectively experience the benefits of Heartfulness techniques. This session aimed to foster a sense of community and shared well-being.

Interactive Q&A Session:

A lively interactive session followed, allowing participants to ask questions and seek guidance on incorporating the learned techniques into their daily routines. Mr. Om Prakash provided insightful answers, ensuring that attendees left with a clear understanding of the practices.

Conclusion:

The Youth Unite Club's initiative to focus on mental well-being through the event was well-received by the participants. The combination of mental exercises and Heartfulness meditation techniques provided a holistic approach to address the challenges of modern-day stress and anxiety.

The event not only educated the attendees about the importance of mental health but also equipped them with practical tools that can be easily integrated into their daily lives. The Youth Unite Club continues to play a crucial role in fostering a positive and supportive community on the RNB Global University campus.

In conclusion, the event was a resounding success, leaving participants with a renewed sense of well-being and a commitment to prioritize mental health in their personal and academic journeys. The Youth Unite Club remains dedicated to organizing events that contribute to the holistic development of students.

INTRODUCTION:

"World Soil Day" is an international observance that aims to raise awareness about the importance of soil health and its role in sustainable agriculture and food security. The Food and Agriculture Organization (FAO) of the United Nations designated December 5th as World Soil Day, and it has been celebrated annually since 2014. The day provides an opportunity for governments, organizations, and individuals worldwide to focus on the significance of soil and to advocate for sustainable soil management practices.

Soil is a vital part of the earth's ecosystem, playing a crucial role in food production, water filtration, climate regulation, and biodiversity conservation. The theme varies each year, focusing on soil degradation, erosion, pollution, and biodiversity loss. Sustainable agricultural practices, such as organic farming, crop rotation, and agro forestry, are essential to preserve soil health. Urbanization and industrialization also pose threats to soil quality, necessitating prioritization of soil protection and restoration. Soil also plays a crucial role in mitigating climate change, acting as a carbon sink and reducing greenhouse gas emissions.

Objectives of World Soil Day:

1. **Raise Awareness:**
    - Increase awareness among the general public, policymakers, and stakeholders about the crucial role soil plays in food security, climate change mitigation, and biodiversity conservation.
2. **Promote Sustainable Soil Management:**
    - Encourage the adoption of sustainable soil management practices to ensure the long-term fertility and health of soils.
3. **Advocate for Soil Conservation:**
    - Advocate for policies and practices that prevent soil degradation, erosion, and pollution, contributing to the preservation of this vital natural resource.
4. **Highlight the Importance of Soil for Sustainable Development:**
    - Emphasize the link between soil health and broader sustainable development goals, such as ending hunger, promoting responsible consumption and production, and combating climate change.

RNB Global University Registrar Bikaner

Activities and Initiatives:

1. **Educational Programs:**

- Schools, universities, and organizations conduct educational programs to teach students and the public about soil science, conservation, and sustainable farming practices.

2. **Workshops and Seminars:**
   - Soil experts and scientists often organize workshops and seminars to discuss the latest research findings, innovations, and best practices in soil management.
3. **Field Demonstrations:**
   - Demonstrations of sustainable soil management techniques may be organized in agricultural areas to showcase practical methods to farmers.

Themes and Conclusion:

Each year, World Soil Day is associated with a specific theme to focus attention on particular aspects of soil health and management. Themes often reflect current global challenges and opportunities related to soil. For example, themes in the past have included "Caring for the Planet starts from the Ground," "Stop Soil Erosion, Save our Future," and "Keep Soil Alive, Protect Soil Biodiversity." World Soil Day serves as a platform to unite individuals and organizations in a common effort to protect and sustainably manage one of the Earth's most precious resources: soil.

Citrus plantation in orchard at RNB Global University

Orchard Layout

The layout of the orchard is a very important operation. Under this, the arrangement of fruit plants in the plot is carefully done to put the plants at a suitable distance for proper development and for accommodating the requisite number of plants per unit area in addition to improving the aesthetic look of the orchard.

Hence, the factors which are considered important for proper layout of the orchard are

(i) System of planting and
(ii) Planting distance of individual fruit species

which again would provide the following advantages:

- Allow equidistance for each tree for uniform growth.
- Allow easy orchard operations like cultivation, intercropping, irrigation, spraying of plant protection chemicals and growth regulators, harvesting *etc*.
- Proper utilization of orchard space avoiding wastage of land.
- Help in proper supervision and management of the orchard.
- Allow further extension of area from time to time so that subsequent planting would match with the existing orchard planting.

SYSTEM OF PLANTING

The system of planting to be adopted is selected after considering the slope of land, purpose of utilizing the orchard space, convenience *etc*.

Generally, six systems of planting are recommended for fruit trees. Among six system of planting, we adopt square system of planting.

Square system

This system is considered to be the simplest of all the system and is adopted widely. In this system, the plot is divided into squares and trees are planted at the four corners of

RNB Global University Registrar Bikaner

the square, in straight rows running at right angles. While laying out the plot a base line is first drawn parallel to the road, fence or adjacent orchard, at a distance equal to half the spacing to be given between the trees. Pegs are fixed on this line at the desired distances. At both ends of the base line right angles are drawn by following the simple carpenter's 3, 4, 5 meters system. After the formation of three lines, it is easy to fix all the other pegs to mark the tree locations in between the lines at the required spacing by using ropes connecting the pegs of the lines in opposite directions.

Under this system, intercultural operations, spraying, harvesting *etc*., can be done conveniently and easily. Planting of quick growing fruit trees like papaya, banana, guava during the early life of the orchard is possible. Rising of inter-crops like vegetables, ginger, turmeric, cumin, coriander and such other spices can be done conveniently cultivation and irrigation can be done in two directions.

Spacing of Fruit Trees

Provision of optimum spacing to fruit trees is one of the most important aspects of successful fruit culture. If the spacing is inadequate, the fruit trees will grow poorly, produce small quantity of fruits of inferior quality, and suffer from various diseases and insect pests. The cultural practices of the orchards are also greatly hindered. Weeds and grasses grow in abundance and rob off the vitality of the trees, resulting in their early decline and premature death. On the other hand, if the spacing is too wide, there will be wastage of valuable orchard land without having any direct benefit on the ultimate yield of the orchard. The optimum spacing is therefore, desired so that the fruit trees may grow and bear crops properly. The optimum spacing is one in which the tree on attaining its full size will not touch the branches of the neighbouring ones and the root-system of one tree must not encroach that of the adjoining tree.

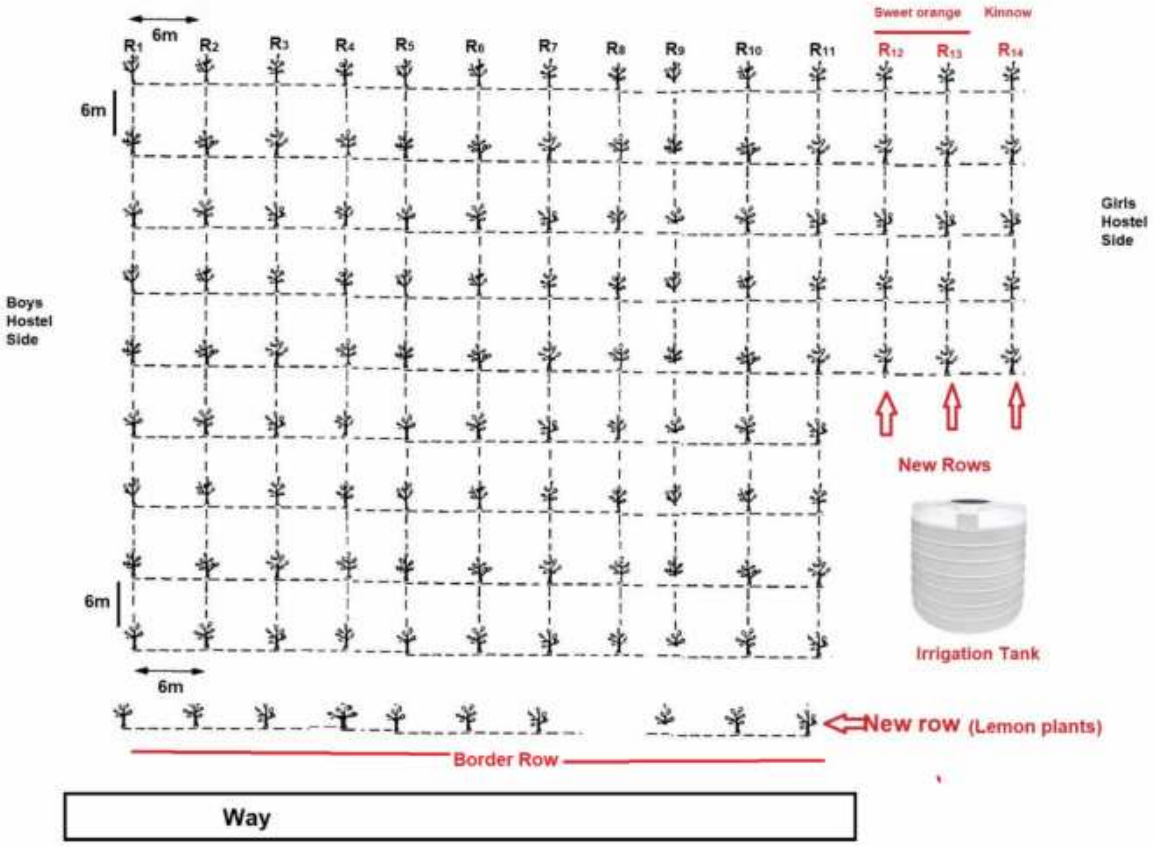

The spacing given to fruit trees is generally governed by the following factors:

- Climate and soil
- Varieties
- Growth habit
- Rootstocks
- Nature of irrigation
- Pruning

RNB Global University Registrar Bikaner

It is very difficult to suggest the exact spacing for fruit trees which will suit every locality or soil. However, the spacing given below for some of the important fruits may be considered as a safe guide for planting fruit orchards both in the hills and plains.

Subject	**Circular-Announcement-IPEV Road Drive by Indian Air Force**		

Dear All,

RNB Global University would like to announce a momentous event that will soar to new heights of excitement and pride!

The Indian Air Force is set to dazzle our campus with the **IPEV Road drive,** a spectacle of precision and power in the University.

Date: 24th Nov 2023
Time: 9:30 am onwards
Venue: RNB Global University, Bikaner Campus

This is not just a display; it's an opportunity for the students, faculty, and staff to witness the prowess of the Indian Air Force up close. The event promises thrills, inspiration, and a sense of national pride.

Highlights:

- Showcasing the skills of the Indian Air Force.
- Educational insights into the technology and strategies behind these breathtaking displays.
- A unique opportunity for students to engage with the Air Force personnel.
- Insights as to how to join the Indian Air Force

We encourage all students to attend this event and be part of this extraordinary experience. Let's come together to witness the magic in the skies and celebrate the spirit of excellence.

Your presence will add to the grandeur of this occasion. Spread the word, mark your calendars, and let's make this event a resounding success!

INTRODUCTION

RNB Global University welcomes the Induction Publicity Exhibition Vehicle **(IPEV)** under the "Special Student Interaction Road Drive" of Indian Air Force in the University campus.

IPEV is a modified Volvo bus which has been modified in to a mobile exhibition on wheels. The IPEV contains the key facets related into Indian Air Force and the career prospects that are available thereof. The IPEV has been conceived and fabricated on the premise of "Look, touch and feel" basis wherein one has the opportunity to get a hands-on experience on various elements in the IPEV.

The programme was aimed at briefing students about the three branches of Indian Air Force where they can apply as per their age, physical attributes, qualification, inclination and interest.

The students were informed about the eligibility criteria and the various qualifying exams that are required for entering into Air Force and UPSC (NDA and CDSE), AFCAT, MET, NCC and SEC. The programme was initiated with the help of DISHA (the publicity cell under the Directorate of Personnel Officers at the Air Force Headquarters). Speaking at the event, **Wg Cdr Mohit Chauhan** discussed the seven roles of IAF including Air Defense; Offensive Operations; Military Logistics; Attack Helicopters; Aid to Civil Authorities and Casualty Evacuation. She also highlighted the advantages and need for having joint operations with the Army and the Navy.

The programme also exhibited an Induction Publicity Exhibition Vehicle (IPEV), developed by IAF in 2015. The students were given an experience in the IPEV with a flight stimulator, glasstron, aircraft models, display of flying clothing and other youth oriented gadgets.

Encouraging students to develop team spirit and valor to fight for the country, **Wg Cdr Vaibhav Singh** asked law students at the University to opt for the Air Force.

The awareness drive got a very positive response from the students. The students got to know first-hand information about the force in detail. All their doubts regarding the force and entries were addressed by the Wg Cdr Vaibhav Singh.

Essay Competition on the occasion of World Food Day

DOC202310160009

(**Submitted by:** Dr. Surendra Singh Shekhawat)

Date of Event: 16.10.2023

Venue: Room No. 003, Academic Block
RNB Global University, Bikaner

Organized By: School of Agriculture

Total No. students: 21

Faculty Convener- Dr. Surendra Singh Shekhawat

Signature of Faculty Convener

Dr. S.S. Shekhawat

RNB Global University Registrar Bikaner

Signature of Dean

Dr. S.S. Shekhawat

RNB Global University Dean Bikaner

Introduction

World Food Day, observed on October 16th each year, is an International Day of Action dedicated to tackling global hunger. Organized by the Food and Agriculture Organization (FAO) of the United Nations, it is a day to promote worldwide awareness and action for those who suffer from hunger and to ensure the need for food security and nutritious diets for all. In this spirit, the School of Agriculture at RNB Global University, Bikaner, organized an essay competition to mark this significant day. The theme chosen for the competition was "Water Scarcity at Global Level: Causes and Solutions," highlighting a critical issue that impacts food security globally.

Objectives

- The primary objectives of the essay competition were:
- To raise awareness among students about the pressing issue of water scarcity and its global implications.
- To encourage critical thinking and problem-solving among students concerning environmental and agricultural challenges.
- To foster research and writing skills among students, enabling them to articulate their ideas coherently.
- To commemorate World Food Day by engaging students in meaningful discourse related to food security and sustainable practices.

Brief of the Event

The essay competition was announced well in advance, providing students ample time to research and compose their essays. The guidelines stipulated that essays should be submitted in both soft and hard copies to the Dean of the School of Agriculture by October 15, 2023. The competition attracted significant interest, with twenty one students submitting their essays via email.

The essays were evaluated based on several criteria, including understanding of the topic, originality, coherence, and the practicality of the solutions proposed. After careful

consideration, the following students were awarded prizes for their outstanding contributions:

First Prize (Rs. 500 and Certificate): Khushboo Saraswat, BA III Semester

Second Prize (Rs. 200 and Certificate): Meenakshi Agarwal, BA III Semester

Third Prize (Rs. 100 and Certificate): Sunil Kumar Gurjar, B.Sc. V Semester and Tanisha Songara, BA I Semester

The winning essay by Khushboo Saraswat was particularly noted for its in-depth analysis and innovative solutions addressing water scarcity. Meenakshi Agarwal's essay stood out for its clarity and well-structured arguments. The essays by Sunil Kumar Gurjar and Tanisha Songara were commended for their practical approach and comprehensive understanding of the issue.

Conclusion

The essay competition on World Food Day at RNB Global University, Bikaner, was a resounding success. It not only brought attention to the critical issue of water scarcity but also showcased the students' intellectual capabilities and their commitment to finding solutions to global challenges. The event underscored the importance of such initiatives in educational institutions, fostering a culture of awareness, engagement, and proactive problem-solving among the future leaders and innovators.

This competition served as a platform for students to express their views and propose solutions, contributing to the broader discourse on sustainable practices and environmental conservation. The School of Agriculture plans to continue organizing similar events to engage students and the community in addressing critical global issues, thereby contributing to a more sustainable and food-secure world.

Subject	"LifeSkills" -CSR Activity of Barclays Training Program

Dear Students,

This is to inform you that RNBGU's - Training and Placement Cell is organizing "LifeSkills" -CSR Activity of Barclays Training Program. This program will help students to improve employability skills. Life skills would help them significantly to increase their chance of succeeding in a job interview. The training program will build competencies, which would help the students to seek careers and prosper in their career of choice. The training will bring excitement into learning by developing and harnessing the student curiosity and intrinsic motivation for learning. The details of the training program will be as follows:

Date: 17th Oct 2023 – 20th Oct 2023
Timings: 9:30am to 3:30pm
Venue: Seminar Hall

'Kindly go through the attached program details in the attached word file.
Apply for Registration: https://forms.gle/cHdidxagsGcsuKAm9

** All the respective faculty class mentors are required to ensure the interested students registration and their presence in the event.
** Also, Class mentors ensure to submit the attendance to Training and Placement Cell.

KINDLY NOTE: All present University students can join the session at their own interest. Accordingly, inform your class mentors. The classes will run as per Timetable.

For applying, you may contact Dr. Meenakshi Sharma at
Training and Placement Cell- First floor- Admin Block

Subject	Event- Dholida (Dandiya Utsav)		

Dear All,

This mail is to inform that university is organizing "Dholida (Dandiya Utsav).

This is what Navratri symbolizes as well - the victory of good over evil, even if that evil originates in our own disorganized and cluttered thinking.

The art of grooving to the beats of Garba and Dandiya, the more colors and gorgeous costumes can entice us into trying again because, it is that time of year when we get the chance to re-connect with our friends, acquaintances and, most importantly, our playful side!

- Date: - 17th Oct, 2023
- Time: 10.00 AM to 3:30 PM
- Venue: Academic Fayor
- Faculty Incharges: Dr. Deepali Malodiya & Mr. Sandeep Saxena

Competitions in the Event: -

1. Group Dance Dandiya Competition:
   - Minimum 4 Groups' entries are required for this competition.
   - You can participate in pairs or in group of 4
   - Dandiyas as prop can be used in the cultural dance
   - The Judging Criteria will be Theme Based, Dress Code, Coordination & Expressions
2. Best Dressed Female
3. Best Dressed Male

NOTE: -

1. Group names need to be submitted latest by 16th Oct 2023 by 12:00 PM, Mr. Gyan Narayan Jha, Secretary Event Forum. (gyan.jha2022@rnbglobal.ac.in)
2. Traditional and ethnic dress code for all Students
3. Bringing your own Dandiya is also compulsory.
4. The e-passes will be given.
5. For any query mail it to *gyan.jha2022@rnbglobal.ac.in*.

About the Event: -

The event was organized by Event Forum of the university, to celebrate the festival of Navratri. Dandiya, one of the most awaited events in Navratri. Dholida (Dandiya Utsav) was an opportunity for the students to grove on dandiya and garba beast and to celebrate the essence of Navratri. It was also a platform to showcase the dancing talent.

The event started at 11.00 AM, Ms. Palak Jain and Mr. Darshan Bhansali initiated the event by offerings prayers to Devi Maa Statu & Deep Prajwalan by Respected Dignitaries of the University President, Registrar, Dir. IQAC & others. In Continution of the event, Ms. Palak Jain student of School of Law delivered a speech on essence of Navratri. Mr. Tarun Jawa, Nancy & Group student of School of Law and Ms. Preksha Bhura, Khushi Dhariwal & Astha Achary from School of Commerce and Management, presented the dance. Ms. Vandna Bhotra & Gyan Narayan Jha later managed the event for the further competitions. Various games like flip dancing, Swaping The Shoe & Dance etc. were organized. Apart from these different competitions were organized like best dressed female, best dressed male, best group dance & best duet dancing.

The event was judged by Dr. Sonam Pareek & Ms. Tanya Wageshwari. The winners were Ms. Astha Acharya for best dressed female, Gyan Narayan Jha for best dressed male,

Students' participation in decoration was very appreciable and specially they represented a very effective team work & coordination for the event. The Event was thoroughly enjoyed by the students and they were dressed in the traditional attires.

Everyone cooperated throughout the event and made it a successful one.

The Event was started on time in which students from RNB Global university participated enthiustically .

- It was a very impressive representation by the students where through the activities & Speeches during the event.
- The winners were awarded by gift hampers.
- Event was organized by Event Forum of the University under the guidance of Dr. Deepali Malodia & Mr. Sandeep Saxena.
- All the Students who have participated presented in well manner.

About the Event

Awareness Program on Adolescence and Mental Health has been organized in Mahatma Gandhi English Medium School, Khara on 18th October, 2023 (Wednesday). The objective of program was to spread awareness among students about physical, emotional and psychological changes that occur during adolescence along with mental health issues. Such programs educate adolescents about the significance of mental well-being and its impact on overall health. By fostering open conversations, they also aim to create an environment where adolescents feel comfortable discussing their mental health concerns without the fear of judgement or discrimination. These programs can focus on equipping adolescents with coping mechanisms and resilience-building skills. Educating participants on the early signs of mental health issues enables timely intervention. By recognizing symptoms like changes in behavior or mood, individuals can seek help or support for themselves or their peers. Encouraging adolescents to seek help when needed is a crucial objective. This involves providing information on available mental health resources, such as counseling services, helplines, and support groups. It was a wonderful experience interacting with teen-aged kids. A small skit on mental health was performed by University students. Separate counseling sessions were arranged for boys and girls students to counsel them on various adolescence issues at this age. They shared their experiences and feelings with team and actively participated in the discussion. The school staff was very co-operative and extended all kind of help to make the program successful.

INTRODUCTION

RNB Global University organized the outreach activity on **Digital Skills and Internet Literacy Program at Shahid Major James Thomas Higher Secondary School on 30th Nov 2023.**

Objective: The primary goal of the Digital Skills and Internet Literacy Program was to bridge the digital divide within the students by providing essential digital skills training and promoting internet literacy. The program aimed to empower individuals with the knowledge and confidence to navigate the digital landscape, fostering digital inclusion and enhancing opportunities for personal and professional growth.

At the started of the session the faculty conducted a comprehensive needs assessment was conducted to identify the digital skill gaps within the students. The students comprising diverse age groups, educational backgrounds were identified.

A customized presentation was delivered to cover fundamental digital skills, including basic computer literacy, internet navigation, online safety, email usage, and social media awareness.

Interactive session were conducted, combining theoretical knowledge with hands-on practical exercises. Students were provided with access to computers and the internet, allowing them to apply what they learned in real-time.

Students were engaged in practical projects to reinforce their learning. Projects included creating email accounts, conducting online searches, and developing basic digital presentations. These activities encouraged active participation and confidence-building.

The faculty emphasize on internet safety and cyber security to educate participants about the potential risks and best practices for secure online behavior. Topics covered included password management, identifying phishing attempts, and protecting personal information.

At the end students demonstrated increased confidence in using digital devices and navigating the internet, contributing to improved digital literacy levels within the students.

Conclusion: The Digital Skills and Internet Literacy Program have had a positive impact on the students, contributing to increased digital inclusion and empowerment. The program's success underscores the importance of extension activities in addressing contemporary challenges and enhancing students well-being.

Striving for Wellness: Outreach Activity on Fitness Challenges

In pursuit of promoting physical activity, fostering healthy habits, and enhancing overall well-being, **RNB Global University** initiated an outreach activity of fitness challenges aimed for students at Seth Nand Lal Dhanuka Harsh Convent School, SuratGarh . These challenges were designed to inspire participation, encourage friendly competition, and ultimately, instill a culture of wellness within the school community.

Objectives: The fitness challenges were conceived with the following key objectives in mind:

To promote physical activity and encourage regular exercise among students, faculty, and staff.

To raise awareness about the importance of fitness and its impact on overall health and well-being.

To foster camaraderie, teamwork, and mutual support among participants through shared fitness goals.

To establish sustainable habits and behaviors that contribute to a healthier lifestyle beyond the duration of the challenges.

Start of the session faculty encouraged the participants to set personalized fitness goals based on their individual interests, fitness levels, and aspirations. She focused on various activities encompassed a wide range of physical activities, including walking, running, cycling, swimming, yoga, and strength training. Participants were asked to have the fitness tracking apps, wearable devices, or manual tracking methods to monitor their progress and log their activity.

Guidance, tips, and resources on fitness and exercise were provided to support participants in achieving their goals and overcoming challenges.

Further it was emphasized that regular exercise contributed to improved mood, reduced stress levels, increased energy levels, and enhanced overall well-being among participants.

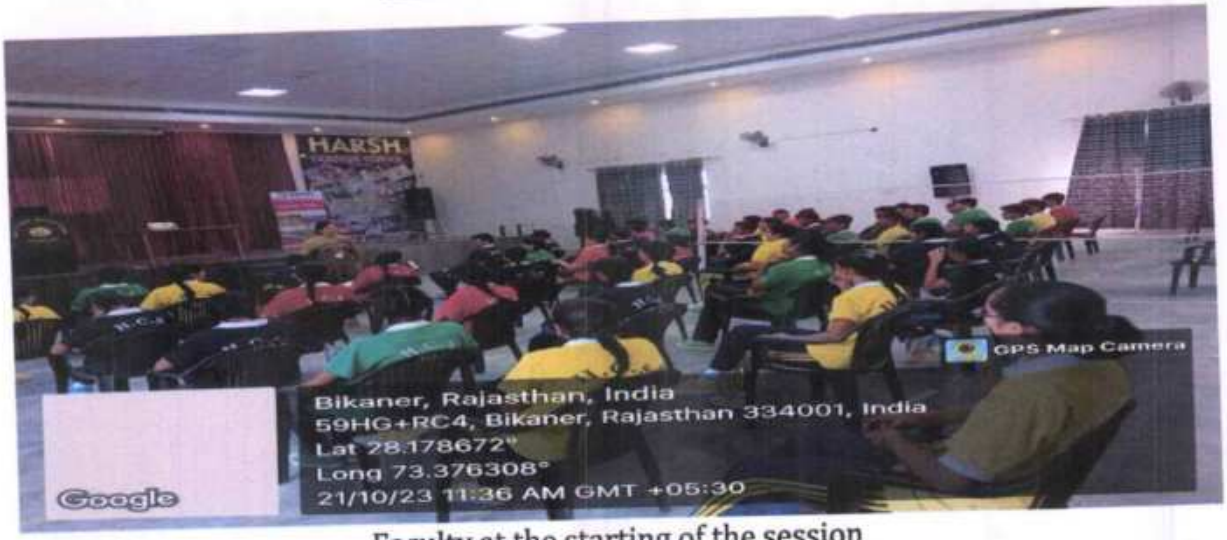

Conclusion: The fitness outreach activity have proven to be a resounding success, inspiring participants to prioritize physical activity, embrace healthier lifestyles, and cultivate a culture of wellness within the school community. By emphasizing on regular exercise, fostering camaraderie, and instilling lifelong habits of fitness, the challenges will made a significant impact on the health and well-being of participants, laying the foundation for a healthier and happier school environment.

Subject	Event- Dandiya Utsav Night at Hostel		

Dear All,

All the Hostel Students are hereby informed that the university is organizing (Dandiya Night Utsav) On 23 October 2023, near Shiv Temple.

Navratri symbolizes as well - the victory of good over evil, even if that evil originates in our own disorganized and cluttered thinking.

The art of grooving to the beats of Garba and Dandiya, the mere colors and gorgeous costumes can entice us into trying again because, it is that time of year when we get the chance to re-connect with our friends, acquaintances and, most importantly, our playful side.

- **Date:** - 23 Oct 2023
- **Time:** 09.00 PM to 11:00 PM
- **Venue:** Near Shiv Temple
- **Faculty In charges:** Dr. Afroz Ahmad

Dandiya Celebration

(Submitted By: Dr Afroz Ahmad, Assistant Professor, Faculty of Law and Arts)

Date: 23-10-2023 **9:00 P.M. To 11:00 PM**

RNB Global University celebrated Dandiya programme on 20/10/2023 in the evening between 9.00 pm to 11.00 pm. The programme began with Lighting the lamp and Aarti of Godess Durga by the Students. The celebration started by seeking the blessings from Goddess Durga to protect the RNB Global University from evils. Students were told about the importance of nine days of Navratri. Students are performed Dandiya on Dholi Taroon Dhol Baaje.

Dandiya / Ras Garba is one of the traditional form of dance which is performed originally in the state of Gujrat (India) but now it is performed in all over India even in many foreign countries during the period of Navratri or before Dussera festival .

All the students gathered in the ground Hostel lobby with colorful traditional attires and performed dandiya dance with beats and musical tune. No doubt students enthusiastically enjoyed the festival.

Visit to Old Age Home – Extension & Outreach Activity

On 25th October, 2023, the University organized a meaningful and compassionate visit to an Old Age Home as a part of its extension and outreach activities. The participants in this noble endeavor were students from BBA III and B.Com III Semester. The faculty member who led and guided this initiative was Mr. Maulik Chandnani, Assistant Professor, Faculty of Commerce and Management (FOCM).

A group of twenty dedicated students gathered at the University campus in the morning, brimming with enthusiasm and a strong sense of purpose. They were then transported to the Old Age Home via University bus, ready to make a positive impact on the lives of the elderly residents.

Upon arrival, the students exhibited their empathy and generosity by contributing a variety of essential items. Among these contributions were fresh fruits and vegetables, as well as general household articles. These donations would certainly a long way in ensuring the comfort and well-being of the senior citizens living at the Old Age Home. The Old Age Home authorities welcomed the students and shared valuable information. They informed that twenty elderly individuals are currently residing at the home. This insight allowed the students to better understand the needs and circumstances of the residents, not only for present but also for near future as well.

One of the most touching aspects of the visit was the interaction between the students and the elderly residents. Students engaged in general discussions with the seniors, providing them with a much-needed social connection and companionship. The exchange of stories, experiences and wisdom was mutually enriching, fostering a strong sense of belonging and community. As an expression of their solidarity and goodwill, the students organized a small gig, filling the atmosphere with joy and positivity. They sang songs, bringing smiles to the faces of the elderly residents.

About the Event:

The event was organized by the Event forum with the support of the senior batch for the welcoming of their Juniors under the guidance of Sandeep Saxena & Dr. Deepali Malodiya, which Provide a platform to explore the inner talent & make a healthy relation among old students & new students.

The Event was timely with welcoming of the freshers by their seniors at foyer. Anchoring was conducted with better coordination of the students named as Mr. Darshan Bhansali, Ms Aditi Jha, Ms Vandna Sharma.

In the whole event the duties & responsibilities were assigned to other Faculty members i.e in Discipline committee Mr. Vinay Nayan, Mr. Sunny Masand were involved, for food Mr. Maulik Chandnani & Ms. Vasudha Sharma was assigned, Dr. Sonam Pareek, & Vernika Siyag were the core committee of the judgment team whose presence make the judgment more authentic.

Ms. Tanya Wageshwari, Mr. Shailendra Singh Barath also helped in maintaining the discipline during the event. Apart from the assigned duties all the staff (Mr. Jayanto Das, Mr. Dipit & Mr. Manish) coordinated & cooperated at every step of the event.

During the whole event students enjoyed a lot with various activities planned by the senior batch students for the fresher like-

Activities & Games: 1) Musical Partner

2) Stand Up Comedy

3) Group Dance Performances

4) Dare to do

5) Ice Breaking (dare with seniors)

6) Bust the Balloons

Rounds:

1) Single Ramp walk
2) Couple Ramp walk
3) Task Round (Prompt)
4) Q&A

The Main Attraction of the event was the standup comedy for which the students invited three Artist (Standup Comedian), Mr. Divjot Singh & Mr. Nehul Purohit - From Jodhpur, Mr. Neeraj Kumar from Bikaner, There presence & the performance make the event more gracious.

The Judging Committee was fully active & given a judgment based on the different rounds conducted to select a right candidate. Based on the judgment the following were selected as-

RNB Global University Registrar Bikaner

Recognition	Name of the student	Programme	Award
Mr. Fresher-	Mr. Harshit Mimani	- BBA	Perfumes
Ms. Fresher-	Ms. Astha Acharya	- BBA	Perfumes

The winners were awarded by Judging Team. The awards were arranged by Senior Student.

- The Event was started on time in which the Registrar & Faculty Members of the different departments also joined the event for some times & their presence make the event more precious due to their presence the event started smoothly .
- Inaugural Session, Welcome Address, and introductory speech by Mr. Darshan Bhansali & Ms. Aditi Jha student related to university as well as about the topic was quite effective.
- All the Students who have participated presented in well manner.
- Well coordination was reflected among the anchoring team.
- The event was ended with the lunch arranged by the senior batch students.

Striving for Wellness: Outreach Activity on Fitness Challenges

At Delhi Public International School, Bikaner, **RNB Global University** fostered a love for reading and cultivating strong interpersonal connections which are fundamental aspects of our educational philosophy. The Reading Buddies program, implemented with great enthusiasm and dedication, exemplifies our commitment to both literacy development and social-emotional learning.

Objectives: The Reading Buddies program was designed with the following objectives in mind:

To promote literacy development by providing students with opportunities for regular reading practice and exposure to diverse texts.

To foster meaningful relationships and social connections between students across different grade levels.

To enhance reading comprehension, fluency, and vocabulary skills through peer-assisted learning and cooperative reading activities.

To cultivate empathy, communication skills, and mutual respect among participants through shared reading experiences.

The session when faculty made the students from upper grades paired with younger counterparts based on compatibility and mutual interests, ensuring positive and supportive buddy relationships. Then Reading sessions were organized, providing dedicated time for buddies to engage in shared reading activities, discussions, and literacy-focused games.

At the end of session, students demonstrated improvements in reading fluency, comprehension, and vocabulary acquisition as a result of regular reading practice and peer support. Students developed empathy, communication skills, and interpersonal competencies through collaborative reading experiences and meaningful interactions with their buddies.

Conclusion: The Reading Buddies program at Delhi Public International School, Bikaner has proven to be a valuable and enriching experience for students, fostering literacy development, social-emotional growth, and a sense of community among participants. By pairing students across different grade levels and providing opportunities for shared reading experiences, the program has created meaningful connections and lasting bonds that extend beyond the pages of a book.

INTRODUCTION

RNB Global University conducted an outreach activity at Maharani Kishori Devi Senior Secondary School aimed to raise awareness about sexual harassment, educate students on recognizing and preventing such incidents, and promote a safe and respectful school environment.

The outreach activity began with a warm welcome to the students and staff of Maharani Kishori Devi Sr. Sec. School. The purpose of the event was introduced, emphasizing the importance of addressing sexual harassment within the school community.

Dr. Meenakshi Sharma, delivered an insightful presentation. The content was tailored to the age group of the students, providing them with age-appropriate information and scenarios.

She provided a clear definition of sexual harassment and discussed various types, ensuring that students could identify inappropriate behavior and understand the importance of fostering a safe and respectful environment. Information on the legal framework surrounding sexual harassment was shared, along with details about reporting mechanisms available within the school and the broader community. Students were educated on their rights and the steps to take if they witness or experience harassment.

The session included discussions on empowering students to stand up against harassment and intervene as bystanders. Strategies for supporting peers and reporting incidents were explored, emphasizing the collective responsibility of the school community.

To enhance engagement, interactive activities were incorporated into the session. Role-playing scenarios, group discussions, and case studies allowed students to apply their knowledge and share insights on handling various situations related to sexual harassment.

An open question and answer session provided students with the opportunity to seek clarification on any concerns or queries they had regarding sexual harassment. This segment facilitated a more personalized and interactive experience.

The outreach activity concluded with expressions of gratitude to the school, students, and staff for their participation. The importance of maintaining a safe and respectful school environment was reiterated, encouraging students to actively contribute to creating a harassment-free community.

The outreach activity on sexual harassment awareness at Maharani Kishori Devi Senior Secondary School effectively achieved its objectives, providing students with valuable knowledge and tools to contribute to a safer and more inclusive school environment.

Subject	Brilliant Travel- An Outreach Activity by Rotaract Club of RNB Global University and Rotary Club Florida		

Dear All,

We are pleased to announce a **Tree Plantation Activity** organized by the **Rotary Club, Bikaner** at **Khara Village, Bikaner**. This meaningful event aims to raise awareness about environmental conservation while fostering community engagement and international camaraderie.

Event Details:

- **Date:** 30th October 2023
- **Venue:** Khara Village, Bikaner
- **Organizer:** Rotary Club, Bikaner
- **Event Incharge:** Rotary Club

Key Attendees:

- **Rotarian Brendon Korkela,** Rotary Club Florida
- **Rotarian Joseph Tokarsky,** Rotary Club Florida
- **Rotarian Corey Korkela,** Rotary Club Florida
- **Pro President Prof. Rakesh Bhargava**
- **Members of the Rotaract Club of RNB Global University**

Objectives of the Event:

1. To raise awareness about environmental conservation.
2. To engage with the community and discuss regional issues.
3. To foster international camaraderie and exchange ideas.
4. To involve participants in practical conservation activities, such as tree planting.

We encourage all faculty, staff, and students to actively participate in this noble cause and contribute to making our environment greener and healthier. Your presence and involvement will help make this event a success.

For further details, please contact the event in charge Mr. Shailendra Singh Barath.

Let us join hands to make a positive impact on the environment and our community!

Report

On October 30, 2023, the Rotaract Club of RNB Global University, in collaboration with the Rotary Club of Florida, hosted an event titled "Brilliant Travel - An Outreach Activity."

The event took place at Khara Village and featured prominent Rotarians Brendon Korkela, Joseph Tokarsky, and Corey Korkela from Florida (USA). These distinguished guests are currently on a mission to visit various places worldwide to raise awareness about environmental conservation.
The session aimed to foster interaction with the villagers, discuss regional issues, and promote environmental stewardship.

Objectives of the Event
To raise awareness about environmental conservation.
To engage with the community and discuss regional issues.
To foster international camaraderie and exchange of ideas.
To involve participants in practical conservation activities, such as tree planting.

Key Attendees
Rotarian Brendon Korkela
Rotarian Joseph Tokarsky
Rotarian Corey Korkela
Pro President Prof. Rakesh Bhargwa
Members of the Rotaract Club of RNB Global University
Villagers of Khara Village

Event Proceedings
The event commenced with a warm welcome to the distinguished guests by the members of the Rotaract Club. Pro President Prof. Rakesh Bhargwa introduced the guests and highlighted the significance of their mission. He expressed gratitude for their visit and emphasized the importance of environmental conservation.

The core of the event was an interactive session between the Florida Club representatives and the villagers. During this session, a variety of topics were discussed:

Environmental Issues: The guests shared their insights on global environmental challenges and the importance of conservation efforts.

Regional Concerns: The villagers highlighted local environmental issues and discussed potential solutions.

Community Engagement: The discussion emphasized the role of the community in driving environmental change and the importance of active participation in conservation activities.

Plantation Activity in Khara Village A significant highlight of the event was the plantation

RNB Global University Registrar Bikaner

activity. The experts and members of the Rotaract Club of RNB Global University, along with the villagers, planted numerous trees in Khara Village. This activity symbolized the collective commitment to environmental conservation and the importance of tree planting in combating climate change.

Presentation of Citation To honor the guests and acknowledge their efforts in promoting environmental conservation, a citation was presented by Pro President Prof. Rakesh Bhargwa. The citation recognized their dedication and contribution to raising awareness and engaging with communities worldwide.

Conclusion

The "Brilliant Travel - An Outreach Activity" event was a resounding success. It provided a platform for meaningful dialogue on environmental conservation and regional issues. The active participation of the villagers and the insights shared by the esteemed guests made the event impactful. The plantation activity further reinforced the University's commitment to environmental stewardship. The event concluded with a renewed sense of purpose and a collective pledge to continue working towards a sustainable future.

Subject	Blood Donation – Benefits and Scientific explanation of Myths		

Dear All,

RNB Global University is organising Blood Donation Camp on 31-10-2023. Rotaract Club of RNB Global University and Rotary Club of Bikaner are assisting in this camp.

We wish to brief every member of our university about the benefits and on various myths associated with blood donation.

Benefits of Blood Donation-

For Recipients/Blood Banks/Mankind-

Since blood cannot be manufactured outside the human body and has a limited shelf life, the supply must constantly be replenished by generous blood donors ,like us.**Blood donation helps save precious human lives.**

For Donor-

1. **Prevents Hemochromatosis**-Hemochromatosis is a disorder where your body absorbs too much iron causing an overload of iron in the body. Donating blood can reduce the risk of hemochromatosis because the removal of red blood cells decreases the storage of iron. Excess
2. **Maintain Cardiovascular health**- Blood donation is beneficial in lowering excess iron in the body, which can reduce the risk of a heart attack.
3. **May reduce the risk of developing cancer**-Excess iron has been linked to an increase in cancer. High iron levels can increase the risk of tumor development. Donating blood consistently can lower the risk of cancer in the throat, liver, lung, colon, and stomach by releasing the iron buildup in the blood.
4. **Stimulates blood cell production**- After donating blood, the body works to replenishes blood. This causes the production of new blood cells, which helps keep the body healthy and productive.
5. **Maintains healthy liver**-Blood donation improves the health of your liver.
6. **Help improve your mental state** - Donating blood can give you a sense of pride because you know you are contributing to save lives. Knowing you are doing good for others can help improve your emotional well-being. **When you know you are making a difference it improves certainly improves enhances your self pride.**

RNB Global University Registrar Bikaner

Need not to mention that average life of a Red Blood Cell in human body is of 120 days, which means millions of RBC in our body are automatically destroyed & replenished automatically, hence Blood donation is a healthy practice.

Myths Associated with Blood Donation & their Scientific Explanation-

1. **Donating blood can make you sick-**Anyone who is healthy before donating blood will remain healthy after ward. Within an estimated 48 hours of donating, an individual's blood volume returns to normal .
2. **Older adults cannot give Blood-** Any one between the age of 18-65 can donate blood
3. **Giving blood is time consuming-**Although registration and processing can take some extra minutes, the procedure of donating blood only takes about 8–10 minutes.
4. **Donor might contract an infection during the process-** blood donation process is conducted by professional health care persons (Doctors & Nursing Staff). All the equipments used are sterile and safe. There is no chance of contracting infection if proper protocol is followed.
5. **Donating blood is painful-** A donor feels almost negligible pain of prick (equivalent to that of receiving Covid Vaccine). The remaining process is painless.
6. **Vegetarians can never donate blood-** People with all types of food habits can donate blood ,if they are healthy.
7. **How can I be sure that my Hemoglobin level is safe for donation-** Before taking blood, Health care person will check the level of Hb & other body vitals. Only the healthy person will be allowed to donate blood,
8. **Enough people donate blood, why should I-** Since blood has limited shelf life, an adequate supply is an ongoing process.

RNBGU has organized regular Blood Donation camps since its inception. All members of RNBGU whohad donated blood were healthy and safe.

University hopes that all members of University including Students, Admin staff, Maintenance staff and faculty members will actively participate in this Blood Donation camp.

Report

On 31st October 2023, a blood donation camp was successfully organized at RNB Global University by the Rotaract Club of RNB Global University in collaboration with the Rotary Club of Bikaner. This event reflects the university's ongoing commitment to social responsibility and community service. University has been continuously organizing such events with the following objectives-

- Promote awareness about the importance of blood donation.
- Encourage students and faculty to participate in social welfare activities.
- Collect blood units to support the medical needs of the community.
- Developing compassion among students
- Make students good citizens

Pre-event Activities-

In preparation for the camp, students were sensitized about the benefits and importance of blood donation through various awareness circulars and informational sessions. This helped in ensuring a well-informed and enthusiastic participation. The Rotaract Club of RNB Global University collaborated with Rotary Club of Bikaner & Kothari Hospital for arranging the medical team as well as technicians from blood bank.

Event Details
Participants: The camp saw active participation from both students and faculty members. A total of 50 units of blood were collected.

Medical Team: An expert medical team from Kothari Hospital was present to oversee the blood collection process. Proper medical facilities were arranged to handle any emergencies, ensuring the safety and well-being of all donors.

Faculty Involvement: Senior faculty members visited the camp to motivate and support the donors. Their presence boosted the morale of the participants and underscored the importance of the event.

Outcomes
Blood Collection: The camp successfully collected 50 units of blood, which will significantly contribute to saving lives and supporting medical emergencies in the region.

Student Engagement: Students expressed a sense of fulfillment and happiness after donating blood, highlighting the positive impact of the event on their sense of social responsibility and community engagement.

Conclusion
The blood donation camp at RNB Global University was a resounding success, marked by enthusiastic participation and efficient organization. The event not only achieved its goal of collecting blood but also fostered a spirit of community service among the participants. The university's ongoing efforts in organizing such events continue to play a crucial role in promoting social responsibility and empathy among its students and faculty members.

CIRCULAR

Date	27.10.2023
Subject	**Extension lecture on "Navigating the Complexities of Mental Health: Insights and Strategies for Student Well-being"**

Dear Students,

All the Students of RNB Global University are hereby informed that an Extension lecture **"Navigating the Complexities of Mental Health: Insights and Strategies for Student Well-being" by Internal Quality Assurance Cell (IQAC)** is scheduled on 1.11.2023

Here is the Detail:-

Name	:	**Dr. Khushboo Suthar**
Duration	:	**60 minutes**
Audience	:	**All Students and faculty members of RNB Global University**
Venue	:	**Seminar Hall, Admin Block, RNB Global University**
Time Slot	:	**1st November 2023, 11 A.M. to 12 P.M.**
Faculty- In-Charge	:	**Dr. Ashok Prem**
Topic of Lecture	:	**"Navigating the Complexities of Mental Health: Insights and Strategies for Student Well-being"**

Brief Introduction of Speaker- Dr. Khushboo Suthar is a highly qualified and experienced clinical psychologist specializing in both child and adult psychology. With a commitment to mental health and well-being, she is currently practicing at Vardaan Hospital, JNV Sector 1, Bikaner. Dr. Suthar holds the position of a licensed clinical psychologist.
Her extensive professional background includes serving as a former clinical psychologist in private practice at Vardaan Hospital & Research Center, Bikaner, as well as at Nangal Cancer Hospital & Research Institute. Dr. Suthar has also contributed her expertise to the field as a former clinical psychologist in private practice at PANDIT KRISHNA CHANDRA MEMORIAL NEUROSCIENCE CENTRE (PKCMNC).

Day: Wednesday

Topic: Extension lecture on "Navigating the complexities of mental health: insights and strategies for student well-being"

Faculty Convener: Dr Ashok Prem

Expert Speaker: Dr Khushboo Suthar

Venue- Seminar Hall, Administrative Block, RNB Global University, Bikaner

No. of Participants: 197 (All Students of RNB Global University, Bikaner)

IQAC- Director
Prof M R Khatri

RNB Global University Registrar Bikaner

RNB Global University IQAC Bikaner

Faculty Convener
Dr Ashok Prem

Introduction :

In today's fast-paced and demanding academic environment, mental health has become a critical issue that affects students' overall well-being and academic performance. The lecture titled "Navigating the Complexities of Mental Health: Insights and Strategies for Student Well-being" seeks to address these concerns by providing students with a deeper understanding of mental health, the challenges they may face, and effective strategies to manage and improve their mental well-being.

Importance of the Extension Lecture:

Mental health is as vital as physical health, impacting how students think, feel, and behave. Understanding and addressing mental health issues can lead to better academic outcomes, improved relationships, and a more fulfilling life. This lecture is particularly important because it aims to equip students with the knowledge and tools necessary to navigate the complexities of mental health, reduce stigma, and promote a supportive and inclusive environment within the university.

Speaker Introduction:

Dr. Khushboo Suthar is a distinguished clinical psychologist with extensive experience in both child and adult psychology. She is currently practicing at Vardaan Hospital, JNV Sector 1, Bikaner, and holds the position of a licensed clinical psychologist. Dr. Suthar's professional journey includes roles as a former clinical psychologist at Vardaan Hospital & Research Center, Bikaner, Nangal Cancer Hospital & Research Institute, and PANDIT KRISHNA CHANDRA MEMORIAL NEUROSCIENCE CENTRE (PKCMNC).

Her commitment to mental health and well-being is reflected in her work and contributions to the field. Dr. Suthar's expertise will provide our university community with valuable insights and practical strategies to navigate the complexities of mental health, ensuring a supportive and well-informed environment for students and faculty alike.

Key points of the Extension Lecture:

During her lecture, Dr. Khushboo Suthar spoke on the following key points related to mental health:

- **Understanding Mental Health**
  Dr. Suthar began by emphasizing the importance of understanding mental health, noting that it is as crucial as physical health. She explained that mental health affects how we think, feel, and act, and plays a role in how we handle stress, relate to others, and make decisions.
- **Common Mental Health Challenges for Students**
  She highlighted the common mental health challenges faced by students, including stress, anxiety, depression, and burnout. Dr. Suthar pointed out that the pressures of academic performance, social dynamics, and future career prospects can significantly impact students' mental well-being.
- **Strategies for Managing Mental Health**
  Dr. Suthar provided several strategies for managing mental health effectively:
- **Self-Care Practices**
  Engaging in regular physical activity, maintaining a healthy diet, and ensuring adequate sleep.
- **Mindfulness and Relaxation Techniques:** Practicing mindfulness, meditation, and deep-breathing exercises to reduce stress and enhance focus.
- **Time Management:** Prioritizing tasks and managing time efficiently to avoid feeling

RNB Global University Registrar Bikaner

overwhelmed by academic and personal responsibilities.

- **Seeking Support:** Encouraging students to seek help from mental health professionals, counselors, or trusted individuals when feeling distressed.
- **Building a Supportive Environment**
  Dr. Suthar stressed the importance of creating a supportive environment both on campus and at home. She encouraged faculty members to be attentive to students' mental health needs and to foster an open and inclusive atmosphere where students feel safe to discuss their concerns.
- **Encouraging Openness and Reducing Stigma**
  One of the critical points Dr. Suthar made was the need to reduce the stigma associated with mental health issues. She advocated for open conversations about mental health to normalize seeking help and to ensure that students do not suffer in silence.

Q&A Session

During the Q&A session, students asked various questions, which Dr. Suthar answered comprehensively:

Question 1: How can we manage exam stress effectively?
Answer by Dr. Suthar: Managing exam stress involves a combination of good preparation, relaxation techniques, and maintaining a healthy lifestyle. Start by organizing your study schedule well in advance, breaking down the syllabus into manageable sections. Practice mindfulness or meditation to stay calm, and ensure you get enough sleep and eat nutritious meals. Remember to take regular breaks during study sessions to avoid burnout.

Question 2: What should I do if I feel overwhelmed and unable to cope with my studies?
Answer by Dr. Suthar: If you feel overwhelmed, it's important to reach out for support. Talk to a trusted friend, family member, or a counselor at the university. They can offer emotional support and help you develop a plan to manage your workload. Additionally, practice stress-relief techniques like deep breathing, physical exercise, and ensuring you take time for hobbies and activities you enjoy.

Question 3: How can we reduce the stigma around mental health on campus?
Answer by Dr. Suthar: Reducing stigma starts with education and open conversations. Encourage discussions about mental health in classrooms and student groups. Share information about mental health resources available on campus. Faculty and students can participate in workshops and seminars to increase awareness and understanding. It's crucial to create a culture of empathy and support, where seeking help is seen as a strength rather than a weakness.

Question 4: What are some signs that a friend might be struggling with their mental health, and how can I help?
Answer by Dr. Suthar: Signs that a friend might be struggling include changes in behavior, withdrawal from social activities, noticeable mood swings, and decline in academic performance. If you notice these signs, approach them with empathy and concern. Encourage them to talk about what they're going through and listen without judgment. Suggest they seek help from a mental health professional and offer to accompany them if they're hesitant.

Program Convenor and Vote of Thanks

The program was convened by Dr. Ashok Prem, who played a pivotal role in organizing the event and ensuring its smooth execution. Prof. M. R. Khatri, Director of the Internal Quality Assurance Cell (IQAC), concluded the event by giving a heartfelt vote of thanks. He expressed gratitude to Dr. Khushboo Suthar for her enlightening lecture, to the faculty and students for their active participation, and to all those who contributed to the successful organization of the event. Prof. Khatri & Dean Academics Prof B S Rathore also presented a shawl to Dr. Suthar with and a certificate of appreciation in recognition of her valuable contribution.

Conclusion

This extension lecture was an invaluable opportunity for the RNB Global University community to gain deeper insights into mental health and learn practical strategies to support well-being. Dr. Khushboo Suthar's expertise and compassionate approach provided a comprehensive understanding of the complexities of mental health and equipped attendees with tools to navigate these challenges effectively.

Outcomes of the Extension Lecture:

The extension lecture on "Navigating the Complexities of Mental Health: Insights and Strategies for Student Well-being" yielded significant outcomes for RNB Global University. Firstly, it heightened awareness and comprehension of mental health issues among both students and faculty members. Dr. Khushboo Suthar's presentation offered practical strategies, empowering attendees with actionable self-care techniques and mindfulness practices. Moreover, the lecture contributed to reducing the stigma surrounding mental health through open dialogue and discussions, fostering a more inclusive campus environment. The interactive Q&A session facilitated direct engagement, addressing individual concerns and emphasizing the importance of student well-being. Additionally, the event underscored the necessity of a supportive campus culture, prompting increased attention to students' mental health needs. Dr. Suthar's valuable contribution was recognized with a shawl and certificate of appreciation, highlighting the university's commitment to mental health initiatives. Lastly, the success of this lecture sets a precedent for future mental health programs and workshops, ensuring continual support for the well-being of the university community.

Subject	Invitation to Participate in Anti Drug Poster Competition		

Dear Students,

This is to inform you all that **The NCORD Centre** is organising the **'Anti Drug Poster Competition'** on the theme of Drugs Prohibition. The purpose of 'Anti Drug Poster Competition' is to spread awareness about the negative impact & physical harm caused by use of drugs and to promote a drug free environment.

The students can make the posters/ artwork at their home and submit the same to the faculty in charge as per under mentioned schedule. All these posters will be displayed at various locations of students' activity. The best three out of these will be awarded certificates of merit.

Details -

Last Date of Submission: Thursday, November 2nd, 2023
Place of Submission: Faculty room (FOCM)
Faculty In charge: Dr. Vasudha Sharma & Dr. Deepali Malodiya

About the Competition -

The competition shall comprise of the below criteria –
1) Spread awareness about the problems caused by drug abuse
2) Sharing drugs- related facts
3) Portray creativity in alliance with the contest theme

'Anti Drug Poster Competition'

On 2nd Nov, 2023, The NCORD Centre organized the 'Anti Drug Poster Competition' on the theme of 'Drugs Prohibition'. The purpose of 'Anti Drug Poster Competition' was to spread awareness about the negative impact & physical harm caused by use of drugs and to promote a drug free environment.

The Anti-Drug Poster Competition was organized with the aim of raising awareness about the detrimental effects of drug abuse and promoting a drug-free lifestyle among participants.

The competition comprised the following criteria -

1) Spread awareness about the problems caused by drug abuse

2) Sharing drugs- related facts

3J Portray creativity

This initiative sought to engage individuals creatively in addressing the pressing issue of substance abuse through visual communication. The criteria for judging included creativity, originality, clarity of message, and overall visual appeal. Entries showcased a variety of styles, each conveying a unique perspective on the consequences of drug abuse. The submissions demonstrated a deep understanding of the issue and a commitment to spreading awareness. A panel of experienced judges, carefully evaluated the entries. Judges took into consideration the effectiveness of the message, the visual impact, and the overall creativity of the posters.

The judges have selected the following entries as the winners of the Anti-Drug Poster Competition:

First Prize- Khushi Nahta BBA I Sem, Second Prize - Khushboo Saraswat (BA III Sem), Third Prize- Meenakshi Agarwal BA III Sem

The students made the posters/ artwork at their home and submit the same to the faculty in charge as per under mentioned schedule. All these posters were displayed at various locations of students' activity.

The participants in this endeavor were students from RNB. The faculty member who led and guided this initiative were Dr. Vasudha & Dr. Deepali Malaudiya, member of NCORD Team.

INTRODUCTION

Clean and safe drinking water is a fundamental human right, and its availability is essential for maintaining public health. Unfortunately, many villages in our neighboring areas face challenges related to the quality of their drinking water sources, which can have significant repercussions on the health and well-being of the residents. To address this pressing issue, an event on Drinking Water Quality and Its Impact on Health was organized by **RNB Global University, Bikaner** at **Global bright children paradise school, Husangsar** on 03.11.2023.

Objectives:

The primary objective of this program was to raise awareness about the importance of safe drinking water and equip the residents of neighboring villages with knowledge and resources to assess and improve their water quality. The event brought together community members, experts in the field of water quality and health, government officials, and non-governmental organizations working towards the betterment of rural communities.

Event Highlights:

1. **Inauguration and Welcome Address:** The program commenced with an inaugural ceremony in which School staff, students, and school management representatives expressed their support for the initiative. The welcome address emphasized the significance of clean drinking water for the overall well-being of the community.
2. **Keynote Presentations**: Knowledgeable experts in the field of water quality and public health delivered insightful keynote presentations. They discussed the factors affecting water quality, the potential health risks associated with contaminated water, and practical solutions for water quality improvement.
3. **Interactive Workshops:** The event featured interactive workshops and demonstrations on water quality testing methods. Participants learned how to use simple and affordable testing kits to assess the safety of their drinking water sources. These hands-on activities empowered community members with the skills to monitor and improve water quality.
4. **Community Testimonials:** Real-life success stories and testimonials from villagers who had already taken steps to improve their water quality were shared. These personal accounts inspired and motivated others to take action.

5. **Q&A Sessions:** Participants had the opportunity to ask questions and seek advice from experts during dedicated question-and-answer sessions. These exchanges encouraged a deeper understanding of water quality issues.
6. **Closing Ceremony and Commitment Pledges:** The program concluded with a closing ceremony where participants and community leaders pledged their commitment to taking concrete steps to ensure safe drinking water for all. They also expressed their gratitude for the knowledge and resources provided.

Conclusion:

The event on Drinking Water Quality and Its Impact on Health in neighboring villages aimed to empower communities with the knowledge and tools necessary to address their water quality challenges effectively. It served as a platform for collaboration and information sharing, fostering a sense of unity and determination among the participants. The event underscored the importance of access to clean drinking water and demonstrated the potential for positive change through collective action.

INTRODUCTION

RNB Global University's Training and Placement Cell organized the Adult Literacy program **Gangaram Sr. Sec. School** on 8th Nov 2024.

Objective: : The Communication Literacy Program aimed to address the educational needs of adults in the local community, providing them with opportunities to enhance their basic literacy skills. The program sought to empower individuals with the tools necessary for improved communication, increased confidence, and expanded opportunities in various aspects of their lives. Adult learners from the local community, comprising individuals with varying literacy levels and backgrounds participated in the event.

The faculty explained the significance of literacy in daily life and highlighted the goals of the program. Emphasis was placed on creating a supportive and non-judgmental learning environment.

The program included structured learning modules covering reading, writing, and basic numeracy. Faculty worked with participants individually or in small groups, ensuring a personalized approach to address specific challenges and gaps in literacy skills.

Interactive exercises, real-world scenarios, and engaging activities were incorporated to make the learning experience enjoyable and relevant. Participants actively participated in reading comprehension, writing exercises, and practical applications of numeracy skills.

The program concluded with a recognize and celebrate the achievements of the participants. The Adult Literacy Program successfully addressed the educational needs of adult learners in the local community. The positive outcomes observed in participants' literacy skills and confidence underscores the importance of such extension activities in contributing to community development.

Introduction

Soil, a fundamental natural resource, is essential for sustaining life on Earth. It provides the foundation for plant growth, regulates water flow, and stores vital nutrients. However, human activities are increasingly posing a threat to soil health through pollution. To address this growing concern, RNB Global University organized an awareness program on soil pollution and conservation methods in Gram Panchayat Husangsar village on November 17, 2023.

Objectives

The primary objectives of the awareness program were:

To educate villagers of Gram Panchayat Husangsar village about soil pollution, its causes, and detrimental effects on agricultural productivity and human health.

To disseminate knowledge about practical methods for soil conservation and reclamation of polluted soil.

To foster a sense of community responsibility for protecting soil health and promoting sustainable agricultural practices.

To encourage collaboration between the university and local communities in addressing environmental challenges.

Description of Event

The awareness program was inaugurated by Mr. Anshuman Singh and Mr. Ashirwad Kumar, highlighting the importance of soil health for the village's agricultural prosperity and overall well-being.

Dr. Ravi Kishan Soni, a Faculty member of the School of Agriculture at RNB Global University, served as the key resource person for the program. He delivered an informative presentation on soil pollution, outlining its various types, including chemical pollution caused by excessive use of fertilizers and pesticides, physical pollution from soil erosion, and biological pollution due to improper waste management. Dr. Soni explained the detrimental effects of soil pollution on crop yields, water quality, and human health. He emphasized the urgency of implementing soil conservation measures to safeguard the village's agricultural future.

Students of Agriculture from RNB Global University played a vital role in the program. They presented interactive demonstrations and explanations on various soil conservation methods, including crop rotation, cover cropping, mulching, and integrated pest management (IPM) techniques. These practices were presented in a clear and concise manner, ensuring comprehension by the villagers with varying levels of agricultural knowledge.

The program also included an open discussion session where villagers actively participated, asking questions and expressing their concerns about soil degradation they had observed in their fields. Dr. Soni and the agriculture students patiently addressed these concerns, providing practical solutions and recommendations tailored to the village's specific agricultural practices and environmental conditions.

Outcomes and Impact

The awareness program on soil pollution in Gram Panchayat Husangsar village achieved significant success in disseminating knowledge and fostering a sense of environmental responsibility among the villagers. The key outcomes of the program include:

Enhanced Awareness:

Villagers gained a deeper understanding of soil pollution, its causes, and its consequences. They learned about the importance of maintaining soil health for sustainable agricultural practices and overall environmental well-being.

Empowerment through Knowledge: The program equipped villagers with practical knowledge about soil conservation techniques. This knowledge empowers them to make informed decisions about their agricultural practices and adopt methods that promote soil health and long-term productivity.

Community Engagement:

The program fostered a sense of community ownership for protecting soil health. The interactive session facilitated dialogue between the university Faculty and students with the villagers, establishing a foundation for future collaboration.

Sustainable Solutions: By promoting sustainable agricultural practices like crop rotation, cover cropping, and mulching, the program paves the way for long-term soil health and improved agricultural yields in the village.

Conclusion

The awareness program organized by RNB Global University in Gram Panchayat Husangsar village served as a commendable initiative in addressing the critical issue of soil pollution. By educating villagers and promoting sustainable practices, the program contributes significantly to environmental protection and the village's agricultural future.

INTRODUCTION

RNB Global University conducted an outreach activity on **Career Guidance at Sharda Vidhya Niketan Sr. Sec. School on 7th Oct. 2023.**

Objective: The primary objective of the Career Guidance workshop was to provide valuable insights and guidance to high school students, helping them make informed decisions about their future career paths. The workshop aimed to bridge the gap between academic knowledge and real-world career opportunities.

The workshop began with an introduction to the importance of career opportunities available in the current dynamic job market. Participants were encouraged to actively participate and ask questions throughout the workshop.

The faculty highlighted the significance of career guidance in helping students identify their strengths, interests, and goals. The presentation included the benefits of informed career choices.

The faculty provided insights into various career paths, focusing on emerging trends and in-demand professions. Real-world examples and success stories were shared to inspire and motivate the students.

The faculty further addressed the essential skills and qualities needed for success in different careers. Practical advice on developing these skills during high school and university years was provided.

A dynamic question and answer session allowed students to seek personalized advice and guidance. Questions ranged from academic requirements for specific careers to insights into the day-to-day responsibilities of various professions.

Attendees expressed gratitude for the practical advice and insights gained during the event and appreciated the opportunity to be involved in their career exploration.

Outreach Activity Report: Strategies to Reduce Exam Stress among Students

RNB Global University, organized a outreach activity at Lucky Model Sr Sec School, Bikaner on 06th Oct 2023 focused on equipping students with effective strategies to manage and reduce stress during exam periods. The workshop aimed to address the common challenges students face and provide practical techniques to enhance well-being and academic performance during stressful times.

Objectives:

- To raise awareness about the impact of exam stress on students' mental and physical health.
- To provide students with coping strategies and stress management techniques.
- To empower students to develop a balanced approach to studying and self-care during exam periods.
- To promote a supportive and encouraging environment within the school community.

The faculty gave an overview of the physiological and psychological effects of stress on the body and mind. Students learned to recognize common signs and symptoms of stress and its impact on academic performance.

Strategies for effective time management and creating realistic study schedules were discussed.Students were encouraged to prioritize tasks, break them down into manageable chunks, and allocate time for rest and relaxation.

Practical techniques for reducing stress such as deep breathing exercises, progressive muscle relaxation, and mindfulness meditation were taught.Students practiced these techniques in guided sessions to experience their effectiveness firsthand.

Cognitive coping strategies such as positive self-talk, reframing negative thoughts, and setting realistic expectations were explored.Students learned to challenge perfectionistic tendencies and adopt a growth mindset towards their academic performance.

Conclusion: The workshop on reducing exam stress among students was well-received and highly beneficial for participants. By providing practical strategies and resources, students gained valuable tools to manage stress more effectively and maintain well-being during exam periods. The workshop underscored the importance of fostering a supportive and nurturing environment within the school community to promote students' holistic development.

A
Report On

Outreach programme on "Ensure Your Safety Against Earthquake Do's and Don'ts" in Khara Village

DOC202310070008

Date: 6 October, 2023 **Time:** 10:00AM to 01:00PM

Venue: Mahatma Gandhi English medium school, Khara

Participants – All the students of SOCM, SOL and SOAS Students

INTRODUCTION

The event titled "Ensure Your Safety Against Earthquake Do and Don'ts" was organized by **RNB Global University's** students at Mahatma Gandhi English medium school, Khara. The purpose of the event was to educate students about earthquake preparedness and safety measures. The event aimed to provide students with valuable information about earthquakes and equip them with the knowledge necessary to stay safe during such natural disasters.

Objective:
To provide comprehensive earthquake safety guidelines to ensure the well-being and preparedness of our neighbouring village residents in the event of an earthquake. Students are going to explain Do's And Don'ts to school children at Khara Village on Friday 6th October

Event Highlights:

Educational Presentation: The event began with a detailed presentation by the organizing team. They explained the basics of earthquakes, including their causes and effects. The team emphasized the importance of earthquake preparedness and how it can save lives. The students were engaged through visuals and interactive discussions.

RNB Global University Registrar Bikaner

Do's and Don'ts: The team shared a comprehensive list of earthquake do's and don'ts, which included practical advice on what to do before, during, and after an earthquake. This information was presented in a clear and easily understandable manner to ensure that the students could remember and apply it in real-life situations.

Question and Answer Session: After the presentation, students had the opportunity to ask questions and seek clarification on various aspects of earthquakes. The team members patiently answered all the questions, ensuring that the students had a clear understanding of the topic.

Hands-On Demonstrations: To make the event more engaging, the organizers conducted hands-on demonstrations. They showed students how to drop, cover, and hold on during an earthquake. Additionally, they demonstrated how to use fire extinguishers and provided guidance on creating emergency kits.

Practical Tips: The team offered practical tips, such as identifying safe zones within homes and schools, securing heavy objects, and having a family emergency plan. They also stressed the importance of communication during and after an earthquake.

Student Participation: The students were actively engaged throughout the event. They asked a variety of questions, showing a genuine interest in understanding earthquake safety measures. The team was pleased to see the students' enthusiasm and commitment to learning about this crucial topic.

Conclusion: The "Ensure Your Safety Against Earthquake Do's and Don'ts" event at Mahatma Gandhi School in Khara Village was a resounding success. The organizing team, consisting of Tanisha, Prerna, Deepak Sharma, Jayesh Sharma, Shiwani Tiwari, Nandini Khatri, and Ananya, did an outstanding job in educating the students about earthquake preparedness. The event not only imparted valuable knowledge but also instilled a sense of responsibility in the students to ensure their safety during seismic events.

By spreading awareness about earthquake safety, this event has contributed significantly to the safety and well-being of the Khara Village community. The students are now better equipped to protect themselves and their families in the event of an earthquake. The organizers are commended for their dedication and commitment to promoting safety and preparedness in the face of natural disasters. This event serves as a shining example of community engagement and education.

RNB Global University Registrar Bikaner

Acknowledgments: We extend our gratitude to the organizing team for their efforts in making this event a success. We also thank the students for their active participation and enthusiasm in learning about earthquake safety. Additionally, we appreciate the school for providing the venue and support for this important educational initiative. Together, we can build a safer and more resilient community.

A Session on

Voter Awareness Campaign

DOC2023100600010

(Submitted by: Dr. Dipali Gupta)

Date:6thOctober,2023 **Time:**02:00 PM

Venue : Conference Hall, Amin Block, RNB Global University

ParticipantsoftheEvent : Faculty Members

Convener : Prof. Dipali Gupta

OrganizedBy : RNB Global University, Bikaner

Guests: Mr.Gopal Joshi and Mr.Sudheer Kumar Mishra from District Electoral Office, Bikaner

RNB Global University Registrar Bikaner

RNB Global University Registrar Bikaner

Objectives:

- Encourage eligible voters to participate in elections by casting their votes.
- Address factors that may contribute to low voter turnout, such as apathy, lack of information, or logistical barriers.
- Provide clear and accessible information about the electoral process, including voter registration procedures, polling locations, and voting methods.
- Explain the significance of voting and its impact on the democratic process.
- Foster a sense of civic duty and responsibility among citizens to participate in the democratic process.
- Emphasize the importance of each individual's contribution to shaping the future through the electoral system.

Summary of the Session

A session was conducted in the conference room, Admin Block to run a voter awareness campaign in association with the District Electoral Office, Bikaner. Dr. Dipali Gupta welcomed and introduced the guests; Mr. Gopal Joshi and Mr Sudheer Kumar Mishra from DEO to the faculty members.

They discussed the objectives of the SVEEP (Systematic Voters' Education and Electoral Participation) program and focused on a few points that should be taken into account during the Voter Awareness Campaign. A Voter Awareness Campaign should be designed to inform and educate the public about their rights and responsibilities as voters, with the aim of increasing voter turnout and fostering a more informed and engaged electorate. The objectives of a voter awareness campaign typically include:

1. **Raise Awareness about Candidates and Issues:**
    - Inform voters about the candidates running for office, their platforms, and their positions on key issues.
    - Facilitate discussions and debates to help voters make informed decisions based on their values and priorities.
2. **Combat Voter Suppression:**
    - Address any barriers or challenges that may hinder certain groups from exercising their right to vote.

- Work to eliminate discriminatory practices and advocate for policies that promote inclusivity in the electoral process.

3. **Promote Voting Rights:**

    - Educate voters about their rights at the polling station.

    - Advocate for policies that protect and expand voting rights, ensuring that all eligible citizens have the opportunity to participate in elections.

4. **Utilize Various Communication Channels:**

    - Employ a variety of communication channels, including social media, traditional media, community events, and grassroots initiatives, to reach a diverse audience.

    - Tailor messages to different demographics and communities to make the information more accessible and relatable.

5. **Engage Youth:**

    - Target younger demographics to instill a sense of civic engagement early on and encourage lifelong participation in the democratic process.

    - Use innovative and technology-driven approaches to reach younger voters.

6. **Encourage Informed Decision-Making:**

    - Provide non-partisan information to voters, enabling them to make informed decisions based on a clear understanding of candidates, issues, and policy positions.

7. **Evaluate and Improve Electoral Processes:**

    - Collect feedback from voters to identify areas for improvement in the electoral process.

    - Work with election authorities to implement reforms that enhance the efficiency and accessibility of elections.

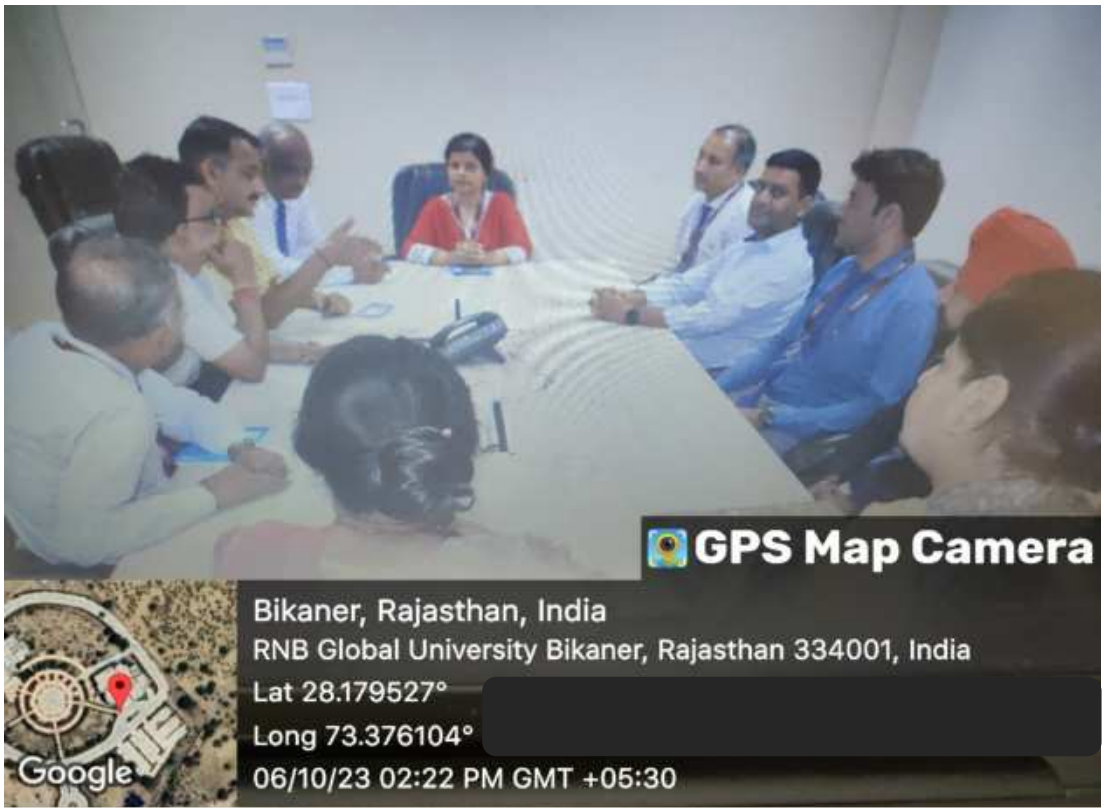

By achieving these objectives, a voter awareness campaign contributes to the overall health and vibrancy of a democratic society by ensuring that citizens are actively engaged, well-informed, and motivated to participate in the electoral process.

All the members present in the meeting took an oath to participate in the electoral process of the Government of India and to cast their valuable votes. Dr Rakesh Bhargava

INTRODUCTION

The RNB Global University School of Agriculture conducted a two-day orientation programme for new students. This comprehensive report highlights the key activities and objectives of the programme. The orientation aimed to provide incoming students with essential information, resources, and a warm welcome to help them acclimate to the university environment. As a part of the Academic Activity of the Department, Orientation Program was organized for the first semester students of School of Agriculture, RNB Global University from 10:00 AM to 3.30.PM in Seminar Hall. The Orientation Program was held in different sessions. In this orientation programme, all the faculty members gave words of advice/suggestions to the newly admitted students of Agriculture First Semester.

The major objective of the programme was to make the parents and students aware of the academic aspects of the course, the rules and regulations of the institute and ensuring parental participation in monitoring the performance and progress of students.

Event Objectives:

- To make aware the students about the college culture and inform the students about the code of conduct.
- To prepare the students about their career goal & how to work on it.
- To involve and learn about the career development process and develop their skills.
- To create awareness about the various co-curricular and extra activities to help the students for their overall development.
- To create awareness among students about the professional etiquettes.
- To promote students' skills & learn about the various innovative ways to enhance their career.

Event Description

Day 1st (October 5th, 2023)

- The event was organized by Dr. S. S. Shekhawat, Dean, School of Agriculture, RNB Global University.
- All students of Agriculture, RNB global University participated in the event.
- The session started with Lighting of Lamp by Dr. G.S. Karkara president of RNB Global University.

- After lamp lighting, session started with great motivation quote & the welcome address of the students by Dr. S. S. Shekhawat, Dean (Agriculture).
- Dr. G.S. Karkara started discussion with the students sharing the views on journey of college to be successful in life and informed students to have always learning attitude.
- Briefing about the two days orientation program schedule was given by Dr. S. S. Shekhawat.
- Presentation and briefing about semester registration explained by Dr. Gajanand Modi.
- Presentation and briefing about anti-ragging was explained by Dr. Ashok Prem.
- Presentation and briefing about RNBGU Forums & Clubs membership was explained by Dr. Dipali Malodiya.
- Presentation and interaction with Freshers and Session about Library Rules@RNBGU was explained by Dr. Deepali Malodiya.
- E-transaction SBI Collect transactions with special reference to SBI collect was explained by Mr. Ashok Karnani.
- Ice Breaking Session conducting activities performed by all senior agriculture students in supervision of Ms. Sunita Bhandari.

Day 2nd (October 6th, 2023)

- The Second day started with Presentation and interaction Life Beyond Academics by all senior agriculture students in supervision of Dr. Ravi Kumar.
- Presentation and briefing about Examination & Evaluation @RNBGU was addressed by Dr. Gajanand Modi.
- Presentation and briefing about transportation policy @RNBGU was addressed by Ms. Zaiba Khan.
- Presentation and briefing about Sports Forum @RNBGU and Presentation and briefing about Annual Fest INSPIRE @RNBGU were both given by students.
- Briefing about ERP & LMS System and Briefing about Do's & Don'ts of Helpdesk were addressed by Dr. Ravi Kisan Soni.
- Briefing about Human Values was presented by Ms. Sunita Bhandari and Briefing about CLD & CSR was explained by Dr. Deepali Malodiya.

- The two days orientation programme completed with some cultural activities for fresher students which was coordinated by Dr. Sarita and Dr. Raveena.

The 2-Day Orientation Programme at RNB Global University School of Agriculture successfully achieved its goal of acclimating new students to the university environment. By providing an in-depth introduction to the institution, its academic programs, support services, and the chance to interact with faculty and peers, the orientation programme has set the stage for a productive and successful academic journey for the incoming students.

Overall, the orientation programme was well-received, and the students expressed enthusiasm and confidence in their upcoming academic years. The University will continue to offer support and guidance to ensure the students' smooth transition into university life.

Date	27.09.2023	DOC ID	DOC202309270002
Subject	Nukkad Natak on "**Say No to Junk Food and Plastic**"		

We are excited to inform you that an upcoming Street Play ("**Nukkad Natak**"), themed "**Say No to Junk Food and Plastic Usage**," is scheduled for **October 2, 2023**, on Gandhi Jayanti. This event will be presented by RNB Students, comprising individuals from BBA, BCA, and BA-LLB programs, and will run from **7:00 AM to 7:30 AM**.

Topic: Say No to Junk Food and Plastic Use

Date and Time: 02nd October 2023, 07:00 am to 07:30am (0.5 hr.)

Venue: Brahman Path (Museum Circle)

Faculty In charge: Ms. Zaiba Khan (Assistant Professor CSE-FOBAS)

About Event

The students' "**Nuked Natak**" performance, centered around the themes of saying no to junk food and plastic, is a powerful and creative way to spread awareness about these crucial issues. Through their innovative approach, they are going to convey a clear message: the harmful impact of junk food on our health and the detrimental effects of plastic on our environment should not be ignored. By blending humor and drama, the students will engage their audience, leaving a lasting impression and inspiring positive change. Their spirited advocacy serves as a reminder that we all have a role to play in making more sustainable choices for our well-being and the planet's future.

RNB Global University Dean Bikaner

ABOUT THE EVENT:

This innovative approach proved to be a powerful medium for raising awareness. The students delivered a crystal-clear message that resonated with the audience: the detrimental impact of junk food on our health and the destructive consequences of plastic on our environment should not be disregarded.

Their performance was a fusion of humor and drama, skillfully executed to captivate the spectators. This unique blend left a profound and lasting impression, sparking a sense of urgency for positive change.

Their passionate advocacy served as a poignant reminder that each of us bears a responsibility in shaping a more sustainable future for ourselves and the planet.
The event aimed to educate and inspire, with the hope that everyone in attendance would take away valuable insights that they would apply in their lives, contributing to a more environmentally sustainable future.

THE FORMAT OF THE SESSION

- Making people aware of the environmental issues
- To educate and inspire to apply in daily life

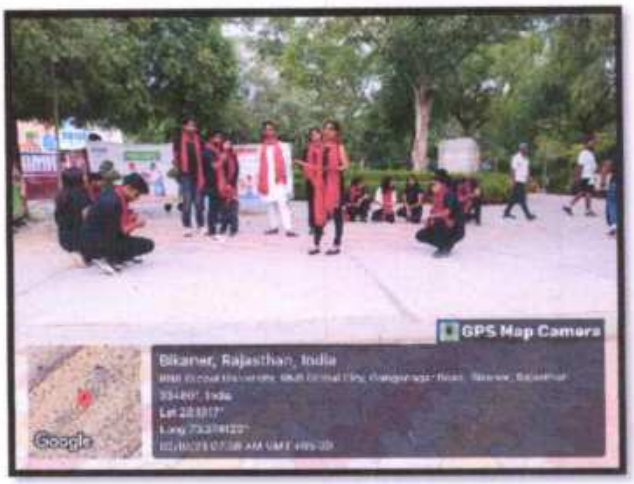

At seven o'clock in the morning, a compelling performance unfolded at the park, led by students in front of an eager audience. The act commenced with the introduction of its title, setting the stage for what would be an interactive "Nukkad Natak" presentation centered on the crucial themes of discouraging the consumption of junk food and reducing plastic usage.
The was conducted by Ms Zaiba Kham, Assistant Professor, FOBAS and students of RNB Global University.

Date: 30th. September 2023

Venue- The online debate competition was held on Google Meets

A Report on Online Debate Competition-

On 30th of September 2023 [Saturday], School of Law, RNB GLOBAL UNIVERSITY arranged an Online National Debate Competition on the topic: **"Parliamentary form of Government Vs Presidential Form of Government"** between 10:00 A.M. to 3:30 P.M. The students participated from throughout the Nation. Convenor Mr. Ashok Karnani and Co-Conveners Dr. Afroz Ahmad and Dr. Bharat Kumar Jajra faculty members of FOLA were guided the all participants for their queries.

The Theme- "Parliamentary form of Government Vs Presidential Form of Government"

Objective

The basic to organize such types of events was to enhance students' knowledge and their legal prowess and also their creative and analytical thinking. Participating in Debate Competition not only does help the students to improve their public speaking skill but also develop their intellect; the students are expected to do their research work in order to frame logical arguments regarding the motion which also helps in enhancing their ideas as well as knowledge.

Total Team - 40

RNB Global University Registrar Bikaner

About Debate

For generations, young minds who desires to grow and choose legal field as their career options, experiences competitive advocacy, presentation and speaking skills in terms of various competitions and debate are one of them. Debate, perhaps better than any other academic training, teaches students how to “think like a lawyer” long before they even set foot in a law school. The profession of law calls for court arguments, parliamentary debates and also in social life, it is expected for a law student to have the capacity to express his opinions and discuss on an issue with good arguments. Debate not only helps the students improve them public speaking but also develop their intellect; the students are expected to do their research work in order to frame logical arguments regarding the motion which also helps increase them ideas.

Proceeding of the whole event

The event started with welcome address given by Mr. Ashok Kumar Karnani. Mr. Karnani addressed the gathering and shared his view regarding the motion of the competition that "Parliamentary Form of Government vs. Presidential Form of Government," is not only pertinent but also reflective of the diversity of political systems across the globe. The parliamentary system, as seen in countries like the United Kingdom, India, and Canada, stands in contrast to the presidential system found in the United States and many Latin American nations. Each system has its merits and demerits, and today's debate is a wonderful opportunity for us to critically examine and appreciate the nuances of each.

Mr. Karnani said, that I hope that today's discussions will not only provide a deeper understanding of the intricacies of these two forms of governance but also allow us to appreciate the unique challenges and opportunities they present. By engaging in this discourse, we aim to foster an environment of constructive dialogue and critical thinking.

Mr. karnani expressed his profound gratitude to all the participants who have dedicated their time and effort to prepare for this competition. He also said to the participants that your commitment to the art of persuasion, ability to present compelling arguments and your expertise knowledge to evaluating the quality of arguments and articulation of thoughts will very much helpful to selecting the winners to our esteemed judges. He also extended his gratitude to all other audience, whose presence will boost an air of encourage and motivation to our participants.

At the end of his address speech Mr. karnani wish to all the participants the very best of luck. May your words be insightful, your arguments be convincing, and your delivery be eloquent. Let us remember that this competition is not just about winning but about enriching our understanding of the political systems that shape our world.

Once again, thank you for joining us today, and I eagerly anticipate the enlightening and spirited debates that are about to unfold. Let the intellectual battle begin with healthy sprit!

At the end of this competition Dr. Ashok Prem Head of Department of School of Law addressed the gathering and shared his view regarding the competition. He congratulated all the participants for them participation and zeal and motivation to learn something new and always ready to accept such types of challenges.

Vote of thanks proposed by Dr. Bharat Kumar Jajra Associate Professor School of Law and Arts. In his vote of thanks speech Dr. Jajra appreciate the all participants for their efforts and sports Manship sprit in competition.

Result of the event declared by Dr. Afroz Ahmad Head of Department of School and Arts. Dr. Afroz congratulated all the winners, runner-up's and motivate to all the participants for ready to take part in such type of intellectual activities.

Student Coordinator Ms. Palak Jain Student of BBA-LL.B. -VII Semester convene the entire event very efficiently.
Result of debate competition -

Best speaker of the Whole Event- Ms. Mansi Prajapat (Student of BBA-LL.B.-III)

Best speaker (In Favour of Motion)- Ms. Shalini Sharma (Student of BA-LL.B.-III)

Best speaker (Against the Motion)- Ms. Bhoomika Sidana (Student of BA-LL.B.-III)

INTRODUCTION

A Demat Account is a bit like a bank account for your share certificates and other securities that are held in an electronic format. Demat Account is short for dematerialization account and makes the process of holding investments like shares, bonds, government securities, Mutual Funds, Insurance and ETFs easier, doing away the hassles of physical handling and maintenance of paper shares and related documents. For that **RNBGU's- Training and Placement Cell** along with **Ambition Learning Solutions** - a preemptive BFSI corporate training institute, conducts a **Seminar** on KYC Procedure (Opening of Trading and Demat Account) under the initiative of Financial Literacy and Awareness Program on **27th Sep-2023.**

Expert Speaker - Ms. Hetvi Gudhka- **CFP certified,** highly enthusiastic and curious person in Finance Started the session stating Dematerialization which is the process of transferring physical certificates into electronic ones. Further, she stated that although the purpose remains the same for all demat account, there three types of demat account for different investors –

Regular Demat Account – for investors residing in India

Repatriable Demat Account – for NRIs where fund transfer abroad can happen. This account requires an NRE account associated with it.

Non-Repatriable Demat Account – for NRIs, under which funds cannot be transferred abroad.

She further discussed about the need of DEMAT stating this account is much safer when compared to a physical certificate of a share or financial security. There is no risk of it being lost or misplaced. This account can be accessed from anywhere as it is online. Through a demat account, one can purchase odd lots of shares, which wasn't possible through physical certificates. Moreover, shareholders holding shares in demat format are eligible for the right issue, bonus issue, and dividends, if any. She also discussed about the procedure of opening the DEMAT account, documents required for opening the DEMAT account.

The students were then enlightened on the significance of DEMAT i.e, it is Digitally secure way of holding shares and securities. Eliminates theft, forgery, loss, and damage to the physical certificates. Quick transfer of shares. It eliminates unnecessary paperwork.

Students were given details about the main motive of the Depositories Act was to make the transferability of securities safe and because of the conversion of physical certificates into an electronic form, trading in securities is now more convenient. The seminar ended with a question answer round.

About the Event: -

Event Semmary : Financial Literacy Outreach at Government Senior Secondary School, Khara, Bikaner

Participants: 49 students from Government Senior Secondary School, Khara, Bikaner

Event Overview: Dr. Anil Tiwari, a faculty member at RNB Global University (RNBGU), organized an outreach activity on financial literacy at Government Senior Secondary School in Khara, Bikaner. The event aimed to educate students about the importance of financial literacy and equip them with essential knowledge and skills for making informed financial decisions.

Activities and Highlights:

1. **Awareness Session:** Dr. Anil Tiwari commenced the event with an awareness session, emphasizing the significance of financial literacy in today's world. He highlighted how being financially literate can lead to better financial well-being and long-term success.
2. **MBA III Semester Students' Participation:** Seven students from RNBGU's MBA III Semester actively participated in the event.
3. **Workshops and Interactive Sessions:** The event featured interactive workshops on key financial topics such as budgeting, saving, investment basics, and understanding credit. These sessions were designed to engage students and provide practical financial knowledge
4. **Q&A and Discussion:** Participants had the opportunity to ask questions and engage in discussions with Dr. Anil Tiwari and the MBA students, allowing for a deeper understanding of financial concepts.
5. **Hands-on Activities:** To make the learning experience more engaging, hands-on activities like creating a sample budget and exploring different investment options were conducted.

Impact and Future Initiatives:

The financial literacy outreach activity at Government Senior Secondary School, Khara, Bikaner, had a positive impact on the 49 participating students. It helped raise awareness about the importance of financial literacy and equipped them with practical financial skills.

Dr. Anil Tiwari and RNBGU's MBA students are committed to continuing such initiatives in the future. They aim to reach more students and communities to promote financial literacy and empower individuals with the knowledge and skills necessary for financial success.

Financial literacy is a valuable asset, and events like these contribute significantly to building a financially savvy and empowered generation.

Subject	"Non Fire Cooking Competition" on Ganesh Chaturthi		

Dear students,

We are thrilled to announce a unique and exciting event organized by the Event Forum – the "Non Fire Cooking Competition" in celebration of the auspicious occasion of Ganesh Chaturthi!

Here are the event details:

Event Date: Tuesday, September 19th, 2023
Time: 2PM -3PM
Theme: Non-Fire Cooking
Participants: All students
Organizer: Event Forum
Venue: Academic block Room No. 308
Judges of Event: Ms Sonam Pareek and Dr. Vatsala Gaur

About the Competition:
The competition revolves around non-fire cooking, where participants are required to prepare a dish related to Lord Ganesha with their utmost creativity and culinary skills.
Participants are encouraged to team up in pairs.
There is a nominal entry fee of Rs. 50 per pair.
Each team should have 50% of the dish prepared in advance, and the remaining cooking and presentation must be completed during the event.
Judging criteria will primarily focus on creativity and taste.
The competition will run for half an hour.
An esteemed panel of judges will evaluate the dishes.
Prizes will be awarded to the first and second-place winners for their outstanding culinary creations.
Details for Participants:

Interested participants should send their entries to aditi.jha2022@rnbglobal.ac.in.
In the email, please include your name, class, and school.
Incomplete entries will not be considered.
Get ready to showcase your cooking skills and creativity! We look forward to seeing you all on Tuesday, September 19th, 2023, at 10:15 AM for the Non Fire Cooking Competition.
For any queries or clarifications, feel free to contact us.

Introduction: Ganesh Chaturthi, a vibrant and widely celebrated Hindu festival, marks the birth of Lord Ganesha, the elephant-headed God of wisdom and prosperity. To commemorate this auspicious occasion, RNB Global University organized a Non-Fire Cooking Competition, adding a delightful culinary twist to the festivities. The event took place on 19.09.2023 at our RNB global University campus.

Objective: The primary objective of the Non-Fire Cooking Competition was to encourage creativity and innovation in cooking, promote team spirit among the participants, and celebrate the essence of Ganesh Chaturthi by preparing delicious and eco-friendly dishes.

Participants: The competition witnessed enthusiastic participation from students across various departments and years, all coming together to showcase their culinary skills. Teams of two to four members each participated, demonstrating a wide array of vegetarian dishes, snacks, and sweets prepared without the use of fire or electricity.

Event Highlights: The Non-Fire Cooking Competition was a lively and engaging event, featuring several highlights:

Eco-Friendly Cooking: Participants used eco-friendly cooking methods such as solar cookers, clay pots, and traditional chulhas (stoves) to prepare their dishes. This emphasis on sustainability aligned perfectly with the eco-conscious spirit of Ganesh Chaturthi

Diverse Menu: The dishes prepared were a testament to the diversity of Indian cuisine. From traditional favorites like modak, puran poli, and coconut ladoo to innovative fusion dishes, there was something for every palate.

Creativity on Display: Participants impressed the judges and the audience with their innovative approaches to cooking. Some teams showcased their artistic skills by decorating dishes with intricate designs and patterns.

Judging Panel: The competition had a panel of esteemed judges, including faculty members with expertise in culinary arts and renowned chefs from the region. They assessed the dishes based on taste, presentation, creativity, and adherence to eco-friendly cooking methods.

Cultural Performances: In addition to the cooking competition, the event featured cultural performances like traditional dances and devotional songs, adding a cultural and festive dimension to the celebration.

RNB Global University Registrar Bikaner

Winners & Prizes: After careful evaluation by the judges, the winners were announced in various categories

First Rank : Meenakshi Agarwal

Second Rank Prerna Dhanuka

Third Rank Tanisha Songara

All participants received certificates of participation, and the winning teams were awarded trophies and cash prizes. The event concluded with a vote of thanks and blessings seeking the Lord Ganesha's guidance and prosperity for all.

Conclusion: The Non-Fire Cooking Competition at RNB Global University on the occasion of Ganesh Chaturthi was a grand success, bringing together students, faculty, and staff to celebrate the festival with joy, creativity, and a sense of community. It not only showcased the culinary talents of our students but also highlighted the importance of sustainable and eco-friendly cooking practices.

The event served as a reminder of the rich cultural heritage of India and the values of teamwork, innovation, and tradition that are at the core of our university's ethos. It was a day of festive cheer, delicious food, and bonding, leaving everyone eagerly looking forward to next year's celebration.

About Hindi Diwas:

Hindi diwas is celebrated on September 14 every year to commemorate the adoption of Hindi asthe official language. This day is observed to promote and celebrate linguistic diversity of India, with a focus on the Hindi language's importance and significance.

Objective of Hindi Diwas

The program was aimed to promote Hindi language and create awareness among students about ourofficial language. The purpose of Hindi Day, which is being celebrated across the country today, is not to impose this language on non-Hindi speaking states, it is to promote how important it is for us to have the knowledge of Hindi, because in the total population of India, more than half of the population speaks the language.

Venue: Room no. – 214, Academic Block ,RNB Global University, Bikaner

Legal and Social Aspect to Organise this Event:

Objectives:

To protect and improve the environment is a constitutional mandate. It is a commitment for a country wedded to the ideas of a welfare State. The Indian Constitution contains specific provisions for environment protection under the chapters of Directive Principles of State Policy and Fundamental Duties. The absence of a specific provision in the Constitution recognizing the fundamental right to clean and wholesome environment has been set off by judicial activism in the recent time.

To encourage and aware the students and other social groups to acquire knowledge of pollution and environmental degradation and the rapidly depleting natural resources and make them contribute to the conservation of the same.

To aware the students and other social groups to acquire sensitivity to the environment and its problems and help them to acquire a set of values and an opportunity to be actively involved in environmental protection.

To make the surroundings cleaner and greener for the current and to create green belt and avenues for meeting aesthetic recreational needs to the people and future generation.

Insight of the Envioronment Awareness Program

On 14th Septenber,2023, Faculty members and Students of RNBGU had successfully conducted the Envioronment Awareness Program at Sister Nivedita Girls College, Bikaner. The event was organized with aim to create awareness about combating climate change and global warming, which we have all seen in last few years. All the students and faculty members participated in this program with anthusiasm. The program started with the brief introduction related to legal and social duties of each and every people given by the Mr. Ashok Karnani and after thet Dr. Afroz Ahmad and other students presented their view and opinion with legal and social aspect. Dr. Ritesh Vyas Principal and other faculty membere and students of Sister Nivedita Girls College shared their own view also. Before end of this event all the students and faculty members taken oath to protect the environement and regular participate and encourage peoples to envolve in plantation activity. Student Co-ordinator Ms. Surya Beniwal, Ms. Monika Berar and Ms. Palak Jain convene the whole event very preciously.

RNB Global University Registrar Bikaner

At the end of event Mr. Ashok Karnani propose vote of thanks with their concluding remarks that the time has come for us to realize the importance of plants in our lives. It is right time for us to plant trees to save our environment. So, we should plant more and more trees in order to maintain a balance in nature. By our contribution, the pace of the tree plantation can be increased. After then faculty members and students started planting. Approx twenty plants of Neem and Bougainvillea were planted.

About the Event: -

" The creation of a road environment that is safe for all users depends heavily on traffic safety and awareness. We can greatly reduce accidents and encourage good driving habits by giving priority to education, infrastructure improvement, law enforcement, public awareness campaigns, and technological advancements. "

Keeping in view the RNB Global University, Bikaner organized a Traffic awareness programme, to create the awareness among the young students regarding the safety measures to be taken o the road, during walking, driving & riding a bike.

The event was scheduled at **Shri Jain P.G. College, Ganga Shahar, Bikaner,** with the permission & cooperation of Prof. (Dr.) Shiv Ram Singh Jhanjhariya,CEO & Dr. Rajendra Choudhary, Principal.

The event was started by Ms. Vanshika Mittal where at the initial she told about the importance of traffic awareness the purpose of the campaign conducted by the university. Later on in the continuation of the event Ms. Isika Bhura, Ms. Vaishali Bhura & Mr. Chanchal Modi shared the views on the different Sign Symbols to be followed during the driving, & the importance of *Seat Belt* & *Helmet*. They also told about safety importance by *'Don't Drink & Drive, Simultaneously'*

- The Event was started on time in which students from RNB Global university participated, at the starting the student of MBA III- Ms. Vanshika Mittal given a brief overview about the event & Prof. (Dr.) Shiv Ram Singh Jhanjhariya,CEO also appraised a lot to the students & the RNBGU for commencing such kind of the programme. He also suggested to conduct such kind of activities should be conducted by all so that the youth of the nation should be aware about the traffic rules & the importance of life & safety.
- It was a very impressive representation by the students where through-out the event.
- Event was organized by the Student of FOCM under the guidance of Mr. Sandeep Saxena-Asstt. Prof. –FOCM.
- At the End the vote of thanks was given by Mr. Ashok Karnani Asstt. Prof-FOL who supported for organizing the event.
- All the Students who have participated presented in well manner.

Introduction

Dr. Afroz Ahmad: started by addressing the audience and by giving them an insight about RNB Global University, and why they were conducting such events for the students, and Society and what benefit students or society will gain by such event and many more advantages for benefits of students or society.

Brief description of the Event:

Swachh Bharat Mission or Clean India Mission is country-wide campaign initiated by the Government of India in 2 October, 2014 with slogan "One step towards cleanliness" to solve the problems of sanitation and waste management in India by ensuring hygiene across the country. The main aim of the project is to create sanitation facilities for all and provide every rural family with a toilet by 2019.

RNB Global University has conducted **Swach Bharat Abhiyan** awareness campaign on 14-09-2023 at Sister Nivedita Girls College, Bikaner.

The event was started by Ms. Suriya where at the initial she told about the importance of Swach Bharat Abhiyan awareness the purpose of the campaign conducted by the university. Later on in the continuation of the event Ms. Palak, Ms. Monika shared the views on the different Posters regarding to Swach Bharat Abhiyan. After the poster presentation University students organized a cleanliness drives around the college premises with several activities like "Cleanliness", "Plastic Hazards". Bearing its responsibility towards the society the RNB Students performed a skit and motivating them to keep the surroundings clean. The students also create awareness about the harmful effects of polythene bags on the environment. The more the 20 students participate in this event.

Legal and Social Aspect to Organise this Event:

Objectives:

To sensitize the voters about the importance of participation in an electoral process to ensure a responsive, accountable and democratically elected government.

To persuade minorities, the homeless, disabled persons, and many others who lack access to the vote for a variety of reasons including poverty, illiteracy, intimidation, or unfair election processes to participate in the election process.

To ensure that people understand their right as voters and exercise that right with full knowledge and responsibility and to enhance people's participation in the voting system.

To educate the voter about the importance of vote in democratic country like India by voting for a suitable and right candidate.

To impart knowledge on voting procedure.

To encourage the voters to participate in the democracy by enrolling themselves in the Electoral Rolls and voting at the time of Election.

Insight of the Voter Awareness Program

RNBGU successfully conducted on 14th Septenber,2023 the Voter Awareness Program outreach activity at Shri Jain P.G. College, Bikaner. The event was organized with aim to create awareness among the people/public/voter regarding the importance of the three tier local electoral system and to select effective people centric leaders for the purpose of smooth implementation/execution of our planned activities and to get pre-election commitment from contesting candidates. All the students and faculty members participated in this program with anthusiasm.

The program started with the brief introduction related to legal and social duties of each and every citizen towards to cast their vote given by faculty covenor Mr. Ashok Karnani and after thet Student Co-ordinator of this program Ms. Surya Beniwal presented legal aspect related to right to vote and duity of a civilize citizen by power point presentation. A very impressive message given by our students through a skit. All presented audience appreciate our student and faculty covenor of the the program. After that overview of the event shared by chief excecutive of Shri Jain P.G. College, Dr. Shiv Ram Singh Jhanjhariya. Dr. Jhanjhariya

RNB Global University Registrar Bikaner

very impress with this event and performance of our all participants and faculty convenor. At the end of event Mr. Ashok Karnani propose vote of thanks to all faculty members and studens of Shri Jain P.G. College, with their concluding remarks. Mr Karnani told that the time has come for us to realize our duty towards our nation and democracy to create awareness amongs the people to cast their vote and elect a competent candidate to represent our constituency, So, we should alert to cast our vote and make to aware public to use their right to vote in democracy. Student Co-ordinator of this event Ms. Surya Beniwal convene the whole event very preciously.

About the Event: -

" Mushairas were crucial in the promotion of literature, particularly poetry, as they gave students a platform and exposed them to their own creativity."

Keeping in view the Event was organized by the Students Mr. Bharat Sharma & Ms. Tisha Sharma under the guidance of Mr. Sandeep Saxena Asstt. Prof. FOCM at RNB Global University, Bikaner.

In the event the **Dr. Zia Ul Hassan Quadri & Mrs. Monika Gaur** were invited as a chief guest to grace the event.

About the Chief Guest (Poets):

1. Monika Gaur

Currently working in Education Department. She is famous as a powerful Hindi Rajasthani poet, storyteller, critic, translator, theater artist and announcer. Her writings are on National Kavi Sammelan and continuous broadcast on Doordarshan and Akashvani till now like

In Hindi Apne Ap Se Aprichit (1995) and Hari Hari Khushboo and Kali Goraiya (2013)

Published in Rajasthani as *Hatheli Mein Chand* (2012), Andhrai Ri Udhari Aur Risano Chand (2017) and in translation *In Shair Ra Log* *Silam* and *Aap Aap Ra Dandakaranya*.

Along with this, the long story *Neetu Ka Samman* for neo-literates has been published in book form from National Book Trust and *Sarcastic consciousness in the poems of Monika Gaur* short dissertation (M.Phil 2011-2012) from Maharaja Ganga Singh University

Paper reading and publication in seminars on more than thirty-five books of various genres and continuous publication of articles and research articles in prestigious journals. Honored with many prestigious honors and awards.

2. Dr. Zia Ul Hassan Quadri

He is MA, B Ed, PhD in Urdu. Right now, working as a lecturer in DIET Bikaner . His seven books in Hindi and Urdu had published. He has been awarded "Qamar Wahidi Award" by Rajasthan Urdu Academy, Municipal Corporation Bikaner Award UIT Bikaner Award and "Muhsine Urdu" Award in Jaipur. He had also Participated in Urdu programs of Doordarshan and All India Radio Hindi, Urdu and Rajasthani. Hindi Kavi Sammelan and Urdu Mushyara are organized continuously for the last 11 years at Hotel Marudhar Heritage. In the last 30 years, hundreds of people of every religion, community are studying Urdu under his guidance

About the Event:

- The Event was started on time in which students from RNB Global university participated at the starting the student of Ms. Tisha Sharma (BBA LLB-IX), Mr. Bharat Sharma (BA LLB IX)started the event by welcoming the chief Guest of the event.
- The Guests were felicitated with the Shawal & citation by Dr. Dipali Gupta (Reg.) & Prof. (Mr.

RNB Global University Registrar Bikaner

M. R. Khatri).

- The event was started with Lightening of the candle as a custome of Mushaira where many of the students from the different departments also shown their talent of Poem & Shyari in front of the Guests.
- The guest of the event also enlightened the students by their Poems, Shayari as well.
- At the last the Vote of Thanks was given by Prof. M.R. Khatri
- All the Students who have participated presented in well manner.

INTRODUCTION

To create awareness and educate consumers on access to financial services, to educate the public or investors on the Financial Literacy, to protect the interest of the investors, to create awareness on availability of various types of Financial Products and their features, provide necessary infrastructure for public or investors to develop the necessary skills and knowledge to become financially literate, to change attitudes to translate knowledge into behaviour, to provide aid and assistance to public or investors to develop and maintain appropriate standards of competence for financial education and literacy through examination and continuing education, and to make consumers understand their rights and responsibilities as clients' of financial services, **RNBGU's- Training and Placement Cell** along with Krisha Foundation- a Public-Charitable Trust headquartered in Mumbai, registered under the Maharashtra Public Trusts Act, 2016 , conducts a **Seminar** on Financial Literacy and Awareness Program on **12th Sep-2023.**

Expert Speaker - : Mr Yuvraj Singh Desai - proprietor of Riddhi Siddhi Securities, a sub-broker of Anand Rathi Shares and Stock Brokers Ltd throws the light on topic as only 27% of the country's population is financially literate. Financial literacy is the knowledge necessary to make important financial decisions. As we Indians currently lack in the field of financial literacy, we must spread and encourage people to be aware of financial literacy. Government of India as being guardian of the country started many initiatives and schemes to be spread the word of financial education and awareness. Strengthening financial literacy in the country has always been in the development agendas of the both government and our financial system regulators (RBI, SEBI, IRDAI, PFRDA). National strategy for financial education introduced many schemes like:

- Pradhan Mantri Suraksha Bima Yojna (PMSBY),
- Pradhan Mantri Jeevan Jyoti Yojna (PMJJY),
- Atal Pension Yojna (APY),

All these were introduced to make people aware of their financial responsibilities. As a result of all the efforts by the government, financial literacy is on upward trend as more and more people are becoming financial educated and responsible.

Introduction

This report highlights the Outreach Activity conducted by students from RNB Global University with the aim of raising awareness on Menstrual Hygiene and Nutrition among the students of Mahatma Gandhi Government School, Khara, Bikaner. The program was organized to address the lack of knowledge and resources available to young girls regarding menstrual hygiene and nutrition in the rural area of Khara.

Menstrual hygiene and proper nutrition are fundamental aspects of women's health. However, in many rural areas of India, including Khara, Bikaner, there is limited awareness and access to these essential aspects of health. To bridge this gap and empower young girls with knowledge and resources, students from RNB Global University organized an Outreach Activity in collaboration with Mahatma Gandhi Government School, Khara.

Objectives:

- Raise awareness among the school students about menstrual hygiene.
- Educate students about the importance of proper nutrition during menstruation.
- Encouraged open discussions on these topics, reducing stigma and misconceptions.

Activity Details:

Prior to the Outreach Activity, RNB Global University students conducted research to create informative materials and collect essential items for the awareness program.

On the designated date, the RNB Global University students conducted an interactive awareness session at Mahatma Gandhi Government School, Khara. The session included discussions on menstrual hygiene, nutrition, and its impact on overall health.

A question-and-answer session was held to address any doubts or concerns the students had regarding menstrual hygiene and nutrition. This session encouraged open dialogue and ensured that the students left with a clear understanding of the topics.

Conclusion:

The Outreach Activity conducted by students from RNB Global University at Mahatma Gandhi Government School, Khara, Bikaner, successfully achieved its objectives of raising awareness about menstrual hygiene and nutrition. By providing information, the program aimed to empower young girls with knowledge and resources essential for their well-being. Continued efforts and collaboration with local schools will be key to furthering these initiatives and improving the overall health of women in rural areas.

Introduction

RNB Global University, committed to fostering holistic education and community engagement, organized an outreach activity in collaboration with Mahatma Gandhi Government School Khara, Bikaner. The purpose of this activity was to promote environmental awareness and sustainability by planting saplings in the local community. The event took place at Panchayat Bhawan Khara, Bikaner, as a part of our ongoing efforts to create a positive impact on society.

Objective:

The primary objective of this outreach activity was to instill a sense of environmental responsibility among the students and promote the importance of afforestation. Additionally, we aimed to strengthen our bond with the local community, especially with the students of Mahatma Gandhi Government School Khara.

Activity Details:

Prior to the event, a team of RNB Global University students worked closely with the staff and students of Mahatma Gandhi Government School, Khara to plan and coordinate the activity. This involved selecting an appropriate location for tree planting, procuring saplings, and arranging transportation.

Native tree species suitable for the local climate were chosen to ensure the long-term survival and growth of the saplings. This decision was made after consulting with local environmental experts.

On the day of the event, students from both RNB Global University and Mahatma Gandhi Government School Khara gathered at Panchayat Bawan Khara. The event began with a brief orientation on the importance of afforestation and environmental conservation.

Participants were divided into teams, and each team was assigned a specific area for planting saplings. Experienced individuals provided guidance on proper planting

techniques to ensure the saplings' healthy growth. The participants actively participated in digging holes, planting saplings, and watering them.

In addition to tree planting, an environmental awareness session was conducted, focusing on topics such as the benefits of trees, climate change and the role of youth in environmental conservation. This session aimed to educate and inspire the students to become stewards of the environment.

The collaboration between RNB Global University and Mahatma Gandhi Government School Khara was a key highlight of the event. It facilitated mutual learning and cultural exchange, strengthening the bond between the two institutions.

Conclusion:

The tree planting outreach activity at Panchayat Bawan Khara, Bikaner, in collaboration with Mahatma Gandhi Government School Khara, was a successful endeavor that promoted environmental consciousness and community engagement. RNB Global University remains committed to such initiatives, recognizing the importance of education and outreach in building a sustainable future.

We extend our gratitude to all the participants, volunteers, and stakeholders for their contributions to the success of this event. We look forward to future collaborations and endeavors that make a positive impact on society and the environment.

Purpose of the Visit

"Being the part of the largest democracy, knowledge of law serves the people with the tool of power and self-realization. Unless the people are aware about their own rights, they cannot live in consonance with the true dictates of democracy and rule of law. Legal literacy is commonly understood as knowing the primary level in law."

Introduction

The students of the 7th and 9th Semester of RNB Global University visited the District Legal Service Authority on 9 September 2023. A court is a tribunal, often a governmental institution, with the authority to adjudicate legal disputes between parties and carry out theadministration of justice in civil, criminal, and administrative matters in accordance with the rule of law. District Legal Service Authority of India is presided over by an Additional district judge. These courts are under administrative and judicial control of the High Court of the state to which the district concerned belongs.

Why did the university organize the visit to the Lok Adalat District Legal Service Authority, Bikaner

The Faculty of Law & Arts continuously organizes various extracurricular activities like National level Moot court Competitions, Mock United Sessions, Mock Parliament, Dramatize Moot Court, Webinars, seminars, and conferences on various topics, and visits to various Courts, juvenile courts, etc. These kinds of activities are necessary for the over-developmentof students. District Court visit is also one of the most essential parts of practical knowledge for Law students.

About the Lok Adalat District Legal Service Authority,

The National Legal Services Authority (NALSA) has been constituted under the Legal Services Authorities Act, 1987 to provide free Legal Services to the weaker sections of the society andto organize Lok Adalats for amicable settlement of disputes. In every State, the State Legal Services Authority has been constituted to give effect to the policies and directions of the NALSA and to give free legal services to the people and conduct Lok Adalats in the State. The State Legal Services Authority is headed by Hon'ble the Chief Justice of the respective High

RNB Global University Registrar Bikaner

Court who is the Patron-in-Chief of the State Legal Services Authority.A Senior Most Judge of High Court is nominated as Executive Chairman, NALSA. In every District, District Legal Services Authority has been constituted to implement Legal Services Programmes in the District. The District Legal Services Authority is situated in the District Courts Complex in every District and chaired by the District Judge of the respective district. A Civil Judge Cadre Judicial Officer is appointed as Secretary on a full-time basis.

The district court of the state governments in India for every district or for one or more districts together taking into account the number of cases and population distribution in the district. They administer justice in India at a district level. The district and session judge judges the civil court district court. This is the principal court of Original Civil Jurisdiction besides the high court of the state and derives its jurisdiction in civil matters primarily from the Code of Civil Procedure. The district court is also a court of sessions when it exercises its jurisdiction on criminal matters under the Code of Criminal Procedure. The district court is presided over by a district judge who is appointed by the state governor on the advice of the chief justice of that high court. In addition to the district judge, there may be a number of additional district judges and assistant district judges depending on the workload. The additional district judge and the court presided have equivalent jurisdiction as the district judge and their district court.

Learning outcomes of the visit

The experience not only enriched students with working in the district and DLSA but also enlightened them with practical aspects. The visit was full of information for the students of law. Students got live exposure to the judicial process of the court with a bench-bar relationship. It gave practical and theoretical knowledge regarding all those laws written in the law book.

Introduction

This report highlights the Outreach Activity conducted by students from RNB Global University with the aim of raising awareness on Menstrual Hygiene and Nutrition among the students of Mahatma Gandhi Government School, Khara, Bikaner. The program was organized to address the lack of knowledge and resources available to young girls regarding menstrual hygiene and nutrition in the rural area of Khara.

Menstrual hygiene and proper nutrition are fundamental aspects of women's health. However, in many rural areas of India, including Khara, Bikaner, there is limited awareness and access to these essential aspects of health. To bridge this gap and empower young girls with knowledge and resources, students from RNB Global University organized an Outreach Activity in collaboration with Mahatma Gandhi Government School, Khara.

Objectives:

- Raise awareness among the school students about menstrual hygiene.
- Educate students about the importance of proper nutrition during menstruation.
- Encouraged open discussions on these topics, reducing stigma and misconceptions.

Activity Details:

Prior to the Outreach Activity, RNB Global University students conducted research to create informative materials and collect essential items for the awareness program.

On the designated date, the RNB Global University students conducted an interactive awareness session at Mahatma Gandhi Government School, Khara. The session included discussions on menstrual hygiene, nutrition, and its impact on overall health.

A question-and-answer session was held to address any doubts or concerns the students had regarding menstrual hygiene and nutrition. This session encouraged open dialogue and ensured that the students left with a clear understanding of the topics.

Conclusion:

The Outreach Activity conducted by students from RNB Global University at Mahatma Gandhi Government School, Khara, Bikaner, successfully achieved its objectives of raising awareness about menstrual hygiene and nutrition. By providing information, the program aimed to empower young girls with knowledge and resources essential for their well-being. Continued efforts and collaboration with local schools will be key to furthering these initiatives and improving the overall health of women in rural areas.

INTRODUCTION

Kaner is a popular summer flowering, perennial and colourful ornamental plants botanically known as *Nerium* species belonging to the family Apocyanaceae. *Neriums* are mostly found distributed in the dry tropical regions of India. The three commercially important species of Nerium are *Nerium indicum*, *Nerium oleander* and *Nerium oleander* var *variegata*. They are commonly known as Kaner or Oleander. The *Nerium* cultivars are named after their form and colours of the flowers. Some of the varieties of *Nerium* include Single Rose, Single White, Single Red, Double Rose, Double White, Double Red, Double Rose, Pink, White, Yellow etc. and Dwarf types like Petite Salmon, Petite Pink.etc. Propagation and planting *Neriums* (Kaner) are propagated by semi hardwood stem cuttings of 30 cm length. The cut ends are buried inside the soil forming an arch. Raising Kaner (*Nerium spp.*) plants through semi hardwood stem cuttings is a common method for propagating these beautiful colourful and vibrant flowering shrubs.

Materials and Tools:

- Selected healthy Kaner (Nerium spp.) plant (to serve as the source of semi hardwood stem cuttings)
- Pruning shears or sharp scissors
- Clean, sterile cutting tools
- Rooting hormone (IBA, powder or gel)
- Polythene bags
- Soil
- Watering can or spray bottle
- Bright, indirect sunlight

OBJECTIVES OF EVENT

- Students can gain hands-on experience in the propagation of Kaner (Nerium spp.) through semi hardwood stem cuttings, which is a common method used in ornamental plants.
- Through this event, students can familiarize themselves with the botanical characteristics of *Nerium spp.* (Kaner), including its growth habits, leaves and flowers.
- To provide knowledge about selection of mother plant for semi hardwood stem cuttings *Nerium spp.*
- To study about the effect of root hormones on semi hardwood stem cuttings of

Kaner.

- To explain about nursery raising and its importance.

DESCRIPTION OF EVENT

Steps:

Selection of the mother plant: Choose a healthy plant in the campus and taken semi hardwood stem cuttings. Select a plant with the characteristics you desire, whether it's a specific colour or growth habit.

Taking Cuttings: Taken semi hardwood stem cuttings of Kaner during the growing season, typically in spring or early summer. Each cutting should be 5-6 inches long and have at least two leaf nodes in each semi hardwood stem cuttings. Use clean, sharp scissors or pruning shears to make a clean cut just below a leaf node. Remove any leaves from the lower part of the cuttings.

Applying Rooting Hormone: Dip the cut end of each semi hardwood stem cutting into rooting hormone (IBA) Solution. This helps quick stimulate root development in semi hardwood stem cuttings. Indole-3-butyric acid (IBA) is a plant hormone in the auxin family and is an ingredient in many commercial ornamental plant rootings, Aside from accelerating root formation.

Planting of semi hardwood stem Cuttings: Fill small polythene bags with soil. Insert the treated semi hardwood stem cuttings into the polythene bags, burying them about an inch deep

Watering: Watering the cuttings thoroughly after planting to settle the soil around them.

Dr. Bankey Lal and Dr. Mahendra Kumar Yadav, Assistant Professor, School of Agriculture, RNB Global University told them about the importance of vegetative method of propagation (by mother plants) of Kaner (*Nerium spp.*).

CONCLUSION

In this event report, activity by students of B. Sc. (Hons) Agriculture III Sem. selected some Kaner (*Nerium species*) plants in the campus and take semi hardwood stem cuttings. After treating this semi hardwood stem cutting from Indole-3-butyric acid (IBA) liquid solution and shifted into the polythene bags, which are already shifted to the area near Shed Net House. Watering is also done for proper setting of semi hardwood stem cuttings in polythene bags.

Subject	Janmashtami Celebration		

We are pleased to inform that Event forum of the University is going to organize Event on **'Janmashtami Celebration'** on 06th Sept 2023.

Date of the Event	:	06.09.2023
Venue	:	Management Lab-Academic Block
Time Slot	:	10:15 AM to 12:00 PM
Day-wise Schedule	:	**06th Sept. 2023** Fun activities for Students- Treasure Hunt, Krishna Quiz etc.
Entry Fee	:	Rs. 40/- (Per student – On the Spot Entry is valid)
Theme	:	Traditional (with Dress) for the Participants
Participants	:	All RNB Students
Event Organizer	:	Event Forum

Objective: Janmashtami is celebrated with great devotion and reverence, as it marks the birth of Lord Krishna, who is seen as a symbol of divinity, love, and righteousness. His life and teachings inspire devotees to lead a life based on dharma (righteousness), karma (action), and bhakti (devotion). Janmashtami is not just a festival; it's an opportunity to imbibe the timeless teachings of Krishna into our lives. Detachment and Karma: Krishna's advice to Arjuna in the Bhagavad Gita emphasizes performing one's duty without attachment to the results, a valuable lesson for modern-day living.

Note:

- For the Event only Participants will be allowed the rest of Classes will be continued as per schedule.
- The Attendance of the students will be given as per the time slot for their respective classes.
- Discipline Committee Mr. Vijay Khanna, Mr. Vinay Nain, Dr. Arpit, Dr. Afroz Ahmed & Dr. Ravi Bishnoi.

About the Event: -

Krishna has been identified as supreme God and the source of all avatars.Krishna's birth is celebrated and observed on the eighth day (Ashtami) of the dark fortnight (Krishna Paksha) in Shravana Masa (according to the amanta tradition) or Bhadrapada Masa (according to the purnimanta tradition).

It is an important festival, particularly in the Vaishnavism tradition of Hinduism. The celebratory customs associated with Janmashtami include a celebration festival, reading and recitation of religious texts, dance and enactments of the life of Krishna according to the *Bhagavata Purana*, devotional singing till midnight (the time of Krishna's birth), and fasting (*upavasa*), amongst other things.[1] It is widely celebrated across India and abroad.

Keeping in view the Event Forum of RNB Global University organized an event for Janmashtami Celebration as on 6th Sept. 2023, in which the Different activities were conducted like-

Krishna Quiz, Playing the flute, Treasure Hunt (Khojo Hai ka Naam Pao Inaam), the Best Traditional Dress. Where Many students participated enthusiastically. The Judging team Ms. Vernika siyag & Ms. Tripti Paliwal judged the best performers for the activities conducted.

In the quiz Krishna Quiz the winning Team was- Aditya Joshi , Nandani Lohia, Kritiman, Arzoo.

& in the Treasure Hunt the winner- Aditya Joshi B.COM. (H) III & Team.

Best Traditional Dress- Yuvraj Soni (BCA III Sem.) & Nandani Lohia (BA LLB VII)

- The Event was started on time in which students from RNB Global university participated at the starting the student of BBA III Ms. Aditi Jha, Ms. Anushree Dargar Mr. Dhiraj Lalani & Gyan Narayan Jha shared a brief introduction about the event & Conducted the Krishna Quiz & instructed the Treasure Hunt.
- It was a very impressive representation by the students where through the activities & Speeches during the event.
- The winners were awarded by Chocolates Pack(s).
- Event was organized by Event Forum of the University under the guidance of Mr. Sandeep Saxena- Asstt. Prof. –FOCM.
- All the Students who have participated presented in well manner.

Signature of Dean

Sandeep Saxena

RNB Global University Registrar Bikaner

About the Event: -

"The dream begins with a teacher who believes in you, who tugs and pushes and leads you to the next plateau, sometimes poking you with a sharp stick called 'truth'."

Keeping in view the Teachers' Day is celebrated at RNB Global University, Bikaner. Teacher's Day is celebrated every year on September 5 to honour and celebrate our teachers. This day is also celebrated to commemorate the birth anniversary of former President Sarvepalli Radhakrishnan who was a scholar and a teacher. The first Teachers' Day was celebrated in 1962 when Dr. Sarvepalli Radhakrishnan was appointed as the second President of India. It is so happened that when some of his former students and friends expressed their desire to celebrate his birthday on September 5, he suggested that instead of celebrating his birthday, he would like if the day was observed as 'Teachers' Day'. Radhakrishnan was a promoter of education and wanted to take this opportunity to make sure that everyone has access to good education.

In the event the Fun activities for faculty members like *some Games Dumb shiraz Puzzle, Guess the old Idioms and some talent round* were conducted. Where some of the Most of the Faculty Members & students interacted & participated by maintaining the decorum as well.

During the event Prof.(Dr.) G.S. Karkara (President), Prof.(Dr.) Dipali Gupta (Reg.), Dir. IQAC Prof. M.R. Khatri & Dr. Bharat Jajhra also shared his memories & views about the Teachers" Day Celebration.

- The Event was started on time in which students from RNB Global university participated at the starting the student of Ms. Palak Jain (BBA LLB-VII), Unnati Mall (MBA III) & Ms. Aditi Jha & Ms. Vrinda (BBA III) shared a brief introduction about the Teachers' Day & its importance.
- It was a very impressive representation by the students where through the activities & Speeches during the event
- Event was organized by Event Forum of the University under the guidance of Mr. Sandeep Saxena- Asstt. Prof. –FOCM.
- All the Students who have participated presented in well manner.

INTRODUCTION

Bougainvillea is a popular and colourful ornamental plant known for its stunning bracts, which are modified leaves that surround its small, inconspicuous flowers. These bracts come in a variety of vibrant colours, including shades of pink, purple, red, orange, and white, making Bougainvillea a favourite choice for gardens, landscapes, and containers in many regions with warm climates. Bougainvillea is native to South America, particularly Brazil, and was named after the French explorer Louis Antoine de Bougainville, who discovered the plant during his voyage in the 18th century. Bougainvillea can be trained to grow as a vine, shrub, or even a small tree, depending on the pruning and support it receives. Vining varieties are commonly used for covering walls, fences, and arbors.

Raising Bougainvillea plants through stem cuttings is a common method for propagating these beautiful and vibrant flowering shrubs.

Materials and Tools:

- Healthy Bougainvillea plant (to serve as the source of stem cuttings)
- Pruning shears or sharp scissors
- Clean, sterile cutting tools
- Rooting hormone (powder or gel)
- Polythene bags
- Soil
- Watering can or spray bottle
- Bright, indirect sunlight

OBJECTIVES OF EVENT

- Students can gain hands-on experience in the propagation of Bougainvilleas through stem cuttings, which is a common method used in horticulture.
- Through this event, students can familiarize themselves with the botanical characteristics of Bougainvillea, including its growth habits, leaves, flowers, and thorns.
- To provide knowledge about selection of mother plant for stem cutting.
- To learn about the effect of root hormones on stem cutting.
- To explain about nursery raising and its importance.

RNB Global University Registrar Bikaner

DESCRIPTION OF EVENT

Steps:

Selecting the Parent Plant: Choose a mature and healthy Bougainvillea plant in the campus and take stem cuttings. Select a plant with the characteristics you desire, whether it's a specific colour or growth habit.

Taking Cuttings: Take stem cuttings during the growing season, typically in spring or early summer. Each cutting should be 4-6 inches long and have at least two leaf nodes. Use clean, sharp scissors or pruning shears to make a clean cut just below a leaf node. Remove any flowers or leaves from the lower part of the cutting.

Applying Rooting Hormone: Dip the cut end of each stem cutting into rooting hormone powder (IBA). This helps stimulate root development.

Planting Cuttings: Fill small polybags with soil. Insert the treated stem cuttings into the polybags, burying them about an inch deep

Watering: Water the cuttings thoroughly after planting to settle the soil around them.

Dr Ravi Kumar and Dr. Mahendra Kumar Yadav, Assistant Professor, School of Agriculture, RNB Global University told them about the importance of asexual propagation of Bougainvillea.

CONCLUSION

In this activity students of BSc (Hons) Agriculture III Sem selected some plants in the campus and take stem. After treating these cutting from IBA and shifted into the polythene bags, which are already shifted to the area near Shed Net House. Watering is also done for proper setting of cuttings in polythene bags

CIRCULAR

Date	02-09-2023	DOCID	DOC202209020005
Subject	**Founder's Day 2023**		

Dear All,

We are delighted to inform you that the university will celebrate Founder's Day on September 3, 2023. This year, it is a matter of pride that we have been accredited by NAAC B++ with a 2.87 rating and recognized by UGC as well under 2 (F). It has been an incredible journey, and we are grateful for your unwavering support and trust in us throughout these years. Since our inception, we have strived to create a nurturing environment that fosters academic excellence, personal growth, and character development. Our faculty members have worked tirelessly to impart knowledge and instil values that will serve our students well beyond their university years.

Students present tomorrow will be given 10 attendance points, which they can use as per their convenience.

The university's timing will be 3:00 PM to 7:00 PM to celebrate this auspicious day and separate details of Bus timing will be released.

All the staff members are requested to dress up in formals.

About the Event

RNB Global University observed a solemn and heartfelt Founder's Day celebration on 3rd September 2023, marking the 31stdeath anniversary of our revered founder, Sh. Jagannath Ji Bajaj. The day was a poignant reminder of the enduring legacy and vision that continue to shape our institution. The Founder's Day event began with paying homage to our visionary founder. The cultural event started with Ganesh vandana. Dr. Gurbax Singh Karkara, President, RNBGU welcomed all the dignitaries and briefed about University's achievements. He shared that University is privileged to receive the Dialogue India National Ranking and International Academy Award for 2023 as the "Best University of Western Rajasthan" for research and innovation. The University won the title of best educational institution at the BAR World Education Congress.

Thereafter, a student briefed about the life journey of the great philanthropist Sh. Jagannath Ji Bajaj. He worked day and night to enhance rural areas' well-being& upgrade their standard of living. The particular attention was directed towards the needs & requirements of the people who were vulnerable, oppressed & marginalized. Our founder built hospital at the age of 23 & donated to state government. At the age of 25, he built 3 schools & donated to the state government in the year 1948. At the age of 26 he got generator from England. As popularly called that time, at an age of 28 he brought water to all household in his village & all this on his own resources. His deeds and philanthropic works are extensively acknowledged by the then King of Bikaner, & he was awarded "Kafiyat" the highest Civilian award that time in the princely state of Bikaner.

University students stunned the audience with their dazzling cultural performances. It gave an opportunity to students showcase their talent. The Hon'ble Chairman Dr. Ram Nath Bajaj Ji congratulated the entire RNBGU family for the achievements of the university and motivated them with his inspiring words and real life experiences. Our founders had a vision of not just imparting knowledge but also fostering innovation and entrepreneurship. University's Incubation Cell felicitated the young entrepreneurs from the University. Some of the entrepreneurs shared their experiences and Start Up journey so far with the audiences. University has introduced the award of Rs. 15000/- each to the Stage-II startups and Rs. 10,000/- each to the stage-I startup of University's remarkable innovators that have been nurtured at the incubation and Entrepreneurship cell of the university.

Scholarships were distributed to Fresaher Batch on the basis of their academic performance in the previous institutes. Continuation scholarships were awarded to the existing students of the university on the basis of their academic performance in the previous year. The students' awards were given in different categories like The Best Student Award 2023- Program wise, The Best Student in Academics, Student Researcher Award, Best Students- Sports (Male and Female). Best Faculty School wise, Best Young Faculty, Faculty Researcher Award, Best Employer Award were also distributed.

Call for Papers: Seminar on "Exploring Dimensions of Gender Sensitivity: Theory, Practice, and Social Change"

We are pleased to invite students, scholars and researchers of RNB Global University to submit their papers to present in the upcoming Seminar on ***Exploring Dimensions of Gender Sensitivity: Theory, Practice, and Social Change*** on 1st September 2023, which aims to foster a deep understanding of gender-related issues, promote dialogue, and contribute to societal change. This seminar will provide a platform to discuss theoretical perspectives, empirical research, and practical approaches to enhancing gender sensitivity across various domains. Selected papers will be published in the form of book chapters in a book with ISBN no.

Seminar Themes:

1. **Gender and Identity:** Examining the construction of gender identities, the experiences of transgender and non-binary individuals, and the intersections of gender with other identities such as race, ethnicity, sexuality, and disability.
2. **Gender Stereotypes and Media:** Analyzing the role of media in perpetuating or challenging gender stereotypes, and exploring ways to promote positive representations of gender diversity in various forms of media.

RNB Global University Registrar Bikaner

3. **Gender in Education:** Exploring educational practices that promote gender equality, address gender-based violence in educational settings, and empower students to think critically about gender norms.
4. **Workplace Gender Dynamics:** Investigating challenges and strategies for promoting gender equality in the workplace, including issues related to the gender pay gap, leadership opportunities, and work-life balance.
5. **Gender and Health:** Examining the impact of gender norms on access to healthcare, mental health, and reproductive rights, and exploring ways to ensure inclusive and sensitive healthcare services.
6. **Gender-Based Violence:** Discussing strategies for preventing and addressing gender-based violence, including domestic violence, sexual harassment, and human trafficking.
7. **Legal and Policy Perspectives:** Analyzing existing legal frameworks and policies aimed at promoting gender equality and addressing discrimination, and identifying gaps and areas for improvement.
8. **Engaging Men and Boys:** Exploring approaches to involving men and boys as allies in the gender equality movement and challenging harmful notions of masculinity.

Submission Guidelines:

- Abstract Submission Deadline: [18-08-2023]
- Full Paper Submission Deadline: [08-09-2023]
- Abstracts and papers should be submitted to [submit.paper@rnbglobal.edu.in]
- Papers must be original and not previously published.
- Each speaker shall be given 10 minutes to speak. Students can give oral/ poster/ PPT presentation.
- Students can also co-author research papers.

Seminar Details:

- Date: [1st September 2023]
- Venue: [Seminar Hall]

This seminar provides a valuable opportunity to engage in meaningful discussions, share insights, and contribute to the ongoing dialogue about gender sensitivity. We welcome diverse perspectives

RNB Global University Registrar Bikaner

and interdisciplinary approaches that shed light on the complexities of gender issues in contemporary society.

The program schedule will be shared with the students before a week of the seminar date. For inquiries and submissions, please contact event coordinators.

Join us in advancing the discourse on gender sensitivity and fostering positive change in our communities.

1. **Topic-** ***Exploring Dimensions of Gender Sensitivity: Theory, Practice, and Social Change***

Seminar on "Exploring dimensions of Gender Sensitivity: Theory, Practice and Social Change"

DOC202309010003

Date: 1st September, 2023 **Time: 11:00AM to 01:00PM**

Venue: Seminar Hall

Participants – All the students of SOCM, SOL and SOAS Students

INTRODUCTION

A Seminar on "Exploring dimensions of Gender Sensitivity: Theory, Practice and Social Change" was conducted on 1st September 2023, for all the students of FOCM, FOLA and FOBAS in Seminar Hall. This seminar aimed to foster a deep understanding of gender-related issues, promoted dialogue, and contributed to societal change. This seminar provided a platform to discuss theoretical perspectives, empirical research, and practical approaches to enhancing gender sensitivity across various domains. The students presented their paper on following themes:

Seminar Themes:

1. Gender and Identity.
2. Gender Stereotypes and Media.
3. Gender in Education.
4. Workplace Gender Dynamics.
5. Gender and Health.

RNB Global University Registrar Bikaner

6. Gender based Violence.
7. Legal and Policy Perspectives.
8. Engaging Men and Boys.

Event Objectives:

- To make students acquainted with the deep understanding of gender related issues.
- To provide a valuable opportunity to engage in meaningful discussions, share insights, and contribute to the ongoing dialogue about gender sensitivity.

Event Description

Along with the participants, the event was graced by the honorable Judges who were our RNBGU academicians, **Dr. Afroz Ahmed, Assistant** Professor (Political Science), RNB Global University and **Mr. Vinay Nain,** Assistant Professor (Geography), RNB Global University.

The Judges of the event were heartily welcomed by the hosts of the event- Monika Berar & Mansi Prajapat. After welcoming all the judges – A brief description about the Seminar was given by the hosts who also described the rules and guidelines for the competition. The stage was graced by **the Event Coordinator- Dr Tripti Soni,** assistant professor of English (SOASS) – who briefed the students about aims and objective of the Seminar and welcomed the Judges and wished the best to the participants.

The Seminar began with the oral presentation of the students on various themes like – Gender in Education, Workplace gender dynamics, Gender and Health, Gender based Violence, etc. Participants from FOL also shed light on its defenses and related law provisions. They also presented their views on how government takes effective steps and implemented various rules and regulation regarding the given issue. The result is as follows:

1. **Ist position - Khushboo Saraswat (B.A. - IIIrd sem)**
2. **IInd position - Shalini Sharma (B.A.LL.B. - IIIrd sem)**
3. **IIIrd position - Monika Berar (B.A.LL.B. - VIIth sem)**

RNB Global University Registrar Bikaner

The Vote of Thanks was given by **Dr Tripti Soni** to all the judges, coordinators, participants and students. After the completion of the event – **Mr. Vinay Nain, Assistant Professor (Geography), RNB Global University**, judge of the event guided students with his inspiring and motivational words to recognize their strengths and advised them to improve their weaknesses. Like, by working hard on the way of talking and dealing with arguments, standing, putting up the points, listening to the other participants and working on personality also. He also added saying – "Such more events should be organized in college at regular intervals to provide a platform to discuss theoretical perspectives, empirical research, and practical approaches to enhancing various important issues like gender sensitivity across various domains and congratulate the Event coordinator Dr Tripti Soni for her great effort in providing opportunities for all the students to explore their abilities and enhance various skills. With the distribution of certificates of appreciation and participation, the event came to an end.

Event Co-ordinantors-

Dr. Tripti Soni, Assistant Professor (English), RNB Global University.
Dr. Afroz Ahmed, Assistant Professor (Political Science), RNB Global University.
Mr. Vinay Nain, Assistant Professor (Geography), RNB Global University

Reason for the celebration of this festival

The festival of Raksha Bandhan is observed as a symbol of duty between brothers and sisters. The occasion is meant to celebrate any type of brother-sister relationship between men and women who may not be biologically related.

On this day, a sister ties a rakhi around the wrist of her brother in order to pray for his prosperity, health and well-being. The brother in return offers gifts and promises to protect his sister from any harm and under every circumstance. The festival is also celebrated between brother-sisters belonging to distant family members, relatives, or cousins.

Introduction:

A Rakhi Making Competition organized by RNB Global University for its students. This event aimed to celebrate the rich cultural heritage of India and promote creativity among students while fostering a sense of community and camaraderie. The competition was a resounding success, with enthusiastic participation from students across various disciplines.

RNB Global University is committed to promoting not only academic excellence but also cultural awareness and extracurricular engagement among its students. The Rakhi Making Competition, held on August 29, 2023, was an excellent initiative to achieve these objectives.

Objective:

- The primary objectives of organizing the Rakhi Making Competition were as follows:
- To celebrate the Indian festival of Raksha Bandhan.
- To encourage students to explore their creativity and artistic skills.
- To provide a platform for cultural expression.
- To foster a sense of unity and community among students.

Event Details:

The competition was open to all students, and participation was voluntary. It took place on the RNBGU campus and was scheduled from 2:00 P.M. to 3:30 P.M. The event was organized in a spacious hall, where students had access to all necessary art supplies.

We witnessed active participation from students across various courses and years. Student from various courses registered for the competition, demonstrating their eagerness to engage in creative activities outside of their academic pursuits.

An esteemed panel of judges, consisting of Dr. Vasudha Sharma, was invited to evaluate the Rakhi designs. The judges brought a wealth of experience in arts and crafts to ensure fair and impartial assessments.

The students exhibited exceptional creativity and artistry in their Rakhi designs. Participants utilized various materials such as beads, threads, mirrors, and sequins to craft unique and beautiful Rakhis. The diversity of designs showcased the students' artistic talents and cultural appreciation.

Result:

1. Diksha Minny (BBA-IIIsem) : Ist Position
2. Middat Khan (B.Com-IIIsem): IInd Position
3. Akshay Mehta(BBA-IIIsem): IIIrd Position

About the Event: -"The Event was organized by university in collaboration with Rotary Club Aadhya, a motivational lecture with eminent speakers. Students welcomed the experts and expressed their enthusiasm towards the upcoming sessions of motivation. The Event was started on time in which students of the University participated, at the starting the student of MBA III Ms. Vanshika Mittal & BBA LLB-III Ms. Ranee Pandey shared a detailed overview about the event & brief introduction about the speaker after the Deep Prajwalan by the eminent speakers.

Ms. Tiasha Shah, initiated the session. She talked about how in an increasingly complex world, our ability to navigate our emotions, build meaningful relationships, and make responsible decisions is paramount. SEL equips us with these essential skills, empowering individuals to thrive both personally and professionally. She than explained what is SEL it is a comprehensive process through which a person acquires and effectively apply the knowledge, attitudes, and skills necessary to understand and manage emotions.

Social Emotional Learning (SEL) is crucial for students because it equips them with essential skills to navigate life's challenges and thrive academically, socially, and emotionally. SEL fosters self-awareness, self-management, social awareness, relationship skills, and responsible decision-making, which are foundational for personal and academic success. By integrating SEL into education, students develop resilience, empathy, and effective communication skills, creating a positive and inclusive school environment. This holistic approach not only enhances academic performance but also prepares students to become well-rounded, emotionally intelligent individuals capable of making thoughtful and ethical decisions throughout their lives.

Next in the series **Ms. Priyanka Jain**, a motivational speaker enlightens the students about why self-discovery can change their lives. Self-discovery is the process through which students gain a deeper understanding of their own identities, values, strengths, and weaknesses.

Ms. Jain brought the attention of students towards, this journey as a vital aspect as it helps students build self-awareness and confidence, enabling them to make informed decisions about their personal and academic lives. Through self-discovery, students can identify their passions and interests, which guides them in setting meaningful goals and pursuing fulfilling careers. Additionally, understanding oneself fosters emotional resilience and adaptability, allowing students to navigate challenges and changes with greater ease. Ultimately, self-discovery empowers students to lead authentic and purpose-driven lives, contributing positively to their communities and the world.

The talks were getting more engrossing, next in the talk was **Dr. Gaurav Bissa**, during the event made students understand that Self-development is the process of striving to be the best version of oneself. It involves a conscious effort to improve our skills, expand our

RNB Global University Registrar Bikaner

knowledge, and refine our character. This journey is not a destination but a lifelong process that requires dedication, patience, and a willingness to embrace change.

Students actively participated and discussed their perspectives, confusions related to life with Dr. Bissa. Dr. Bissa explained the students that Goals give direction to our efforts. They provide a roadmap for our journey. Whether it's learning a new language, acquiring a new skill, or cultivating a positive habit, setting clear, achievable goals is crucial. Remember, goals should be SMART: Specific, Measurable, Achievable, Relevant, and Time-bound.

To bring the attention of students towards their social responsibility the stage was handed over to Dr. Ambuj Aggarwal. He talked about how organ donation can bring the change in the society and also to the lives of the various patients.

Organ donation is of immense importance as it has the power to save and transform lives. By donating organs, individuals can provide life-saving transplants to those suffering from severe organ failure, offering them a second chance at life.

He explained, this act of generosity not only alleviates the suffering of patients and their families but also reduces the burden on healthcare systems by decreasing the need for long-term medical treatments. Furthermore, organ donation fosters a sense of community and compassion, highlighting the profound impact one person can have on many lives. Ultimately, it is a powerful legacy of kindness and humanity that leaves a lasting positive impact on society.

Eminent Speakers,

- **Dr. Gaurav Bissa** - Self Development
- **Ms. Priyanka Jain** – Self Discovery
- **Ms. Tiasha Shah** - What is Social Emotional Learning (SEL): Why It Matters: How it can change the outlook of young generation?
- **Dr. Ambuj Gupta** – Organ Donation

Profile of the Eminent Speakers

Dr. Gaurav Bissa - Ph. D in Management from Jai Narain Vyas University Jodhpur, MBA from FMS, MDS University Ajmer, MA (History), MJ (Master of Journalism) BJMC (Bachelor of Journalism) B. Sc. (Biology), Associate Professor, Management Studies Govt. Engineering College, Bikaner. As a Management Trainer, conducted more than 1000 Management Development Programs for senior managers, Police officers, Scientists, Business professionals, College & School Teachers, Govt. Officers and entrepreneurs at different institutions. Till date trained more than 2 lac professionals. All India Management Association: "Best Certified Management Trainer". Introduction

The Competition has been started with the welcome address and a brief introduction of the theme i.e., **"Anti Ragging Promotion"** by Mr. Ashok Karnani and he also described the rules of the competition.

Why Poster Making competition was organised for students?

RNB Global University is continuously organizing various extracurricular activities like national and International level Moot court Competition, Mock United Session, Mock Parliament, Quiz, Budget Session, Cutural Activities, Poster Making Competition, various seminars, conferences, and Various Special Days, even in the time of pandemic also we were regularly organized various event on online mode. In this series on 17th of August 2023 one more an activity has been added by this Poster Making Competition. These kinds of activities are necessary for the all over development of students.

Objective:

The Aim and Obective to conducting this competition was to check and enhance the creative and artistic skills & Knowledge of the students and to bring out the creative expression of the students and to gauge their awareness quotient.

RNB global University turned into a world of colorful and imaginative posters during the Poster Making competition held on 17th August 2023.The young artists participated in it enthusiastically using their creativity and fine motor skills. The theme for the competition was- **"Anti Ragging Promotion".** All the students effortlessly managed to take their imagination to the advanced level.

About Event

The Poster Making Competition was organised by the RNB Global University to prepare handmade posters related to "Theme of Competition". This initiative will engage students to enhance public awareness about the Anti Ragging Promotin and Awareness through this types of Competitions.

Assistant Prof. Mr. Ashok Karnani School of Law & Faculty Coordinator of the event addressed the gathering and shared his view regarding the competition and congratulated all the participations for their participation and zeal and motivation to learn something new and always ready to accept challenges.

Result of Competition –

Out of the particpants the best Two paticpants were selected as -

Winner- Ms. Preksha Bhura

Runner- Up - Ms. Himani Prajapat

About the Event: - ***"Ragging does not break the ice, it breaks lives, career & Families"***

Ragging is a disturbing reality in the higher education system of our country. Despite the fact that over the years ragging has claimed hundreds of innocent lives and has ruined careers of thousands of bright students, the practice is still perceived by many as a way of 'familiarization' and an 'initiation into the real world' for young college-going students. Other organisations/bodies working in this field have also attempted to define ragging, the variety of definitions being reflective of differences in perspective.

This campaign is spearheaded by the University Grants Commission (UGC). The commission recently wrote a letter to all the vice-chancellors of all the universities regarding its anti-ragging regulation

In an endeavour to curb the persistent issue of ragging within the higher education landscape, the RNB GLOBAL University has taken a resolute stance by introducing a comprehensive campaign against ragging. This campaign is spearheaded by the University Grants Commission (UGC).

To amplify the message against ragging, the university a two days event organized by the organizer students Ms. Tisha Sharma & Mr. Yuvraj Tak, under the guidance of Mr. Sandeep Saxena, to celebrate the Anti Ragging Day(s) a part of Anti Ragging Campaign which started on 16th Aug 2023 the event was started & ended on 17th Aug 2023,

- The Event was started on time in which students of the University participated, at the starting the student of BBA LLB-IX Ms. Tisha Sharma shared a detailed Presentation about the Anti ragging Campaign, which is being organized all over the India. During the presentation she told about the effect, impact & consequences of ragging. The helpline numbers of the university, & state level too.
- In the next part of the Event students from different programmes actively participated in the skit which promoted a ragging free campus also by showing the different scene of the campus life. Event was Ended with a wonderful speech by Ms. Ranee Pandey with the focus of the Ragging free campus, friendly supportive environment to all the new students of the university.
- In the Next day some of the students displayed their handmade poster based on the theme of Anti ragging campaign out of which the best was selected which shown the various consequence of ragging too.
- All the Students who have participated presented in well manner.

About the Event

RNB Global University welcomed its new batch of students with a three days Orientation Program scheduled from 16th to 18th August 2023. The main objective of this program was to lay the foundation for the new students and acquaint them with the systems, rules and policies of the University.

The program was also an opportunity for the new students to interact with each other and with the present students, faculty members, staff and officials of the university. It was full of mirth and joviality helping everyone bond warmly and bringing hidden talents to the light. The event was organized by the students of FOCM and FOLA.

Day 1 (16 August 2023)

The program began with invoking the blessings of Goddess Saraswati through the reciting of shloka and lamp lighting. Ms. Vanshika Mittal and Ms.Unnati Mall welcomed the new students, with their inspiring thoughts, experiences and journey at the university.

This was followed bya welcome speech and a brief introduction of three-days orientation program given by Dr. ShashiSinghal, Dean-SOCM and an address by respected President, Dr.Karkara Sir.

The day started with the Inaugural Session and Introduction by the Masters of Ceremony followed by the lamp lighting at seminar hall of the university. The President of the University Dr. G S Karkara addressed the students and welcomed them with his motivating words. The presentation highlighting the importance of Anti Ragging measures.

The first day of orientation where there was a fun filled experience for the new students which was embedded by interesting team-based games in an ice breaking session and a dance performance in flashmob activity. The flashmob activity was conducted by the senior students to welcome the freshers with all zeal and enthusiasm. Student registrations were made by various faculties as assigned for this work.

The post lunch session was an Ice Breaking Session where various Management Games were organized by the seniors to be played by freshers in the Seminar hall, Admin Block of the University.

Day 2 (17 August 2023)

Second day of the programme dated 17th August 2023 started with a motivational talk in the morning first session followed by sessions orienting the students on various forums of the university. Ms. Palak Jain, student of law department, highlighted the importance of sports forum, event forum and Information and Broadcasting forum and various activities conducted by them.

Proud to be aRNB'ian(Alumni Connect) was organized where the alumni were called and an interaction was made between the alumni and freshers of the university which served as a great source of inspiration for the freshers.

The session was followed by the session on library rules and E-transactions through SBI Collect and introduction to all faculty members by the departmental deans. All the presentations were smoothly presented by various senior students under the guidance of faculty members.

The second half was again a fun based activity 'Talent Hunt' where the students had showcased their talent on singing, dancing, comedy, story-telling and more. Miss Vanshika&Miss Ishika of MBA III Semester coordinated the event in a smooth manner.

Day 3 (18 August 2023)

The third and the last day of the orientation dated 18th August, 2023 commenced with the sessions on motivation, followed by life beyond academics, incubation and innovation cell, examination cell, transportation facilities, a talk show, Inspire Journey, ERP and LMS, Human Values, Training and Placement opportunities at the university and Student Helpdesk.

The last day of the orientation was concluded with a beautiful cultural programme in which the seniors welcomed the freshers with all the greetings followed by various dance, singing and other cultural performances.

Independence Day is always a proud moment for every Indian to celebrate Independence Day which is celebrated throughout India and every corner of the country on 15th August every year. Independence Day is celebrated by every citizen of India irrespective of caste, creed and religion. RNB Global University celebrated the 77th Independence Day of our Nation in a peaceful and grand manner.

Professor Dr. Meenakshi Sharma, hoisted the National Flag and accepted the salute and guard of honour. Professor Dr. Meenakshi Sharma in her Independence Day speech, gave a motivational speech to be a proud of our nation. She shared the information and importance of independence in our life. Professor Dr. Meenakshi Sharma motivated our RNB Family with everyone to be good citizen of India by showing sincerity and punctuality in development of our nation. All must work hard and should not postpone their duties. At the end of the program, everyone wished each other and all the students were given sweets.

About the Event: - "Azadi ka Amrit Mahotsav" – **A skit on 'Unity in Diversity'**

India is celebrating ***Azadi Ka Amrit Mahotsav*** which is an initiative of the Government of India to celebrate and commemorate 75 years of independence and the glorious history of India & its unity. In reference to this RNBGU is also taking an initiative to share some belongingness towards the nation.

This Mahotsav is dedicated to the people of India who have not only been instrumental in bringing India thus far in its evolutionary journey but also hold within them.
our nation's 75 years of independence through the Azadi Ka Amrit Mahotsav (AKAM) initiative. As part of this momentous occasion, the "**Meri Maati Mera Desh**" campaign is set to culminate in August, aiming to pay tribute to our beloved 'Motherland' and the courageous 'Veers' who have made the supreme-' sacrifice for our nation.
In line with the spirit of Janbhagidari (public participation), the campaign will be r:onducted across the country through dedicated events and programs to honor our 'Motherland' and the brave souls who fought for our freedom.
The official journey of Azadi Ka Amrit Mahotsav commenced on 12th March 2021 which started a 75-week countdown to our 75th anniversary of independence and will end post a year on 15th August 2023. Following are the five themes of Azadi Ka Amrit Mahotsav.

- The Event was started on time in which students from all over the University participated, at the starting the student of BBA LLB-VII Palak Jain shared a brief introduction about the event & also shared that why this 'Azadi Ka Amrit Mahotsav' is being celebrated in India.
- In the Event Dr. Bharat Kumar Jajra has shared his views on the importance of the event as well as the cost of the Freedom was beard by the freedom fighters & their family.
- During the Event The Pledge ceremony was also conducted where every student & Staff Member took the **pledge with mud/mitti diyas:** Encourage students to take pledges to serve the nation and contribute positively to society.& **Planting saplings** under Mission Life: Engage students in tree-planting drives to foster an environmentally conscious mindset was conducted.
- Event was Ended with National Anthem 'Jan Gana Man'
- All the Students who have participated presented in well manner.

INTRODUCTION

On a sunny and joyous day, the School of Agriculture at RNB Global University orchestrated a highly anticipated tree-planting event at the Gram Panchayat Bhawan. The objective of this gathering was to foster environmental awareness, promote sustainable practices, and enrich the campus with more greenery. The effort involved planting a total of 150 saplings of Neem and Sheesham trees, contributing to the conservation and beautification of the adopted village.

Key Objectives of the Plantation Drive:

1. Enhancing Greenery: The primary aim of the event was to augment the green landscape, creating a more eco-friendly environment within the campus.
2. Raising Awareness: By involving students, faculty, and staff in the tree-planting initiative, the event sought to educate and raise awareness about the vital role trees play in mitigating climate change.
3. Promoting Sustainability: The initiative was aligned with the university's commitment to sustainability and environmental preservation.

Highlights of the Event:

The plantation drive commenced at 11:30 AM with a brief inauguration ceremony. The Sarpanch of Jamsar, alongside other members, inaugurated the event by planting the initial saplings. The atmosphere was filled with enthusiasm and a shared sense of responsibility towards the environment.

Volunteers and participants were organized into teams, each responsible for planting specific types of saplings. Students from the 3rd and 6th semesters of B.Sc. Agriculture at the School of Agriculture, actively participated in the drive. The event fostered a sense of community and collaboration among all participants.

Types of Saplings Planted:

Neem (*Azadirachta indica*) is a native tree to the Indian subcontinent, highly valued for its numerous benefits:

1. Medicinal Properties: Neem has been a staple in traditional medicine for centuries. Various parts of the neem tree, including leaves, bark, seeds, and oil, contain bioactive compounds with antimicrobial, anti-inflammatory, antiviral, and antifungal properties. Neem is believed to have a positive impact on skin conditions, dental health, digestive issues, and immune system support.

2. Pest Control: Neem serves as a natural and eco-friendly pesticide. Its extracts, particularly neem oil, effectively repel and control a wide range of pests, reducing the environmental impact and promoting sustainable agricultural practices.

It's crucial to use neem responsibly and in accordance with recommended guidelines to prevent unintended consequences or harm to non-target organisms.

Sheesham (*Dalbergia sissoo*), also known as Indian Rosewood, is a deciduous hardwood tree native to the Indian subcontinent, valued for various attributes:

1. Timber and Woodworking: Sheesham wood is prized for its strength, durability, and attractive appearance, making it a popular choice for high-quality furniture, cabinetry, flooring, and decorative items.
2. Sustainable Forestry: Sheesham's rapid growth and adaptability to different soil and climatic conditions make it suitable for sustainable cultivation, providing a renewable source of timber while promoting responsible forestry practices.

Responsible and sustainable management of Sheesham is vital to ensure its long-term availability and avoid negative environmental impacts.

The participants received guidance from experienced faculty members on proper planting techniques to ensure the saplings' survival and growth. The event also served as an educational opportunity for students to learn about different tree species, their ecological significance, and the importance of biodiversity.

Impact of the Plantation Drive:

The plantation drive at Gram Panchayat Bhawan was a resounding success. The newly planted saplings are expected to significantly contribute to greening the campus and positively impact the local ecosystem by providing shade, improving air quality, and fostering a conducive learning environment for students.

Additionally, the event successfully raised awareness among the university community about their role in environmental conservation and encouraged the adoption of more sustainable practices in their daily lives.

Conclusion:

The School of Agriculture's plantation drive at Gram Panchayat Bhawan, was a commendable initiative that showcased the institution's unwavering commitment to environmental

RNB Global University Registrar Bikaner

stewardship. By planting 150 saplings of Neem and Sheesham, the campus took a significant step towards becoming a greener and more sustainable space. The success of the event was made possible through the collaborative efforts of students, faculty, and staff, underscoring the importance of teamwork in achieving environmental goals.

RNB Global University serves as an inspiring example for other educational institutions, urging them to actively participate in preserving our planet for future generations through meaningful initiatives like tree-planting drives.

Introduction:

Plantation, the deliberate cultivation of trees and vegetation, holds immense importance in both our daily lives and the broader environment. This article explores how tree plantation contributes to our well-being and the health of our planet.

1. Improved Air Quality:

In our daily lives, trees are essential for improving air quality. Through photosynthesis, trees absorb carbon dioxide and release oxygen, providing us with clean and breathable air. This process not only supports our respiratory health but also creates a more pleasant and refreshing environment.

2. Enhanced Aesthetics:

Plantation adds to the aesthetic appeal of our surroundings. Trees and greenery enhance the visual aspect of urban and rural landscapes, making our environments more pleasing and inviting.

3. Shade and Comfort:

Trees provide shade that offers relief from the scorching sun, making outdoor activities more enjoyable. In urban areas, tree-lined streets and parks create cool pockets, mitigating the urban heat island effect and promoting comfort.

4. Connection with Nature:

Engaging with trees and nature has been shown to reduce stress and improve mental well-being. Having access to green spaces and natural environments contributes positively to our daily lives, providing opportunities for relaxation and rejuvenation.

5. Food and Nutrition:

Many trees bear fruits, nuts, and other edible products that form a part of our daily diets. Plantation provides a sustainable source of nutritious food, supporting our nutritional needs.

6. Economic Opportunities:

Plantation supports various industries, from timber and wood products to herbal medicines and cosmetics derived from trees. These industries contribute to

RNB Global University
Registrar
Bikaner

job creation and economic growth, positively impacting our lives and communities.

7. Climate Regulation:

Trees play a crucial role in regulating the climate. Through carbon sequestration, they help mitigate the effects of climate change by reducing the concentration of greenhouse gases in the atmosphere. This contributes to the long-term health of the environment and the planet.

8. Biodiversity and Ecosystem Health:

Tree plantation enhances biodiversity by providing habitats for various species of plants, animals, and microorganisms. These diverse ecosystems are essential for maintaining ecological balance and resilience.

9. Soil Conservation:

Trees prevent soil erosion by stabilizing the soil with their roots. This is vital in preventing landslides and maintaining fertile soil for agriculture.

10. Water Management:

Plantation contributes to water management by reducing runoff and improving water quality. Trees absorb and filter rainwater, allowing it to gradually infiltrate the soil, replenishing groundwater and preventing flooding.

Objectives of the Event:

1. To convince the next generation about the value of plants
2. To give our contribution towards combating climate change effect
3. To maintain conduit atmosphere nearby rular area
4. To create green belt and avenues for meeting aesthetic recreational needs to the people

Insight of the Plantation Event

On 03rd August, 2023, School of Agriculture, RNBGU had successfully completed the event of plantation under the National Service Scheme at Gram Panchyat Bhawan, Khara. The event was organized with aim to create awareness about combating climate change and global warming, which we have all seen in last few years.

All the students along with Head SOA Dr. Ravi Kishan Soni and Lab Technician Mr.

RNB Global University Registrar Bikaner

Vikas Nai participated in this program with anthusiasm. The plantation was done by Head SOA Dr. Ravi Kishan Soni, Sarpanch Mr Bhairu Singh & VDO Mr. Ram Niwas Sinwal (Village Khara), lab technician Mr. Vikash and students. The plants Kaner, Neem, Shisham, Sadabahar and Bougainvillea were planted. Dr. Ravi Kishan Soni and students also briefed about the importance of plants to villagers and members of Gram Panchayat. Mr. Sharwan (student of agriculture) proposed vote of thanks.

Conclusion

In conclusion, tree plantation is not just an environmental initiative; it's a crucial responsibility that we all share to ensure the well-being of our planet and future generations. Through tree plantation efforts, we can mitigate the effects of climate change, improve air and water quality, conserve biodiversity, and create sustainable ecosystems. By fostering a culture of tree planting and nurturing, we contribute to a healthier and more resilient environment. So, we should plant more and more trees in order to maintain a balance in nature. By our contribution, the pace of the tree plantation can be increased.

INTRODUCTION

On a bright and cheerful day, the School of Agriculture at RNB Global University orchestrated a highly anticipated tree-planting event at the Gangai Nath Temple. The primary goal of this gathering was to nurture environmental awareness, advocate for sustainable practices, and enhance the campus with more lush greenery. A total of 150 Neem and Sheesham saplings were planted during this effort, contributing to the conservation and beautification of the adopted village.

Key Aims of the Tree-Planting Initiative:

1. Greenery Enhancement: The central objective of the event was to enrich the green landscape, fostering a more eco-friendly atmosphere within the campus.
2. Awareness Elevation: By actively engaging students, faculty, and staff in tree-planting, the event aimed to educate and raise awareness about the vital role trees play in combating climate change.
3. Sustainability Promotion: The initiative aligned seamlessly with the university's dedication to sustainability and environmental preservation.

Event Highlights:

The plantation drive commenced at 01:00 PM with a brief inauguration ceremony. The priestess of temple, along with other community members, inaugurated the event by planting the initial saplings. The atmosphere brimmed with enthusiasm and a shared sense of responsibility towards the environment.

Volunteers and participants were organized into teams, each tasked with planting specific types of saplings. Students from the 3rd and 6th semesters of B.Sc. Agriculture at the School of Agriculture, actively participated in the drive. The event fostered a sense of community and collaboration among all participants.

Types of Saplings Planted:

Neem (*Azadirachta indica*) is a native Indian tree, highly esteemed for its manifold benefits:

RNB Global University Registrar Bikaner

1. Medicinal Properties: Neem has been a cornerstone in traditional medicine for centuries. Various parts of the neem tree, including leaves, bark, seeds, and oil, contain bioactive compounds with antimicrobial, anti-inflammatory, antiviral, and antifungal properties. Neem is believed to positively affect skin conditions, dental health, digestive issues, and immune system support.

2. Pest Control: Neem serves as a natural and environmentally friendly pesticide. Its extracts, particularly neem oil, effectively repel and control a wide range of pests, thus reducing the environmental impact and promoting sustainable agricultural practices. Using neem responsibly and following recommended guidelines is essential to prevent unintended consequences or harm to non-target organisms.

Sheesham (*Dalbergia sissoo*), also known as Indian Rosewood, is a deciduous hardwood tree native to the Indian subcontinent, cherished for various attributes:

1. Timber and Woodworking: Sheesham wood is highly prized for its strength, durability, and appealing appearance, making it a preferred choice for high-quality furniture, cabinetry, flooring, and decorative items.

2. Sustainable Forestry: Sheesham's rapid growth and adaptability to different soil and climatic conditions make it suitable for sustainable cultivation, providing a renewable source of timber while promoting responsible forestry practices. Responsible and sustainable management of Sheesham is vital to ensure its long-term availability and prevent adverse environmental impacts.

Experienced faculty members provided guidance to participants on proper planting techniques to ensure the saplings' survival and growth. The event also served as an educational opportunity for students to learn about different tree species, their ecological significance, and the importance of biodiversity.

Impact of the Tree-Planting Initiative: The plantation drive at Gram Panchayat Bhawan was an unequivocal success. The newly planted saplings are anticipated to make a significant contribution to greening the campus and positively impacting the local ecosystem by offering

RNB Global University
Registrar
Bikaner

shade, improving air quality, and fostering an ideal learning environment for students. Furthermore, the event effectively raised awareness within the university community about their role in environmental conservation and encouraged the adoption of more sustainable practices in their daily lives.

Conclusion: The School of Agriculture's tree-planting initiative at Gram Panchayat Bhawan exemplified the institution's unwavering dedication to environmental stewardship. By planting 150 saplings of Neem and Sheesham, the campus took a substantial step towards becoming a greener and more sustainable space. The event's success was a result of the collaborative efforts of students, faculty, and staff, highlighting the significance of teamwork in achieving environmental objectives.

RNB Global University stands as an inspiring model for other educational institutions, urging them to actively participate in preserving our planet for future generations through meaningful initiatives like tree-planting drives.

Subject	Plantation Drive in Gram Panchayat Husangsar		

The primary objective behind organizing this event is to raise awareness effectively among the population about the urgent need to protect and preserve our precious natural environment.

Event Date: Friday, August 4th , 2023

Faculty in Charge: Dr. Ravi Soni

Students Involved: We hereby notify the students enrolled in the III & VI Semester of B.Sc. (Hons) Agriculture that their active participation is anticipated in this significant initiative.

Departure & Arrival: In pursuit of these objective, students are scheduled to depart from the University campus at 11:30 pm. Locations for the plantation are following 2 villages under Gram Panchayat –Husangsar:

1. Govt. upper primary School, **Village-Nagasar**- 6 Km away from our university
2. Govt. upper primary School, **Village-Sareh Kunjia**- 8 Km away from our university toward Bikaner.

Dress Code: Attire for this event should be formal, and students must have their respective student ID cards.

Attendance: Kindly note that attendance will be recorded exclusively for those students who wholeheartedly engage in the proceedings of this event.

Preserving Nature's Balance: The Educational Campaign for Tree Plantation and Environmental Harmony

DOC202308040011

(**Submitted by:** Dr. Ravi Kishan Soni, Head SOA)

Date of Event: 04th August 2023 **Time:** 11:30 A.M. to 12:35 P.M.

Venue: Govt upper primery school, Shahar Kunjia Husangsar

Organised By: School of Agriculture

Total No. students: 25

Faculty Convener- Dr. Ravi Kishan Soni

Introduction:

On August 4, 2023, the School of Agriculture at RNB Global University Bikaner embarked on a noteworthy endeavor to encourage environmental awareness and community engagement. This initiative involved a tree-planting campaign at the Shahar Kunjia government upper primary schools. Its primary objectives were to enrich the local greenery, educate students about the importance of environmental sustainability, and nurture a sense of responsibility towards the natural world

Objectives:

- Raising awareness regarding the significance of tree planting and its role in preserving ecological equilibrium.
- Engaging students and teachers actively in the tree planting and nurturing process.
- Enhancing the overall environment of the school premises and its surroundings by increasing greenery.
- Fostering a lasting connection between the university and local schools to facilitate future collaborative initiatives.

Event Details:

The tree planting initiative kicked off simultaneously at school in the morning. It commenced with an informative lecture for the students about the importance of tree planting. Dr. Ravi Kishan Soni, representing the School of Agriculture, delivered an address to the students and teachers of both institutions. During his talk, he underscored the environmental advantages of planting trees, such as air purification, carbon sequestration, and the creation of habitats for various species. A diverse selection of tree saplings, including Neem, Kaner, Bouganvillia, Sahabahar, Shisham, and Siris, specifically chosen to thrive in the local climate, was distributed among the participants. University volunteers, in collaboration with school staff, provided guidance to students in planting these saplings, ensuring the use of proper techniques to optimize their growth.

The event saw robust student engagement, with enthusiastic participation in the planting activities. Students eagerly joined in, displaying enthusiasm and a keen

RNB Global University Registrar Bikaner

interest in acquiring knowledge about trees and their importance. This practical experience enabled them to establish a genuine connection with nature and comprehend their role in nurturing the environment.

The tree planting initiative yielded positive outcomes on various fronts. It not only enriched the school premises with more greenery, enhancing its visual appeal, but also offered students a valuable opportunity to partake in a meaningful environmental endeavor. The event made a lasting impression on all participants, underscoring the significance of environmental care and motivating them to become responsible guardians of nature.

Conclusion:

The plantation campaign conducted by the School of Agriculture at the Government Upper Primary Schools Shahar Kunjia stands out as a remarkable illustration of blending education with tangible efforts to improve the environment. Initiatives like these not only enhance the overall health and greenery of the ecosystem but also plant the seeds of environmental awareness within the young minds of students. The university's commitment to nurturing these values is poised to yield significant advantages for both the current and upcoming generations.

Introduction:

Planting trees and evergreen plants is of paramount importance for ecological, environmental, and societal reasons, and their significance cannot be overstated. Firstly, these plants are vital in the battle against climate change. Through the process of photosynthesis, they absorb carbon dioxide (CO2) from the atmosphere, helping to reduce the concentration of greenhouse gases. This carbon sequestration is critical in mitigating global warming and its associated consequences, such as rising temperatures, melting polar ice, and more frequent and severe weather events. Trees and evergreens act as a natural carbon sink, making them indispensable in our efforts to limit the impacts of climate change on our planet.

Moreover, the benefits of tree and evergreen plant plantation extend well beyond carbon sequestration. These plants are champions of oxygen production, emitting the very air we breathe. This oxygen is essential for the survival of all aerobic organisms, including humans. Additionally, these plants contribute to the preservation of biodiversity by providing habitats and food sources for various wildlife species. By planting and preserving these species, we can help maintain healthy ecosystems and prevent the loss of endangered species. Furthermore, their extensive root systems aid in soil stability, preventing erosion, and safeguarding against landslides and soil degradation. Their importance in erosion control cannot be underestimated, especially in regions prone to such environmental hazards.

Beyond their ecological benefits, trees and evergreen plants hold aesthetic and recreational value. Their lush greenery enhances the beauty of landscapes and provides spaces for recreation and relaxation. Parks and green spaces with abundant trees contribute to mental and physical well-being, offering opportunities for exercise, stress relief, and a connection to nature. Additionally, their economic importance cannot be ignored. The forestry and wood industry provide employment opportunities and contribute significantly to local economies. Furthermore, the presence of well-maintained trees can increase property values, making areas more attractive for businesses and residents. This, in turn, stimulates local economies and improves the overall quality of life in communities.

RNB Global University
Registrar
Bikaner

In regions with harsh climates, evergreen plants, in particular, are of great value. They provide year-round greenery, helping to reduce the impact of extreme weather events such as heavy rainfall, snow, and strong winds. Their presence can offer a degree of protection to vulnerable ecosystems and communities. Furthermore, trees and evergreen plants are long-term investments in the future. They are typically long-lived, and when well-maintained, they continue to provide their numerous benefits for decades or even centuries. This long-term perspective is crucial in building a sustainable and resilient future for generations to come.

Furthermore, the plantation of trees and evergreen plants has educational and research value. These plants are integral to the study of ecology, botany, and environmental science. Educational programs and initiatives centered around planting and caring for trees can raise awareness about the importance of these species and instill environmental stewardship in future generations. Additionally, research conducted on these plants contributes to our understanding of ecosystems, biodiversity, and climate change adaptation strategies, helping us make informed decisions to protect our planet.

In conclusion, the plantation of trees and evergreen plants is a multifaceted and indispensable endeavor. It addresses pressing environmental issues such as climate change, air and water quality, and biodiversity preservation. Simultaneously, it enhances the aesthetics of our landscapes, boosts local economies, and supports various industries. Furthermore, these plants have a profound impact on our physical and mental well-being, offering recreational opportunities and contributing to our overall quality of life. As we continue to face global challenges related to environmental degradation and climate change, the significance of planting and preserving trees and evergreen plants cannot be overstated. It is a responsibility shared by individuals, communities, and governments to ensure a sustainable and healthier future for our planet and all its inhabitants.

Objectives of the Event:

- To instill an appreciation for the importance of plants in the minds of the next generation.
- To play our part in the fight against the impacts of climate change.
- To uphold a healthy atmosphere in rural areas.
- To establish green zones and scenic avenues to fulfill the aesthetic and recreational desires of the community.

Insight of the Plantation Event

On August 3, 2023, the School of Agriculture at RNBGU successfully concluded a tree planting event as part of the National Service Scheme in Aangan Bari Kendra Village, Khara. The primary objective of this event was to raise awareness about combatting climate change and global warming, issues that have become increasingly evident in recent years.

The program witnessed active participation from all the students, as well as the enthusiastic involvement of Dr. Ravi Kishan Soni, the Head of SOA, and Mr. Vikas Nai, the Lab Technician. Planting activities were led by Dr. Ravi Kishan Soni, along with Sarpanch Mr. Bhairu Singh, Lab Technician Mr. Vikash, and the students. Various plant species, including Kaner, Neem, Shisham, Sadabahar, and Bougainvillea, were carefully planted.

Dr. Ravi Kishan Soni and the students took the opportunity to educate the villagers and members of the Gram Panchayat about the importance of these plants. Mr. Sharwan, a student of agriculture, expressed gratitude on behalf of the team with a vote of thanks.

Conclusion

In summary, tree planting goes beyond being merely an environmental initiative; it represents a vital duty that we collectively bear to safeguard the well-being of our planet and the generations to come. Through concerted tree planting endeavors, we can effectively counteract the impacts of climate change, enhance air and water quality, preserve biodiversity, and establish sustainable ecosystems. By promoting a culture of tree planting and nurturing, we actively contribute to a

RNB Global University Registrar Bikaner

healthier and more robust environment. Therefore, it is imperative that we continue to plant an ever-increasing number of trees to maintain the delicate balance of nature. Our contributions can significantly accelerate the pace of tree planting efforts.

Introduction:

Plantation, the deliberate cultivation of trees and vegetation, holds immense importance in both our daily lives and the broader environment. This article explores how tree plantation contributes to our well-being and the health of our planet.

1. Improved Air Quality:

In our daily lives, trees are essential for improving air quality. Through photosynthesis, trees absorb carbon dioxide and release oxygen, providing us with clean and breathable air. This process not only supports our respiratory health but also creates a more pleasant and refreshing environment.

2. Enhanced Aesthetics:

Plantation adds to the aesthetic appeal of our surroundings. Trees and greenery enhance the visual aspect of urban and rural landscapes, making our environments more pleasing and inviting.

3. Shade and Comfort:

Trees provide shade that offers relief from the scorching sun, making outdoor activities more enjoyable. In urban areas, tree-lined streets and parks create cool pockets, mitigating the urban heat island effect and promoting comfort.

4. Connection with Nature:

Engaging with trees and nature has been shown to reduce stress and improve mental well-being. Having access to green spaces and natural environments contributes positively to our daily lives, providing opportunities for relaxation and rejuvenation.

5. Food and Nutrition:

Many trees bear fruits, nuts, and other edible products that form a part of our daily diets. Plantation provides a sustainable source of nutritious food, supporting our nutritional needs.

6. Economic Opportunities:

Plantation supports various industries, from timber and wood products to herbal medicines and cosmetics derived from trees. These industries contribute to

RNB Global University Registrar Bikaner

job creation and economic growth, positively impacting our lives and communities.

7. Climate Regulation:

Trees play a crucial role in regulating the climate. Through carbon sequestration, they help mitigate the effects of climate change by reducing the concentration of greenhouse gases in the atmosphere. This contributes to the long-term health of the environment and the planet.

8. Biodiversity and Ecosystem Health:

Tree plantation enhances biodiversity by providing habitats for various species of plants, animals, and microorganisms. These diverse ecosystems are essential for maintaining ecological balance and resilience.

9. Soil Conservation:

Trees prevent soil erosion by stabilizing the soil with their roots. This is vital in preventing landslides and maintaining fertile soil for agriculture.

10. Water Management:

Plantation contributes to water management by reducing runoff and improving water quality. Trees absorb and filter rainwater, allowing it to gradually infiltrate the soil, replenishing groundwater and preventing flooding.

Objectives of the Event:

1. To convince the next generation about the value of plants
2. To give our contribution towards combating climate change effect
3. To maintain conduit atmosphere nearby rular area
4. To create green belt and avenues for meeting aesthetic recreational needs to the people

Insight of the Plantation Event

On 03rd August, 2023, School of Agriculture, RNBGU had successfully completed the event of plantation under the National Service Scheme at Gram Panchyat Bhawan, Khara. The event was organized with aim to create awareness about combating climate change and global warming, which we have all seen in last few years.

All the students along with Head SOA Dr. Ravi Kishan Soni and Lab technician Mr.

RNB Global University Registrar Bikaner

Vikas Nai participated in this program with anthusiasm. The plantation was done by Head SOA Dr. Ravi Kishan Soni, Sarpanch Mr Bhairu Singh & VDO Mr. Ram Niwas Sinwal (Village Khara), lab technician Mr. Vikash and students. The plants Kaner, Neem, Shisham, Sadabahar and Bougainvillea were planted. Dr. Ravi Kishan Soni and students also briefed about the importance of plants to villagers and members of Gram Panchayat. Mr. Sharwan (student of agriculture) proposed vote of thanks.

Conclusion

In conclusion, tree plantation is not just an environmental initiative; it's a crucial responsibility that we all share to ensure the well-being of our planet and future generations. Through tree plantation efforts, we can mitigate the effects of climate change, improve air and water quality, conserve biodiversity, and create sustainable ecosystems. By fostering a culture of tree planting and nurturing, we contribute to a healthier and more resilient environment. So, we should plant more and more trees in order to maintain a balance in nature. By our contribution, the pace of the tree plantation can be increased.

nutrients, improves water retention, and promotes beneficial microorganisms, enhancing soil health and crop productivity.

4. Livestock care: Neem leaves and oil are used in traditional veterinary medicine to treat various health issues in livestock. They have insect-repelling properties, which help in controlling parasites and pests affecting animals.

It's important to recognize that while neem offers numerous benefits, its use should be done responsibly and in accordance with recommended guidelines. Overuse or misuse of neem products may have unintended consequences or negative effects on non-target organisms.

Sheesham, also known as Indian Rosewood or ***Dalbergia sissoo***, is a deciduous hardwood tree native to the Indian subcontinent. It holds significant importance due to its various attributes and uses. Here are some key aspects of the importance of Sheesham:

1. Timber and woodworking: Sheesham wood is highly valued for its strength, durability, and attractive appearance. It is a popular choice for high-quality furniture, cabinetry, flooring, and decorative items. The wood's beautiful grain patterns and rich reddish-brown color make it a sought-after material for artisanal and luxury furniture.
2. Sustainable forestry: Sheesham is known for its rapid growth and ability to adapt to different soil and climatic conditions. It can be cultivated sustainably, providing a renewable source of timber while promoting responsible forestry practices.
3. Cultural significance: Sheesham has cultural and historical importance in the Indian subcontinent. It has been used for centuries in traditional woodworking and craftsmanship, reflecting the region's heritage and craftsmanship.
4. Medicinal uses: In traditional medicine systems like Ayurveda, various parts of the Sheesham tree are used for medicinal purposes. For example, the bark and leaves are believed to have medicinal properties and are used to treat various health conditions.

It's important to note that like any natural resource, responsible and sustainable management of Sheesham is crucial to ensure its long-term availability and avoid negative impacts on the environment and local communities. Overharvesting or illegal logging can lead to ecological imbalances and threaten the survival of the species. Therefore,

RNB Global University
Registrar
Bikaner

conservation efforts and sustainable practices are necessary to preserve the importance of Sheesham

The participants were guided by expesrienced faculty members on the proper techniques of planting, ensuring the saplings' survival and growth. The event also served as an educational opportunity for the students to learn about different tree species, their ecological significance, and the importance of biodiversity.

Impact of the Plantation Drive: The plantation drive at the Govt. Sr. Sec. School Khara, was a resounding success. The newly planted saplings will significantly contribute to the greening of the campus and positively impact the local ecosystem. Over time, these trees are expected to provide shade, improve air quality, and create a harmonious atmosphere for learning of students

Additionally, the event successfully raised awareness among the university community about their role in environmental conservation and encouraged them to adopt more sustainable practices in their daily lives.

Conclusion: The School of Agriculture's plantation drive at Govt. Sr. Sec. School Khara, was a commendable initiative that showcased the institution's commitment to environmental stewardship. Through the planting of 80 saplings of Neem, Sheesham, and Bougainvillea, the campus has taken a significant step towards becoming a greener and more sustainable space. The event's success was made possible by the collective efforts of students, faculty, and staff, highlighting the importance of teamwork and collaboration in achieving environmental goals.

By organizing such meaningful events, RNB Global University sets an inspiring example for other educational institutions, urging them to actively participate in preserving our planet for future generations.

Objectives of the Event:

1. To create awareness among young generation about importance of plants
2. To give our contribution towards combating climate change effect
3. To maintain conduit atmosphere nearby rular area
4. To create green belt and avenues for meeting aesthetic recreational needs to the people

Insight of the Plantation Event

On 28th July, 2023, School of Law, RNBGU had successfully completed the event of plantation under the National Service Scheme at New panchayat Bhawan, Village, Dandusar. The event was organized with aim to create awareness about combating climate change and global warming, which we have all seen in last few years.

All the students and teachers participated in this program with anthusiasm. The first plantation was done by Mr. Ramniwas Godara Sarpanch (Village Dandusar), which was further followed by Faculty members Assistant Professor Mr. Ashok Karnani and Ms. Tanaya Wageshwari and after then students started planting. The plants Neem and Bougainvillea were planted. Mr. Ashok Karnani, Ms. Tanaya Wageshwari and Mr. Ramniwas Godara also briefed about the importance of plants and Mr. karnani also brief about the medicinal uses of neem plants to the students. Ms. Tanaya Wageshwari proposed vote of thanks.

To conclude, the time has come for us to realize the importance of plants in our lives. The season of Monsoon (June- Aug.) is most suitable for plantation. It is high time for us to plant trees to save our environment. So, we should plant more and more trees in order to maintain a balance in nature. By our contribution, the pace of the tree plantation can be increased.

About the Event

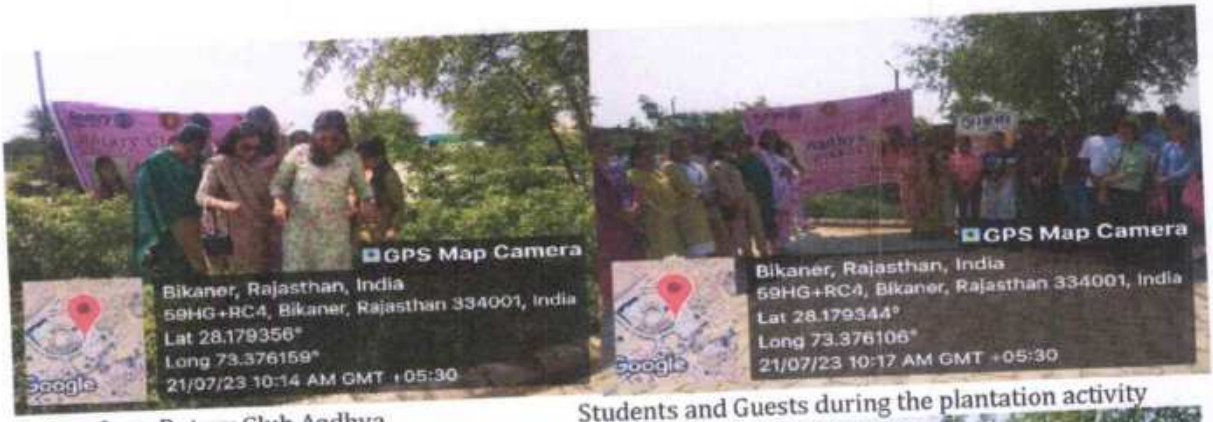

RNB Global University, organized Tree Plantation Activity in collaboration Rotary Club Aadhya. The objective of the tree plantation activity was to contribute towards environmental conservation, promote greenery, and combat climate change by planting trees as a whole. The activity aimed to raise awareness about the importance of trees and their role in maintaining a healthy ecosystem. The tree plantation activity took place on 21st July 2023 at RNB Global University campus. The planted trees were native species known for their ability to withstand local weather conditions and support the native fauna.

The activity saw enthusiastic participation of students, including President and Members of Rotary Club Aadhya, & staff members of university. Their dedication and passion made the event a great success. Students gathered at the plantation site. The activity began with a brief orientation about the significance of tree planting and its impact on the environment. The importance of maintaining the trees and nurturing them to ensure their survival was emphasized.

The members of Rotary Club also stressed the significance of post-plantation care, including regular watering and protection. Students pledged to visit the site periodically to monitor the growth of the trees and provide necessary care.
